Dear Frances,

I am writing to request permission to copy the portrait of Bishop Theodore Dehon which copy is to be placed in an appropriate spot at General Theological Seminary. As you know, Bishop Dehon was one of the founders of our Church's Seminary in New York City, and the Seminary is very much interested in obtaining a copy of his portrait.

I am not sure as yet who the artist will be, but we will check this out with the Foundation before proceeding - if permission is given.

Gratefully yours,

Ed+
