In The Process Of Our Growth . . .

FOREWORD

Because we are so dedicated to the present, and to seeing but one thing at a time; because we are so consumed in our little worlds that we are sometimes blind to the outer world; and because of our very nearness to the lives we are living, we fail to realize the process of growth within us.

Only if we step away and allow the years to elapse are we able to recognize this process—then it is easily seen in the light. The 1958 Conch Staff understands this. Therefore, from all of us who have concerned ourselves with fulfilling the immediate, the material herein is presented, so that we, in the years to come, may realize the process of our growth . . .

ADMINIS

While Key West High School is growing in size, it must of necessity play a larger part in the life of the community. Sheer size, however, means little. With this growth in bulk must come growth in responsibilities, growth in quality of courses offered and growth in awareness of what is needed in order to make this a finer community.

Horace O'Bryant
Superintendent of Public Instruction

Standing: Glynn Archer and Keller Watson. *Seated:* Edney Parker, William R. Warren, Gerald Adams.

TRATION

Another year, another challenge, new goals to reach. Let each student, in his own way, accept the challenge, and know that goals are only reached little by little, and step by step. Beautiful as Key West High School may be today, it will mean nothing unless we strive to advance ourselves educationally.

Key West High School requires four years of English for graduation. Courses offered by the department are designed to fit the three programs of study. Practical English is given in the fourth year of general curriculum students, Business English to commercial students, and College Preparatory English to those planning to enter college.

The aim of the Spanish Department is primarily to develop a speaking knowledge of the language. In addition, an attempt is made to acquaint students with the background, customs, and history of the Latin-American countries. Two years of Spanish are offered, including grammatical principles, as well as some Spanish drama, literature, and poetry.

Latin is offered principally for the college preparatory students. It is given for the purpose of developing a basic knowledge and understanding of the English language. Two years of this course is also offered.

Social Studies

The aim of the social studies department is to help the students gain a knowledge of their historical background and an awareness of their present day government. Civics, world history, American history, and American government make up the curriculum of this department.

Mathematics

In Key West High School there are three avenues of mathematical growth, meeting every need of every mind. The college preparatory student is required to take a course in each of his four years, while the commercial student takes business and general math, and the general student takes practical and general math.

Science

Well-trained scientists are needed more than ever to keep our nation alert with the rising developments in our modern scientific age. The science department is endeavoring to challenge the college preparatory student to tackle this difficult but rewarding field. Basic concepts and the use of mathematics in the advanced courses are stressed.

The annual science fair gave the public a chance to see science in action and to stimulate interest in various science fields. Displays were from all sections of the science division. First, second, and third place ribbons were awarded to the winners. There were also several honorable mentions in each field.

Home Ec. I

Preparation for home and family life has long been recognized as one of the most important goals in education. Home Economics makes its contribution to this goal through a planned program of activities which helps assume the responsibilities of homemaking.

The classrooms, located in the east end of the B wing, are designed to approximate a homelike situation thereby providing a realistic laboratory in which girls may gain experience in meeting the present and future needs for home and family living.

Every girl is required to have one unit of home economics for graduation.

A second unit is required of all girls in the general course and may be elected by girls in other courses.

What will it be? A dress?

Physical Education

Rear Formation.

BOYS' PHYSICAL EDUCATION

In setting up the program of Physical Education the instructors consider that Physical Ed. is education through the physical and not just of the physical. They believe that Physical Education is a vital and integral part of Educational Curriculum. They also consider the student's needs both individually and collectively and re-evaluate the program in the light of these needs in the hopes of attaining not only their objective but to fulfill those of the students.

GIRLS' PHYSICAL EDUCATION

Physical Education is important in developing within an individual the coordination of mental alertness and physical response, healthy habits in everyday life, an understanding of cooperative and competitive living, and an appreciation of the importance of recreational activities throughout life. The girls have a variety of activities planned in their classwork both in the area of team sports and the area of individual activities.

Commercial

Commercial students learn how to use the mimeograph machine.

The commercial department is very complete in its offerings and is well equipped. Each year, approximately thirty commercial majors graduate.

The typing room is equipped with forty Royal typewriters, twenty-five of which were new last fall. The office machines room is well supplied with varied office equipment such as calculators, adding machines, ten-key machines, comptometers, dictaphones, a ditto machine and an electric mimeograph machine.

In addition to the courses previously mentioned, commercial majors must also take business mathematics, bookkeeping, and business English.

Attendance

Students, who have been either absent or tardy, are all familiar with the function of the attendance office. For many reasons it is vitally important that it be possible to reach any student at any given time of the day. Thus, a period by period check is made of every pupil.

We study as well as work.

Distributive Cooperative Training is a one or two year training course open to juniors and seniors. Students may enter training in any occupational field in town which deals with the training in productive skills. This experience helps make the move from the world of school to the world of business an easier one. The students gain experience in different fields, helping them decide on a future vocation, to develop desirable work habits, to secure experience which will be an advantage when seeking a full-time job, learn how to manage money they earn in gainful employment, and put into practice methods learned in school.

Library

Mary Trevor
Librarian

The Key West High School library is one of which everyone may be proud.

The rapid growth of our student body necessitated an additional librarian. There were also six student assistants used to shelve books, type material and help in numerous other ways.

Two main projects of the year were revision of the vertical file and a complete check of the card catalogue.

The practice of using our spacious library has been quite universal throughout the entire student body.

William Higgins
Band

Dig them horns!

The purpose of the music department is to give each pupil, regardless of talent, an opportunity to develop an appreciation and understanding of music as an art, and to enrich his cultural life through musical experience of an emotional, spiritual, and aesthetic nature.

The band had many turnouts during the year making it one of the most active groups in the high school. This year they gave a series of concerts for the public.

The chorus made numerous public appearances besides attending the District Contest. They have had several athletic concessions and sang at the Christmas Pageant and graduation.

The National Music Honor Society was started in November.

Drivers' Education

Charles Clark
Drivers Education

In driver education the department strives to make known the serious need for safe courteous driving, and takes important steps toward meeting them. Nine out of ten students participating in this course pass their tests.

Mr. Clark gives last minute instructions before a driving lesson.

Students learn what makes it tick.

Art

Robert and Linda with Modern Art.

A sincere interest in art is the main requirement for the art course. It is not mandatory to have previous art experience in order to be acceptable in this department.

The students learn basic theories and methods of lettering, design, color, drawing, and painting. Students enjoy working on the projects related to these studies and there is enjoyment for all in planning and arranging the school art exhibits.

The objectives of industrial arts are to develop in the student a proficiency in the use of tools, an appreciation of good design, and an understanding of the steps involved in creating pleasing and useful products.

Projects found in the shop are widely varied, ranging from boats and water skiis to lamps and shoe boxes. The project undertaken depends greatly on the ability and needs of the student.

Fakers ! !

Cafeteria

A wide selection of palatable but inexpensive food is served in the cafeteria five days a week. Special dinners are served, at moderate prices, on holidays. At least two choices of hot meals are available each day, plus an assortment of sandwiches. Due to the size of the student body, lunch is served in two shifts. Our cafeteria is so immense and pleasant that it doubles as a ballroom for school dances.

Custodians

"Cleanliness," is their motto, and they have lived up to it well. Custodians, we salute you for a job well done.

Arriving early, and leaving late, they keep our school a spot of beauty.

Their wide variety of work includes the cleaning of classrooms, halls, and restrooms. They keep our windows shiny and our campus tidy.

To the rescue they appear to saw off locks, or assist door opening, when keys are forgotten. Each custodian is assigned to a building for whose upkeep he is responsible.

To these men we again say, "Thank You!"

FRESHMAN CLASS

The Freshman Class of 1957-1958 had a full year of activity. They sponsored two all-school and several freshman dances, which proved to be quite profitable, and also helped the class members to become better acquainted.

In addition to the dances, the class sponsored two candy sales and a concession at one of the baseball games.

The money which was obtained from these events was used to finance the freshman party at the end of the year.

The high school Student Council was founded in 1930, and became state and nationally affiliated in 1932.

The sponsors for this school year were Mrs. Nellie G. Pantaleo and Mr. Floyd Cullop.

In this organization, each homeroom is entitled to one representative and one alternate, elected by students in the homeroom. These elected representatives must have a "C" average and citizenship in good standing.

This fired up the team too!

The projects of the Student Council are twofold. The community projects are the Community Chest, Polio, Library Drives, and others. The services to the school include: printing of the student handbook at the beginning of every year; stocking, managing and maintaining a student supply store; scheduling all elections, Homecoming Queen, etc.; scheduling of all concessions at sports events throughout the school year; being in charge of assembly programs; decorating the stage in the auditorium for all special events; forming a list of clubs and dates to sponsor dances; issues all activity cards to individual students; takes the lead in "money making drives" in school; sets up a system of monitors; sponsors an inter-club council; contracts for and organizes all paid assemblies which provide us with excellent talent; and arranges for and makes reservations on busses far all "away" football games.

One award is made each year by the Student Council to the outstanding worker for the year. The Council also votes the student to receive the coveted GOOD CITIZENSHIP AWARD given each year by the Rotary Club.

KEY CLUB

The Key Club, sponsored by the Kiwanis, was founded in 1950. It requires of its limited membership a "C" average, good character, and leadership ability.

The Club sent delegates to the convention in Miami Beach, collected toys for Christmas, contributed to the March of Dimes as well as playing records during the lunch shifts. In addition they sold book covers with the picture of the high school on the front and the "Conch" on the back, and published a student directory.

Each year an award is given to the "Most Outstanding Key Clubber" for his work.

In order to join Conchettes a girl registers at the end of the year. She must be in the ninth, tenth, eleventh, or twelfth grade. Eighth graders are accepted to serve a probation period of one year before performing. Members must maintain a "C" average scholastically.

There is a two-week tryout period in which all girls wishing to join learn and go through a complete routine. At the end of this time, the girls perform the routine for the director, being graded on performance.

The monitor system of the high school was founded in 1956 and is under the direction of the principal, Dr. H. C. Campbell, and the Student Council President.

The students, who are monitors, were selected by the class sponsors of the eleventh and twelfth grades. For the first time in the school year, 1957-58, the Eighth Grade Student Council served as monitors.

These students were chosen on the basis of scholarship, leadership, and character.

They were identified by grey and red arm bands with the eighth grade wearing red and the others grey.

The responsibility of the monitors was to keep violations of school regulations to a minimum.

FUTURE TEACHERS

FIRST ROW, LEFT TO RIGHT: Lynne Marquez, Carmen Lopez, Sharon Gjertson, Judy Fincher, Carla Caso, Omar Calleja, Mike Leon, Mrs. Frances Sands. OFFICERS, LEFT TO RIGHT: Mrs. Sands, Sponsor; Mike Leon, Parliamentarian; Carla Caso, Vice President; Lynne Marquez, Treasurer; Judy Fincher, President; Omar Calleja, Historian; Carmen Lopez, Recording Secretary; Sharon Gjertson, Corresponding Secretary.

The Future Teachers of America Club was established in 1939. It is now under the sponsorship of Mrs. Frances Sands.

Membership is open to students in grades 8 through 12. Members should be definitely interested in the teaching profession or in learning about vocational opportunities in the field of teaching; show leadership, ability, initiative, and not less than average academic achievement; and have satisfactory citizenship standing.

The Club has had a candy sale, in addition to a corsage sale for the Homecoming Football Game in the way of projects.

Activities included the Dutch Luncheon for Executive Council; the sponsor and two delegates attended the state convention at Daytona Beach, Florida, and Future Teacher Night at the Parent Teacher Association, honoring Mr. Horace O'Bryant, Superintendent of Public Instruction, when they presented his life story, "This Is Your Life."

The eighth grade students voted unanimously to name the Jr. High club the "Horace O'Bryant Future Teachers of America" and presented to Supt. O'Bryant an "Oscar" engraved with his name and the date, November 19, 1957.

The "Southernmost Chapter" of the National Honor Society received its charter in the fall of 1950: Miss Mary Trevor and Mr. Walther Lazier were the proud founders and have been the sponsors ever since.

Candidates for membership must have spent at least one semester in Key West High School and be members of the Junior or Senior Class with a "B" average. Probationary members from the Sophomore class are inducted in the beginning of the second semester under the same rules.

This year the National Honor Society has participated in the March of Dimes drive, attended the convention in Jacksonville, given help to students who needed it, and sold color post-cards of the high school as well as sponsoring the regular concessions and dances.

The "Honor Pin" is awarded at the end of each six weeks to the member with the highest average. At the end of the year each senior societor is awarded a gold tassel to wear on his cap for graduation.

A national service-achievement organization, Beta Club was founded locally in 1954 and the sponsors for this last year were Mrs. Marion Stark and Mrs. Sylvia Abbey.

Those applying for membership are judged on good mentality and character, creditable achievement, and commendable attitude.

Beta Club had concessions at a football game, sponsored a dance after a football game, and as a yearly project collected baskets of food to give to needy families.

Each year, eight members are chosen to attend the convention in Clearwater, Florida. The eight members having the most minutes, gained by working for the club in various activities, are qualified to attend the convention.

The club also bought the graduating seniors the black and gold cords.

OFFICERS

FIRST ROW, LEFT TO RIGHT: Corresponding Secretary, Emily Harris; President, Judy Stone; Chaplain, Bernadine Scott; Vice President, Linda Litzenberger. SECOND ROW: Parliamentarian, Marlene Carbonell; Treasurer, Anna Mae Young; Recording Secretary, Brenda Adams.

The Jr. Debs have been in existence for six years. They are a service club. This year they created "code of ethics" cards for the student body, gave Thanksgiving basket to a needy family, assisted the Mothers' March of Dimes, and are working on some letters for the new Auditorium with which to identify the school's auditorium. Also they sponsored a Sadie Hawkins Dance and had a Christmas Dance after a basketball game.

The Rifle Club has been active for several years. In order to qualify for membership a student must have parental permission, approved behavior, and payment of dues.

Several major activities this year included the National Postal Matches sponsored by the National Rifle Association, a rifle match with Miami Tech High School Rifle team, the National Rifle Association Junior State Meet, and matches with local servicemen.

The club gave two awards. One of which was a Brassard from the National Rifle Association. Each member who qualified was given the Club Insignia.

CONCH of 58

EDITOR
Herb Ford

STANDING: Miss Breazeale, Herb Ford, Sonia Lane, George Lee, Ann Nobel, Jerry McMasters, Ida Fincher, Danny Bazo, Ormond Otvos, Richard Albury, and Mr. Ruby. KNEELING: Carroll Derrenbacker, Linda Litzenburger, Anna Young, Pamela Messina, Joanne Machin, and Anita Jimenez.

Most of the 1958 Conch Staff was chosen in the latter part of 1957. Their training was quite extensive, and has paid off in the preparation of this year's Conch. Under the supervision of Mr. Ruby, Sponsor, the staff has worked hard in attempt to present to the student body a book that will, whenever viewed, bring back fond memories of this school year.

This year for the first time a spring supplement was added. This plan, which enables all spring activities to go into this booklet, will permit a spring delivery of the yearbook proper. The supplement will be delivered, when the fall semester of school begins.

The advertising and financial portion of this production was under the supervision of Miss Ann Breazeale. Without proper handling of the annual subscriptions and advertising, it would be impossible to publish the Conch.

It is the sincere hope of the Conch Staff that this book will meet the full satisfaction of each subscriber, and that it will be an inducement for the students to purchase the Conchs of the future.

LEFT TO RIGHT: Christy Pinder, Parlimentarian; Alice Perez, Secretary; Jane Begin, First Vice President; Bobbe Dot Barroso; President; Anna Mae Young, Second Vice President; Judy Stone, Treasurer.

Founded in 1952 and sponsored by the Sinawiks, the Keyettes are a serviceable organization both of the school and community.

Membership consists of girls from the tenth, eleventh, and twelveth grades. They must maintain a "C" average scholastically and satisfactory citizenship.

This was a busy year for the Keyettes. They gave shower mats to the girls' physical education classes, polished trophies for the trophy case, gave Thanksgiving and Christmas baskets to needy families, had candy sales, and participated in the March of Dimes drive.

The Keyettes also sponsored an assembly program, participated in various parades, and sponsored a football and basketball dance.

Officers received special guards designating their offices at the end of their term.

Not only has the K.W.H.S. Band won acclaim from the people of our area, but throughout the state of Florida. Under the capable direction of Mr. William Higgins, our band has done fair share of building our young men and women into better citizens of the school as well as of the community. Their participation at football games, the Christmas shows, District Band Contests, and this year the very enjoyable concerts in Bay View Park on several successive Sunday Afternoons. Their record is one that both they and we can be justly proud.

KEY WEST HIGH SCHOOL CONCERT CHORUS

The Concert Chorus was chosen this year to represent Key West High School in the district competition. This affair was held on March 15 at Miami Edison High School Auditorium. Practice sessions during sixth periods, early mornings, and late evenings, were held in preparation for this event. Due to the chorus being newly organized the competition was in "D" class of competing. In further preparation the group sang at several public gatherings, including the Casa Marina Hotel.

The outstanding characteristic of the Key West High School Snapper for the 1957-58 school year was the fact that it was able to roll on a sound financial structure.

This feat was achieved through a price raise of five cents per issue, which took the paper out of the "marginal category."

Under the editorship of Len Conly, the Snapper reached a high plateau of good reporting, excellent layout, profitable circulation, original format, and general student interest.

A crisp sports page won recognition under the devoted hand of Ecky Solomon. His alertness, page composition, innovations with headings, and excellent athletic background received the acknowledgement of both the city newspaper and the student body.

Behind the 8-Ball

John Calleja, Kerry Crider, Mrs. Harrison, Ann Johnson, and Irene Clark.

The senior college prep English course, through their writing efforts, contributed largely at times to a series of fine articles. Some of these were used by the Miami Herald.

Art editor, Billy Rojas, with his leprechaunic creations, kept the paper well illustrated. His efforts cannot be overrated.

The photography was done by a professional, Poray Studios.

Loyal reporters who pounded the beat in a dozen different ways were: Ida Pierce, Anita Orling, Bernardene Scott, Mary Huddle, Joan Bliss, Jane Begin, Cathy Carman, Michal Jacobsen, Lee Williams, and Darlene Jurczynski.

The biggest thanks should go to the business firms of Key West who so graciously saturated the paper with ads. Without their assistance there would have been no paper.

Mr. Frank J. Pavalko, who also headed public relations for the high school, once more donated his time and efforts as moderator for the paper for third year in a row.

The dramatics class, under the direction of Frank J. Pavalko, is conducted on both academic and functional lines. The students must learn to use the hammer and saw in the building of sets; the proper use of paints and painting; the use of lines in blocking; costume designing; and the art of make-up. On the academic side, the students learned the fundamentals of acting; the history of theater; the effectiveness of lighting; stage blocking; drill articulation, modulation, and enunciation.

The students must also master the fundamentals of choreography. Those taking dramatics work with all major school productions in fields of make-up, stage managing, and costumes.

A medal award is given each year to the student most outstanding in dramatics.

FUTURE NURSES

Future Nurses, sponsored by the local Women's Hospital Auxiliary, was organized in 1957 to interest students in Health and Health Careers. It is open to any student of Key West High School with membership taken in at the beginning of each semester, and is limited to thirty.

Activities during the year included field trips film-talks, and a special week-end tour of Jackson Memorial Hospital in Miami. Several money-raising undertakings enabled additional members to attend the State Convention this year, also in Miami.

Service projects the girls helped in were the March of Dimes and volunteer work for which pins were awarded for twenty-five hours of service.

Modern Music Masters is an honorary music society started this year at Key West High School. It is affiliated with the national organization, and is in existence for the purpose of creating greater interest in music. The club is open for membership to anyone in the sophomore, junior, or senior classes. However, they must meet the requirements of a "B" average in music, and an over-all "C" average in all courses of school work.

This year the Key West Chapter, after being organized, sponsored a Valentine Dance. It is hoped that in the future the club's activities will grow, and that membership will be a goal for music students of Key West High.

SPANISH CLUB

SPANISH CLUB SEATED, LEFT TO RIGHT: Pat String, Parliamentarian; Sandra McLean, President; Jayne Archer, Secretary-Treasurer; and Miss Williamson, Sponsor. STANDING: Carl Herman, James McLean, Eugene Sanchez, and Charles Robinson.

For many years there was a very active Spanish Club in Key West High. For some undetermined reason it lapsed into inactivity. This year the club was re-activated under the sponsorship of Miss Williamson. The purposes of the club are to foster a better understanding of our Latin American neighbors, increase the membership's interest in the overall culture of all Spanish speaking peoples, and to give the members of Spanish classes an added incentive for better knowledge of the language, especially from the conversational level.

The participants of Girls' State spent a full week in our capitol city last summer. While there, they organized a complete state government. There were seven different meetings for this work, and in addition they were fortunate enough to see many sights in Tallahassee. These girls, like those boys chosen for Boys' State, were chosen on a basis of character, scholarship, and leadership ability.

Young men from all over the state met in Tallahassee during the week of June 22-29 to attend the annual meeting of Boys' State. Eleven boys from Key West High School were chosen for their knowledge of our government and for their qualities of leadership. Leading business and civic organizations of Key West were the sponsors of delegates.

These boys met at this conclave to learn by experience the internal workings of our city, county, and state government, conducting themselves like first hand politicians while running for offices. They were privileged to visit the Capitol, the legislative chambers, and to meet Governor Collins and his cabinet.

SOPHOMORES

Vice-President, Tina Dopp; Secretary, Carol Harris; Sponsor, Miss Barbara Everitt; Treasurer, Aldo Bartolone; President, Buddy Owens.

The sophomore class of 1958 had its usual varied program of class activity. Regular meetings were held for the purpose of organizing and putting into proper operation the things which were hoped to be accomplished. Under the able direction of our sponsor, Miss Barbara Everitt, these things were readily accomplished. Such things as candy sales, and a class play were planned for the purpose of raising monies for the support of our projects. Plans for class fun were made and all entered into them with great enthusiasm.

JUNIOR CLASS

LEFT TO RIGHT: Vice-President, Charlynne Young; Secretary, June Weech; Treasurer, John Riley; President, Jack Katz.

In this year of the Sputnik and the Explorer with the emphasis on the academic side of education, a satellite, the Junior Class, was successfully launched at Key West High School with the assistance of its sponsors Mrs. Walden, Mrs. Martin, Mrs. Taylor, Mrs. Quinn, Mrs. Kiplinger, and Mr. Lazier. Individual members of the class have enhanced its brilliance in all phases of school life.

The academic level boasts of Stinson Lenkerd, first place winner in Physics for his project on gravity in the Science Fair; Harold Cates holds the presidency of the National Honor Society; and over fifty other Juniors are competing for Merit Scholarships through examinations.

The athletic department claims its quota of outstanding stars in the persons of Sam Holland, most valuable and All-Conference; "Boog" Powell, All-Conference and best guard and tackle; Lorenzo Bancells, outstanding lineman; Danny Garcia, best tackle; and John Lawler, for Sportsmanship. The Junior Class furnished four of this year's cheerleaders; Emily Harris, Leahdorne Whitehead, Co-Captain Diane Higgs, and Christy Pinder; Victor Larsen, drum major of the band; and June Weech, Captain of the Conchettes.

Under the leadership of Jack Katz, president, and with the loyal backing of Charlynne Young, vice-president, the class orbited in its program of activities beginning with a football concession which netted sufficient funds for the treasurer, John Riley, to become familiar with high finance.

The dramatic ability of the class was crystalized in a double cast production of the hill-billy play, "Headin' for a Weddin'," in which 22 Juniors starred before full houses on December 6 and 7, adding a few new terms to their slang vocabulary.

Plans and preparations were made for the Conch Day activities, in March, followed by the prom for the Seniors in May.

Keeping up with this dizzy whirl of events, past and future, is the special office of the secretary, June Weech, who knows this satellite will still be spinning on its orbit long after all others have disintegrated.

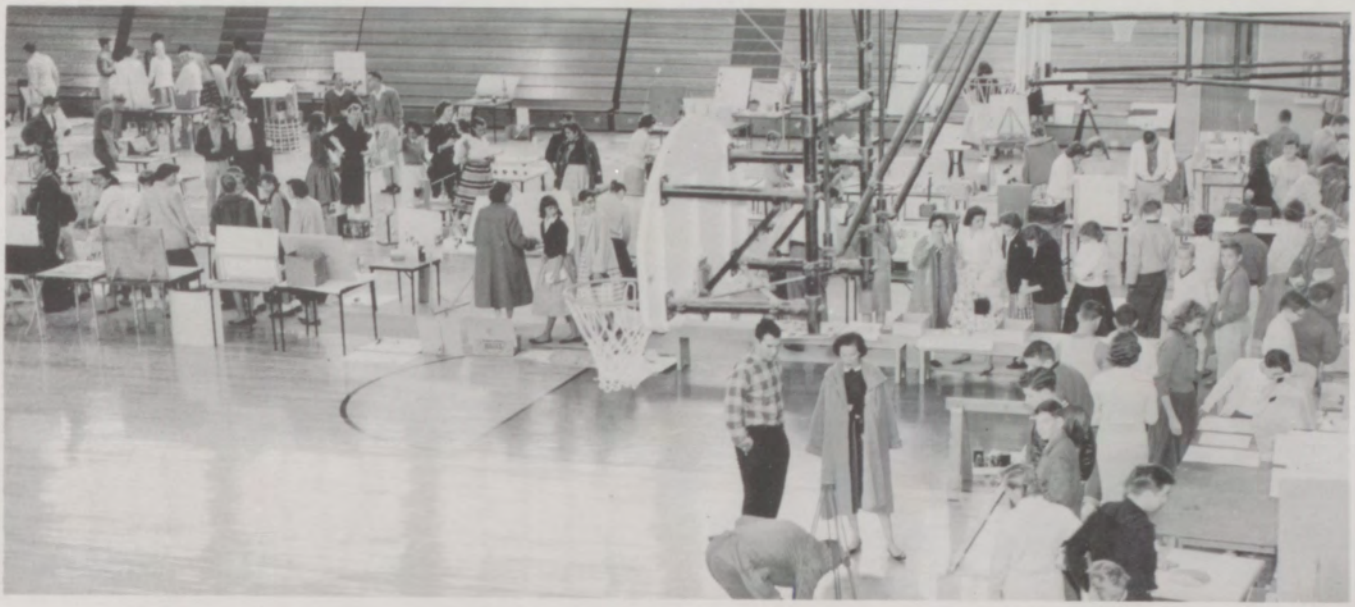
K. W. H. S. SCIENCE FAIR



We all got a chance to Browse Around.

The hustle and bustle, the roaring of motors, the grinding of gears, and the many other noises pouring from the gym during the third week of February, were nothing less than the reverberations of the K.W.H.S. Science Fair. This fair was under the guidance of our science teachers with Mr. Lazier in charge. Many hours of long hard work went into the preparation of the varied projects. In this era of "speeded up" scientific developments we here at Key West High want to contribute what ever "mite" we can toward expending our national potential. Here's to all who had a part in this very successful Science Fair.

Coach Allen talks to Managers.

The 1957 football season opened with a new picture, the changing of formations, and the new look of the "T" formation from the Single Wing. The boys took to the change quite rapidly under a new coaching staff. They worked very hard, and after getting a few games of experience, started to move well.

The 1957 season ended with a 500 average, having won five games and lost five. However, this does not give a true picture of the season as a whole. The defensive team of the Conchs was steady all season, but the offensive unit did not get moving until later in the season. Outstanding games for this year were the Miami Beach, South Broward, Curley, and the South Dade games.

With the interest in football rising, and the return of the entire Conch line, bigger things are expected from the football team next season.

Do it this way fellows.

The Junior Varsity football team, coached this year by Mr. Duke, is a vital part in any football program. Through participation in the J.V. games, the future varsity players can gain valuable experience that broadens their concept of the sport. The basic fundamentals of blocking and tackling are the important things to be learned here. This year the J.V.'s were able to win fifty percent of their games. Contributing factors in their victories were: the desire to win, teamwork, and good physical condition. Good downfield blocking and faking made the team a constant threat anywhere on the field. The more promising players were moved up to the varsity for the last two games. These players received a gold football in addition to the football letter given to every member of the Junior Varsity squad.

FOURTH ROW: Chris Saunders, Leslie Weech, Donold Leto, Dempsey Ballord, Charlie Powell, David Odgen, Tony Loris, Curtis Wait, Harold Dione, Eugene Gesele, Nathen Eden, Seasick Akins.

The purpose of the Barefoot League is to assist the younger boys to learn the fundamentals of football. This program is under the able direction of Mr. Robert Stager. The participants in this phase of our sports are from the eighth grade. It is hoped that the future Varsity Conchs will profit greatly from this very fine activity.

VARSITY

Action hot and fast.

On December 10th when the Conch quintet dropped its debut to South Dade by a 51-32 margin, many fans thought that it was going to be a hopeless season for the Conchs. They didn't realize at the time that the boys were playing together for the first time, nor did they foresee that the Conchs were destined to improve with each game.

The Conchs battled their way into the Class A District 8 Tourney Finals by beating Stuart 68-42 and Lake Worth 56-49, but once in the finals they were unable to cope with Pompano's height and speed. This found the Conchs on the short end of a 72-46 score.

This defeat marked the end of the '57-'58 season

but the most interesting thing about it was that it was the second time in two years that Pompano had defeated the Conchs in the District 8 Finals.

However, the quintet had a trophy to show for their hard work and desire. The fans will long remember the '57-'58 basketball season in which a determined Key West team defeated a Ft. Lauderdale team twice in one season.

But perhaps the events most prevalent in the fans eyes were the breakings of the schools individual scoring record of 32 points for one game by two of the seniors on the squad, Ecky Solomon 34 and Bill Zumberis 35.

The team constantly displayed good sportsmanship on the court and good conduct on the road.

J.V. Basketball, like football, is for the purpose of developing better varsity material. The 58 J.V. Team completed the season with a 5 won and a 5 lost record. Of the losses one was by one point, one by two points, and one by three points, which indicated that the team was in the game all the way. John McCormick, a freshman, was an outstanding performer for the JV's, and Coach Anderson believes he has a good future with the casaba. Coach Anderson worked hard with these boys, and is due a great deal of credit for developing the future varsity stars.

Eighth Grade, or Barefoot Basketball, similiar to Junior Varsity, is held primarily for the purpose of helping develop future material for the Varsity Squad. These boys under the able direction of Mr. Bob Stager had a very interesting as well as a very enjoyable season. They are all looking forward to the time, when they will be playing on the varsity.

GIRLS INTRAMURALS

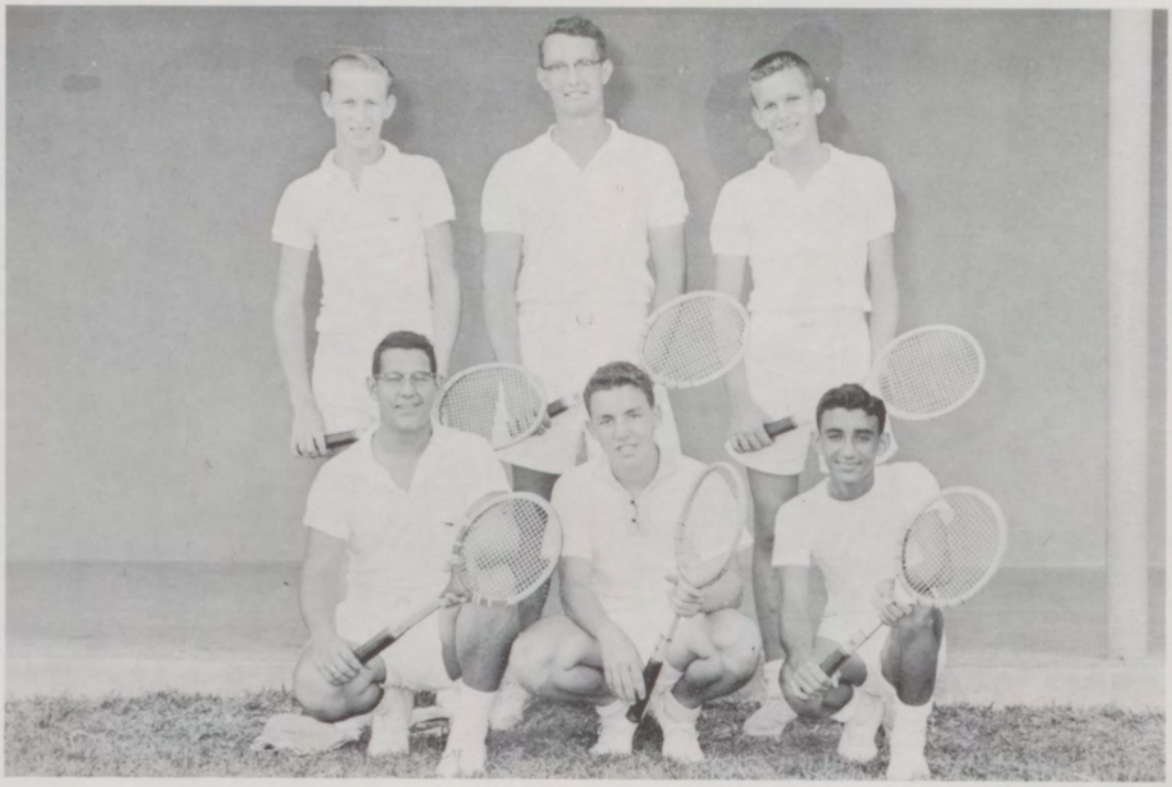
Are you girls watching the cameraman or Miss Cappony?

We did too, get off the ground!

Girls' Intramurals include almost everything along the line of sports that a girl would possibly want. In these classes there is a great deal of stress placed upon physical fitness as well as upon learning all about the various sports. Too, sportsmanship is very high on any list of what girls can obtain from an intramural activity. The girls' intramural activities and physical education classes were well supervised under the capable guidance of Miss Cappony and Miss Rainer. Our girls can feel grateful for having had the type of leadership these two teachers gave them.

Won't it ever come down ? ? ?

BOYS' TENNIS

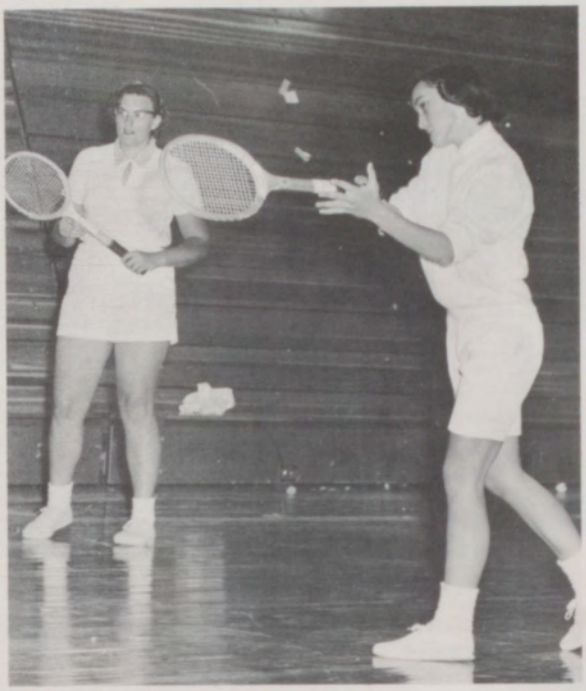


LEFT TO RIGHT, STANDING: Kenneth Blitch, Richard Collins, Harold Cates. KNEELING: Richard Padron, Larry Overman, Idilio Salinero.

The spring sport, which gets underway the earliest, is Tennis. Coach Ishmael called the small group together and began working them out shortly following the Christmas vacation. The team journeys to Bay View Park each afternoon in order to have a place to work out. There is hope that more and more boys will become interested in Tennis and increase the quality as well as the quantity of players. If a boy works hard, he can make a great deal of improvement in a season's time. Interscholastic competition in tennis is always keen, and will develop many potential characteristics of good manhood.

"Aw! Come on, you're not going to play tennis on crutches, Are ya?"

GIRLS TENNIS TEAM



Practice makes perfect!

Tennis is the only interscholastic sport offered to girls. Each girl must be eligible scholastically, own her own racket, and attend practice sessions to remain a member of the team. The 1958 team consisted of eleven girls, chosen according to an ability ladder. A girl may challenge one or two levels above her own, and if she wins, then she maintains that particular level. Practice sessions are held daily from 2:30 to 5:00 P.M. on Saturdays from 10:00 to 12:00. School matches consist of 5 singles and two doubles, the top 5 or 6 players being used. This year's team competed in six matches and the Gold Coast Conference Tourney. The team is under the direction of Miss Ki-Ki-Cappony.The 58 squad received capable assistance from Ernie Spiller Tennis Professional at Bayview Park.

SENIORS

Following a rousing week of Campaigning, the class of '58 elected Tommy Knowles as their president. To give him support in the class leadership department they elected Mike Leon as vice-president, Bobbe Dot Barroso as secretary, and Felicia Meggs as treasurer. The class was ably sponsored by Mr. Simpson, Mrs. Pantaleo, Mr. Pavalko, Miss Breazeale, and Miss Reynolds. The latter served as head-sponsor. The year began with plans for a Minstrel show in order to raise sufficient monies for necessary expenses for end-of-the-year activities. Also the class continued the selling of Christmas cards to assist in this matter. Still further there were concessions at athletic events for the purpose of filling the coffers. The class of '58 went one hundred percent in the annual drive and were very successful in other activities of the school.

Naturally, the class as a whole regrets having to leave Key West High, but each of us is aware that "time and tide" wait for no man. Let it suffice to say that we hope we have set exemplary goals for the underclassmen, that the good that we might have accomplished be remembered, and that any vices may be forgotten. May God's richest blessings rest upon everyone we chance to leave behind.

SENIOR

Tambourine

Late in the month of October there rang from the halls of Key West High, many old familiar Minstrel tunes, followed by vibrant laughter at the aged, yet very entertaining stories of yore. Under the direction of Mr. Morris Ruby the "Seniors" worked hard to present to the public some entertainment with which they would well pleased. Many critics felt that this was accomplished. In addition the coffers were well supplied with ample finances with which to carry out the year's projects. To everyone who had a part in this show the seniors would like to say, "Thanks."

City Government at work.

Fire Chief Felecia.

Police Chief Gail Enslow.

Taking over the city offices for a day, is one of the highlights in the senior year for many of the girls. This effort is under the sponsorship of the Business and Professional Women. The girls were welcomed with all the fanfare which could be provided by the city fathers. This worthwhile project always gives the students a deeper insight to their city government, and will help in making many of them better citizens. Our appreciation is expressed to the Business and Professional Women's Club for their efforts in this important matter.

The Senior Minstrel must go on.

It's like this fellows.

Senior Stalwarts.

P. T. A.

STANDING, LEFT TO RIGHT: Richard Felton, Student Boby President and Representative to PTA Board; Mrs. Stark, Mrs. H. C. Campbell, Mrs. Curry, Mrs. Rosam, and Mrs. Garcia. SITTING: Mrs. Edwards, Mrs. Martin, Mrs. Salis, Mrs. Adams, President; Mrs. Watson, Mrs. Felton, and Miss Treavor.

The Parent-Teacher Association is organized for the purpose of promoting the all-round welfare of youth in home, school, church and community. On each third Tuesday night of the month you will find a number of interested parents and teachers gathered in the school auditorium for a business meeting and some type of program, which usually depicts some phase of the school program. Following this meeting, the group then adjourns to the cafeteria for refreshments and a social hour, where teachers get a chance to become better acquainted with parents and vice-versa. Students are continually asked to urge their parents to attend these meetings. Under the leadership of their president, Mrs. Adams, the 1958 P.T.A. has done a very outstanding job in promoting good will among parents and teachers.

Thousands of lights and thousands of voices!

Our Christmas Gift To All

On December 19, 1957 Key West High presented to the community its fourth annual Christmas Pageant. This program was presented through the efforts of the dramatics department, the art department, the maintenance crew, the Chorus, the band, and the 8th grade voice choir.

Members of the community, who were present, contributed well in that they entered whole heartedly into the carol singing, and listened reverently and attentively to the program.

Here's hoping that there will be many more Christmases similiar to this.

The Conchettes contribute.

Since we had been classmates at Key West High School, it was quite a shock to find ourselves assigned to work on the new satellite "Conch."

Imagine our surprise, when our papers were signed by the head of the Air Force Base, Richard Felton, and undersigned by his private secretary, Linda Groves.

Danny Pearce, science instructor, gave us our last minute instructions and information. We boarded our spacecab, piloted by Lieutenant Colonel John Hughes, and his co-pilot Charles Barrera, and headed on our trip. The cab's nurses, Mona Gravell and Ida Fincher, gave us some pills to help overcome space-sickness. It is rumored that these pills were invented by Dr. Richard Bervaldi with Jay Johnson as his capable aide. The important anti-gravity device necessary for our trip was invented by Ernest Betancourt, Ecky Solomon, and Bob Ahbol, with the assistance of Robert and Ken Erickson.

Blast-off time was at 0800, Navy Time (originated by Bob Van Orden and Ron Cherry), and a second later we narrowly missed the "dancing telephone lineman" Otto Anderson. We were fingerprinted by F.B.I. Investigators Maynord Lowe and Leonard Knowles.

After a very hectic three-minute journey our spacecab was overhauled by Ted Ellis, Norman Collins, and Roger Cherry. Following this there was a radiation check by Judy Beccaise—Satellite nurse. We were welcomed by Ormand Otvos, Director in charge of the program, and we shortly met Len Conly, the scientist, who was trying to devise a way to get us back to Earth.

We had "Cosmo Delight" mixed by Robert Bush at the Zodiac Room, owned and operated by Gail Enslow. This unique room was designated by Jim Zumwalt with the help of Frank Almyda.

We arrived at the Observatory, where we met the inseparable science team of David Porch-Tommy Knowles. While there we viewed the planet Mars through a powerful telescope, and saw Orchid Fernandez being pestered by Tax Collector Douglas Allen.

A peek over the Earth revealed Robby Knowles and Kenneth Blitch doing an English Research paper for college professor, Richard Anti. On this same distinguished campus we saw Professors Mike Leon, Sharon Gjertson, Paul Huddleston, and Herbert Ford. Marty Salinero is coaching a crack(ed) tennis team at F.S.U. Larry Bernard is still scraping up chalk dust and our "good citizen" Claude Branly with help from William Russell were hauling in Gibby Thrift, James Wetzel, Al Yates, and Joey Curry in for vagrancy, while they are screaming for their lawyer, Otto Busot.

As the globe turns, we see Jack Key fighting off a ferocious beast in the depths of Africa, while Rip Yarnall and Richard Hecht bravely run in the opposite direction. Douglas Jenks found his 10,000 women on a desert island, along with Bill Zumberis and Pete Uzclavines, but they were savage man-eaters, so Marine Billy Camalier, dog-face Paul De Negro, and Coastguardsman George Lee came to their rescue.

Things are still popping in Russia as we see that Larry Overman, and Elliott Del Pino are being sent to Siberia for collaboration and chemical warfare respectively.

Meanwhile in Paris, we see Elena Avila, Carol Burton, Mary Castelellano, Carol Cates, and Sandra Haffield working in Slenderella d'Parisian under the Effiel Tower. From here we see Margaret Russell instructing Lucretia Godinet on how to be a "Slenderella."

In India Betty Kurtzceil, now married to a missionary, is working at Sunday School where Marlene Carbonell and Jean Weatherford are establishing a "health center." Working with them we see Jerry McMasters, field engineer, Alice Perez, medicine assistant, Robert Swift and Ray Taylor, FLASH!! Bookkeepers Charles Krechek and Edwina Sweeting just ran off with the "health center" funds.

David Boza, on T.V. from one of Jupiter's two moons, and Richard Hinde, Neil Jeffcoat, Sergio Puig, and Billy Rojas, serenade us with a "barbershop" quintet.

Secretaries, Rebecca Baker, Mary Barros, Bobbie Dot Barrosa, Beverly Brown, Rose Castallana, Brenda Curry, Edna De Land, Pat Guzewich, Carolyn Jenkins, Elda Lastres, Carman Lopez, Beverly Maloney, Annie Lou Pruitt, Judy Solomon, and Judy Stone have blasted off for "manless Venus" with Ella Mae as pilot, and Linda Litzenberger, Ida Puerta, Joan Weatherford, and Anna Mae Young as hostesses. We plainly see Sally Lewinsky translating Martian Melodies with the aid of Alice Vargas and Val Wallace, telephone operators.

Jane Begin, Cathy Carmen, Kathy Cates, Gloria Chacon, Bobby Creel, Judy Fincher, Donna Hulquist, Jackie Koll, Betty Lawson, Sharon McKay, Joanne Machin, Miriam Machin, Felicia Meggs, Sandra Nelson, Faydette Thompson, Ercelia Diaz, and Joyce Turner are collecting "Mucho Alimony." Gigilos Charles Oliveros, Gary Pelt, Rodney Pittman, Marion Santana, Garth Saunders, Jim Saunders, wait outside the courtroom.

By the way, what happened to Linda De Merrit and Madeline Dowdell?
