KEY WEST, FLORIDA

VOLUME 41 1971

The 1971 Conch yearbook staff has selected a theme which is both old and new. The lure of astrology has its roots in ancient times, yet it is used to help predict a person's future course of life.

The signs of the zodiac and the student body and activities of Key West High School represent a wide range of characteristics — restlessness like Leo, a go-getting spirit like Capricorn, the search for new ideas like Libra, hard work and service like Virgo, a cooperative, sharing spirit like Aquarius.

However, your 1971 Conch is most closely aligned with the sign of Cancer, a sign which reflects a desire to hold on to old beliefs and customs and to recapture the past. It is the hope of the yearbook staff that they captured on these pages in both pictures and words the many different facets of your life as a student at Key West High School. Within the covers of this book are recorded the teachers who taught you, the subjects you studied, activities in which you engaged or watched and the schoolmates with whom you shared this special part of your life. As time marches on you will find that this book will increase in value, for it will be a way to thumb through your memories and relive in your mind your days at Key West High School. During 1970-71 may you, like those who are influenced by the sign of Cancer enjoy the past which is recorded on these pages.

Since the dawn of mankind, man has tried to solve the mysteries of life. Astrology, the study of the heavens and its influence upon man, has become increasingly popular with young and old . . .

I believe that cosmic religious sense is one of the strongest and noblest motives behind scientific research.

Albert Einstein

It is the stars, the stars above us governs our condition.

William Shakespeare

Ye stars which are the poetry of heaven in your bright leaves we would read the fate of men and Empires.

Lord Byron

Astrology is Astronomy brought down to earth and applied to the affairs of man.

Ralph Emerson

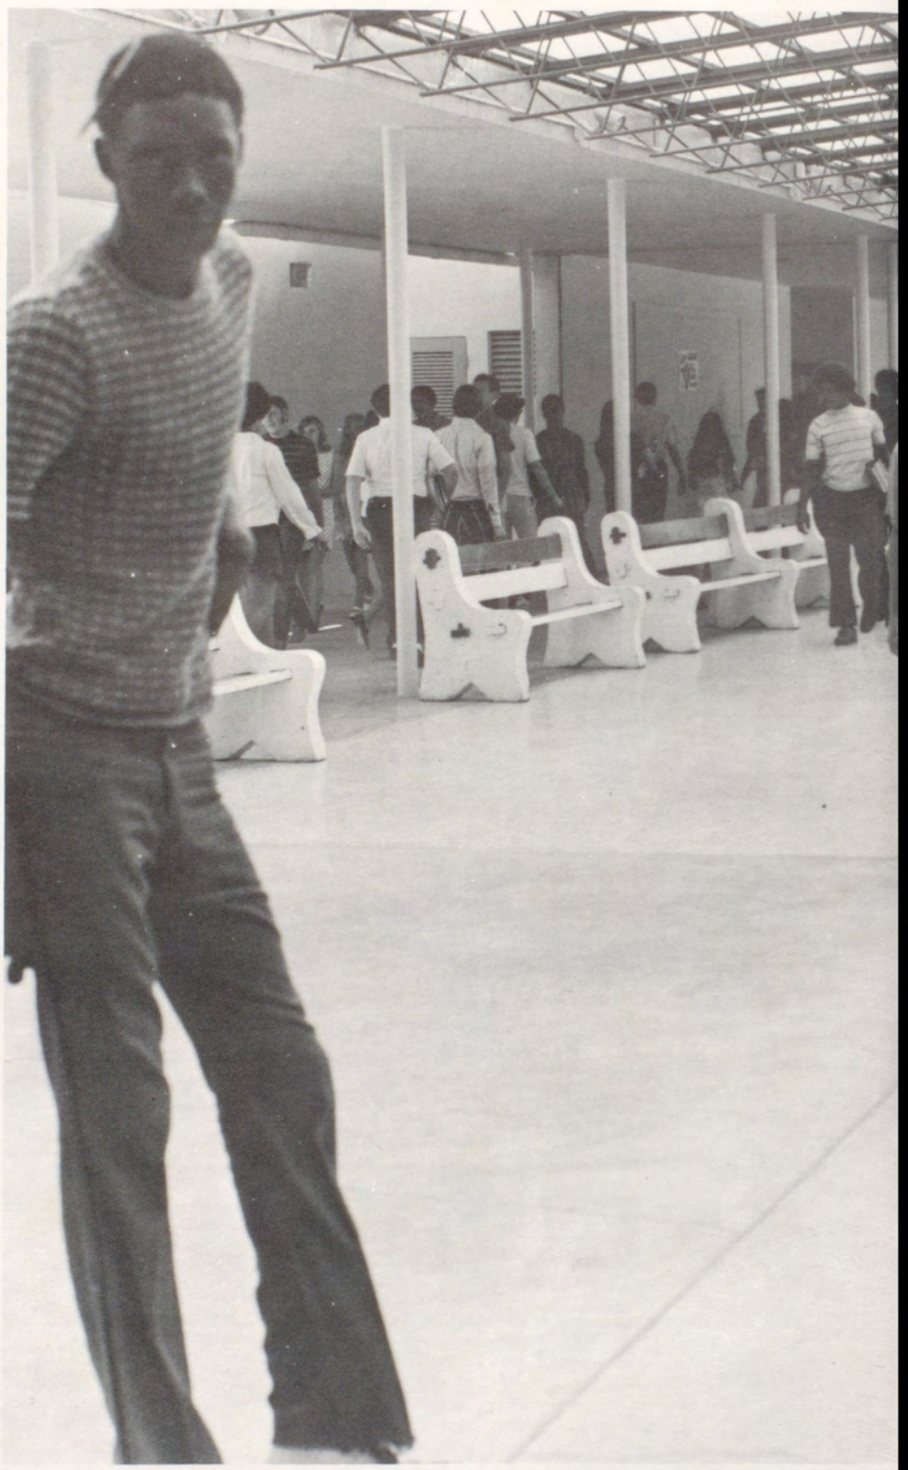

We of the fixed stars have rejected the messages from the wanderer of the sky. Do they not tell us of things to come as well as things long past, buried in the racial memory of man.

Henry Miller

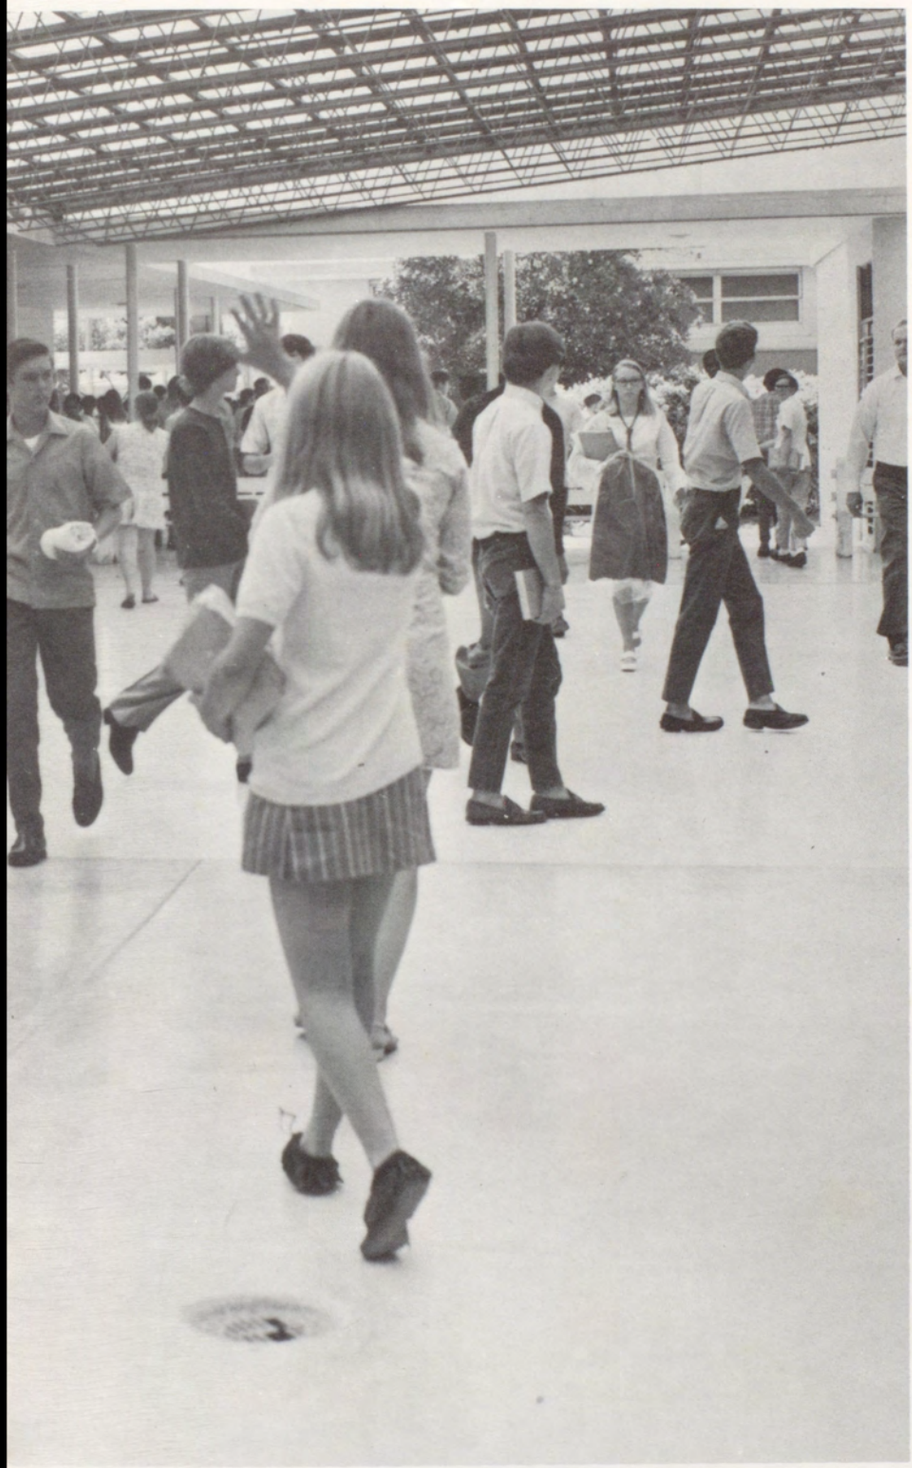

Generations of past have accepted astrology and to the present generation it's the "in thing." For these reasons, the 1971 Conch has adopted astrology for its theme.

Leo has as its symbol the lion or the king of beasts. Leo, the lion-hearted, has a staunch, courageous regard for individuals or causes. Along with haughtiness and restlessness, Leo contains a certain amount of freedom, some adventure, and a chance to be in a rather dramatic spotlight. Leo was at home at any big event or school activity.

Farnie Spottswood and Amy Burchett helped raise our spirits.

J.V. and Varsity cheerleaders got it all together at the bonfire.

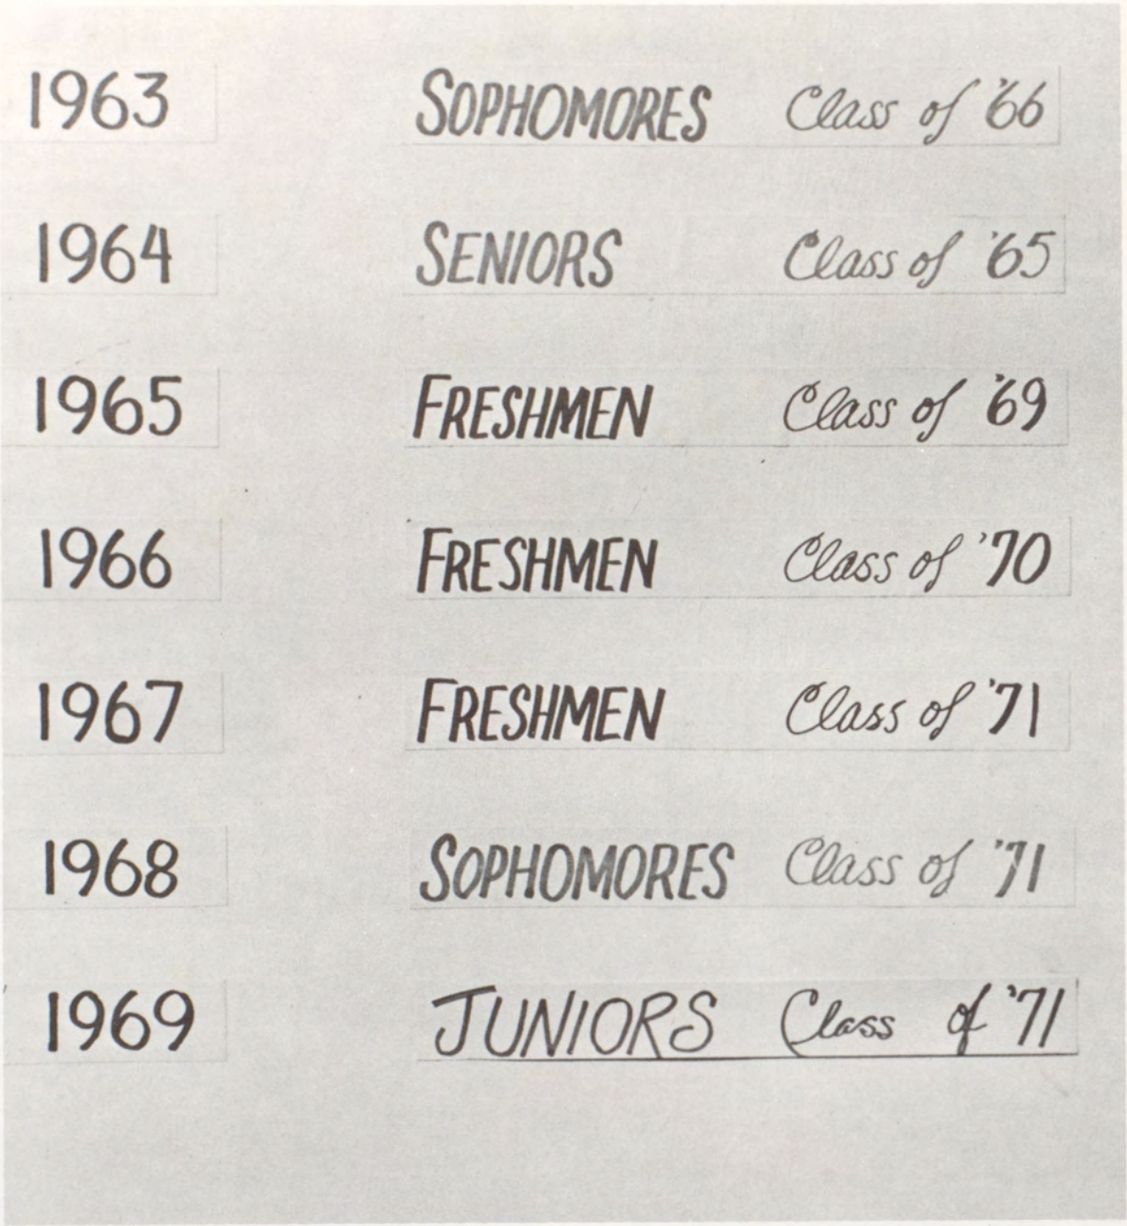

Nancy Meador and Kathy Boone tell it like it was, is, and always will be.

The symbol of Pisces is fishes facing in opposite directions. This symbol indicates the conflict inherent in Pisces, dreams versus reality. Dreamy, tender, affectionate, emotional, sometimes illogical Pisces may turn to daydreaming as an escape from reality when things do not turn out. The bonfire will be fondly remembered in the daydreams of Pisces.

The continuing success of the Class of '71 was evident in the Magazine Drive record.

Capricorn is slow and steady. The spirit of Capricorn is go-getting and willing to work diligently for long periods of time overcoming many obstacles. However great the ambition of Capricorn, it is backed up with hard work and accomplishments. The class of '71 won the magazine drive for four years with the steadfastness of Capricorn.

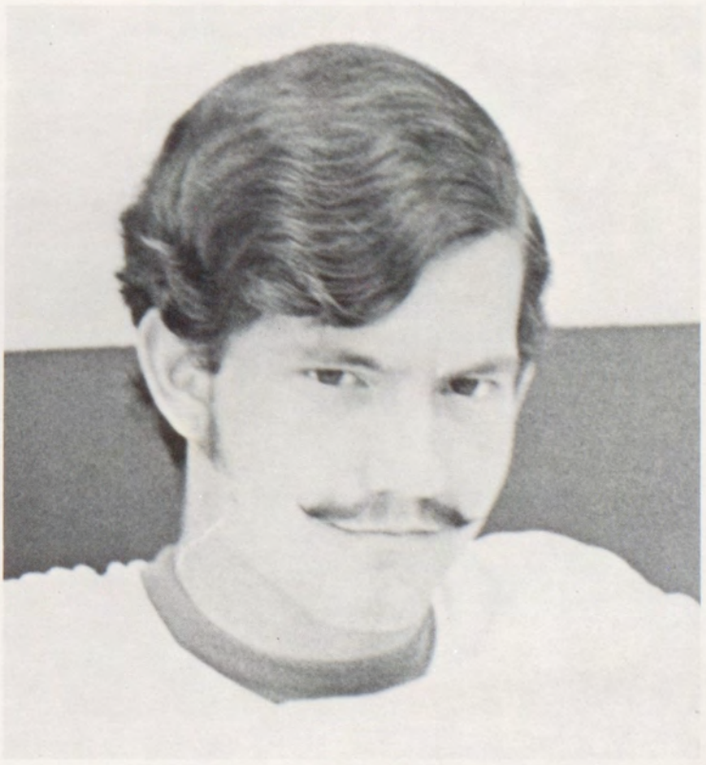

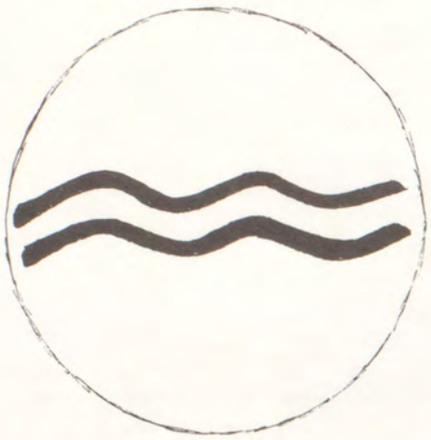

The debate raged: mini vs. maxi.

Libra has as its symbol the scales. Likewise, justice is the ideal goal of Libra. Intellectualism, avid reading, pleasing conversation, charming personality and initiating ideas are all a part of Libra. With the spirit of Libra, new ideas, new expressions and fads were initiated this year.

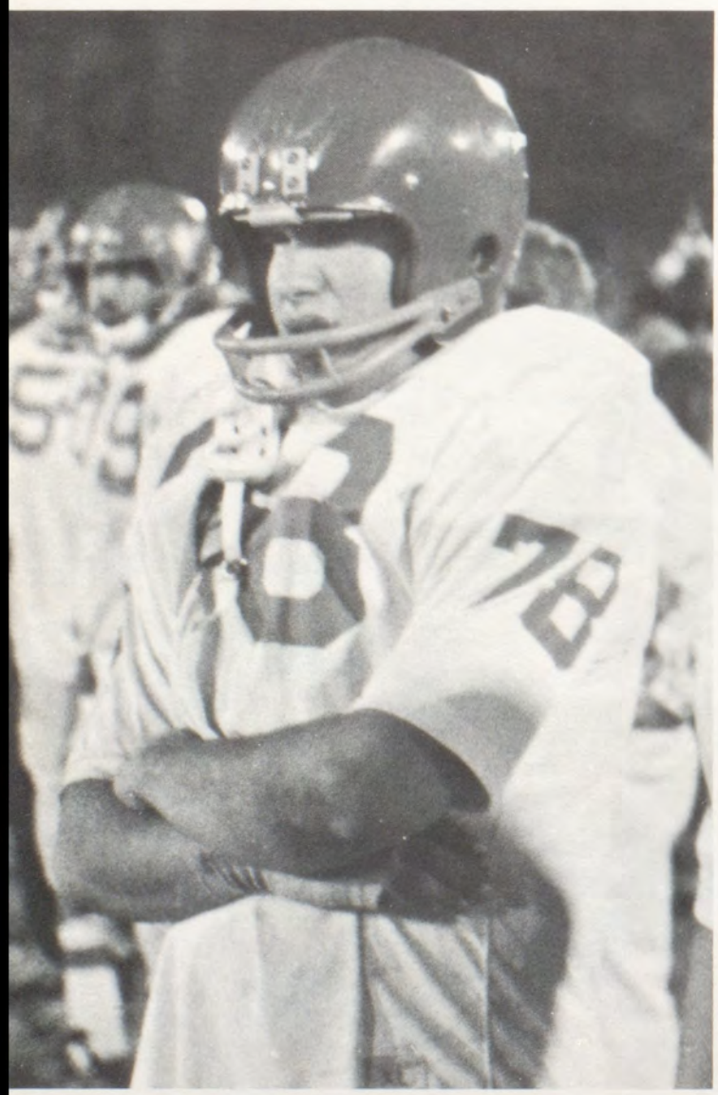

With the new dress code came a new look.

Aquarius has as its symbol the waterbearer pouring a stream of liquid from an urn on his shoulder. This figure is fitting because Aquarius is desirous of sharing whatever is gained from life with everyone who needs or is willing to accept the gift. The spirit of Aquarius attended our football games.

Pat Labrada looked skeptical as the rain let up during one of the Conchs' exciting games.

Killian proved to be a formidable opponent for the Conch team.

The bull is the symbol of Taurus. This animal sign represents strength, durability and latent power. Taurus has reserve energy, tenacity and physical stamina and a practical realistic approach to life. The characteristics of Taurus were constantly demonstrated on the football field this year.

Aries has as its symbol the ram. Whatever the aim or destination, the ram wishes to excel and will persevere doggedly towards this end. This sign possesses courage, passion, zeal, fearlessness, enthusiasm and impulsiveness. Wherever Aries strived — on the football field or elsewhere — vitality and strong will showed through.

Conch players followed the game with rapt attention from the sidelines.

Gemini has the symbol of twins. This symbol describes the duality of interest, occupation and procedure of Gemini. Also a part of this sign is a restlessness and dissatisfaction with things as they are and a desire to say something about it. From this feeling to say comes the graces of eloquence, wit and charm.

The adventurous sportsman is Sagittarius. This sign stands for good judgment and excellent thinking. Sagittarius aims high and always reaches his mark. However, this sign needs space and a sense of freedom.

Kathy Martin

Virgo's theme of life is hard work and service. Virgo can see through all of the complexities of life and straighten them out. Also a part of this sign is a desire to be needed and a willingness to lend a helping hand whenever needed. Our homecoming queen typified the sign of Virgo.

The

Jubilant Anne Martin reigns as the 1970 Homecoming Queen.

The queen is crowned.

On November 6, 1970, Miss Anne Martin was crowned our 1970 Homecoming Queen. Escorted by Doug Capas, she burst into happy tears and everyone cheered at the news.

Anne was known by all her friends as a girl with a bubbling personality and a perfect example of a Key West High School student. Her devotion to Key West High was great. Among her many activities were majorette for four years, National Honor Society, Keyettes, and President of Beta Club. She was continually on the go, but her warm blue eyes and her friendly smile were always ready to make a new friend or tackle a new adventure.

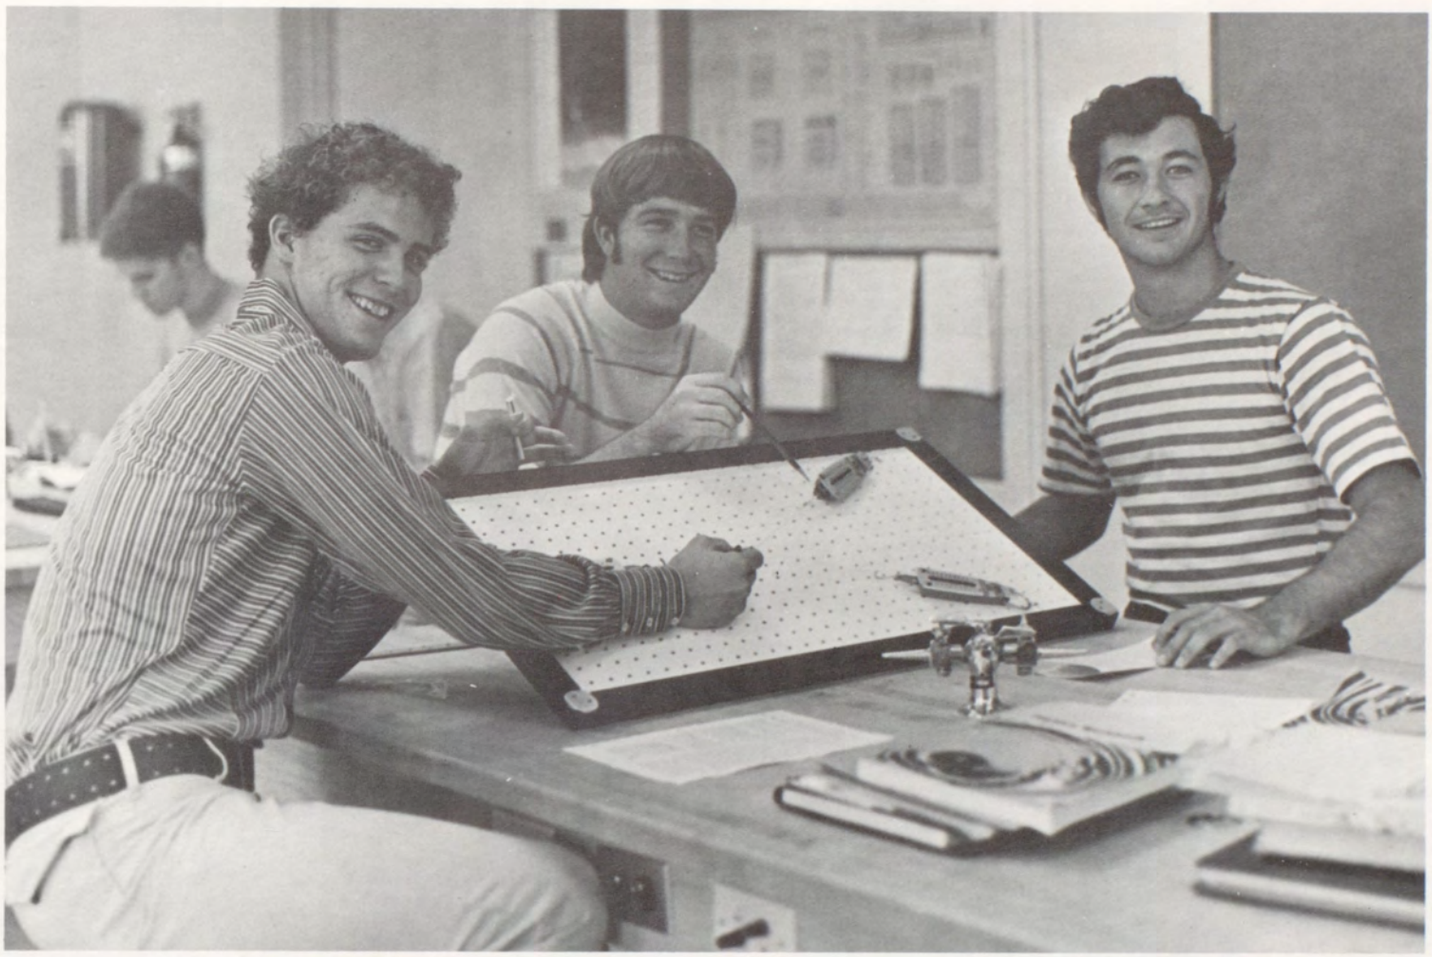

Ernie Henderson tried to pull a trick on Mr. Cabanas.

Scorpio has a variety of symbols including the scorpion, the serpent, the eagle and the phoenix. Scorpio stands for the dynamic, alive, vibrant and exciting. Intense, explosive and headstrong, Scorpio has an intensive inner fire and magnetism. The mood of Scorpio spirited the playfulness of the senior class.

Senior boys showed off their class spirit.

Members of the advanced physics class exhibited one of their complicated lab projects.

David Cohen glanced to the side as boys formed a Congo line during morning pep rally.

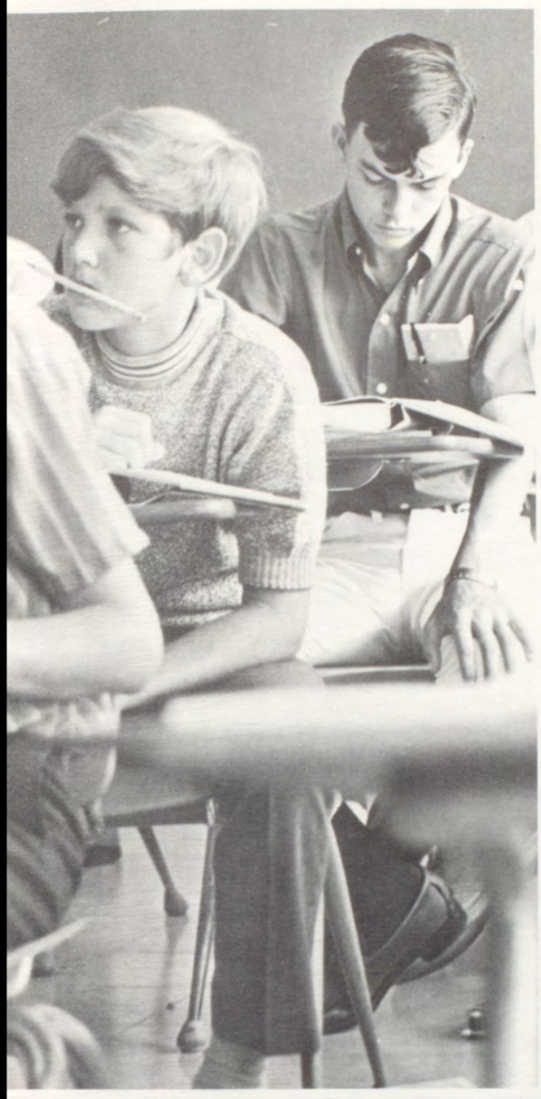

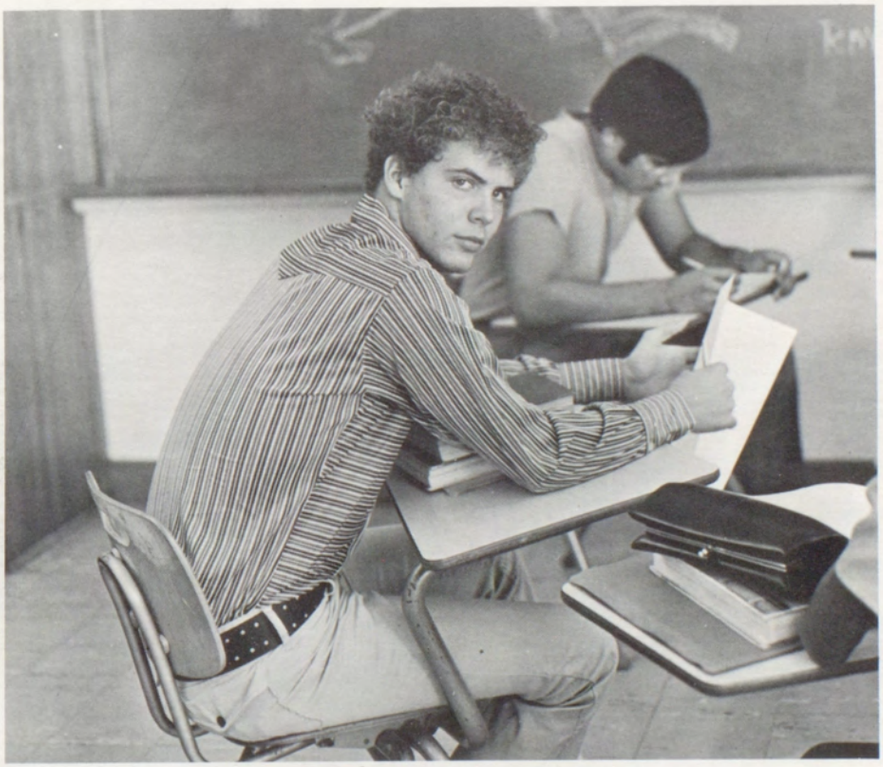

The crab is the symbol of Cancer. Like the crab, Cancer will withdraw into its shell at anytime of attack, affront, or unpleasantness. Also like the crab, Cancer holds on to old beliefs and customs as the claws of the crab hold on to things. The spirit of Cancer has a quiet dignity and patience to listen to and help others.

ACADEMICS

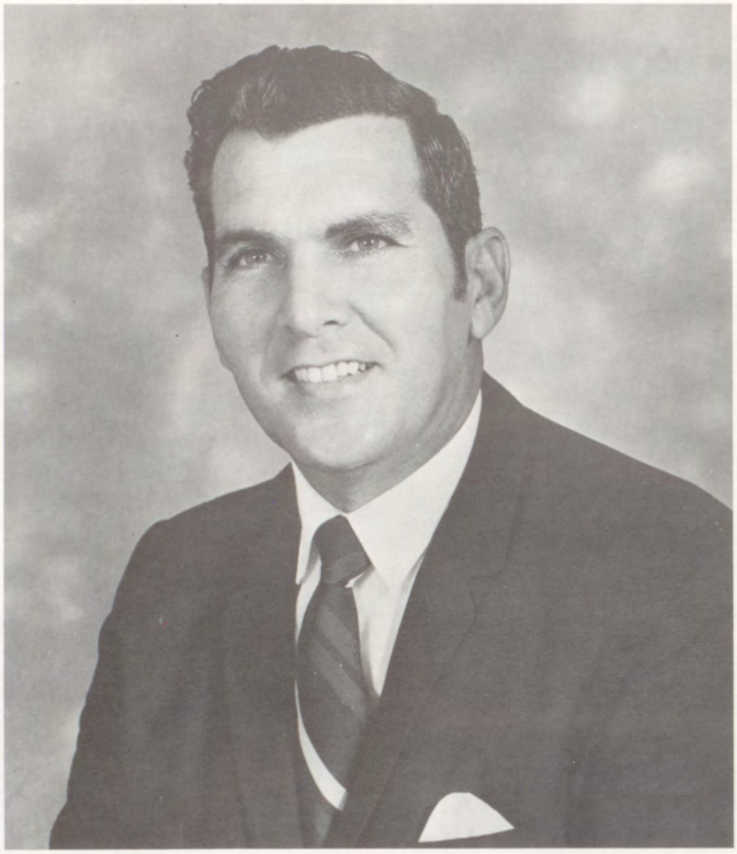

Every organization, no matter how large or how small needs a type of higher authority to turn to and depend on for advice and help. Here at Key West High School, our governing body was the District School Board of Monroe County. It was made up of a council of elected men and women whose main goal was to keep the schools of Monroe County as smooth-running as possible. They strived to provide us with the very best educational facilities and the best instructors to fit the high academic standards of today. The Superintendent of Schools, Mr. Armando Henriquez, along with the rest of the school board, were aware of the fast-changing, educational needs of our county and did their best in dealing with these problems.

Our Principal . . .

Key West High School, like a country, needs a leader. Spirit is needed to help make each year a better year. Yet the spirit needs to be started by one man. The man who kept our spirits high and led the school was our principal, Mr. Glynn Archer, Jr.

Mr. Archer had been a student at Key West High School and knew how proud a student can be of his school. He showed us how proud he was by his dedication. His leadership, in fact, helped to make us proud students of Key West High School. Through his guidance and understanding of the many different problems surrounding the student of today, he enabled the students to better comprehend and prepare themselves for the world of tomorrow.

Mr. Clarence Phillips

Sammy Gates gave Mrs. Lewin the usual story.

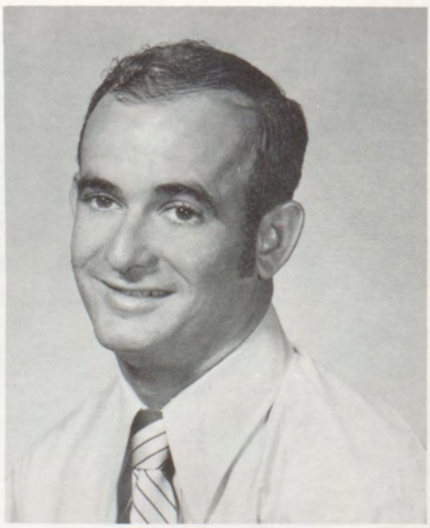

Mr. Peter Simpson

A large school like Key West High takes many people to keep it operating smoothly. The Assistant Principal, Mr. Clarence Phillips, had responsibility for everything in the school. He had to see that things were in their proper places. The Dean of Students, Mrs. Mary Lewin, had responsibility for disciplining those who needed it and helped others with problems. The Attendance Officer, Mr. William Cabanas, had responsibility for the where-abouts of every student. His problem was pin-pointing any student's location at a certain moment. The Curriculum Supervisor, Mr. Peter Simpson, checked the plan books of every teacher and helped new teachers and interns in their first year at Key West High. Mr. Simpson was also the Math Coordinator of Monroe County and as such, he taught teachers how to teach. We thank all these assistants for a job well done.

One of the most important elements in a successful school are the guidance counselors. They assisted students in preparing for such tests as the PSAT and SAT. They were always ready and willing to help the confused student who had questions about college and the world outside of high school. They helped interpret test scores and kept college references from all over the United States.

The job of a guidance counselor is a necessary job, and we are fortunate to have a staff of such interested and devoted counselors.

A successful career in the business world consists of these building blocks: shorthand, typing, bookkeeping, and office machines. Without knowledge and utilization of these, a business could fast become a failure. Every businessman needs to keep books so he will know if he is making money or losing it and where and why he spends the money he makes. By taking commercial courses, the business minded student was helped down the path toward his vocation. It helped him discover the best means of getting ahead in the workday occupation he would choose. Secretaries are important in almost everything in today's world. They are needed in organizations from high schools to major business corporations.

Mr. Dan Santucci

The Diversified Cooperative Training program had many purposes. It provided opportunities for social development and helped to mold and stress the importance of responsibilities. It helped the student develop qualities of leadership.

The DCT students followed their regular schedule from eight o'clock until noon. In the afternoon they went to their assigned jobs. These jobs provided valuable training for the students. Education extended from the classroom. It provided many opportunities and responsibilities for these future leaders.

The DCT students were under the leadership of Mr. Dan Santucci. He was both understanding and helpful to his students. The DCT class had various jobs throughout the city. Each job was especially picked to help and train the student. Their jobs provided experience and could be used for future reference in helping them get a higher paying and a more fulfilling job.

To become a successful citizen in our society, we must understand and communicate easily with those around us. Because of this, the English Department established courses for those who wanted to continue their education in higher institutions, the business world and everyday life.

Contributing to the success of our education was the goal of the English Department. They strived to reach their goal through films, movies, and discussions. The students practiced putting thoughts on paper in various styles, reading many kinds of literature for enjoyment and study, and speaking in front of groups formally and informally.

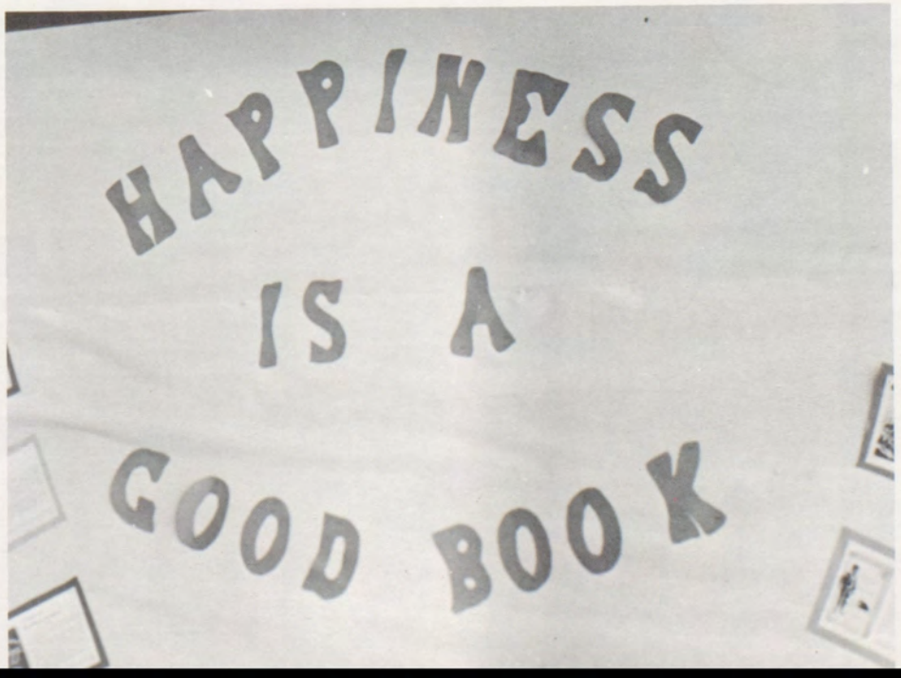

The English Department this year revised many of its rules which made English simpler, more comprehensible and more enjoyable.

Driver Education

Along with the increasing population, more people are driving cars and there is a continuous rise in the number of automobile accidents each year. The driver education classes are not only important to the students, but to the society as well. The instructors can never over emphasize "defensive driving" and the importance of an alert mind as a means of staying alive on our nation's highways.

The students get actual training in driving and they also spend time in class where they learn the rules and regulations of the highway.

Mr. Jose Torres

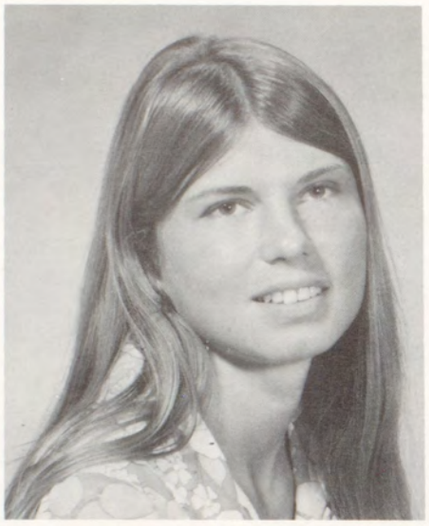

Languages play a very important part for good foreign relations all over the world. Everyone needs the knowledge of a foreign language in order to communicate with the people across the seas.

The students at Key West High School were very fortunate to be able to choose between three languages. These were Spanish, French, and Latin. Spanish is a very useful language since it is often used in our community today.

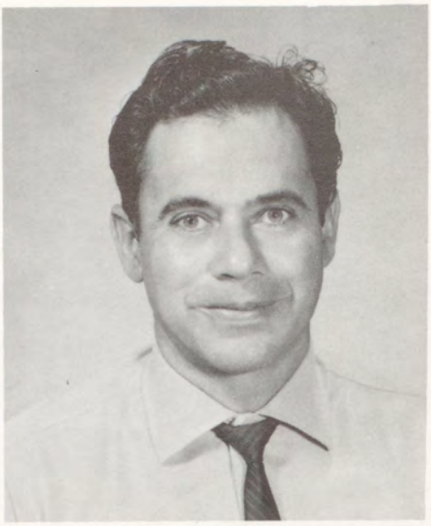

Students not only learned the language and how to speak them fluently, but they also obtained knowledge of the cultures of their native lands.

Vocational courses offered students an opportunity to learn skills which they could use in the future. After taking a course in auto mechanics, a student could get a job as a mechanic after graduating. If he learned welding, there was really an opportunity open for him. With all types of machinery, parts must be welded sometime. By taking one of the "art" courses, a student who was creative got the chance to use his hands and mind making things of his own creation. These courses also helped students learn to take criticism and make evaluations because art is always under criticism of some kind. All these courses benefited students by giving them an opportunity to learn skills for work and leisure.

Home economics was the science of the home.

The Home Economics Department emphasized this year the importance of the correct, efficient and simple ways of cooking, sewing, good grooming, interior decorating, and child care. These skills will be useful throughout the life of a girl, woman, wife and mother. The Home Economics Department felt that the early years of a girl's life is the best time to teach her the basic facts about homemaking. Then she can add to her basic knowledge her own personal ideas and methods to make her a perfectionist in her field.

For those who wanted to specialize in certain areas of home economics, extra courses for advanced students were offered, such as Home Economics II and III, modern family living and child care.

What would a school be without its library? The librarians were a very important part of our every day school life and were too often taken for granted. Every student, at least one time throughout his school year, had to search for references for a composition, a term paper, or an essay that he was writing. The librarians were always there ready to assist in any way possible. They were always willing to search through countless books, magazines and encyclopedias to find the exact information that someone needed. Whether the student used the vast resources of the library for information or for pure enjoyment, he found our Key West High School Library was indeed a place to gain knowledge.

Mrs. Emily Case, Head

In order to keep up with our changing, computerized society of today, we must all have a general knowledge of arithmetic and mathematics. Today, it is important in almost every field of study. For example, the computers and the space exploration program are all based on mathematics. In fact, it is now used in the histories, sociology, psychology, sciences, and many more.

The faculty of our mathematics department at Key West High possessed talents in many fields of mathematics. Included in these were General Math, Algebra I and II, Geometry, Trigonometry, and Calculus. The courses were designed to teach the students varied mathematical skills which provided the basis for organized thought. These skills will not only be useful for the college bound, but in the many other occupations in the years to come.

One of the most outstanding departments at Key West High was our music department. They could always be counted on to provide the very best performances. The band provided wonderful half-time entertainment and represented our school in district contests. The chorus gave wonderful performances, but when they combined their voices with the band, the result was sensational.

The music appreciation class was offered to the students to familiarize them with different types of choral and instrumental music. They listened to all types of records and were acquainted with music from Bach to rock.

In order to cope with every day life our bodies must be in excellent physical condition. Our instructors strived for this goal. As the old Greek saying goes "A strong mind is a strong body." With the world participating in more explorations than ever before, a person not only needs to be mentally fit but physically fit. The instructors at Key West High taught us the basic fundamentals of indoor and outdoor sports such as volley ball, gymnastics, football, and track. The stronger our bodies are the healthier we are. Physical education not only gave us a chance to get our bodies in the best condition but it gave us a chance to participate in sports with our friends. It helped give us a better attitude in everything we do.

P. E. strengthened our bodies.

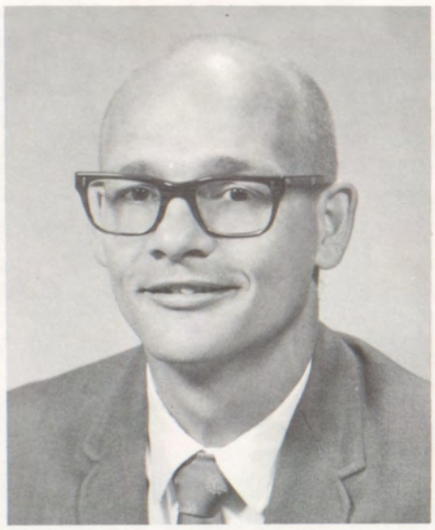

Miss Sandra Wickers

Everyone enjoyed the pool.

Today's world is made up of almost all scientists of some sort or another. They have studied things from science of food to the science of outer space. In order to be able to cope with any job, science has become essential. Consider a secretary, if she worked for a company of any size, science is used. Computers and other such machines are today's instruments. If we did not know anything about science, how would we be able to use and understand instruments? Moreover, when a person has married they must be able to tell their children where they came from and where different things they hear about and see daily came from. The future has become science, and without some knowledge of it learned in our science courses there really would not be much of a future because science has helped us solve many dangerous problems and has made life more livable.

Social studies helps us to understand our world — where it is now and where it has been in the past. It has helped us to understand why the world is like it is today. By understanding what a world has been through, we were able to understand its problems better. By studying and analyzing mistakes earlier generations have made, students learned to understand and cope with problems of our own time. Then, too, social studies made us a more mature and better equipped society. It helped us to understand people and their heritage. Through understanding, people's major problems may begin to be solved. Never before have people been so informed of their government, how and why it operates. Through social studies courses, students learned about mankind and his governments.

This year there were some new faces around Key West High School. They belonged to the interns from the University of Florida at Gainesville. They were seniors and were working towards their teaching degree. This was the first year Key West High School has had interns. They helped the teachers conduct classes while they were learning their own skills and ways of teaching.

The students enjoyed the help the interns gave them which was an aid in their subjects. When the interns "took over" the class for the day, it was different and educational for both sides. In fact, both the students and the interns were getting valuable experience. This year the intern program has been an aid to the student and experience for the future teachers.

The smooth operation of a school depends the most on its secretaries. Always friendly, charming and ready to help, they were the ones who had to keep records and know the who, what and whereabouts of students and teachers.

The office staff were often found working after hours, on holidays and during the summer just to keep the paper work of Key West High School in order. Many of their duties were keeping records, correspondence, money records and figuring statistics.

P.T.S.A.

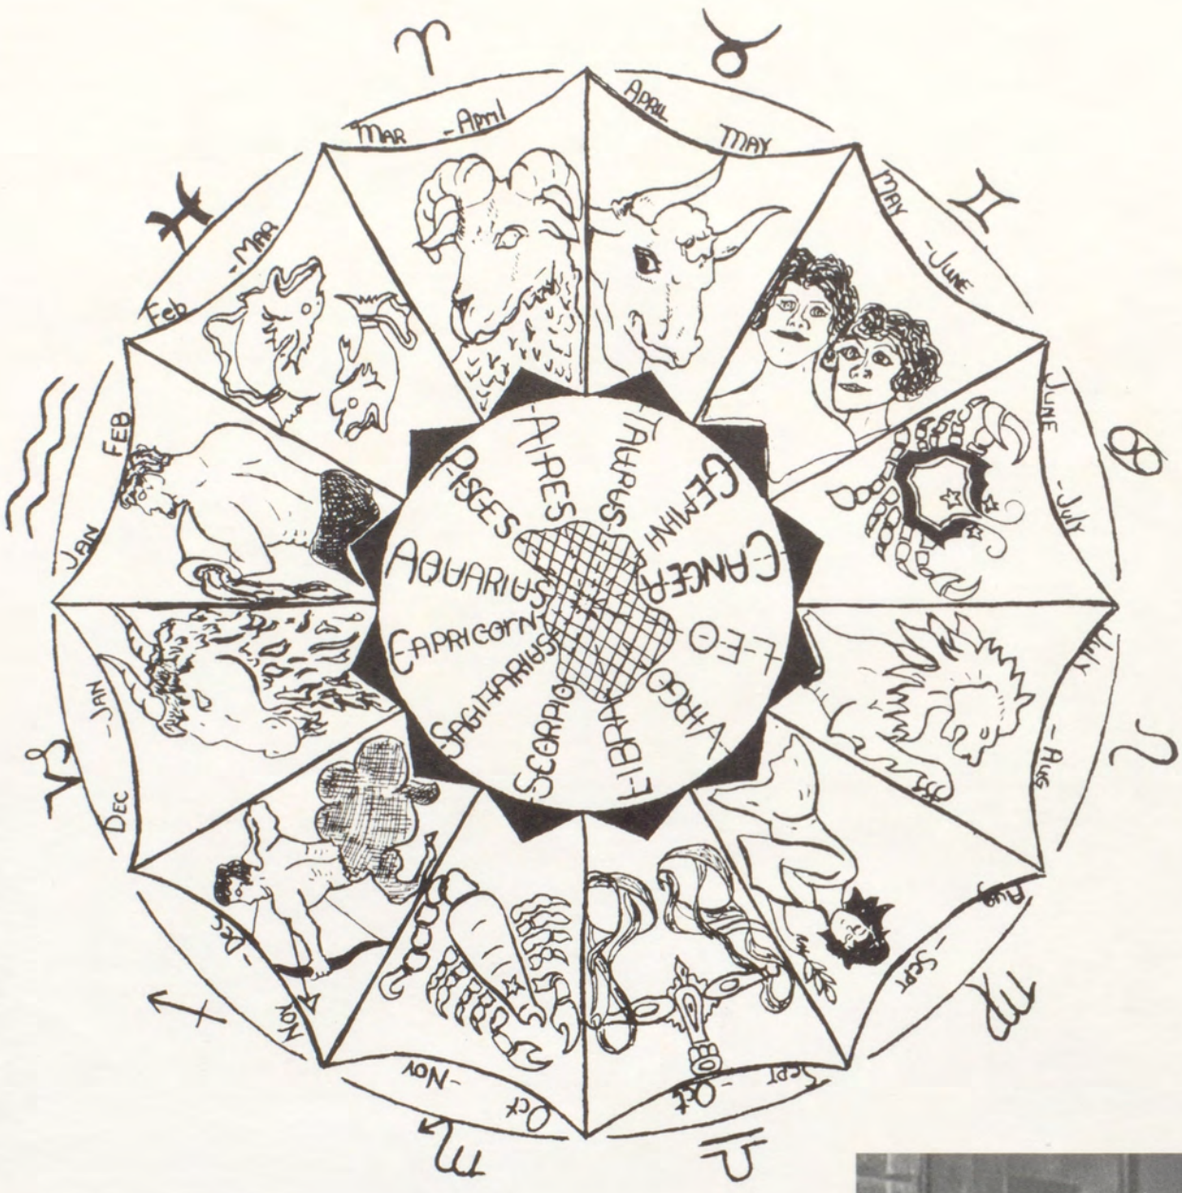

This year's P.T.S.A. was led by President Allan P. Weintraub.

To support the school and students was the purpose of the Parent Teacher Student Association. This year for the first time the organization opened its membership to students. The major project of the P.T.S.A. was to give students a chance to further their education beyond high school through scholarships and a loan fund. To support this and other projects, the P.T.S.A. had a white elephant sale and thrice-monthly bake sales. Fund-raising was supported by donations and hard-working members.

Now that the last treasured year has slipped through grasping fingers, the Senior Class of '71 has only the recollection of fond memories. The excitement of receiving their rings, Conch Day, Field Day, Proms and many others are now all in the past. All four years, under the leadership of Mario LaTorre, they have managed to accomplish many things. They set a record which can never be broken — winning the magazine drive all four years. Graduation — the end of a long struggle and the beginning of a new life — finally came. It was a day which was long awaited but that no one really wished to see. They will always be remembered as an outstanding class in the history of Key West High School. Enthusiasm, participation, leadership, and pride are the main characteristics which make up the Class of 1971.

Boys' and Girls' State

Every year Key West High School has the opportunity of being represented in Tallahassee. Girls' and Boys' State, sponsored by the American Legion, provided a wonderful opportunity for the girls and the boys elected to participate in our state government. The function of our government is very often not understood the way it should be, so the purpose of Girls' and Boys' State was to teach the high school students this knowledge. Elections and legislations were part of the program. Since only very few are able to go, it was a great honor to be chosen.

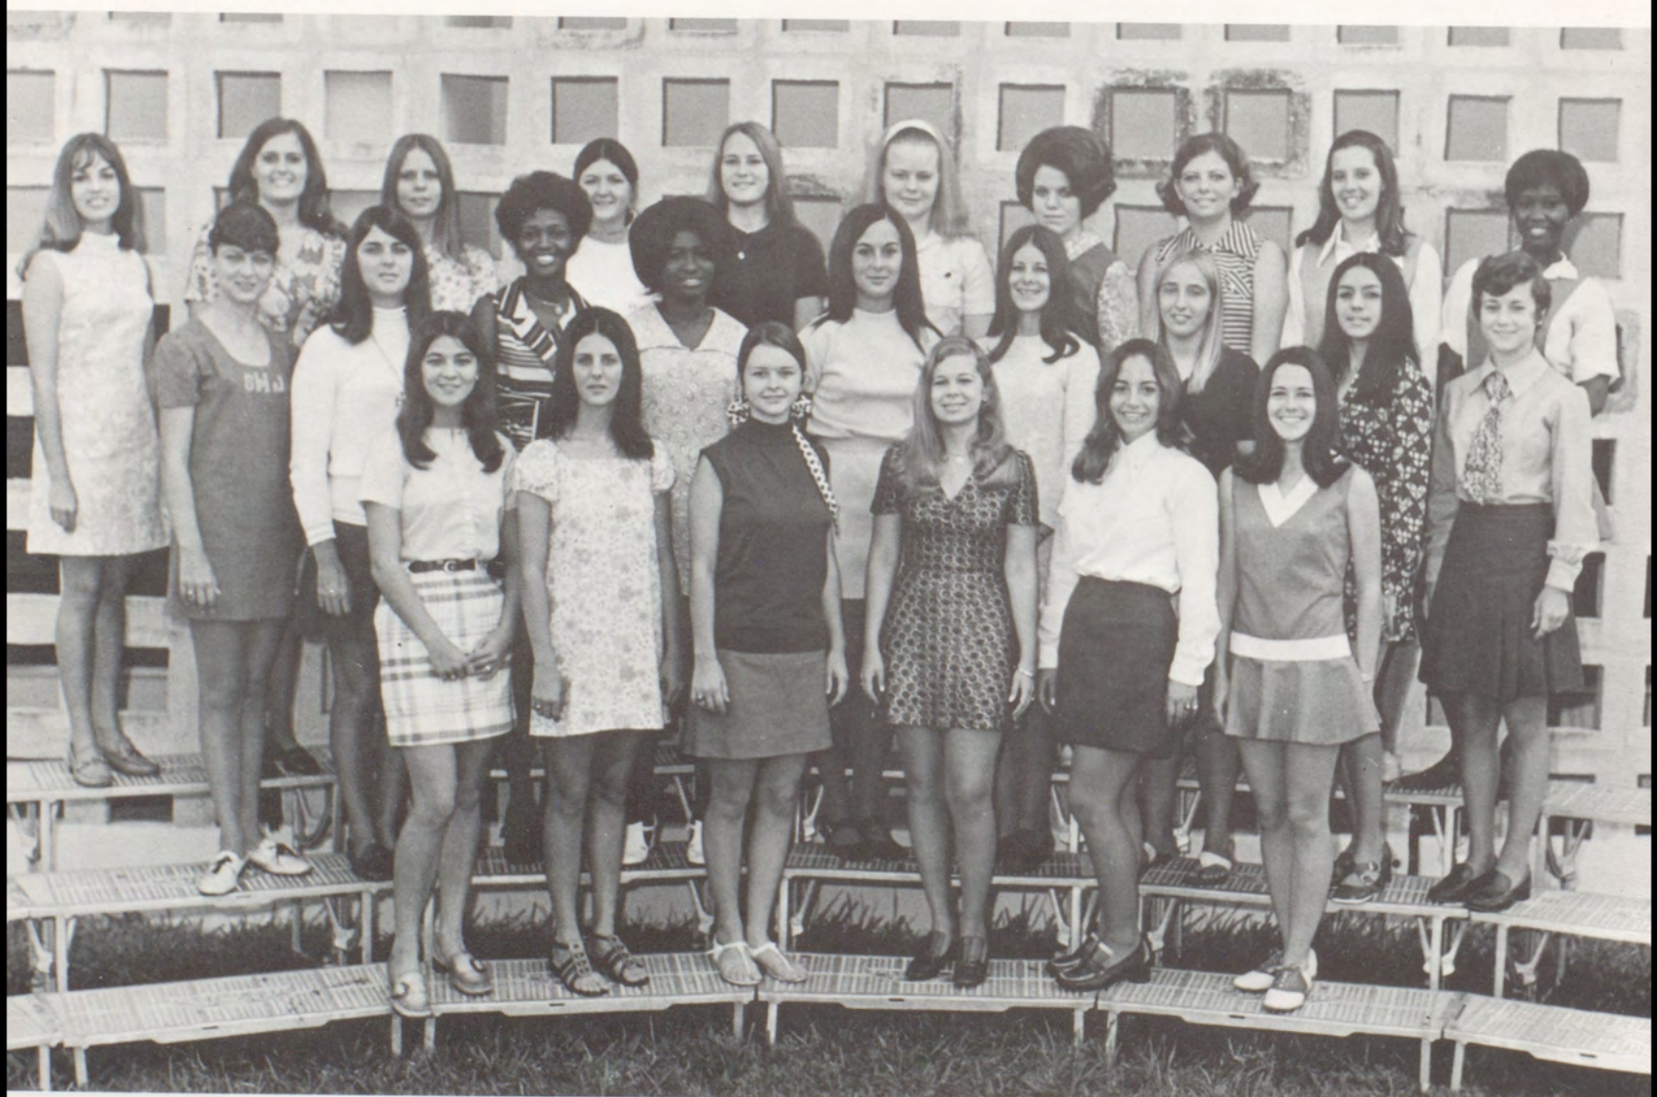

Suzie Dion and Angela Bastian

First Row: Randy Rosam, Bill Charlow; Second Row: Roosevelt Neal, John Banks, Steve Rexford, Philip Duval.

Girls' Day

Girls' Day was a day set aside for senior girls from Key West High and Mary Immaculate High to assume the control of local offices and observe how our city government is run. The girls themselves became temporary members of the fire department and city management. The day proved not only to be fun, but also an educational experience.

First Row: Brenda Stuart, Ellen Weintraub, Debbi Strausburger, Susie Dion, Susan Papp, Nancy Bacle; Second Row: Susan Higgins, Betsy Koeppel, Angie Bastian, Frances Harris, Teri Youmans, Anne Martin, Dotti Heyser, Luisa Garcia, Roma Kincaid; Third Row: Becky Bozo, Kim Anderson, Debi Colton, Kathy Wickers, Linda Specht, Debbie Ogden, Martha Ramirez, Patti Diamandi, Marcia Canady, Carolyn Bain.

Kim Anderson and Elsa Marchan looked over their lines one more time before the play.

Junior

Margaret Carey, President.

Already excited and looking forward to the long awaited day when they would become a "Mighty Senior", the Juniors showed much enthusiasm and their ability to work hard in the upcoming year.

There were many landmarks during the 1970-71 school year that the Junior Class will never forget. For example, there was the very successful Junior Play, the memorable Junior Prom, and the rivalry displayed between the Seniors and the Juniors at Field Day.

Anxious as they were for their Senior rings and privileges, they will come back for their final year and have no trouble resuming the responsibilities that are bestowed upon them.

This year, under the leadership of Margaret Carey, the Junior Class contributed to the success of another year at Key West High School.

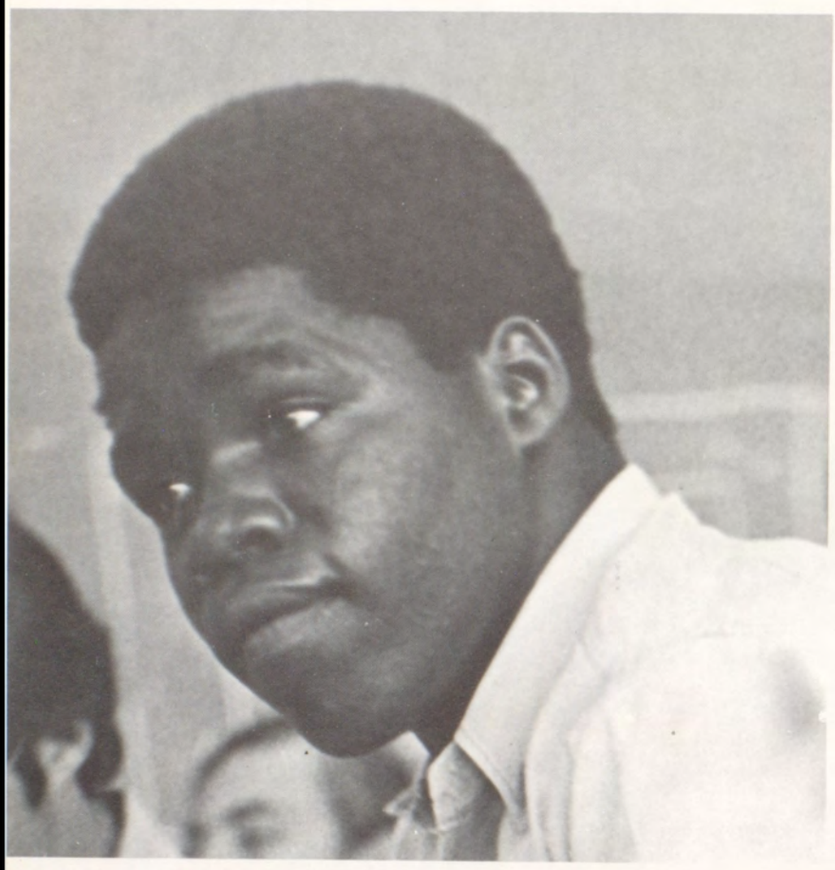

JUNIOR EXECUTIVE BOARD, First Row: Bonnie Hall, Marsha Bevis, Sonja Johnson; Second Row: Andrea Kamper, Stephanie Thompson, Jolene Knowles, Denise Price, Althea Campbell, Diane Grant, Velma Chapple; Third Row: Jeanne Bullard, Patsy Hill, Iva Sawyer, Warren Marshall, Darlene Stevens, JoAnn Moody, Margaret Carey, Rosilyn Mannuel.

Brenda Graves, President

They were finally sophomores, and another year's experience at Key West Kigh School has taught the Class of '73 many new things. Next year they will become upperclassmen and as their junior year looms near, they have already proved their abilities and their leadership by club participation and scholastic achievements.

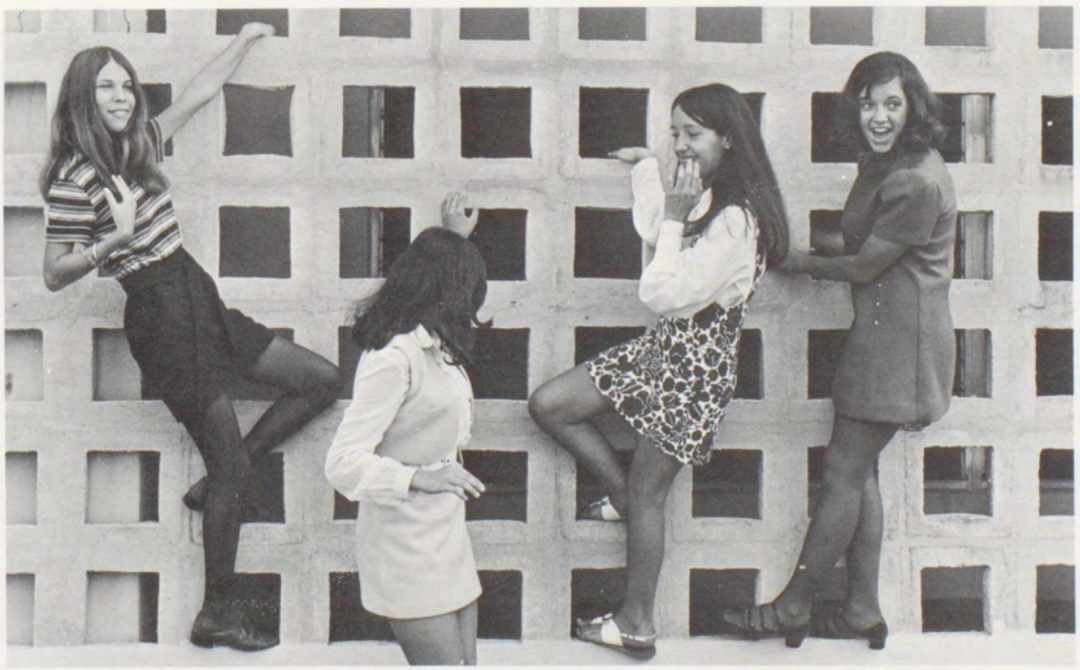

They began the year by electing their class officers. From then on, they went straight uphill. They placed third in the magazine drive and their school spirit at pep rallies, games, and other events was outstanding.

The Class of '73 strived for a higher and better position as they climbed the ladder of success. Some things increase in value as they grow older — this is the Class of '73.

SOPHOMORE EXECUTIVE BOARD, First Row: Herman Sweeting, Cindy Poole, Donna Lopez, Brenda Graves; Second Row: Diane Hernandez, Billy Wardlow, Esther Cates, David Rogowski, Peggy Allen, Chris Dolly; Third Row: Michael Rodriquez; Sandra Caldwell, Frosty Tolan, Nancy Weintraub, Kenny Croft, Judy Kravitz, Jim Sheehan, Marianne Poole.

FRESHMEN OFFICERS: Sharon Fleck, treasurer; Eddy Salazar, vice president; Lynne Stuart, secretary.

Freshman

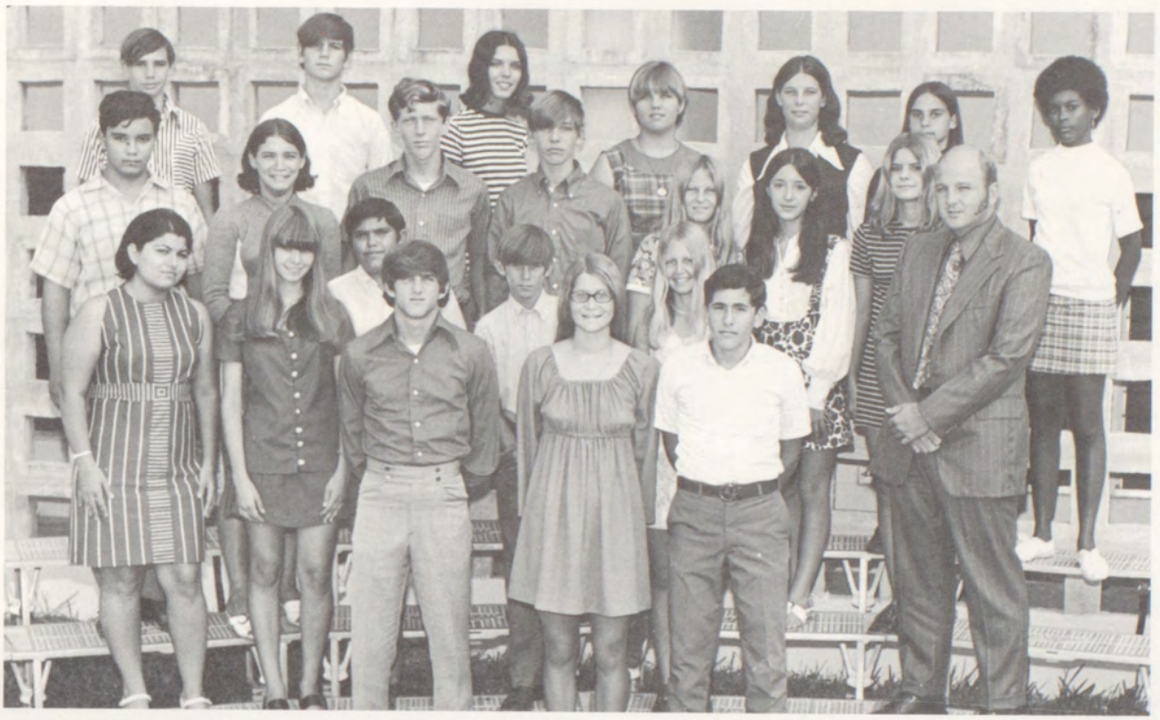

Bill Sanclimenti, president.

The Freshmen, entering Key West High for the first of four exciting and funfilled years, soon got into the swing of school life. Though they were confronted with many hours of hard work and the confusion of a new school, they seemed to have survived as well as most Freshmen do. Many have said that they enjoyed their new found independence better than any thing else.

Having the largest class this year of over 600 students they have stayed together with the help of their class officers: Bill Sanclimenti, President; Eddy Salazar, Vice-President; Lynne Stuart, Treasurer; and Sharon Fleck, Secretary.

With their enthusiasm and school spirit they came in second place in the magazine drive and we're sure that the class of "74" will be one of the best classes ever.

Class

EXECUTIVE BOARD: First Row: Bill Sanclimenti-president, Lynne Stuart-secretary, Eddy Salazar-vice president; Second Row: Miss Kelmachter-sponsor, Ruth Rogers, Carlos Ferrer, Dewitt Roberts, Laurie Drinkwater, Mr. McKell-sponsor; Third Row: Carlos Perez, Debbie Pazo, Kevin Simpson, Mark Jones, Teresa Smith, Kim Lujan, Denise McLaughlin; Fourth Row: Wylie Seglem, John Worton, Janet Gregory, Melissa Martin, Cristie Sturm, Anita Gilbert, Wanda Williams.

FRESHMAN SPONSORS: First Row: Mrs. Brye, Mrs. Zwitman, Miss Kelmachter, Mrs. Levine, Miss Glumac, Mr. Ciesinski; Second Row: Mrs. Adair, Mrs. Kiplinger, Mr. Brye, Mr. McKell.

ORGANIZATIONS

Student Council

Every organization needs a strong governing body to be its back bone. Our back bone at Key West High School was our Student Council. It was the only organization in the school that represented the entire student body through homeroom representatives. President, Marty Kossak, along with the efforts of the council, provided the school with many services. Just one of these services was the orientation program at the very beginning of the year. Here, new students were welcomed and were told about a few of the clubs and the rules of the school. To top it off, they were taken on a tour of the school and had the important places pointed out. Student Council was also in charge of the homecoming activities and held a spectacular homecoming dance. Other programs taken on by the Student Council were Americanism Week and the magazine drive.

Vice President John Parker conducted Student Council meetings while President Marty Kossak was a page in Washington, D.C.

Student Council met every Thursday in the main library.

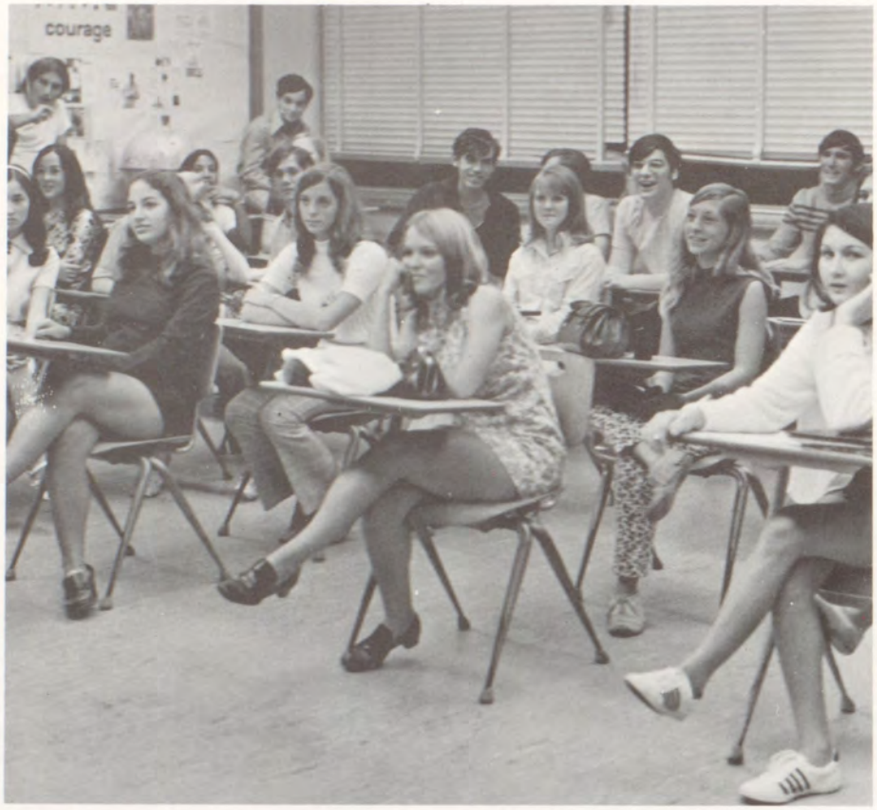

Student Council members listened attentively so they could report to their homerooms.

N.H.S.

The National Honor Society was an organization that was surely an asset to Key West High School. The four main characteristics of a National Honor Society member were leadership, character, scholarship, and service. The members of Honor Society not only proved themselves to be leaders in the school but also an asset to their community. To be a member of N.H.S., a student had to be in the tenth, eleventh, or twelfth grade and had to maintain a "B" average in all of his subjects. The members kept very busy by participating in many projects throughout the school year. Towards the end of the year, they helped Beta Club sponsor the annual Sadie Hawkins Dance. They also kept themselves busy by working for charities, working at concessions and holding bake sales. Recognition came through Honor Society and upon graduation all the Senior members received gold tassels.

Beta Club

The Key West High School National Beta Club was an asset to our community as well as to our school. The characteristics were high scholastic ability, leadership, character and service. It was a great honor to be in Beta Club and something that each and every person could be proud of. The purpose was to promote the ideals of honor, service and leadership among the students of Key West High. Throughout the year they raised money by selling concessions and they also held a candy sale. One of the many projects sponsored by Beta Club this year was the Christmas baskets. They collected food from the homerooms and gave a Christmas meal to a needy family. Another project was the annual Sadie Hawkins Dance with the famous Marrin' Sam.

At an evening meeting Beta Club members listened as the roll was called.

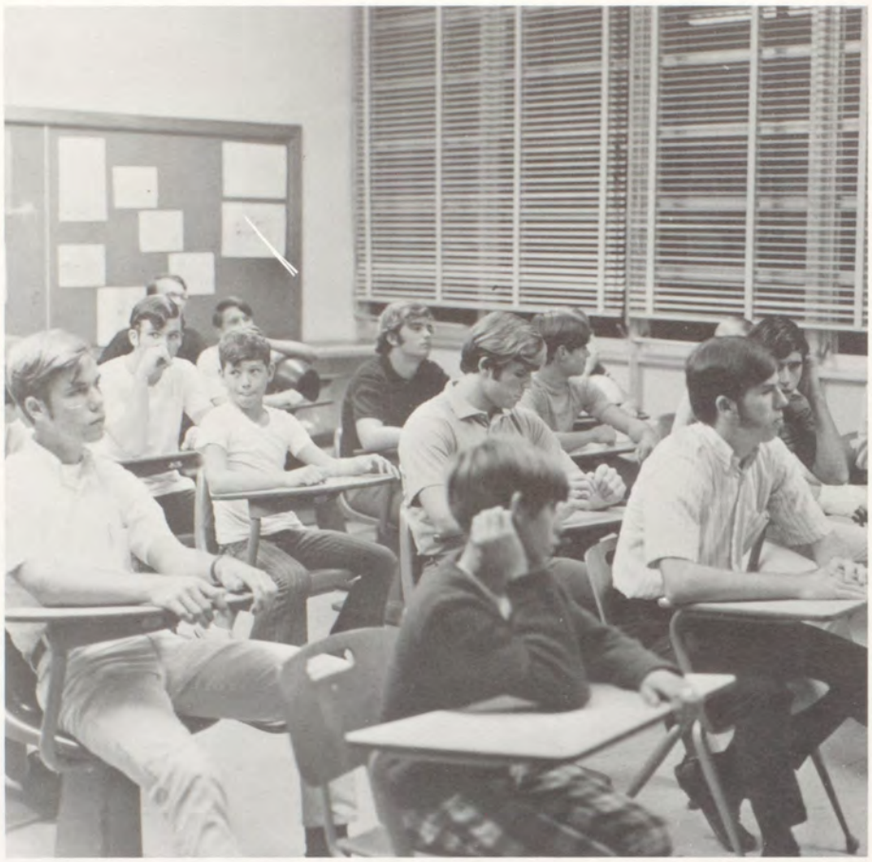

Key Club

The Key Club was an organization of boys from Key West High School. They were members of the senior, junior, sophomore, and freshman classes. Qualifications for membership were having a "C" average or above and some interest in the club. These boys put in an application and the executive board members of the Key Club voted on them. The executive board members consisted of one representative from each class. The senior representative was Artie Grizzle; the junior representative was Harry Kram; the sophomore representative was Ricky Ladd; the freshman representative was Eddie Salazar.

The officers of Key Club were President David Cohen, Vice President Steve Cantrell, Secretary Teddy Lester and Treasurer Mike Monsalvage.

The Key Club sponsored some dances after the football games. They had the Homecoming game concession and made a good profit from it. The Kiwanis Club gave the Key Club and the Keyettes a dance and dinner together at the Country Club.

Key Club members gathered in Mr. McKell's room.

Keyettes

To the Keyettes, service was the key word — service not only to the school, but also to the community. Among the many activities for the school, they showed their school spirit by decorating the goal posts during football season. All through the year, they kept the trophies shining so that the whole student body could be proud of them. To earn money, they worked concessions and held bake sales during the lunch shifts. In serving the community, they gave Christmas gifts to needy children who otherwise would have had no Christmas. At Easter time, they made Easter baskets and gave them to the people in the Nursing Home. The members of Keyettes were girls who were in the last three years of school and who maintained an overall "C" average.

Keyettes decorated the goal posts for home football games.

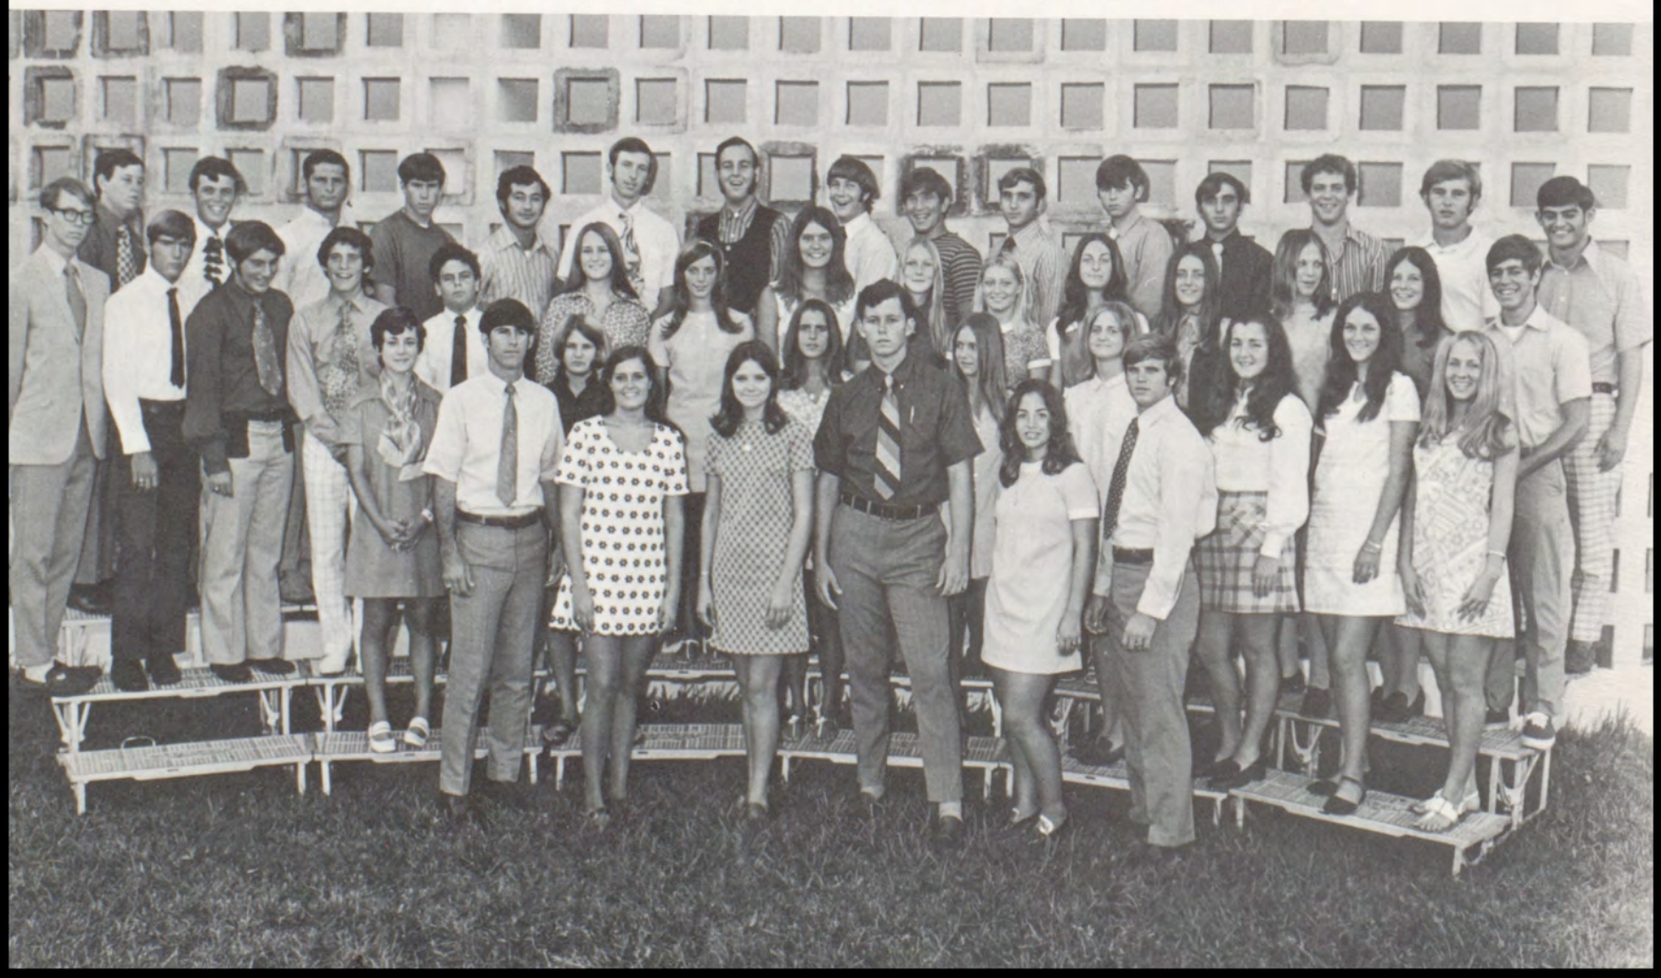

Interact

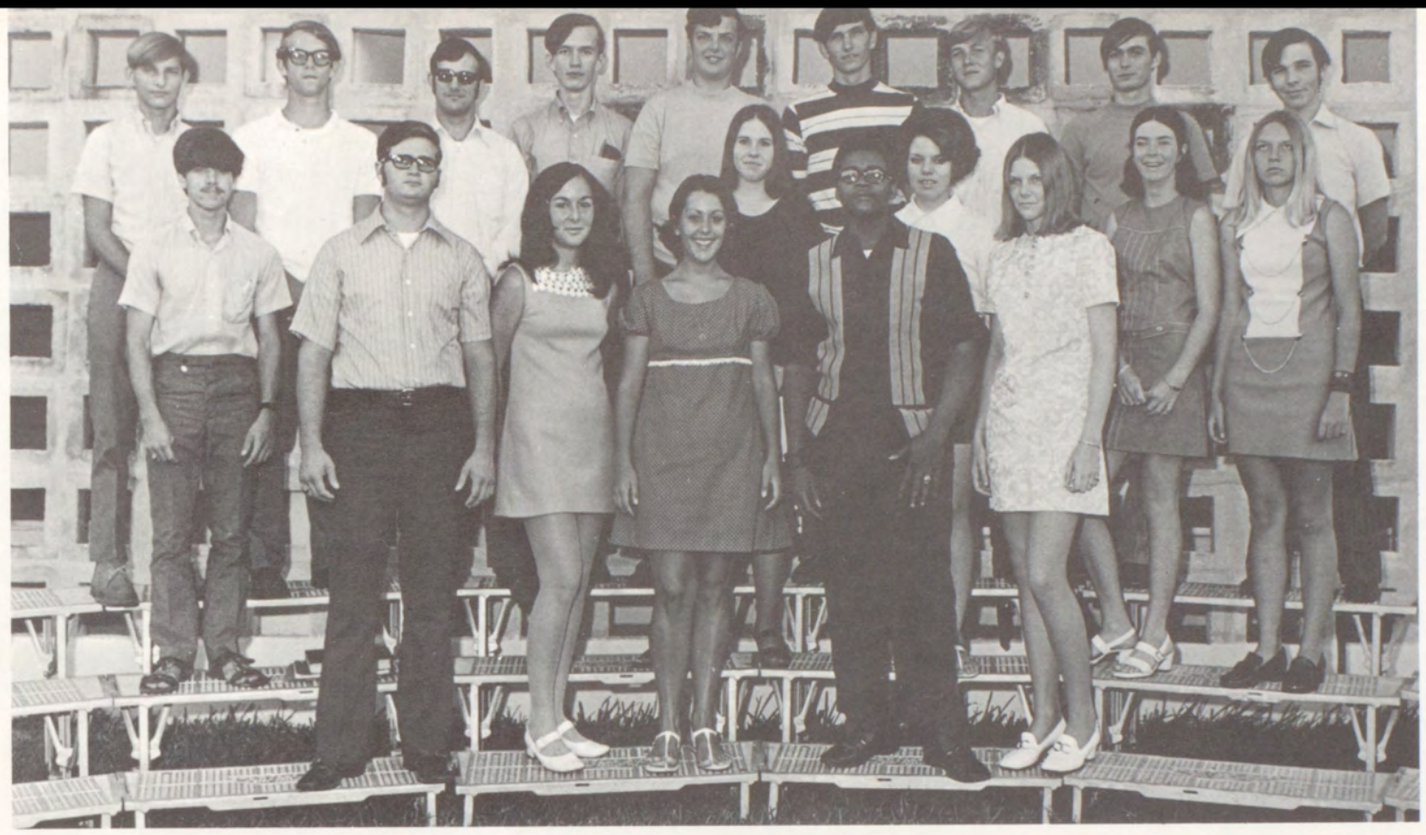

The Interact Club was a service club whose purpose was to make helpful contributions to the school and to the community. One of the club's major projects this year was to collect, wrap and mail Christmas packages to service men stationed in Vietnam. Sponsored by Mr. Tom Roberts, the club was led in its service projects by its officers: President Susan Aumack, Vice President Susan Papp, Secretary Earle Darby, and Treasurer Tony Davenport. Funds for projects were raised through bake sales, a football dance and a football concession with the Liberation Club.

President Susan Aumack opened another Interact meeting.

D. C. T.

This year's Diversified Cooperative Training group was sponsored by Mr. Dan Santucci. These students went to school half a day and worked at various jobs throughout the city the other half. They learned the responsibility of going to school and working at the same time. They also learned about the many opportunities that there are in the business world and those particular to our area. Whether they planned on staying on in Key West to work or to move somewhere to start out on their own, they have had the opportunity to learn and the experience to help them do whatever they wanted. This program gave D.C.T. students the experience and the knowledge to help them begin in the business world and plan their futures.

Peggy Lee was enthusiastic about her job at Food Fair.

Conch

One of the most rewarding but also nerve-wracking and frustrating jobs was making a fairly accurate account of the activities and events of our school year in the form of the "71" *Conch*. The *Conch* staff sponsored by Mrs. Mary Lou Brye spent many hours writing copy, arranging layouts, selecting pictures, identifying faces, alphabetizing names and last but certainly not least meeting the four deadlines. The *Conch* would like to especially acknowledge Danny Gelabert's volunteered assistance in photography and advertising.

Snapper

The Snapper, our school newspaper, was an eight page issue of what's happening on school campus. It expressed some of the ideas of todays students, took surveys, had sports write-ups and even had a comic section. A reporter on the Snapper staff was on duty all hours of the day. Although he sometimes stayed after school and gave up his own time, he obtained the news because he knew the publication of a well-written story in an issue of the Snapper was well worth the work. This year's sponsor, Mrs. Brenda Stevens, and Editor-In-Chief, Mary Felton, kept watchful eyes on the rest of the staff, which consisted of assistant-editor, Cassandra Curry, sports editor, Mike Cavanaugh and the many reporters who did a wonderful job to keep the students of Key West High School in the "know". We appreciated your time and effort in giving us our Snapper.

First Row: Sharon Whitaker, Becky Eaton, Mike Cavanaugh, Mary Felton, Christine Curry. Third Row: Jim Parkhill, Cliff Eastman, Jimmy Greenwood, Henry Hall, Billy Olson, Walter Rozanski, Joel Douthett, Danny Pinkerton, Bill Cavanaugh.

The staff had their own office in which to prepare the *Snapper*.

Editor Mary Felton discussed publication with staff members.

Spanish Club members listened attentively to Mr. Fraga at an afternoon meeting.

Spanish Club

The goal of the Spanish Club this year was to promote the relationship between students and the Spanish language, its countries, its customs, its traditions, its literature, and its art. To become a member of the Spanish Club a student had to be taking Spanish in school, be willing to participate in the club's activities and be interested in the Spanish world. The club sponsored by Mr. Pedro Fraga held afternoon meetings to arrange bake sales, parties, concessions and a field trip.

First Row: Dawn Julian, Sandra Caldwell, Karen Hays, Jeanette Hernandez, Mr. Fraga; Second Row: Susan Delman, Deanna Shindle, Claudia McGinly, Kim Lujan, Kathy Villareal, Iggy Cobo, Deana Hernandez; Third Row: Ana Lot, Duane Truscott, Crystal Clarke, Eugene Toomer, Carole Cornwall, Eddy Salazar, Danny Cisneros, Barbara Gates, Imogene Scadlock.

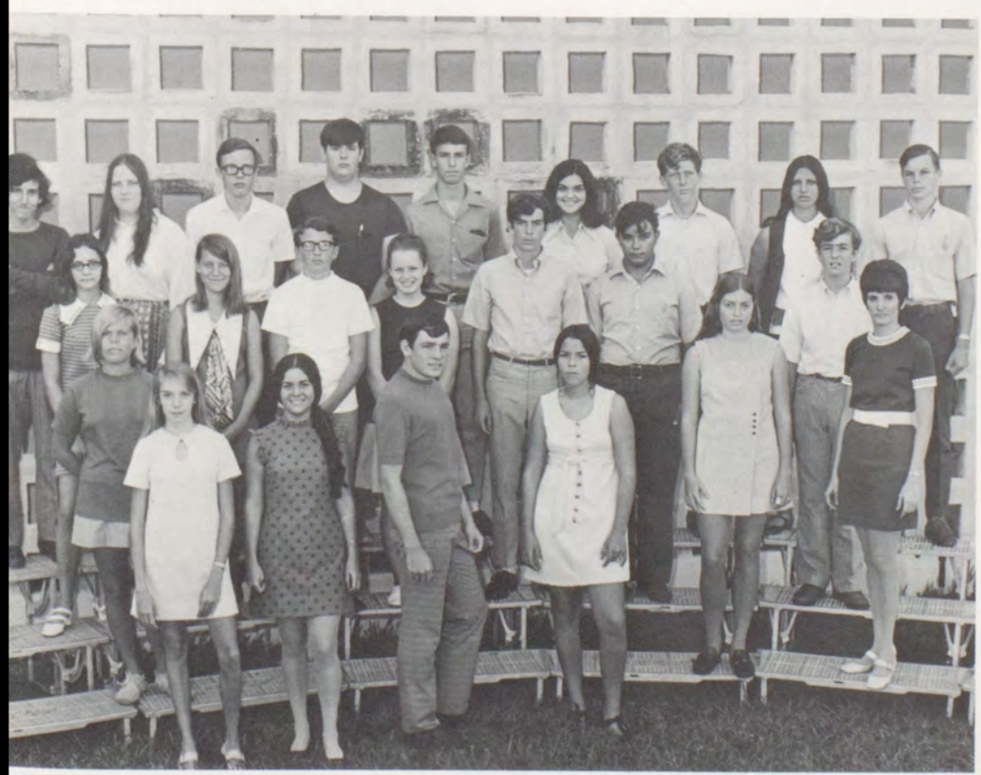

Latin Club

This club's main objective was to relate the importance of Latin towards our society and everyday jobs. Latin made up a large part of our English language because much of our language was derived from Latin. As a club these students engaged in many other school activities. Some of these were the annual slave auction where members of the club were sold each year to a slave master. For the whole day, the slave had to do as the master said. It was a very interesting experience for all. Also, club members served concessions and helped in supporting our school with a lot of school spirit.

French Club

This year the French Club has been active in many different activities. The club has sponsored school dances after the football games, the concessions at both the basketball and football games and has had some very successful bake sales.

The French Club was an organization of students that were interested in and who enjoyed learning about the French culture and its society. It was composed of students from the Senior, Junior, Sophomore, and Freshman classes.

The officers of this year's French Club were: Magda Herrera, President; Daisy Recarey, Vice President; Janice Williams, Secretary; and Marc Willis, Treasurer.

They had regular meetings and made some plans for future activities with the members and the members felt the same way. Both hope that next year's French Club will be bigger and better. So good luck for a larger and a more exciting French Club in the future.

The Executive Board met in Mrs. Galen's office.

First Row: Mrs. Galen, sponsor, Andrea Kamper, historian, Jennifer Paul, vice president, Bill Charlow, president, Melanie Mathews, secretary, Pam Curry, parliamentarian, Cecil Howell, Mr. Karl, sponsor; Second Row: Bonnie Cater, Ayme Rodriguez, Debbie Sawyer, Rosita Sands, Sandra Higgs, Ben Franklin; Third Row: Carol Melson, Bill Franklin, Rosilyn Mannuel, Robert Bradford, treasurer, John Ross, Iva Sawyer, Linda Seipel, Chary Anastasia.

F. T. A.

Founded in 1939, the main purpose of the Future Teachers of America throughout the years has been to encourage students to become interested in the teaching profession and to further their knowledge of teaching.

Some of the activities of the F.T.A. were special tutoring classes, observing classes in other schools in Monroe County, handling the Teacher of the Month and Teacher of the Year program, assisting teachers and sponsoring a teacher reception during Education Week. Qualifications to become a member of the F.T.A. were having an interest in teaching, recommendations from teachers and no less than a "C" average.

Home Ec Club

The Home Ec Club, under the sponsorship of Miss Clark, was organized this year for the first time for the purpose of inciting and preparing its members to become better homemakers. Although the club's members had diversified interests, their common interests were in home ec and community involvement. The requirements for membership were interest in the organization, payment of dues, and enrollment, either current or previous, in a home ec course.

First Row: Lisa Scarlett, vice president, Lourdes Liz, Teresa Smith, Angela Pinder, Lynne Scarlett; Second Row: Doris Roberts, president, Patrice Drennan, Annie Roberts, Cindy Turner, Debbie Teel, secretary, Betsy Noland; Third Row: Carol Glover, Melissa Wood, Mary Morgan, Lisa Wiggins, Robin Thompson, Nanette Birdwell, treasurer, Lynn Vance, Brenda Holmes, Vicki Holyfield.

First Row: Carl Hagenkotter, vice president; Second Row: Mike Simpson, treasurer, Rick Dale, secretary, James Jordan, president.

Safety Club

The Safety Club of the Key West High School sponsored by Mr. James Pannell was a member of the National Safety Clubs of America. It was established for the purpose of promoting safety in the school, in the home, and on the road. Students taking Drivers' Education or already previously having had Drivers' Education were qualified for membership in the Safety Club. This year the Safety Club's main money making project was selling roasted peanuts at the home football and baseball games.

First Row: Georgia Scott, Donna Greenwood, Laurel Beringer; Second Row: Caren Conrad, Karen Olen, Judi Mantesino, Carol Walterson; Third Row: Linda Cates, Cindy Tuner, Betty McMinn, Karen Golding, Betsy Noland; Fourth Row: Marianne Poole, Margaret Tucker, Carol Glover, Amanda Kilborn, Brenda Holmes, Vicki Holyfield.

Pep Club

The requirement to be in Pep Club was right in the name. A person must have had a lot of "pep" and, of course, a great amount of school spirit. This year, the Key West High School Pep Club had this and much more. They organized themselves at the very beginning of the year and were ready with their uniforms, their pompoms, and their spirit for the very first game. They were always on hand to assist the cheerleaders in leading the Conchs on to victory. They not only helped out during the different athletic events, but also during the pep rallies. These girls put in many hours of their spare time and practiced until every cheer was perfect.

First Row: Ray Capas, Ned Simmons, Jimmy Greenwood, Artie Grizzle, Mundy Quesada, Steve Martinez; Second Row: Teddy Lester, Adolfo Avael, Pat Labrada, John Kaine, Bill Spottswood, Forest Burton, Robert Mize; Third Row: Mr. Russo, sponsor, Mike Hogan, David Campo, Bruce Bonds, Tony Davenport, Barry Soester, Danny Jimenez, Chris Wilson, Mike Monsalvatge.

K Club

The K Club was a group of boys from Key West High School who had lettered in a sport. They were either seniors, juniors, sophomores, or second semester freshmen. These boys had done above average work in their particular sport and had broken school and county records. Each boy had demonstrated his ability and had shown that he deserved the big red "K" given him. Whether the sport was football, basketball, track, baseball or tennis, these boys truly deserved and were proud to wear the mighty "K" for the K Club.

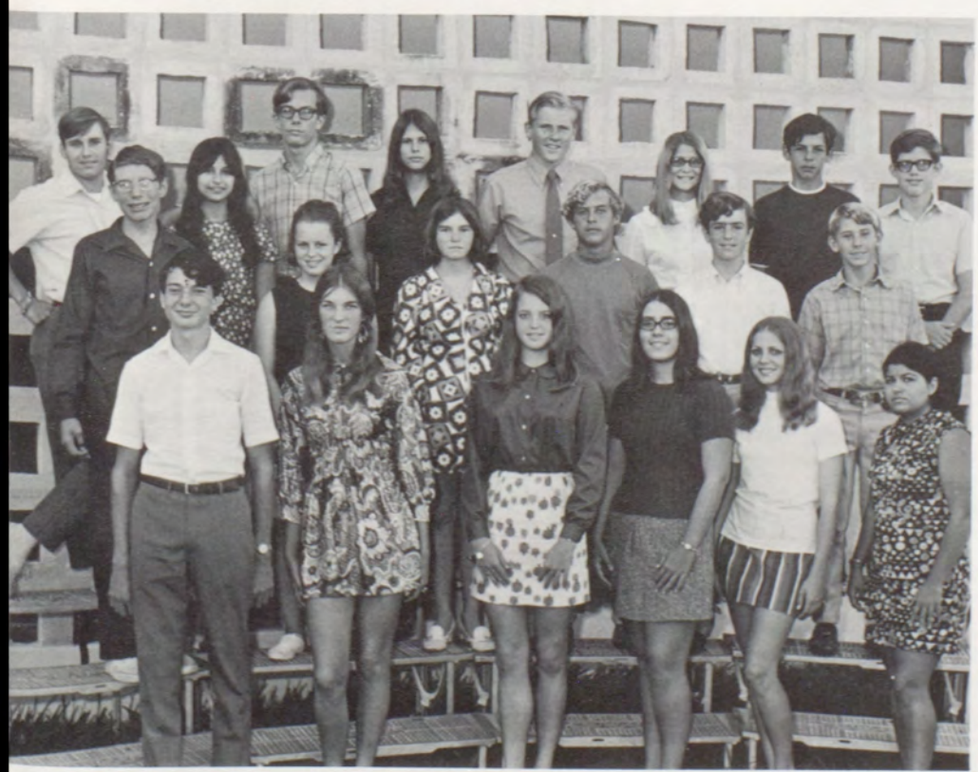

Liberation Club

The Liberation Club was a new organization this year. The main reason for the formation of this club was to serve the school and student body. One of the Liberation Club's main goals was to work towards the evaluation and change of the dress code and other such rules. The club was financially supported by school concessions and lunch time bake sales on the patio. Under the sponsorship of Mr. Bain the club had a successful, yet hard-working year.

First Row: Debrette Casamayor, president, Shirley Knowles, vice president, Mona Clark, treasurer, Millicent Weech, secretary; Second Row: Valerie Russell, Vernette Strachan, Christine Curry, Mr. Bain, sponsor; Third Row: Esther Evans, Gwendolyn Fisher, Margaret Carey, Althea Campbell, Brenda Graves; Fourth Row: Roslyn Weech, Carolyn Rahming, Donna Lopez, Iva Sawyer, Kimberly Dixon.

First Row: Mike Hamley, Jenny Paul, Linda Seipel, president, Pam Curry, Andrea Kamper, Miss Kelmachter, sponsor; Second Row: Ben Franklin, Paula Dockery, Marianne Poole, John Doody, Lloyd West, Rick Zucker; Third Row: Bill Billings, Kathy Villareal, Robert Sample, Susan Schoneck, John Mortimer, Lynne Stuart, Dean Hatch, Bernard Seward. Not Pictured: Mr. Fabal and Mr. Joyner.

Math Club

The Math Club sponsored by Miss Kelmachter with Mr. Fabal and Mr. Joyner had the purpose of furthering student interest in mathematics. Activities of the club included visiting places of mathematical interest such as the computer center on the Navy base. Math Club members raised money for these projects through bake sales and a basketball concession. This organization also sponsored a competitive math test.

First Row: Steve Rexford, treasurer, JoAnn Moody, secretary, Betsy Koeppel, vice president, Suzy Dion, president; Second Row: Vicki McGraw, Randy Rosam, Debra Moore, Maria Perez, Walter Kirchner, Imogene Scadlock; Third Row: Kim Anderson, Susan Aumack, Kim Dixon, Arty Rogel, Susan Stutte, Michael Knowles; Fourth Row: James Jordan, Ricardo Perez, John Ross, Larry Garcia.

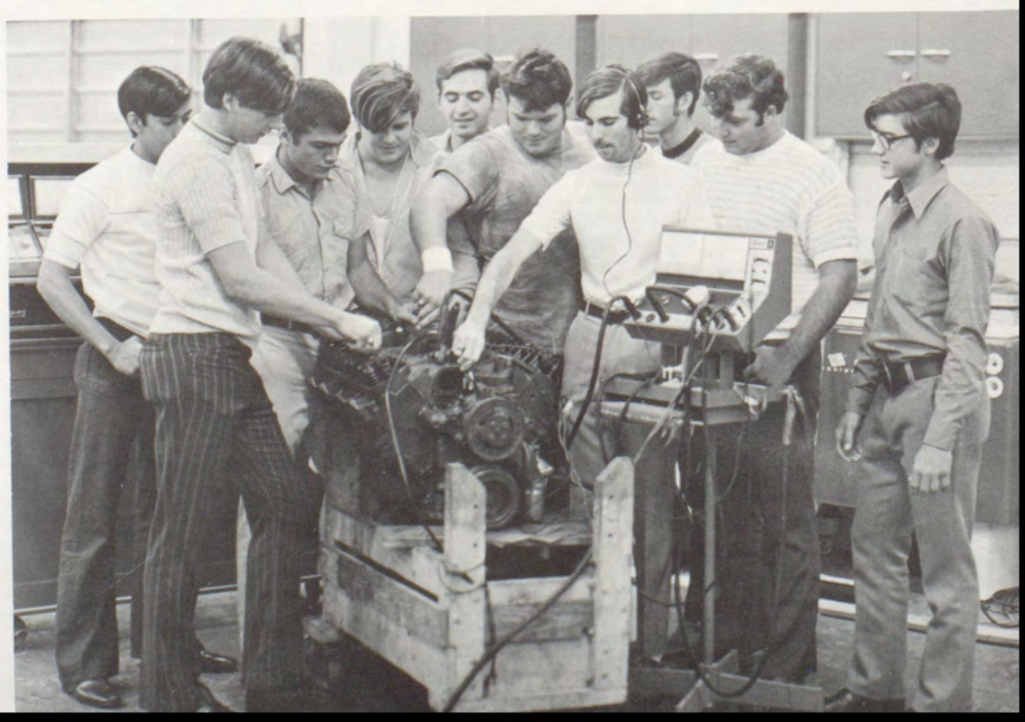

Thespians

Our Thespians were associated with the International Thespian Society and formed Troupe 2497. Many of the club's members were initiated members of ITS. Such membership was an honor conferred on students who had completed a minimum of one hundred hours of excellent work on dramatic productions. The purpose of ITS and our school affiliate was to advance and improve the theatre arts in the secondary school. The club's members worked diligently throughout the year on the school's dramatic presentations.

Ralph Ogden, Ray Gilbert, David Trujillo, Wayne Davila, Edward Vaniska, Ed Soldano, Greg Casey, Ricky Pierce. Joe Aritas, Gerald Santana.

Auto Mechanics

The Auto Mechanics Club was made up of students interested in extending their knowledge of the internal combustion engine and the automobile as a whole, in developing skills for their own use and in finding out about the fields of industry open to the well-trained. The boys were interested in such projects as engine repair, structural repair and maintenance of the automobile.

Majorettes

Adding sparkle, charm and a little smile to all of the band performances, the Key West High School majorette corps was always ready to do their best whether it was out on the field or on the stage. When they twirled in the district and state contests, they always came out receiving exactly what they deserved—superior. In addition to their constant performances with the band, they also helped them with such services as bake sales, dances, and the annual tag day.

Band

The Key West High School Band was made up of students in grades nine through twelve. This year there were about seventy-five members including the majorettes. Membership in the band was determined by audition with a certain grade average required. Mr. William Higgins directed the band assisted by Mr. William Dollarhide. The performance schedule of the band was continuous from September until graduation and this year included a trip to Washington, D.C., to participate in the National Cherry Blossom Festival Parade of Princesses on April 3, 1971. Band members worked all year to earn the money for this trip. The Band also participated in the Marching Contest, District and State Contest. This year the band continued its record of consistently superior performances.

This music is going to my head!

Conchettes

We were very fortunate at Key West High to have a talented group of girls called the Conchettes. They were a very unique group and were the only one of its kind in the state of Florida. The Conchettes worked very hard and put on spectacular half-time shows. In the spring, they filled the auditorium with their annual Conchette Capers. It was a great honor to all the girls to be in Conchettes. The membership was open to all girls in grades nine through twelve with an average scholastic ability. Last, but not least, the Conchettes were always known by their winning personalities and their warm, friendly smiles.

I can't look . . . someone tell me when it's over!

Chorus

Well deserving their title of "superior", the Key West High School Chorus was a great musical asset to our high school life. Under the direction of Mr. Tom Whitley, they demonstrated the talent that made all of their performances an event to remember. As always in the past, "Uncle Tom" did an excellent job of training our chorus into a beautiful, talented group of people and should be very proud of his prize-winning achievement. One of the many events the chorus held throughout the year was the annual Christmas Ball that was held during the Christmas vacation. Much planning and preparation went into the Christmas Ball, and it was surely an eventful evening for everyone who attended. The chorus provided entertainment for various groups in the past year, and well represented Key West High School in the district and state contests. The chorus kept our school in harmony as well as our spirits high.

Mr. Whitley shared his love of music with his students.

Ninth Grade Chorus: First Row: Mayra Perez, Kim Lujan, Imogene Scadlock, Debbie Rassett, Carol Glover. Chorus members spent many long hours practicing for their splendid performances.

J. V. Cheerleaders

The Junior Varsity teams were supported this year by the peppy squad of J.V. cheerleaders. The girls were sponsored by Mrs. Caprio and led by Captain Lisa Papy and Co-captain Farnie Spottswood. The girls spent many hours practicing together which showed when the cheered. This lively and gay group were at all the games leading the fans' spirit and cheers. As the saying goes there is a woman behind every man, these girls were behind the J.V. teams.

Lisa Papy, Captain

First Row: Vicki Santiago. Second Row: Karen Hawkins, Denise Clark. Third Row: Debbie Broomhall, Denise McLaughlin, Dianne Pritchard. Fourth Row: Yvonne Cintron, Lisa Papy, Farnie Spottswood, Debbie Wood, Julie Turner, Jane Burchett.

First Row: Laurie Drinkwater, Joanne Mingo, Stacey Shaw. Second Row: Lynne Stuart, Jill Mathews, Vernette Strachan, Delvita Thorpe, Melissa Allen, co-captain, Sabrina Valdez, captain, Krissy Stafford.

Freshman Cheerleaders

Freshman cheerleaders, having only the privilege to cheer during the basketball season, have had little recognition. Because of the time they have had to practice, these girls have succeeded in learning each cheer by heart and then adding a few new ones. Each day after school, these high-spirited girls can be seen working hard at their cheers. Sponsored by Mrs. Caprio, the freshman cheerleaders led the cheering for the freshman basketball team.

Varsity Cheerleaders

Enthusiasm, spirit, and a good loud yell made up the Key West High School varsity cheerleaders. They were always on hand to support the team during the games and lead the cheers during the pep rallies. They practiced every day after school until all of their motions and jumps were perfect. The cheerleaders also worked very hard at bakesales, concessions, sponsoring dances, etc. to earn enough money to travel to the away games. There was nothing more important to the varsity cheerleaders then school spirit, and they proved to the players that the entire student body was behind them all the way.

Conchs were on the move:

"On with the crimson, on with the gray!" and the 1970 fighting Conchs once again came running onto the field. Under the direction of head coach Joe Russo, we had one of our better football seasons with six wins and four losses. The 1970 Conchs practiced long, hard hours and displayed good sportsmanship and fine teamwork. They started off their season with a 16-0 victory over Central. Another principle event of the season was the win over Columbus when Chris Wilson kicked his "pro" field goals. One of the main highlights of the season was Ernie Henderson's one hundred yard interception return in the game against Central which broke a new school record. Adolfo Avael broke another record which was the most tackles in one season. At the end of the season, he had one hundred and five tackles credited to him. Chris Wilson broke four records during the season. One of these was the forty-four yard field goal against South Dade. Over-all the season was filled with victory and excitement, one that will not be forgotten.

Coaches: Mr. Joe Russo, Mr. Bobby Menendez, Mr. Dave Evans, Mr. Jerry Hughes.

First Row: Adolfo Avael, Artie Grizzle, Steve Martinez, Mike Chudy, Harry Kram, David Gootee. Second Row: Teddy Lester, Kenny Allen, Ralph Tingley, Jerry Smith, Mike Jolly, Rudy Rego. Third Row: Chris Wilson, Dan Jimenez, John Kaine, Jose Fernandez, Rick Runnels, Pat Labrada, Ken Hockman.

Quickness was the key

This year, as always, the Key West High School basketball team has shown great achievement. Each game was more exciting than the next and once they got started, nothing could stop them. They started off the season right with a 74-48 victory over Miami Edison. From then on it was straight up hill and the Conchs finished with an outstanding record. Under the coaching of Mr. Dave Fedor, and assistant coach Billy Cabanas, the basketball team of 1971 was a great success. The four returning players from the 1970 season were William Stafford, Ernie Henderson, Bill Spottswood, and Warren Marshall. The result of the high-scoring, excitement-filled 1971 basketball season was a record that everyone could be proud of.

Tennis: The "Love"

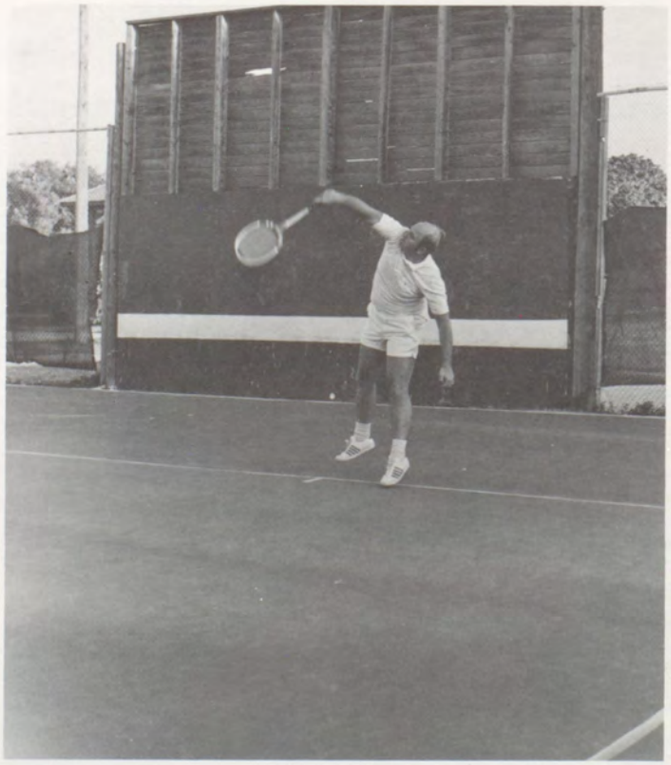

Although the tennis teams received very little recognition, the hard-working students did their best to represent Key West High School in a sport that required great physical strain and determination. The boys' and girls' tennis teams worked and practiced long, hard hours and were always ready to meet some of the strongest teams in the state. Whether they were playing singles or doubles, their swings were always up to perfection. The coaches of the girls' and boys' tennis teams, Miss Sandra Wickers and Mr. Jim McKell respectively, worked with their students until their serves, backhands, and forehands were perfect. Hard work and much practice paid off, and our tennis team should be congratulated on bringing honor to Key West High.

Survival of the fittest

In 1949, when the American car buyer
had his choice of cars like the De Soto, the Hudson
or the Studebaker, two intrepid souls bought Volkswagens.
It turns out they were more farsighted than foolhardy.
Because today there aren't many De Sotos, Hudsons
or Studebakers around.
But there are quite a few Volkswagens. More than
three and a half million at last count.
Seldom has so little come so far.
