Dear Sir,

We have pretty lively times
down this way for the last
week our M Reg^t has not
had any sleep of any
account for the 5 days.
A Company of us was across
the Rappahannock last
night digging rifle pits

any mistake you must
a not say anything

I expect that will have
to get up some of these

turning the River bottom
upside down for my part
I think its a good plane
Well I cant think
