

Been thinking about you –

Phil. 1:4 – my remembrance of you.

SENT 50 Copies of two Poems

Beautiful Ones:

I am a licensed teacher and counselor in Unity (headquarters at Unity Village, Lees, Summit, Mo. Also World Headquarters)

Being a teacher myself and having spent some 32 years sharing with teen agers you have been in my thoughts quite a bit since the regrettable happening with the space shuttle.

I remembered this poem "UPON THIS FLAME" by our Internationally known Unity poet, James Dillet Freeman. The idea expressed in the poem seems to bring forth the very enthusiastic idea of Christa.

I thought you might appreciate it and like to have it as a keepsake for your memories of your beautiful, radiant, vibrant teacher.

The other poem, "I AM THERE" also by Mr. Freeman, as you will read, has been on the moon for some years! Also, another of our world know prayers.

I pray you will find this helpful as you remember with love, as we all will, Christa, Teacher, Pioneer, both extraordinary!!!

If you think Christa's husband would find this meaningful, would you please see that he gets one?

If you would have a need for more let me know. Or if I could be of help in any way I will be most happy to provide that help.

Love & Blessings

P.S. I lost my only Son, Lt. in the Marines and CH 53 Helicopter pilot in the Vietnam war.

The pain will pass -

The memory of all that dear one

was will be with you forever!!
