"Father":-

I received your letter and was glad to hear from you, but was sorry to hear that you had been sick. I was sick last week, and had to stay out of school for a day and a half. So far I have not had a very bad cold, but I got a little cold in my head, and it started up my old headache. It ached quite bad for a couple of days, so that I did not feel like going to school. I went down to the Dr. and got a prescription and it stopped it right away.

Outside of that I have been feeling splendid this winter. I have not been weighed lately, but I weighed my self once with my overcoat on and I weighed 148 pounds.

Will is getting along fine I know what you meant, but there is nothing of the kind. He is looking well and is studying hard.

We have not been out many nights. There was more nights that we studied until after ten o'clock than there was on which we did not. I tell you one thing we have not spent any nights out only when Mr. and Mrs. B. were with us, only some times when we went to the show.

We did not intend to go out to the opening of the Sewer pipe, but Beerman invited us to go, and he said he would pay our way except our supper. So we thought we had better go. Our fare out there and back and into the building was \$1.50 each. We took no part in the dance it was quite a swell affair. Every thing was very nice. I sent you those papers so after you had read them you could give them to Waights also one of the cards.

The scholar made Mr. B. a present of his picture enlarged and a nice frame and easel to set it on they also made Prof Miller a present of a dictionary stand.

I am getting along nicely in my studies (with)
