I, the undersigned applicant hereby covenant and agree to and with said Company that the foregoing is my own statement, and the questions are answered by me or by my authority, and are warranted by me to give a true and full exposition of all the facts in regard to the condition, value and risk of the property to be insured so far as the same are known to the applicant and material to the risk, and said answers and representations are considered the basis on which insurance is to be effected.

For Exposures see Statement and Diagram on back of my application.

Dated 188..... Signed Applicant.

Agents will please Answer these Questions fully

Instructions to Solicitors and Agents.

1. How far is the risk from your Agency?
2. Has this Company any other Risks within 150 feet? If so, give name of assured and No. of Policy
3. Do you consider the valuation of the property, as made by applicant, a fair cash valuation?
4. Did you carefully examine stove pipes and chimneys?
5. Do you regard them as perfectly safe?
6. Did you survey the risk *personally*?
7. When?
8. Do you personally know applicant?
9. How long has he resided in county?
10. Has risk been declined by any Company or Agency?
11. Do you *fully recommend* risk and applicant?

Note below any explanations material to, or peculiar features of the risk, such as particulars of any loss by fire which applicant may have suffered, giving date of same; cause of fire; on what property; whether insured; if so, in what Company. etc.; or, if property is incumbered, note applicant's ability to meet payments at maturity, etc., etc.

J. L. WHITLOCK, Manager.

DEAR SIR:—The Diagram below shows all buildings named in application on other side, and all other buildings within 150 feet. **In addition, I also make following comments on the risk:**

Agent.

Make Diagram showing buildings insured, and all exposures within 150 feet giving size, height, and number of feet between them; and say on each building what it is used for.
Use RED ink to designate brick and stone buildings and BLACK ink for wooden buildings. For shingle roof **X**. Composition roof **O**. Metal and slate roof **□**. Draw Diagram, scale ten feet to a square, unless otherwise stated.
