Dear Miss Jenkins:

Thank you so much for your gift to the Foundation of the portfolio of engravings of the Miles Brewton House by Alice Ravenel Huger Smith. It is so exciting for us to have this set. It is much better in quality than the set we already hold in our archive collection and this will add greatly to our documentation of Charleston buildings, particularly the Miles Brewton House. Thank you for thinking of the Foundation in this disposition. We are most gratified to have the engravings and will be sending you a separate acknowledgment from our Development Division.

With best regards, I am

Yours sincerely,
