 Friend Abby

It is with pleasure
 that I now improve a few
 moments in writing you these few lines.
 When I com home to camp I
 found a letter and as we are about
 taking our leuf to go to Saint Louis
 I thought I would write these few lines

Our Regt. is Orded to leave the 10th
and I as I had a few spare moments
I thought I would ^{write} you one more
letter while in Wisconsin but I
aint sure we are going for we haint
received any pay yet and the Regt.
wont move untill it is paid off.

The Boys all are well
as usual and waiting to start.
I was bout down sick when I

got back home in camp but I've
got over it and I feel quite smart
for an old man and hoping to leave
but I afraid we wont go as soon
as the 10th for I dont believe
they will low folks down there

I trust they will find
you enjoying good helth but be
careful and not let the horses
get loose and run in the fence.
I would liked to been there to the
last day of School the boys said
they had a good exhibition. O dear
me how my finger smarts I blis^{ted}
it washing this fore noon you needent
laugh bout it neither for you know
they dont low folks. When I got back
the Lieutenant told us Boys it would
not mad any difference if we had staid
to the Dance but I was glad when we
got back for I was bout wore out
