MU ALPHA THETA

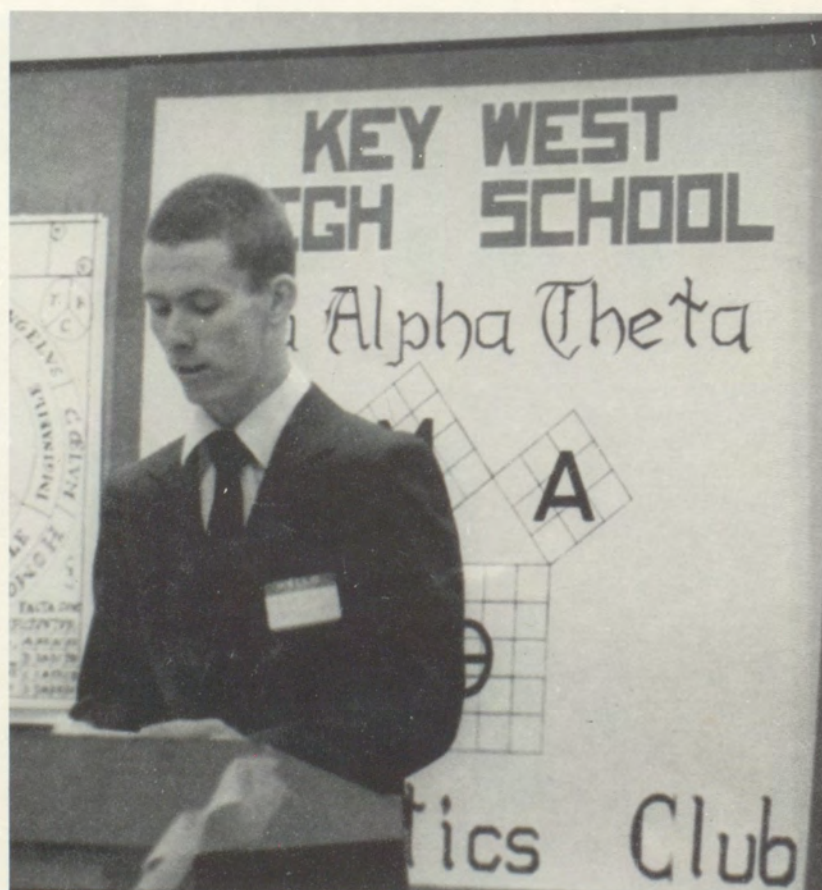

Mu Alpha Theta is one of the most select groups at Key West High School. It is a club in which most academic students seek membership. A student must have completed two years of college preparatory mathematics with a "B" average and enroll in their course to be eligible for this club.

The activities of the club expand the horizons of the mind and make clear cut decisions on character and citizenship. The members of Mu Alpha Theta are examples of what other students at KWHS should strive for.

This year will be even bigger and better because of the quality of the membership.

We will be trying to accomplish all of our goals along with making this year a very successful one.

Our membership consists of freshmen, sophomores, juniors and seniors. Members must have a "C" average, as well as earn 10 points yearly.

STUDENT COUNCIL

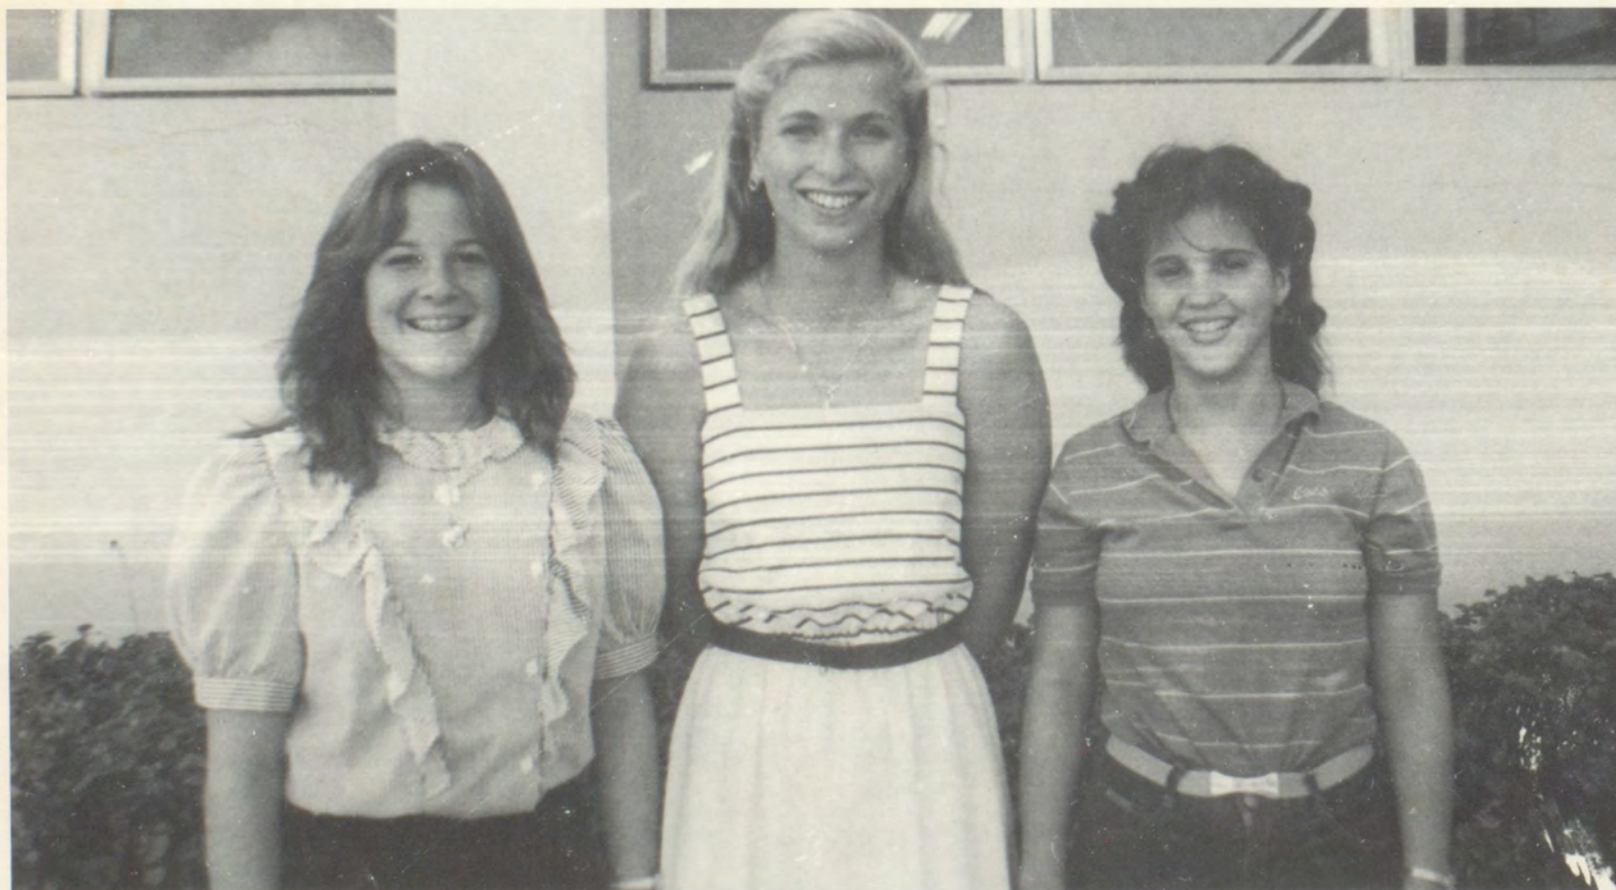

The goals of the Key West High School Student Council are to encourage good citizenship, to promote harmonious relationships, to coordinate school activities, to instill proper attitudes, and to provide a forum for student expression. The student who takes an active part in the student council gets the feeling of belonging, that the people there are interested in him and what he has to say, and the feeling that Key West High is his school. His views are welcomed and some of his ideas may even become school policy.

Student Council is responsible for the Homecoming Dance and numerous other school functions. To be in Student Council one must be a hard worker and maintain a 2.0 grade average. Students who join Student Council play an active part in Key West High School's student government.

KEY CLUB

Key Club is a school and community service club whose main objective is to help others who are less fortunate than ourselves.

Some of Key Club's activities this year included May Sands Christmas and Easter programs, and hopefully a state convention.

Key Club's prestige grows with the years as does its membership. Members must maintain a 2.0 average and remain active through the year.

SNAPPER

The *Snapper* has had a great year in '82-'83. All of our staff members, old and new, have worked hard to make the *Snapper* the best it could be. Our new Members have found that it is no easy task to put a paper together and our returning reporters have found teaching the new members is not an easy job. Overall, *Snapper* has been a great, as well as fun, learning experience.

Along with putting out 6 issues of school newspaper, the staff ventured into other areas of journalism. The staff also noted weekly news column in the *Key West Citizen* that was very successful.

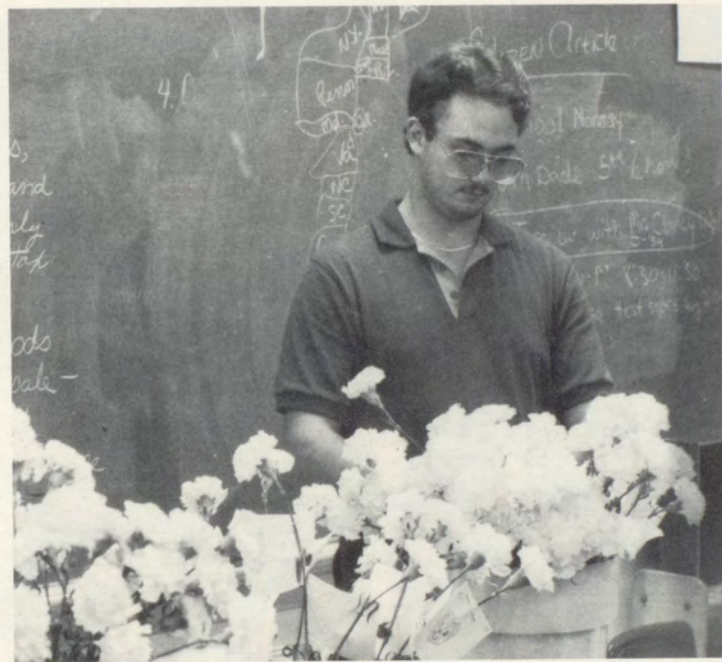

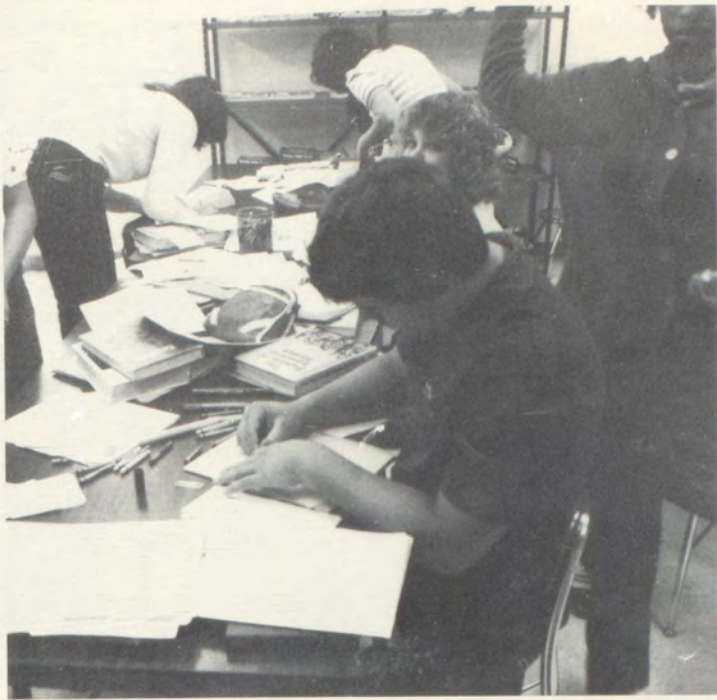

'82-'83 has been a great year for *Snapper*, but it wouldn't have been without our sponsor, Sandra Archer. Mrs. Archer puts in all her time, effort, energy, and patience to help the paper. We are proud to have her and proud to be part of KWHS.

FOOTBALL

This year's football team is made up of kids that have sacrificed a great deal. They've lifted weights all year, gone through three a day practices and have dedicated themselves to having a successful season. With their determination and drive I know our football team will be successful not only on the field but off as well. Not all success of a football team is measured by their win/loss record.

Junior Varsity Football Team

Preparing the Conch varsity players of the future, the KWHs junior varsity football team faced a tough eight-game schedule during the 1982 season, playing the JVs of district 16AAA schools Curley, Pace, Homestead, South Dade, and Edison before closing the year against Sunset, St. Thomas and the Mary Immaculate varsity. After two hard weeks of tryouts, 58 players made the team and participated in the JV program including 14 who returned from last season's squad.

Varsity Basketball

The Key West High Basketball Conchs of 1982-83 is a typical Conch Team. That is they're small in size, quick, and love to play basketball. But this team is loaded with talent and desire; and as the season is progressing, it shows. The Conchs are rated as one of the finer teams in the state of Florida and by seasons and hopefully this team will be the STATE CHAMPS.

Believing that the experiences and knowledge gained through athletic competition have a beneficial effect on the person as a whole, the young women of the 1982 volleyball team embarked on a propitious journey last September. We learned to compensate for players lost to graduation by incorporating novices with varying skills and styles of play. A new coach brought different insight into the strategy of the game. We practiced, we played, we won, we lost; the victories were awesome and the losses minimal.
