Ref. No. I0.3.

Dated I5-5-I987.

Charles F.Foley
Principal
Concord High school
Warren St,Concord
New Hampshire.

Dear Mr. Foley,

You Will be very pleased to know that according to my plans I have established a high school in honor of your esteemed teacher Christa McAuliffe,the gallant daughter of the strong and bold American Nation.Already you have appreciated my magnificant idea in your letter dated March 26,I986.

I would like to describeyou that just my school building is very small consisting only five rooms which does not fulfill the school requirements in respect of other arrangements. For building I have to pay a heavy rent which is quite difficult for the being time, the School is situated in poor christian community and they cannot afford the expenses of their children.Inorder to educate them I am trying my best to help them by this way but due to lack of sources and limited funds I have got many crucial problems now to manage it and also unable to provide good material and other goods relating to accomodationfor students.

According to our plans I would like to strengthen to it and want to complete all the plans with your collaboration.On my kind request you have assured me to contribute money to the construction of my school in your previous letter.Now once again it is my humle request you to kindly try to find sources of contribution to help the school during this term. I shall be looking forward as early as possible positive reply.I also APPEAL FOR all the Concord School's students to take share in my efforts.

I sent a letter to The " Washington Post" for the biography of Christa McAuliffe but still I am deprive to get that. I do not have her parents and her husband permanent home address. I, therefore could not write them grievous words on her sudden death and on her first anniversary death day.

Hoping for your co-operation and gratification.

May God bless all of your family and your staff members.

Sincerly yours,
S.M.Saghir

Respected Sir,

Thank you for your letter dated March 26, 86 and appreciated our School's construction idea. We are also very grateful to you that you have promised us to contribute money to the construction of our School. In this respect we have got suitable place for school building and also we are trying our best to build a boys home because the Christian population is not in one place, they are spread far and wides. Therefore, they got difficulties to get proper education. In our developing country the education Standard of poor Christians is poorer than other nations which are living in Pakistan. So therefore it is my humble request you to send us contribution as early as possible because I have to make many other arrangements relating to our attempts, due to lack of funds, we have to cope with problems.

I have written to the washington post Newspaper for a copy of Biography of Mrs Christa Mcauliffe. I am sure that they will comply with my request.
Hoping for reply.

May God Bless you.

Sincerely yours,

Saadet Masih

Dear Mr. Masih:

Thank you for your letter in which you describe your plans to build a school in honor of Christa McAuliffe, our esteemed teacher. This is a magnificent idea which would be a fine tribute to a great teacher.

At the present time the only biography of Christa McAuliffe that is in print has been published by the Washington Post Newspaper, Washington D.C. I'm sure that if you write to them for a copy, they will comply with your request.

I wish that I could contribute money to the construction of your school, but all funds received by us must go towards the scholarship established in her honor.

God bless you in your endeavors.

Sincerely yours,

Charles F. Foley

May God bless all of you:-

Dear Principal and loving Students,

Hearing the bad news of burning the U.S.A Shuttle challenger we got too much grieve and shock. Afterwards hearing the news that loving students have lost their efficient teacher Mrs, Christa Mechleif. Really she was the best lady among the teachers. May God rest their soul which lost their lives for the noble deed and for the nation and for the coming generations of developed country.

So I have decided that a secondary school should be established or to be set up in Pakistan in the memory of Mrs. Christa. I would like to keep the name of school. "The Christa Memorial High School." The said school will be independed and christian institute, we are looking for the best and suitable place for building. The estimated cost

(I also would like to come on your invitation in respect of necessary arrangements).

of place and building construction will be about $ 100,000 U.S.A dollers. By this way her name will always remain alive for the generations, nations and for the community. I therefore, would like to kind appeal for establishing the Secondary School's aid or help as contribution. our family will run the school and can spend 1/4 of the total cost of expenses. we are qualified teachers and have got too much experienc in this field. Please send our grievous convey to all her students, her husband and her loving and sweet children. Could you Please write the correct Spelling of her name for printing the documents for school purposes. would you like to talk the area Governor or Mayor for the financial aid. I hope you will be able to arrange everything. I do hope for access to the authority. I hope that we can lay the foundation stone in the middle of April, 1986. Please send us autobiography of Mrs Christa as well as. After your kind and positive reply we shall arrange everything.

with best wishes.

Thanks for acquienscensc.

Yours friend

Sadeq Nasir
