Hi Karen, I can't believe I forgot to list the source in the works cited, I'm ashamed!  
There images are both from the SCDAAH peninsular property survey done in 1985. They're not online yet that I know of but are all in the vertical files in the SC Room at CCPL. Here's a link to the source citation (please see page 35.)

C of C should be able to get permission from SCDAAH no problem I'd imagine. Thanks again for the virtual visit for the students~

Hi Christina,

I've had a request for 2 images that are in your 2017 report on 92 Spring Street, the two from 1985 (see pp. 4 and 6). I can scan them the photos from the report but I wonder about whom to ask about getting permission to give them to CofC for use in a "Curatescape" tour concerning African American history on the campus and vicinity. Do you have any recollection as to where you got the two photos for use in the report? Were they from a BAR file, possibly making them part of the public record?

Many thanks,

Karen
