Dear Sister Judith:

Thanks very much for your recent letter in which you informed me of the impact our two fine students made on you and the students of your school. We are most fortunate here at Concord High School -- we have a whole bunch of students like Melissa and Hillary.

In return, let me say that Hillary and Melissa came back with grand and glorious desicriptions of your school — its students, programs, facilities and the unique and capable administrators.

They had much fun, learned a good deal and experienced a week of new sights, people and happenings! Thanks so much for inviting us. If you ever happen to be visiting New England, we expect that you (or any of your staff or students) will stop and let us extend our own brand of hospitality.

Sincerely,

Charles F. Foley
Principal

February 6, 1987

Dear Mr. Foley:

There is no way to describe the positive impact that Hillary Holloway and Melissa Blackey had on the students of Kino Learning Center and the city of Tucson. In every way, they were a credit to themselves, their families and their school.

The young women added a sense of reverence and realism to our memorial shuttle flight. And just as importantly, they added interest, excitement and joy!

Thank you, Mr. Foley, for encouraging Hillary and Melissa to risk the trip to Tucson. We are far better for the experience.

May you and the Concord Community find a greater commitment to life as a result of your experience with death. I wish you peace today, tomorrow and always.

Sincerely,

Sister Judith Bisignano, O.P., Ed.D.
Co-administrator

P.S. A video tape of our shuttle flight will be sent in the very near future.
