

there was a Banner and among they,
numerous inscriptions I noticed this.

70 Jewish circles = 3450 which brings
us to 1868. I suppose that, meant that
1868 is the end of time, so you can tell
your friends to get ready. Well I must
close. Give my best respects to all your
folks and accept my kindest regards
and write soon.

Yours in haste

Friend E. M.,

(Yours of the 22nd Inst., is received
and contents noted. And, in reply, I would say
I was glad to hear from you as I had not
heard a word from you since you left here.
Well Ed as regards myself I am, as well as
usual, and still in my old position, and
have not lost an hour yet, but I came very
near it a few days after you went home. I
was much, confounded sick, but I came out
all right. All the rest of the folks up here
are well so far as I know. Yes there was
some Bolls came up the next day but one,
after you went home how many I can not
tell as I have not had an opportunity
to go over to the shop since you left.
R. M., went some where within two or
three days after you left, and he or
some one else started quite a story
about his leaving here, but I am not

it was a 'ruse' in his part, to get away
without paying his board bill how true
this I will not say, whether he was, to
Ashkosh or Green Bay, I can not say.
Well it seems to me they are rather slow
about getting ready for the 4th and I am
of the opinion they will have a dull time
unless there is some more interest taken in
the matter, then there has been so far. And
as yet, I can not tell whether I shall come
down or not, some times I think I will and
then again I almost make up my mind to
stay here in town as I expect there will
be a Big Show here on that day, And
if I come at all I would like to see that
game of Ball played and I heard that
they was going to play on the 3rd and I
don't really want to lose so much time
but if this dry weather continues so the
mill will not run steady it would not
make so much difference Well since you
left there has been but a few events
transpire which are worthy of note

Three small fires ^{and} we have had Honey
and Strawberry Shortcakes, so you can see
that Mack's Boarding House is above par.
Work is getting more plenty here, George
Phelps wants a man ^{and} another man
wants three men, they wished me to find
them some men, so you need not be much
surprised if I make a strike for more wages
soon, Mack has enquired several times for
you ^{and} talks of putting another man in
my room if you do not come soon, so I
wish you would come even if you did not
stay more then \$2 a month, Well to day is
a warm day ^{and} I'll swear yesterday was one
too As I was taking a stroll down town this
morning, my attention was attracted by a
large Tent very much like a small Circus
Tent, with a flag upon the top, and of
course curiosity tempted me to draw near
and find out what was going on, and
I found out it was a Meeting 2^d Admth.
I see Raymond John Dick Bulch Har-
rington &c there, And near the Stand
