Enknowing the education technology through which you impart education to your school children.

Our school will close for summer vacation in April and busy with our Annual Sports and next month for Annual examination. This is all for now.

Mr Foley please excuse me for disturbing you. I believe you people super therefore I look a step to write to you.

Once again I request you to convey my sincere good wishes to the bereaved family. Please forgive me for the trouble. I look forward to your letter. Play He bless you and your family and School.

Sincerely Evelyn

Dear Mr. Charles Foley,

I'm sure you'll be surprised to receive this letter from me but I do not feel so.

I am teaching in a Methodist Christian school and a teacher by profession hence, the sad demise of our colleque who crashed in the Challenger Shuttle made me write to you.

I came to know through mass media that late Christa McAuliffe was one of the crew members and belonged teacher community.

Therefore, I take this opportunity to express my deep sympathy and sense of sorrow for her precious life. Please accept my condolences and may God bless you, the Principal and your staff members. Please convey my sincere condolence message to her dear husband & child and also the parents of both.

I hope and pray that God will comfort and heal their wounds. My only sincere prayer that "May her soul rest in peace".

I am a christian by faith and a methodist. I love teaching and the school where I teach is a girls school and it's a very big institution and non christian girls are also given addmission. I teach English as a third language and Social Studies too.

I am a High School teacher. I am interested in knowing more about the type of education given to children in your school under your able guidance so any one interested kindly announce my address to those who would like to be my friends. I am married and has a grown son whom we have dedicated to Lord's service and he is now studying theology to be a pastor. My husband is working for the State Bank of Hyderabad. I am fifty years old and am very much active at present doing my ~~Education in~~ Masters Education through our University. I am interested
