Mr Mears tells me that he will get me the asparagus so you need not get me any — he is going to get me some yellow strawberrys — I am sure your Aunts house must indeed be full — how can you like to remain at Mrs Hanovers instead of coming down next Spring for this is such a very dull place for you — I think it will be best to ask Miss Rose down again for you cannot come — how sadly she misses Ann is and saving you know some are without their faults — next letter I write will be one to Susan dear little Fanny I am sorry that he suffers so much with his teeth how ever the extraction relieves the pain — the reason I enclose your letter in one to Susan was owing to having written it close to the edge and I fear it might be read by any one else — you seem to enjoy yourself very much I guess — I do not like those country parties what lady did you go with — send word alles the number of yes & ejdgeny don't forget give my love to Susan kiss dear little Fanny for me — your Papa denies his love and says he is up to his eyes in business — from Ms I love to all
