April and Karen,  
No problem, I just forwarded the two emails from last summer with the rest of the photos. Let me know if you do not receive them for any reason.  
Thanks!

Tara, I've forwarded these on to Karen. She asked if it would be possible to also get the photos from last summer mentioned in the email below from Chris Cody?

Thanks!  
April

April,  
I took some additional photos of 1-11 Ashley Blvd and thought you may like them for your archives. Some of the windows and doors are removed and it shows a good cross-section through the hollow clay tile wall structure. The building is going to be demolished in the next few weeks. The Sustainable Warehouse is in the process of salvaging the building components.  
Thanks!

Tara,

Thank you so much for all the photos! One in particular- the one that shows the cross section of a wall and the hollow clay tile- was exactly what I was looking for! With your permission I'd like to add these to our archives. I think this will suffice for documentation of the building.

Chris

Tara,

We're just hoping to get a few photos of the tile to document the construction methods of the building. I'm happy to come out and take those photos myself sometime this week, say Thursday morning, or if you already have any such photos we'd love to add them to our archive.

Thanks,

Chris

Chris,

Just following up on getting your group into 1-11 Ashley Blvd to photograph the building. Let us know when might work for you.

Thanks!
