Subject: RE: 41 Barre photograph

Dear April:

Attached is a copy of the photograph.

I live at 44 Barre, the house with an awning in the center/right of the photo. Mayor Riley found this somewhere in the City archives and sent it to me years ago, and I'm glad to share it. I'm guessing the vintage to be early 1950's, judging by the appearance of the automobiles.

Kind regards,
Capers

Dear Mr. Barr,

At a previous BAR-S meeting, you shared a historic photo of Barre Street including your property and 41 Barre Street. We do not have this photo in our archives and I would love to get a copy of this

photo if possible. It would also help to know who took the photo and what date. If you have additional photos of the area, it would be wonderful to have those as well as our documentation of this part of town is somewhat limited.

Thank you and I hope you have a great weekend.

April
