The Earth Space Science Classes at Fort Payne Jr. High School would like to lend your our hearts in your great loss of Christa McAuliffe.

We know of your suffering and loss because we have lost six of our classmates to accidents within the last six months and we have felt their absence daily.

Christa McAuliffe's journey, though very short, was a tribute to this great country of ours and to Education. She will always be remembered for her courage and her pioneer spirit.

Her death has paved the way for more frontiers to be challenged. We join with you at Concord High School in mourning your loss and we extend to you and your faculty our deepest sympathy. We will hold you in our hearts and prayers.

With deepest sympathy and love
June W. Harrison (Eight grade teacher)
