SNOW DAY PROVES GALA AFFAIR FOR ALL

Y. M. C. A.

Last Friday the Y.M. got off to a flying start, and next Friday it "Marches On" to its second interesting feature. According to the temporary Y Committee composed of Ralph Smeltzer, Galen Price, Carl Dutcher, Marvin Crites and Don Verbeck, the University of Redlands is coming over to "christen" and serenade our Y organization with a program to be given by their student body officers. With Walter Raitt, Y.M. Prexy and a member of the political triumvirate, leading the song fest the program is expected to start off with a bang. The program as tentavely planned will consist of a few songs by John Raitt, a crooner as well as a '46 shot putter, a few readings by a non-caucasian student, and a discussion of some of Redlands campus problems and what the "Y" has done to help solve them. This discussion should prove interesting because according to the Redland's fellows, they ousted their college president last Monday. All La Verne college men are invited to attend. Let's have the enthusiasm which we had last Friday.

Last Friday about 55 fellows turned out to give a real reception for the girls. An outstanding feature was the masterpiece which "Lindy" Landis gave, although Mary Shick, Harriett Strate, Mary Blocher and Eleanor Herrick gave her some real competition.

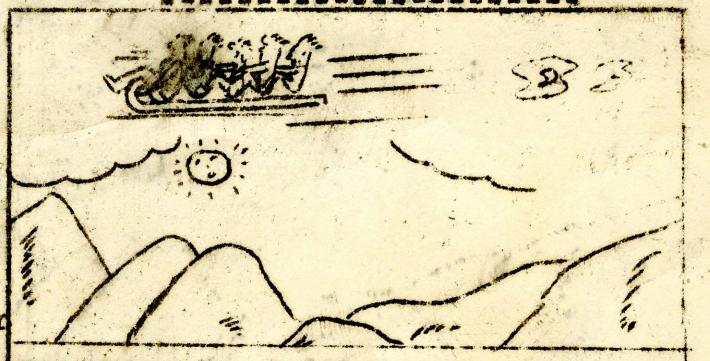
Snow balls flying, tobogans sweeping down the hills, shrieks of happiness and fright!! Snow Day at Big Pines was in progress.

Approximately one hundred L.V.C. happy, fun-loving students were present at Big Pines Wednesday. The morning was spent tobaganing, skiing, and ice skating. Amid the fun no serious mishaps were encountered.

The coronation ceremony, the high spot of the afternoon, took place in the pavillion of the Big Pine Lodge. After a short entertainment by the Royal Jesters composed of Mary Ellen Lapp, Doris Meacham, Madge Fischer, Ward Hanawalt, Bud Henzie, James Thornton, with Professor Travis as chief jester, crown prince and princess-Rube and Doris--were crowned King and Queen of Snow Day with elaborate ceremony.

The rest of the day was spent as the students wished, all having the time of their lives.

The highlight of the day came when, on preparing to leave for home, it began to snow. This seemed a fitting end to a glorious day.



CAMPUS TIMES STAFF

Editor-in-chief--Vivien Saul
Assistant Editor-Hal Michael
News Editor---Phyllis Koch
Staff Assistant--Dan Mahoney

Business Sec'ys--Lucille Gregory, Elaine Garner, Vivien Saul
Proof Reader--Esther ZMeyers
Faculty Advosir--Miss Cline

DON'T BE AFRAID TO LIVE

Have you ever seen a mother eagle teaching her young to fly? If you have, you have noticed the old eagle will bring the baby eagles to the very edge of a high cliff. Some of the young birds will immediately try to fly, but one, perhaps, is a bit frightened to try. It is doubtful of its own powers. But the wise old mother is standing close by, and if the frightened young bird waits too long she will shove it off the cliff and force it to its own resources. That inexperienced eagle must either fly or fall to the rocks below.

There are some people who never grow up. They who never become strong enough to trust themselves alone. Always they must have some one to lean on; some one to do their thinking fot them. When put on their own they fall and are crushed by those who have learned to stand on their own feet.

Life is one thing, but to be able to really live courageously is quite another. What can life mean to one who always has to have things pointed out to him? If a person cannot see for himself the realities and be able to face those realities he is not a person to be admired at all.

Don't be afraid to live! Dr. Kurtz, when he was here, quoted someone as saying,"Be careful with your health, but be reckless with your life!" That 's the adventurous spirit which really conquors. Great advancement and growth has been brought about only because men have not been afraid to live, but willing to launch out into new adventures. They have tried their wings and have found them strong enough to face life. Others have failed because they were afraid to even try.

We have opportunities thrust at us every day. Are we men and women enough to face these opportunities and make the best of them? Are we willing to try new fields of endeavor and make life an adventure? Don't be afraid to live!!

CONTENTMENT

We often seek, and seeking, fail
to find.
Or grope in vain, blind leaders of
the blind,
Because, perchance, that which we
long for so
Is fruit forbidden. Only God can
know
What is the best. And thus, in
time reveal
His Hidden purpose. Though we
sometimes feel
Our lot is barren, life is like a
stream
That ever trickles onward. Now a
gleam
Of sunshine brightens;now,all tem-
pest tossed
Its waters overflow. But never lost
They reach the sea at last, Not one
can lie
In useless idleness. For good or ill
Each soul must battle.None so low
or high,
But what can serve the Master if
they will.

--May A. Baker--

SPORTS

La Verne Marches On

Basketball is almost over. Track and baseball are on the way. From now on you can cast your eyes in the direction of the gym and see almost anything taking place. You will see scantily clad boys tearing around the quarter mile oval at break-neck speed. I can see George Snokelburg now taking the half mile in 1:53. Over there trying to stand on his head on the top of a pole is Harp Lehman pole-vaulting, and is he going? It seems to be around 13 feet! At another corner of the athletic field is "Red" Crites jumping six feet off the ground to catch a high one and Jack Talismanic behind the batter catching the hottest ones. Everything is going smoothly; even Francis Ulmer is cool and calm as he delivers a fast ball to the catcher, wildly swung at by Rube. Let us look at something else. Over at a corner of the field is Jesse Brandt practicing up on his golf. I was just talking to him. He seems very confident of winning the golf tournament, but Dr. Hoover is out to beat him. Bernard Finch drives a wicked ball to Crocker, but it is returned with such might and main that Bernard is just able to return it.

Looking around I see that Bob Fischer is getting some real form in the broad jump. I guess the form is the Mae West in him. Glenn Price, the Frosh sensation, has just flashed by in a cloud of smoke. I see that Perry Smith just picked up a hot grounder and has whipped it to first base where it is caught by Chuck Messick. I knew Rube would hit one if he got enough strikes.

Coach Lloyd made the announcement Thursday in chapel that regular practices for track and baseball will start Monday, that is rain or shine, so rain, rain, go away, and come again next summer.

The first track meet will be held at Pomona March 20. It is going to be a real one. If you really want to see some good action, come over and watch your athletes. They will show you that they have what it takes. So Let's go!!

W. A. A.

Hockey practice was held Tues. and due to the change of days there were only eight girls. The under classmen showed the uppers how to get the ball down the field. The last five minutes all rules were waived and the game ended in a free-for-all. However, both teams expect to be ready for the final games scheduled next week; one with the boys and the other, the play-off between the classes.

Volleyball will be the next sport for the women.

SOOPER SNOOPER

The day after snow day and everyone is sore in spots, big spots too...Here's a deep dark mystery; who asked Fike to go to the mountains snow day? Some guys must be weak to take no for an answer--that is "no" without an excuse...Have you noticed the improvement in Willie's personality since he has been in love?...So this is love again? Opal Burnette has more boy friends than a year has months. Last month it was Ulmer--poor Francis--then it was Finch, now it is Perry. Say, Opal will you save a spring month for me?... I hear Leona "Race Horse" Lehmer is going steady--or may be engaged--with a fellow at S.C. Good going, Leona !..... I was inquiring of some of L.V.C. men to give their opinion of blonds. Sturdy Sam Ellenberger: "Blonds? well, they are all right." Groff: "Boy, I can love 'em". Sounds like Groff. Price: "Is Mary a blond"? What do you mean, Galen? I don't like blonds, but I like Mary, Price--another hint !

I overheard Koch say to Nona in chapel the other day, "Say, it does me good to see Prexy out." And Nona answered in her very dry way, "Oh, it must be a sunny day." Now I ask you, is that nice,--or just witty?

Sleeping It Off.--Frankfort-on-Main, Germany--James Thornton was married to Elena Mumm von Schwarzenstein, heiress to the Mumm champagne millions. A three-day siesta was declared in celebration.

--Brandon (Man.) paper.

TONITE AT 8:00 - WE PLAY THE GAUCHOS = AND TOMORROW NITE AT 8:00 = FROSH PRELIMINARYS AT 7:00

IMPRESSIONS

A rustle of lavender spirits, a golden braid hanging coyly over one shoulder, dainty feet tripping hither and yon, a flash of little white hands as confetti the color of springtime flowers was thrown at people with a kiss mixed in now and then.

Camera !! Miss Ruth Travis, a new student at the coronation ceremony Snowday.

A swish--a hissing sound and another tobbagan bit the ice, daylight showing between people's tummies and sleds as sleds skimmed over stumps, a scream, a plop, followed by a flop as another dorsal region rose up in the air and swiftly came down to a rip-roaring smack--later these same regions were proudly exhibited by dorm girls to see who had the most colorful bruise.

Camera !! Snowday !!!--'nuf said.

Snockie-I can't afford an automobile.
Meacham-But I thought you had one.
Snockie-I have. That's how I discovered that I can't afford one.

Mrs. H.--Harriet, what are you doing out there?
Hettie--Looking at the Moon.
Mrs. H.-Well, tell the moon to go home, and come in off the porch.

"Penny celebrated her birthday last week" announced Mugs.
"Did she take the day off?" asked Meacham.
"The day? She took about two years off."

Professor Brandt calls Golf--Hoof and Mouth disease; Hoof it all day, talk it all night.

Willie--And how did you find the beef, Red?
Brickley--Oh, I moved a potato, and there it was!

CHAPEL CHATS

In opwning chapel last Tuesday President Studebaker urged us all to support our basket ball games this week-end and presented three pictures of which we selected one--The Village Church--to be hung in our future social hall. The main portion of chapel was spent in peppy singing under Hal Michaels leadership. But most of all, we enjoyed the two solos each by Pat and Rube.

After chapel a short associated students meeting was held in which we selected Paul Groff as yell leader and elected the Snow Queen and King.

D Dr. Harnley, formerly of Mc Pherson College, sopke to us on the topic "How Rich I Am." mong his remarks he said that God has put everything here and whether we are rich or poor depends on us. We have a marvelous heritage, he said, and above all our spiritual opportunities are the greatest. Dr. Harnley urged us to use the good things of life and live just as well as we can.

NEGRO CONTRALTO TO SING WED. NIGHT ARTIST COURSE

Marian Anderson, American Negro Contralto, will sing at Bridges Auditorium nixt Wednesday, March 3. "An exciting, sure-voiced singer who would make any race proud...instantly revealed a breath and nobility of style," is what the Time magazine wrote of her. "No one can see and listen to Miss Anderson for two minutes without realizing that one is in the presence of an artist of extraordinary devotion, intensity, and self-effacement."--N.Y. Tribune.

OHR YEAR BOOK

The Lambda, the annual college yearbook, becomes of special interest at this time of the year when we can look back on so many good times and still look forward to more. The snap section, edited by Phyllis Koch will preserve these good times for you, and Koch is noted for her exeellent imagination and originality.

At the head of the sports section we find Bud Mc Sweeney You who know Mac, and those who don't will look forward to seeing our year in sports in a true realistic style.

Throughout the Lambda, Hal Michael controls the artistic style. The theme which will be predominate is a secret, but the editor in-chief, Paul Groff assures us it will be good and he ought to know, since he edited the Bonita High School annual four years ago and was manager of the Lambda last year.

If there is any further need to convince you of the value of the Lambda, the fact that a small price beside the student body ticket will be required, might help to prove just how good the staff is attempting to make it. A small charge assures a good Lambda this year.

MIND YOUR MANNERS

What would you do if you were calling a girl for a date?

a- Say, "Are you going to be busy Saturday night?"

b- Say, "May I have a date Saturday night?"

c- Say, "Would you like to go to the Artist Course Wednesday night?"

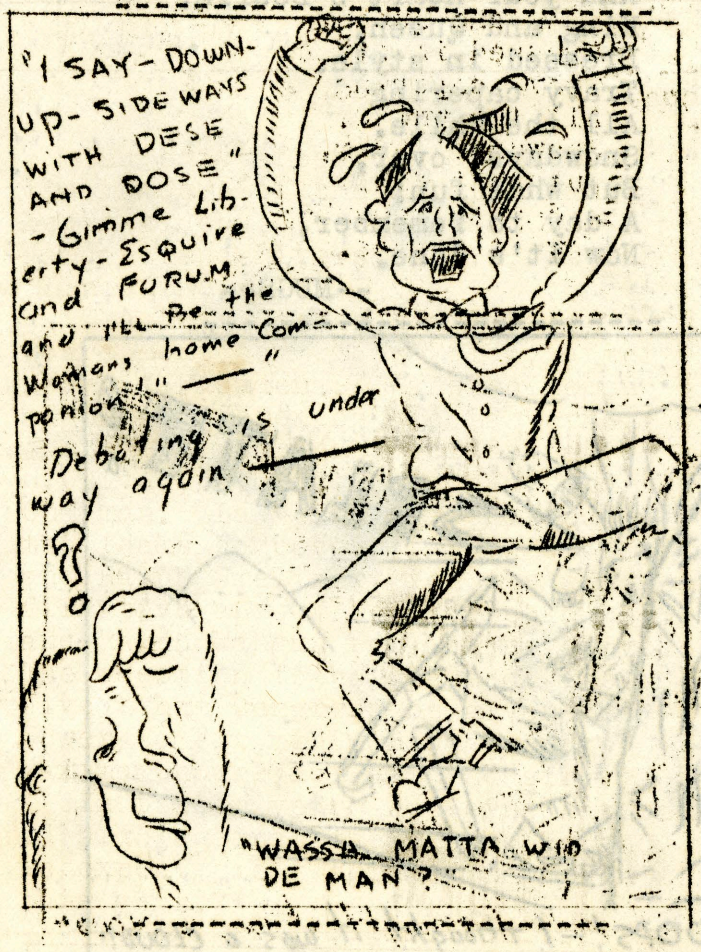
Best--"c". The invitation is definite, and also leaves the girl an avenue of escape.

DEBATE

Thursday afternoon a few of the members of the debate team heard a debate between San Bernardino and Riverside J.C. at San Bernardino.

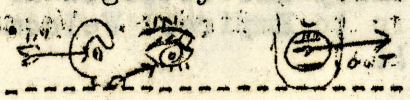
The Boys Conference Debate Tournament commences Friday afternoon at Pasadena. The colleges of the Conferences are La Verne, Whittier, Redlands, Occidental, U.C.L.A., U.S.C., Pasadena, and Chapman. La Verne has entered two teams composed of Paul Groff, and Ralph Smeltzer, for the affirmative and of Don Verbeck and Ralph Mangun for the negative. The question to be debated: Resolved that Congress be given the power to fix minimum wage and maximum hours for all industry.

In former years La Verne has ranked high against these schools and we expect great things from them this year.



DORM NEWS

One nice thing about living in the dorm is that Mrs. Holsinger is very generous with her late dates. Two very curious dorm in-mates wondered if maybe there weren't some difference between the goodnights that are said at one of these late dates and the early ones when too many people are around outside. After all the lobby lights were out these two fun seekers sat on the sofa where they could observe unobserved all that took place at the front door. Wouldn't you like to know what they saw? Such fun!! After standing very close together and rubbing cheeks very affectionately, two silhouettes at the front door finally parted and one came in. Massey's name was withdrawn from the board. Our two on-lookers giggled and nudged each other. Next only one person came up and our witneses could see it stand there a long time. Then a miracle happened and it divided right in two and half of it erased Garner's name from the board. Eyebrows raised and the clicking of tongues was heard from the vicinity of the sofa, for after all, that was a queer example for the form president to set for two innocent onlookers. Soon a pair of silhouettes came and stood close together, drew apart, touched and drew apart again. After much cooing and caressing Eleanor bobbed in and Glover called a musical goodnight to her. That was the last name on the board, so Louise and Strate, having seen all that could be seen, hurried to their rooms and then to bed, dreaming dreams of when they, too, will grow up to be big girls and will have college boys bid them goodnight.



VIOLIN CONCERT

Nathan Milstein, Russian violinist, was presented in concert by the Claremont Colleges Artist Course as the fifth feature of this year's series. His program consisted of long selections from the works of Vivaldi, Brahms, and Wieniawski. He distinguished himself as one of the world's most outstanding violinists through his marvelous ability and feeling expressed in his playing. The audience was exceptionally appreciative of his interpretation of the "Flight of the Bumble-Bee" by Rimsky-Korsakoff. Milstein chose very appropriate encores which were in harmony with the tone of the rest of the program. He had transcribed several of the selections from their original composers. He was very ably accompanied at the piano by Leopold Mittman.

A. P. O.

Attention students, if you are interested in participating in school activites, don't forget to be present at the Alpha Psi Omega try outs for "Three Cornered Moon" on Monday evening March 1st, at 4 and 7 P.M.

SOCIETY

Belva Buck gave a dinner party on February 23. Don Verbeck, Mildred Holl, Barbara Bolling, Bud MacSweeney, Elvin Ebersole, Althea Clipperton, Doris Beckner, Marvin Crites, and Rolland Callison were guests. Following the dinner the group attended the artist course.

Hazel Beekley has returned after a flying trip to Empire. Welcome back, Hazel!!

SNOW DAY

Up the hill,
Dodging stones,
Surging laughter,
Breathless moans.
Snow balls sailing,
Through chilly air.
Tobaggan sliding
If you dare.
Slippery ice
And sunburned nose.
Bumps and scratches and
Dampish clothes.
Skiers slipping
Down the Hill
Man, oh Man
What a spill!!
Smell that coffee?
Feel that fire?
Come on, Let's eat
Or I'll expire.
Quiet lodge,
And crackling fire.
Soft music
And your heart's Desire.
King and Queen,
Dressed in style.
Travy capering
All the while.
Snowdays' over,
But what fun!
A day to remember,
Now it's done.

--MUGS--
