Dear Karen,

I am unable to locate any newspaper articles about 50 Cannon Street being razed. It is listed with an occupant in the 1971 city directory, but not listed (even as vacant) in 1972. Katie Gray checked the 1973 Sanborn Fire Insurance Map and the building was gone by that time.

So, it appears it happened sometime between 1971 and 1972/73. I could not find anything about the building or lot on the Charleston County website. The city may have a copy of a permit for demolition:
