

my cough I'll be all right.

Geo has a nice home here in a new addition to the city. The cemetery is right at the back door, but I never think anything about that.

Oscar still works in Kenosha and is doing fine. has a nice little bank account steady job and is well dressed.

I saw Celia 2 weeks ago. she is fat and has the biggest fatest baby. They live so far that - I have not been to see them yet.

Well I must stop now as I have many letters to write. You can address me Hattie at Racine 610 Belmont Ave

Dear Louise

You'll be surprised to hear that - I am away down here. I came down Feb. 9. Geo phoned me not to go home alone as I was not well at all, besides I thought I'd stand a better show of getting a position in a large place.

I hope you are well. I am sorry your house is so cold. When I get some money ahead again

I'm going to help you fix your house or else help you pay rent. because I'm not going to keep house any more and I shall make regular visits to all my loving relations. I wanted to go to your place at the end of my course but I knew it would be too cold ^{there} for my cough.

I've had a letter from Marcia the other day.

After I had been here a few days I wrote to the city Supt. of schools at Kenosha and asked her about vacancies and she phoned me to go to Kenosha at once and in less than 24 hours after I had applied I had landed at a 3-position. And have taught one week. Board and room ^{rent} is very high there. I had to go back and forth to Racine last week because I could not find an eating place near the school. This week I shall stay down there and I'll not be so tired and played out. The grippe certainly gave me a good racking. If I get over

KENOSHA.
