Dear sister

I will just drop a
few lines as I wish to
ask you a question on the
indian affair I would like
to know what date you are
going to give for fathers
birth in grand mothers
bible it was 1816

but - Bowland always said
it ought to be 1815 -
because father was one year
older than him I suppose
we ought to all state it -
the same. Cley has

birthday and did you
get a little package
about that time
this awful scribbling
but - is most - train time
and Bert - is waiting
we are about as usual
hope this will find
you all well

Love is Ellen now

regards to all
