IT'S THE PERFECT GIFT FOR MEMBERS OF THE FIRE SERVICE

- A. **COMING THROUGH.** The Mad Truckman steamrolling into the heart of the blaze. "Don't tell me what to do — just get the hell out of the way!" We all know at least one of these stalwarts. Truly an example of brute dedication.
- B. **THE HERO.** Hot, tired, burned, soaked and completely filthy after tackling a typical structure fire—the fire fighter feels anything but a hero, but is most appreciative of those few who seem to care.
- C. **FIRST IN.** That awesome and fearful moment when it's your little group against a whole world of fire. Well this is what they gave you all that manpower and equipment for, so move right in!
- D. **GREATER ALARM.** It's all here: the trials, tears, tools, courageous efforts and frustrating foul-ups of the BIG fire. You've been there. You've seen it. Now enjoy it.
- E. **THE SMOKE EATER.** Hilarious call-out illustration of the no-nonsense veteran who grits his teeth and takes his punishment head-on. Complete with verbal captions on what the fire fighter and his gear must contend with during fire combat.

Bob Patterson is a 30-year veteran of the fire service, having served from 1941 to 1971 as a uniformed member of Los Angeles City Fire Department. During those years he created thousands of cartoons and illustrations for and

about fire fighters across the nation. Bob's work appeared regularly in fire service publications until his retirement in '71 at which time he became co-producer of AREA 16 fire films. Now he joins his famous sports-illustrator son, Gary Patterson, in the field of humorous art. Unlike Gary who covers the entire human parade, Patterson senior is limiting his art efforts exclusively to and for fire personnel.

ALL PRINTS BACKED AND SHRINKWRAPPED IN GLASS-LIKE PLASTIC COVERING READY FOR INSTANT DISPLAY ON WALLS OF HOME, OFFICE, OR FIRE STATION.
