Correct, the application was thrown away by SHPO in a miscommunication. The project was approved. Chip Laurens was the consultant.

Sure! Especially since the photos are labeled! ☺ So I understand, the photos were submitted with a Part 1 application but no one has the actual application? Do we know whether or not it was approved?

Thanks,

K

Don't know if you want these photos for 241 East Bay (I have put them in my property file). They no longer have the Part 1 application, it got thrown away apparently. They do have the coversheet, which is in the dropbox.

Thanks,

April

Hi Dan,

HCF has an easement on 241 East Bay Street in Charleston. We were looking through our records recently and realized we do not have a copy of the Part 1 Application for this property.

Would it be possible to get a copy from your office? I will actually be heading up there this Friday for the National Register Nomination presentation. Perhaps I could pick it up then? I am not sure how difficult it will be to find, so if this isn't enough notice, we can push off.

Thanks!

April
