# With Our Sincere Sympathy

After a time of sorrow
and of loss
The healing grace of time
will have its way
Soothing the troubled heart
and leading on
Into the promise
of a brighter day.

Jean Kyler McManus

Although it's hard
to put in words
The things we'd like to say...

To the Staff + Students of
Concord High!

Our thoughts
of deepest sympathy
Are there with you today.

As a science teacher and school guidance counselor myself I have a very special relationship with our staff and our students. To have a member of a school community under any circumstance is tragic and very difficult for the school.

As with many schools throughout the world, our dreams and hopes were with Christa McAuliffe as she entered "Challenger". When news of the explosion was received at our

School our hearts were greatly saddened and we shared your grief.

Christa was indeed a very unique, special person whom as an educator we could all look up to. Her loss will not be quickly or easily forgotten.

May God bless you all in your time of sadness.

On behalf of our staff and students please accept our sincere sympathy.

Our prayers go out to you.

Sincerely

Jon Van Zoost
