

the coach if you knew what I know about her
and Charles that night. She went off with the
clerk when she called Thomas up to the
head of the stairs she might never say one
word against anyone's carriage (Thomas)
told a person that told me and he told so correct
about it I do not doubt it. well you see I am telling
tales but it is true. well you see that I am
miles a way and am able to do my
own writing and eating ~~for~~ I think you

will get weary in reading this scribbling and
I will stop: there was a sad affair happened here last
Saturday night a man by the name of pool went
out riding with his wife and daughter and he was
troubled with the heart ailment and he fell
dead from the buggy and that started the horses
and they run away and hurt his wife and daugh-
ter very bad: when I came there was
not any one to the door to meet me and I
came to their door before they knew it
I wrote to them that I was coming and they never
got my letter they went 3 days in suc-
cession to meet me and I got disappointed and then
holl engaged a man to fetch me here and
I am on Saturday write soon and write
soon and write all the news my ears hear

Kind Friend

I sent my self this morning to
talk a little to you: wanted to come out there
before I came away from Chilton to see you
and get them things of mine that was in your
box my letters and receipts and I think that
5 cts I had been so long was in that box I hope
it was for I can't find it: if Thomas had been out
I suppose he got them trinkets the lamp and that
quiper and the wash board I give to you if
you will accept of it: I how I did want to

can charge it to me if he intends to let
