Dear Mcauliffe Class,

Its sad to hear that your teacher died in the Chalenger, but I think she was supposed to die, its hard to say this to you, but if I was there I'd tell you what I think what happen face to face, but, she took a lot of risk and faith to do this, you see I'm trying to be a prophet if you don't know wat a prophet is right a letter back.

Your Nabor
