March 24<sup>th</sup> 1884

E. M. Dick Esq.  
Brothertown, Wis.

Dear Sir,

Postal at hand. Please find enclosed Circulars "Glens Falls" We issue fire, or Tornado Insurance, and anything in that line wanted, I would be pleased to do for you.

There is a great deal of Tornado Insurance being done, and the amount of destruction in that direction is astonishing, the charge is so reasonable, that every body seems inclined to insure. the rate is 1% for 3 years. ie. for \$1,000. insurance, \$10.00 for three years.

Rate on Hall against fire, it depends upon what it is occupied for. if for general meetings, which I suppose is the case, it would be from 1 3/4 to 2% a year. double the rate, for three years. it depends upon exposure, use, &c.
