---

If I have one ounce of life left in me, THIS WEEK is going to be the time that I finally drop off those slides!

Also, I was helping some neighbors oppose a project at 975 King Street today. I told them they needed to get a copy of any images of the commercial building that stood next door at 973 King Street. That building's demolition was denied in 2003, and then in 2004 there was a "mysterious" fire that brought it down. A neighbor and I drove over to the City offices and asked for the file. They had a really nice shot of the house from the BAR application, but they (incredibly) do not have a scanner anywhere in the entire office building. But, the City rep handed me the photo and told me I could just take it home and scan it and return it!

The file is too large to email, but I'm going to add it to DropBox.

Kevin
