Dear Mr. jit Kaur:

Thank you for your letter of February 14 which reached my desk on April 7, 1986.

I am very happy to know that you would like to visit our school. You certainly would be welcome, as is any visitor to our institution. I must make it clear, however, that we do not have any funds for supporting such visits.

If you will be coming to the United States, you should know that schools are generally in session from September through June.

Sincerely yours,

Charles F. Foley
Principal

Dear Sir,

It is my desire to visit schools of advanced countries as America. I am teaching in Saint Josephs High School under the able guidance of Sister Caroline since three years.

I wish to study behaviour and attitudes of students of American Schools students and various teaching aids used by teachers.

I would be highly grateful if you let me have access to teaching practices in your esteemed institution for a short time. I enclose my particulars as below:

Name Suvinder jit Kaur

Address 58 Defence Colony, Jalandhar 144001, India

Age 26 years

Academic Qualifications: Bachelor of Commerce
Higher Secondary from Central School Delhi
Post Graduate Diploma in Business Management from Institute of Marketing And Management

Present Employment: Teaching Mathematics to Class fifth and sixth
Can teach English, Hindi, Social Studies, General Sc.

Experience of Typing, Accountant in an Export Firm.

I would be highly obliged if you let me know the formalities to be completed to visit your school.

Thanking you in anticipation,

Yours faithfully,

Suvinderjitkaur.

Dr. Mitsuo Numoto, M.D.
1-27-1-310 Kichijoji Minamicho
Musashino City, Tokyo 180
JAPAN

Dear Dr. Numoto:

Thank you for your letter of March 8, 1986 in which you emphasized that the funds collected in Japan, under the leadership of Mr. Kohno, Minister of Science and Technology of the Japanese Government, were designated for the Christa McAuliffe Scholarship.

The newspaper account of our plans, as stated in your letter, are totally inaccurate. However, representatives of the Japanese Government have given us permission to consider various ways by which the gift may be used. It is expected that a large part of it will become part of a scholarship fund; we also hope to come up with ideas that will benefit our students in other ways, but none of the money will be used to plant trees.

Please assure all whom you may know that the money gift from the Japanese people will be used directly for students. In addition, I will share your letter with those who will make decisions concerning this fund.

Respectfully yours,

Charles F. Foley
Principal

The Concord High School
Concord, N.H.
U.S.A.

Dear Mr. Foley,

As one of the Japnese who was involved somewhat in the fund raising movement for the Christa McAuliffe Scholarship I would like to congratulate that your school has been awarded the fund recently by a representative from the Consulate General of Japan stationed in Boston, Mass. It was reported here in Tokyo on a news paper. The idea was initiated by Mr. Kohno, Minister of Science and Technology of the Japanese Government who attended the memorial service for the Challenger astronauts held in the U.S. as a Japanese official delegate.

The newspaper describes that the fund would be used to plant memorial trees at the school and also spent to hire a new science teacher to succeed Christa.

The Japanese donators believe it would be used solely to aid the underpriviledged students to complete their high school education since Mr. Kohno's proposal was a scholarship fund.

Since I personally admire very much Christa McAuliffe not less than anybody in the U.S. I hope this minor incidence on the scholarship fund named for her would not leave any stain on the heart of the donators.

I spent thirteen years (1961-74) in Vermont with my family and visited New Hampshire many times including Concord. I can still recall clearly the beautiful scenes of New Hampshire and love New England.

Sicerely yours,

Mitsuo Numoto
