Dear Thomas

I received your letter
with the affidavits all
right on the 20th of May
I took them up to show
Mrs Keavill she wanted
me to leave them but
i would not i told her
i should give them
into the hands of Mr
Wilcox i took them to
Mr Wilcox on the 25th

of May he said i done quite
right in letting him have
them as he was the proper
person to have them he said
he should have to send
them to the other trustee
for him to see and he
should write to you.
So i expect you will have
a letter from him he seems
a nice man he said
it was nothing but right
that you should have
your money but he told
my wife and me that
all the trustees got any
power over is the house
