FEBRUARY 5, 1986

THE PRESIDENT
STUDENTS' COUNCIL
CONCORD HIGH SCHOOL
CONCORD, NEW HAMPSHIRE

Dear students,

On behalf of our school, I wish to let you know that we, in Canada were deeply grieved by the tragedy that befell your school, and the American Space Programme.

Many of our students have had the opportunity of witnessing launches while on vacation in Florida, and those that did, have come back to share their joy with their fellow students and teachers. It was a very sombre day for us as well, and the school was exceedingly quiet throughout the rest of that tragic day, and that week.

We cannot offer you much, but we just wish you to know that we began to feel that Christa McAuliffe was one of us as well. Several display cases and bulletin boards in halls and classrooms have been dedicated to a remembrance of that day.

Personally, I have followed every launch I could since Alan Shepherd's first flight, and every year I attempt to instill that love of space and space flight in my students.

You are not alone in your sadness.

Ian Nemecek

STUDENT SERVICES

February 3, 1986.

Our class has been studying the space shuttle. As we watched it on television we were extremely sadden to see the mission end in disaster

Teacher Christa McAuliffe must have been a very special person We didn't really know her, but we miss her

Her bravery will always be remembered by everyone. We hope another special teacher will be able to safely complete Christa McAuliffe's dream.

All the astronauts are with God now.

Renata Heather

Christina David

Lisa Cavelle

Daniel DAVID C

Cathy Wayne

(class of trainable mentally retarded)

Dear President of the student council

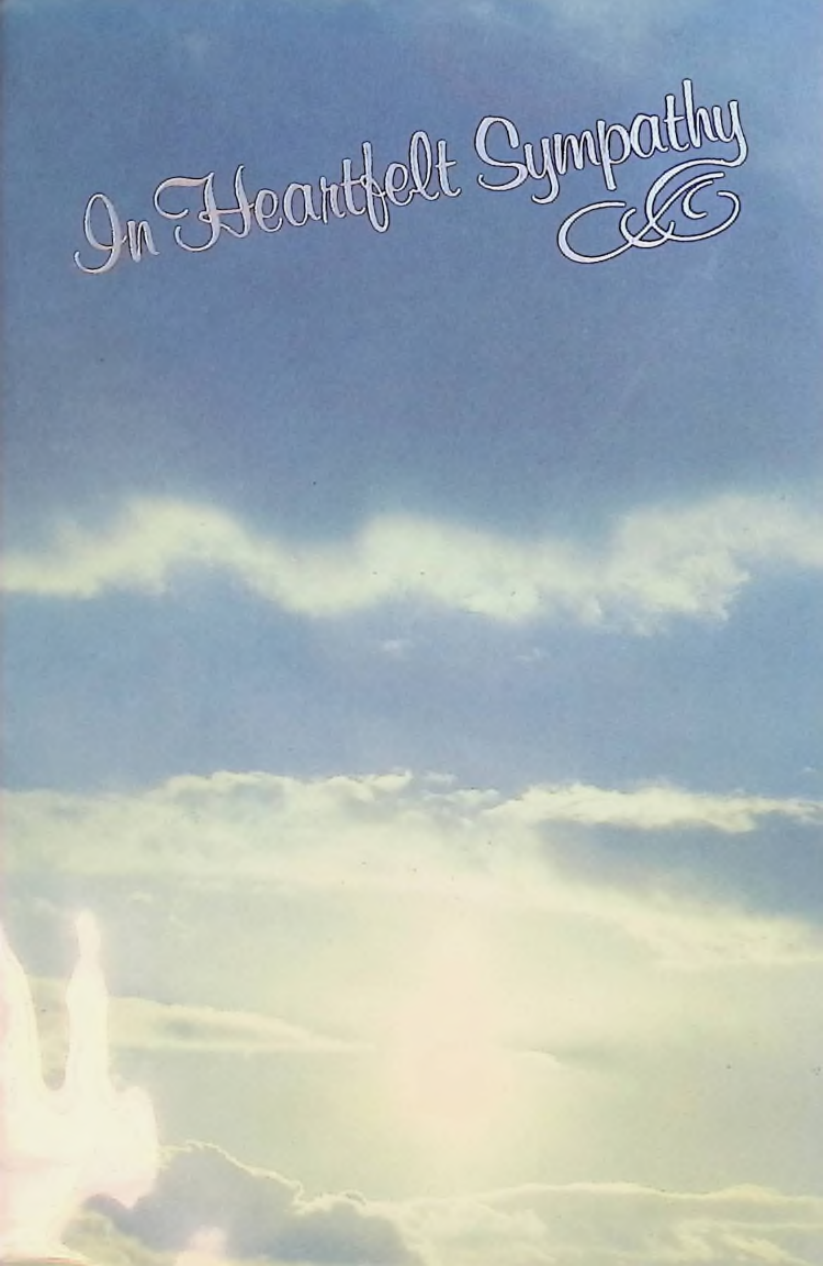
I am a grade 8 student at Tomken Road S.P.S in Mississauga Canada.

As I was putting my coat away in my locker my classmate who had gone home for lunch told me about the tragedy of the space shuttle and the seven people aboard.

I am writing this letter of condolence to the student body and the staff of Concord High School. As our hearts go out to you and ~~the~~ the families of the six other astronauts

Sincerely

Dale Bright



In Heartfelt Sympathy

Giving you our best wishes and sympathies, the executive of Tomken Rd. Sr. P.S. student council. on behalf of all Tomken students.

D. W. Roe

Odette Figueroa

Chief Staff Advisor - Mrs. Ruth Armstrong, Vice - Principal
President - Angela D'Elia
Vice-President - Min-Ho Kim.

May the memory
of the joys you shared
With one so dear to you
Enrich the days
that lie ahead
And bring you comfort, too!
