Hi Karen,

Yes, indeed, these photos prove that there were outbuildings that once stood on the property. The Sanborn maps from the late 19th and early twentieth centuries that show this two-story building and a one-story building that was lost sometime between 1902 and 1929. This two-story outbuilding was torn down in 1970. I will let you know what else I learn!

Thanks so much!! Is my recollection of the original email correct that these photos proved there had been an outbuilding on your property?

Karen

Hi Karen,

No problem! Here are the two photos that I have received so far. The quality is not very good, but I am in touch with Mrs. O'Hear's daughters and will work with them to find a way to get better copies. I also hope that more photos will be forthcoming and if so, I will send them your way. Also,

I have a new email address – the best place to reach me is now:

juliana@blanketsfromemma.com

Thanks and I hope all is well with you!

Hi Juliana,

I hope all is well with you!

Would you mind re-sending the email you recently sent with the 2 photos you had acquired from the O'Hear (?) family member? I intended to save them as photo documentation but must've deleted the email by mistake.

Many thanks!!

Karen
