To All Students, Faculty, and Staff:

Please accept this copy of Patchwork 1986. It is a collection of art and literature from our high school. We dedicated this year's anthology to Mrs. McAuliffe because we feel that she exemplifies the best in all of us. We represent just a few of the lives that she touched, and though we live and work in Stuttgart, Germany, we feel close to you because of her.

Sincerely yours,

Carol H. Zank-Rehwaldt
