NUMBER 5

Orinda School Building Dedicated at Ceremony

The new Orinda Grammar School was formally presented by Chairman of the Board of Trustees, Ernest L. Mathy, to the County Superintendent of Schools, B. O. Wilson, at the dedication ceremony held in the auditorium on October 20.

The Girl Scouts presented the flag at the opening of the ceremony, and Mrs. Guthrie Clark sang "The Star Spangled Banner." The invocation was read by Father Miller.

Some of the guests for the evening who were introduced by Mathy as contributing to the success of the school project were Guy Atkinson, contractor, Paul Donald, Harold Weeks, architect; Ralph Sisson, president Orinda Improvement Association; Francis Healy, District Attorney; H. L. Cummings, supervisor; Mrs. C. B. Chantler, president Parent Teacher Association.

Special tribute was made to Charles Derleth, dean of the College of Engineering, for his advice and help, to W. P. Stephenson of Orinda, and to Col. C. F. Harrington and C. P. Lowe, officials of the P. W. A. and W. P. A. and to Stanley Smith who for the past year and a half has donated his time to the supervising of the project.

The audience was entertained with a color film, with sound effects presented by the "Pan American Airways" depicting the Clipper service across the Pacific.

Inspection of the school was made by the residents who were impressed by the modern aspects of the plant. It is an earthquake resistant structure, with six classrooms, an auditorium which can also be used and a gymnasium, a large stage with complete lighting facilities and two adjoining dressing rooms, a kitchen, two play-rooms downstairs which may be used for Boy Scout and Girl Scout meetings. There is a principal's office, a library, modern lavatories with tile floors, a storage room for books and supplies, and a janitor's store room.

The class rooms are spacious, within a work room in the rear, with cupboard space and shelves, and are furnished with indirect lighting.

Mrs. Harold Martin assisted by Mrs. Miles York, Mrs. Sheldon Duncan and Mrs. Leon Woolsey arranged the flowers which were donated by members of the Garden Club.

November Meeting Notice

The next Regular Meeting of the Orinda Improvement Association will be held Friday, Nov. 3, at 8 p. m. in the Orinda School Building.

THE STROLLER

Within the next few months the community of Orinda will look and point with pride to the new school grounds which promise to blossom like the proverbial garden in the desert. Too much credit cannot be given to the careful planning of the members of the school board who stretched the \$9,000 left over from the actual cost of the building of the school and the purchase of the additional grounds to cover the cost of the building of the rock wall in front of the school, the purchasing of the desks, rest room cots, and other equipment in the school, as well as the cost of planting and equipping the playground. This was made possible only by the use of money, material, and equipment from the W. P. A.

Some of the high lights of the plans for the playground will be an asphalt double basketball court 175x75 feet, about two acres of lawn of which one and one-half acres will be flat and will provide for a site for a baseball field, and a soft-ball field as well as junior and midget ball fields. There will be a hand-ball court 41x20 feet, north of the custodian's cottage.

(Continued on page 2, col. 3)

ASSOCIATION TO HEAR MEESE

George Meese, county assessor, will be the speaker for the November meeting of the Improvement Association, to be held at 8 p. m., November 3, as announced by Edward H. Sibbett, chairman of the tax and finance committee. He will tell something of the functioning of his office and how our tax bills get that way.

The committee on tax and finance hopes to be able to gather data to show the effect of the growth and development of the community upon the tax rate and to present comparisons upon other similar communities. Such a study should serve as a guide on the cost side when we consider new community services, incorporation and other problems of

Bonds Passed For New Acalanes High Building

Bonds for the new Acalanes High School amounting to \$330,000 were passed by the voters of the district which includes Walnut Creek, Lafayette, Canyon, Moraga and Orinda by a vote of 884 - 195 at the election held October 24.

The site of the new high school as selected by the board of trustees is the Hunsaker property of some 22 acres lying 1/2 mile north of the Tunnel Road and east of the Pleasant Hill road on the Reliez Valley road. This location was approved by the State School Housing Commission as it is based on the center of enrollment of the district.

Franklin Kump, Jr., of Fresno and Keith Narbett of Richmond have been chosen as architects. Plans for the school as outlined in recommendations from the State Board of Education, call for a building with eight classrooms, music rooms, commercial rooms, science laboratories, library, home economics unit, shop, cafeteria and gymnasium designed to accommodate 600 students.

Tax rate estimated for the issue on the basis of an 8% increase in assessed valuation would begin at .255 and would decrease to .21 in the next five years.

By districts, the vote was as follows:

Walnut Creek	Yes 438	No 44
Lafayette	Yes 243	No 41
Orinda	Yes 158	No 90
Moraga	Yes 18	No 15
Canyon	Yes 27	No 5

The district is indebted to the trustees for their untiring efforts and for the painstaking care with which they have proceeded in this enterprise. Members of the board include Joseph Lawrence, chairman; Joseph Bronson, Melvin Jacobus, C. C. Morse and M. H. Stanley.

NOTICE TO VOTERS

The polling place for this district will be the Fire House, on November 7th for the Special Election for the amendment to the constitution.

growth and development.

According to Ralph Sisson, president of the Association, the committee invites all to come and ask any questions that have been bothering them.

EDITORIAL

For a job well done the community extends its hearty congratulations to the members of the school board. For long hours of hard work, for disheartening criticism, for evenings spent in consultation, for the pestering nuisance of phone calls far into the night—all these are on the red side of the ledger for those of us who look now with casual satisfaction upon the completed school and think of the debt we owe these men who so generously contributed of their time and ability to build up a school of which we may all be very proud.

To Stanley Smith we are particularly indebted for his special training as an engineer and for his past experience that included a position as construction engineer for the Southern Pacific Railroad for ten years, during the war with the Engineering Corps of the United States Army, and afterward with the United States Bureau of Public Roads. This background made it possible for him to supervise the construction of the school and to build it so that it will sturdily serve the children of the present and future of the community.

OCTOBER ASSOCIATION NOTES

Expressing its confidence in the Acalanes Union High School Board of Trustees, the Orinda Improvement Association at its October meeting passed a motion made by Lowell Berry to set aside the sum of \$50 to be drawn upon by the board to pay Orinda's share of publicity costs in connection with the bond election.

According to Berry the original plans for the school were to accommodate 250 students but that the latest estimate showed that the school will probably have an enrollment of 400 students.

Kenneth Allen made a report for the entertainment committee in which he said that all bills had been paid for the picnic held at the Orinda Park Pool and that the accounting showed a profit of \$16.

Owen Dibbern reported that the Sacramento Northern Railway felt that there was insufficient traffic to warrant running the bus into Orinda on each trip, therefore after October 1 there would be no service into Orinda except on the early morning and evening buses.

As chairman of the committee on welfare and safety, William Fleager reported that residents of Orinda should call Brubaker's Garage in Walnut Creek for an ambulance and not Berkeley. Phone Walnut Creek 84.

The activities and some of the problems confronting the Scout Troop and its committee were described by H. B. Symes, chair-

Grammar School Finances

Taxpayers of Orinda were presented Friday evening, October 20, with a school building, equipment and grounds costing approximately \$170,000.00, for which they will be obliged to pay only \$65,000.00. The difference is accounted for by a cash grant from the P. W. A. of \$45,000.00 and by other donations from the W. P. A. According to the county assessor, George Meese, the bonded indebtedness has increased the tax rate but .52 this year.

Through the efforts of our board, P.W.A. and W.P.A. participation were secured for this project. Had this participation not been secured for the Orinda Grammar School, it would have been allocated to other communities throughout the United States. It is worthy of note that this P. W. A. and W.P.A. money is made available through Federal taxation and may be expended wherever the most urgent need is demonstrated by the applicants.

After the first bond issue of \$35,000.00 was authorized and the bids for the original additions were let, an extensive deterioration of the main structure was discovered. The present school board was faced with the problem of repairing the old structure or of entirely replacing it. The latter course of action was decided upon after receiving a written report from Charles Derleth, Jr., dean of the College of Engineering, University of California. Professor Derleth was consulting engineer for the Carquinez Bridge, the Broadway Low Level Tunnel and the San Francisco-Oakland Bay Bridge. He was called also into consultation on reconstruction of schools after the Los Angeles earthquake; so one may judge that his opinion is highly valued by structural engineers.

Professor Derleth stated "... To make repairs and replacements satisfactorily would be difficult, time consuming and very expensive, with the result that you would still have an old building with many defects.

"It is therefore my opinion that procedure would be far more reasonable, give greater economy and a more satisfactory final structure, if you entirely replaced the old building rather than attempt to recondition it ..."

New equipment includes a portable moving picture screen for the class rooms, window drapes, three radios, 150 school desks, two day couches, four teachers' desks, twelve library chairs, one principal's desk and swivel chair, and a heating plant.

In addition to the new building and equipment, the funds have provided 2.48 acres of land, a rock wall, grading and surfacing of playgrounds, and complete landscaping.

Orindans may well be proud of their new grammar school and of their board of trustees who made it possible. These men are Ernest Mathy, president of the board; Stanley Smith, Owen Dibbern, Reuben Chase and Don Badgley.

man of the Boy Scout committee. He appealed to the Association as its sponsoring body for a closer understanding. After a motion made by Harrison Ketcham the Association voted an appropriation of \$100 for the Orinda Troop.

THE STROLLER (Continued)

Part of the lawn area will provide for a terrace with barbecue pits and picnic tables under trees for community parties and where children may eat their lunches.

Along the front of the playground will be a row of Monterey pine trees, under them a hedge of variegated privet, and along the top of the rubble rock wall will be planted English ivy to soften the line. Plans for the elliptical bed in the front of the school house call for lawn and incidental shrubs in the corners with a deodar and several sycamore trees.

In the boys' playground will be planted a live oak, selected by D. M. Falconer, supervisor of the W. P. A. project, with low-hanging branches "so that the kids can climb in it, for what is the fun of having a playground unless you can climb a tree, if you are a kid?" said he.

Silver leaved poplars will be planted all around the northeast boundary of the grounds. On the back slopes there will be wild grasses to retain the banks. Cotoneasters will add color along the road in front between the two entrances.

Some of the statistics include 1,080 cubic yards of masonry, twelve trees transplanted, forty-five Monterey pines to be planted, 150 silver-leaved poplars. Parking area for 100 cars behind the building.

Found

Male cat, affectionate, mottled grey and black. Phone Mrs. Phil Rolfe, Orinda 4831.

CHURCH NOTICES

ORINDA COMMUNITY CHURCH

Sunday Services at Casa Verano, El Toyonal and Orinda Highway—Sunday School at 9:30 a. m., Church worship at 11:00 a. m. Dr. Miles B. Fisher, pastor. Christian Endeavor for 'teen age young people at 7 p. m. New residents and visitors in the community cordially welcome to all services.

CATHOLIC CHURCH

Sunday morning Masses the 1st, 3rd and 5th Sundays at 10 o'clock and the 2nd and 4th Sundays at 8 o'clock.

Santa Maria Church Association Meetings held monthly. Next meeting November 14th at the home of J. C. Tate on El Sueño, Orinda. For further information call Attendance Committee, Orinda 4351.

CHRISTIAN SCIENCE

The Christian Science Society of Orinda holds regular Sunday services at 11:00 a. m. and one evening meeting on the first Wednesday of the month at 8:00 p. m. Sunday School meets at 9:30 a. m. Pupils up to 20 years are admitted. Reading room open every Wednesday from two to four o'clock. Everyone welcome.

PERSONALS

Mr. and Mrs. Ritchie Smith are entertaining as their house-guest Mrs. Smith's mother, Mrs. W. W. Calahan of South Orange, N. J.

Ritchie Smith sailed October 12th on the S. S. Lurline on a business trip to the Hawaiian Islands where he will join his father-in-law, W. W. Calahan. Smith intends to return in time to spend Christmas with his family at Orinda.

Orinda welcomes Mr. and Mrs. J. Richard Townsend, married at Virginia City, Nevada October 6th. Mrs. Townsend was formerly Miss Nan Marsh Owen-Morris of London, England. The benedict, a prominent San Francisco attorney, made his home in Berkeley prior to his marriage. The newly-weds have taken up their residence at 126 Orinda Highway.

The Orinda P. T. A. held its opening meeting at the Orinda Country Club on October 18th.

Mrs. Joe Varni is entertaining her cousins, Mr. and Mrs. Jack Crafton from Roseburg, Oregon.

The Ladies' Annual Golf Handicap tournament started October 23rd at the Country Club.

A movie star has been in our midst. None other than Russell Gleason and his wife spent the weekend of October 14th at the Orinda Country Club. Gleason was a former resident of Oakland where he attended local schools and is a nephew of Hugh Webster.

Homer Keesling is convalescing from a serious operation at Stanford Hospital.

Another convalescent from a serious operation is Mrs. George Robbins on El Toyonal. We are happy to report that Mrs. Robbins is getting along nicely.

Mrs. George Gibson of Camino Sobrante arrived by plane October 11th from New York on the last lap of her exciting trip from war-torn Europe. Sailing reservations on the S. S. Mauretania were cancelled at the last minute because of her fear of crossing on an English boat, but two weeks later she was able to board the S. S. Manhattan which was carrying 700 more passengers than her usual capacity. Mrs. Gibson reports that no one saw submarines but there was a great deal of hysteria and false rumors going around the boat. Everyone was most relieved to reach the haven of New York harbor.

During her seven months' trip, Mrs. Gibson visited Russia as well as most of the countries that are now involved in the war. She was accompanied by her husband's younger brother, John Gibson, and they expressed delight at her safe return.

Guild to Have Speaker

The regular meeting of the Women's Guild of the Orinda Community Church will be held on Tuesday, November 7th at 12:30 o'clock, at the home of Mrs. A. B. Hayward, 50 La Espiral.

Dr. Ralph Marshall Davis, pastor of the First Presbyterian Church of Oakland will bring us some of his travel experiences in an address entitled, "Romance of the Golden West". There will be special music.

Mr. and Mrs. J. S. Pedder are building a home on the Tunnel Road. Young Pedder's property adjoins his father's to the East and his brother's on the West.

ORINDA PARK ENDS YEAR

The first week of October marked the end of a successful year's operation of the community recreation center known as "Orinda Park Inc.," according to A. W. Elkinton, president. Although the financial balance this year is less than that of last, the organization is still solvent and will be able to again offer Orinda residents the privilege of participation in this project next year.

More Orinda members than ever before were reported by the membership chairman, Mrs. Josephine Dawson. The Orinda young people will be glad to know that the grounds and clubhouse will be open to members on week-end nights under properly supervised conditions, according to James Snook, grounds chairman, and Mrs. Frances Allen, house committee chairman. Guests will be admitted on these nights at the usual 25c fee on a guest card signed by members.

Members desiring to use the clubhouse on these nights should communicate with the secretary, Mrs. Wilhelmine Loughrey, Orinda 4651. Already groups of the members have availed themselves of this privilege for ping pong, card games and informal dancing.

GIRL SCOUT NEWS

The Girl Scout troop committee was held at the home of Mrs. Kenneth Thompson. It was decided at that meeting to divide the troop into two groups, the elementary group which will remain under the leadership of Mrs. Thompson, and the older group which will be led by Mrs. A. W. Elkinton. The latter group will be composed of the girls who are now attending Junior High and High School, and who attended the elementary school at Orinda.

Among the girls who aided the Berkeley Girl Scout troops at the Treasure Island Fair were Carol Kales, Jacqueline Mead, Lily Dorington, and Vida Schwoerer.

Mrs. B. B. Seim of El Toyonal Road has just returned from San Luis Obispo where she visited with her sister at the California Polytechnic School.

Arthur Mock, 83, for ten years a resident of Orinda, passed away October 24 at the Peralta Hospital after a long illness. He is survived by his widow, Mrs. Evalyn Mock, his daughter, Miss Marjorie Mock of New York, and his son Archibald. He was for a number of years assistant superintendent of schools of Alameda County, and a trustee of the Orinda Community Church.

Edward E. McVay, member of one of California's pioneer families, passed away on October 11th at his home, 118 Cañon Drive, Orinda. His death resulted from a heart attack. He was 73 years of age, and was born at Napa, the son of the late Mr. and Mrs. Wilson McVay, who had crossed the plains in a covered wagon. For the last 35 years McVay had lived in Orinda and had been employed by the East Bay Water Company, retiring two years ago. McVay is survived by his widow, Mrs. Isabel McVay, a sister, Mrs. C. A. Ballard of Concord and a brother, Wm. H. Frey of Fairfield, Calif.

Mrs. Martyn Warner, Chairman of the Music Committee, announces that the choral group will meet 1st and 3rd Mondays from 8 to 9:30 o'clock. Everyone is welcome to join.

NOVEMBER GARDEN NOTES

This is the time to complete plans for your spring garden. Before planting the spring blooming plants be sure your soil is properly prepared. Some of the plants that may be set out now are wall-flowers, primroses, stock, calendulas, columbines, and forget-me-nots.

Sweet peas may be planted now. Prepare good trenches about one and one-half spades deep. When the ditch is dug, put in a dressing of lime, then manure. Mix the soil in the bottom of your ditch with the lime and the manure. Sow your seed, spacing them two or three inches apart. Cover with about one inch of soil. After your seed is up thin to at least six inches apart.

Some of the seeds which may be sown this month are: hollyhock, snapdragon, Canterbury bells, Shasta daisy, coreopsis, sweet William, digitalis, candytuft and Virginian stock.

Most perennials can be lifted and divided now. Do not prune fuchsias yet as new growth may result and be killed by winter frosts. Berried shrubs such as pyracanthus and cotoneaster may be pruned generously during this season. This is the ideal season for moving trees and shrubs.

P. T. A. PROGRAM ANNOUNCED

Dr. Paul Vigness of the faculty of the University Extension School will be the speaker for the November meeting of the Parent Teacher Association to be held at the schoolhouse at 1:30 p. m., on Tuesday, November 21. His subject will be "Interesting Current Events." Tea will be served.

The annual rummage sale of the P. T. A. will be held from 9 to 5 on Friday, November 10. All contributions will be gratefully received at the school.

TAXI SERVICE IN ORINDA

The Atkinson Transportation Company has inaugurated plans for providing a shuttle bus to transport the daily commuters to and from the Oakland-San Francisco bus. This service is dependent upon the use which would be made of it. A careful study of the saving that can be made on both the pocket-book and the nerves would surely convince many Orindans of the advisability of letting their wives keep the family car at home.

Atkinson is also offering taxi service in the Orinda district at very reasonable rates. Local rates start at 25c and 50c, and rates to the metropolitan districts are also quoted including passage for one to five persons, the cab being available day and night. The taxicab will be particularly valuable at hours before and after the bus transportation is scheduled. *These are services which are assets to the community—make use of them and keep them here.*

Dr. Fisher on the Bible

The second in a series of lectures on "The Bible as Literature" will be delivered by Dr. Miles Fisher, pastor of the Orinda Community Church, on Friday evening, Nov. 10, at eight o'clock at the home of Mrs. Wm. A. Davis, 301 La Espiral. These lectures are sponsored by the Women's Guild of the Community Church and all friends and members of the church are urged to attend.
