OUR NEW PRINCIPAL

Looking back at his first year as principal, Mr. Tommy Roberts comments on pride and tradition.

"The students' happiness and enthusiasm is really exciting. I see school spirit at its best. As we paint and fix our campus, we support our sports teams, and take an overall pride in Key West High School. School spirit and school pride are partners with a quality academic program. I would like to say thank you to each of you who care so much, and want to be a part of Florida's best high school."

Twenty-four years ago, Mr. Roberts was a senior at Key West High School. As he sees all the changes occurring at Key West High School, he recalls what it was like in 1963. There was no J-wing, no tennis courts, no pool and no vocational programs. But, he says, there was a lot of pride.

Now, in the midst of the 1987-1988 school year there has been a few changes in the school. There are air-conditioners, the school is finally being painted red and grey, and Mr. Roberts is the new principal of Key West High School. But, a small piece of the past lives on pride. Key West High School is overflowing with pride and tradition.

For the students of the future, Mr. Roberts promises great amounts of academic and extra-curricular opportunities. "There will be a lot to look forward to in the years to come," says Mr. Roberts.

Finally, the students, the faculty, and the community would like to welcome Mr. Roberts and wish him many good years at Key West High School.

Mr. Thomas Roberts, Principal

FRESH FRESHMEN

As freshmen we enter Key West High School full of opportunity, but we are also confronted with a very new environment.

There are many changes that the freshmen must deal with, such as the size of the school, fitting in, and getting involved in the activities and clubs.

Nathan Borrer relaxing after class.

The freshmen also have many advantages this year such as, the new air-conditioners that have been installed in every class, and the view of our school in its school colors.

We continually wish lots of luck to the new freshmen, and hope they'll have lots of fun in the years to come at Key West High School.

BABY

CENTER

Matthew Palmer enjoying playtime.

A new dimension was added to Key West High School late last year in the form of a nursery/day-care center for children of school aged parents.

A special grant from the State Dept. of Education was awarded to the school as part of a dropout prevention program and renovation of B-1 and B-2 was started in March 1987. By May, two infants were enrolled in the program while the facility was being completed. Work continued throughout the summer and when school started this year, the center was ready for business.

In conjunction with the center, a child care course is being offered through the Vocational Home and Economics Dept. Students spend one period each day in class and one period in the center where they gain hands-on experience with the children. The course prepares students to become day-care workers and provides experiences for other child-oriented occupations.

Any school-aged parent is eligible for the services provided free of charge. In addition, the facility is used in the evening for the Adult Education Program.

DUAL ENROLLMENT

Dual enrollment, college courses for high school students, are offered at Key West High School through Florida Keys Community College. Students in grades 9-12 having a 3.0 or better grade point average, are recommended for dual enrollment by the high school principal.

Dual enrollment courses are the same courses taught on the FKCC campus. FKCC faculty, in some instances, come to the high school to teach the courses; normally, a qualified high school instructor will teach a course. Each course runs five days a week for eighteen weeks.

Dual enrollment courses cost Key West High School students absolutely nothing. Dual enrollment students pay no admission fee, and receive one-hundred percent tuition waiver plus the free use of text books (adding up to about eighty-five dollars per course.) This equates to a full scholarship for all dual enrollment courses completed.

THE SUMMER AWAY

Omyra Ramsingh a senior at KWHS attended the summer program of Boston College. This highly competitive college sponsored a number of seniors from all over the world. Omyra attended two classes for three hours credit each. She took Psychology in Law and a literature class.

Omyra enjoyed being treated as a college student. She had a chance to explore college life and realized the importance of individuality. When asked what she accomplished this summer Omyra replied "a boost in my self-confidence and many lasting friendships." Will she go to Boston College after graduation? Yes, she said there is a good possibility.

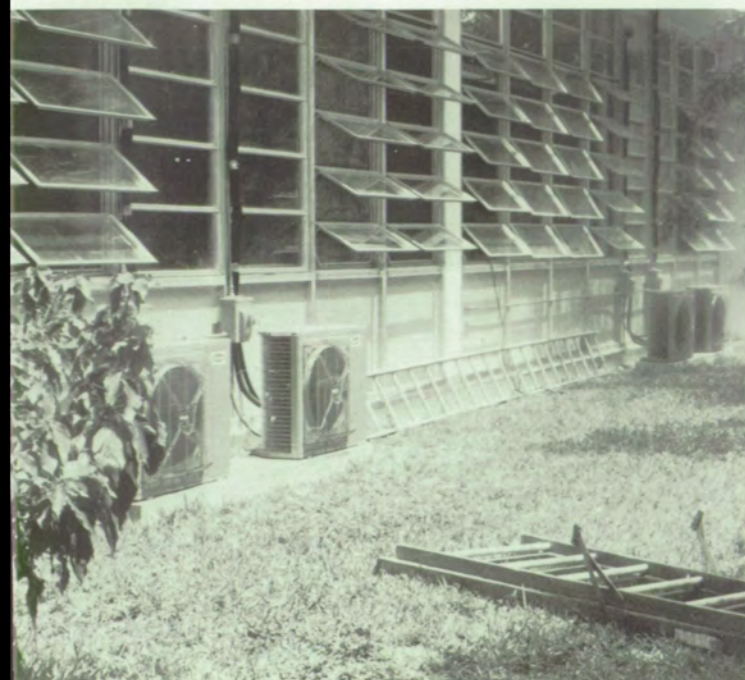

AC and PAINTING

This year K.W.H.S. has experienced many changes. One of the many changes was the painting of the school red and gray. Students got to vote on the painting of the school and naturally the overwhelming vote was yes! Soon the painting got underway!

Another big step was the installation of air-conditioners! All the hard work, noise, and inconvenience was worthwhile when that cool breeze "kicked in." With these changes K.W.H.S. can say they are truly #1!!!

TAKING A BREAK FROM WORK

A JOB WELL DONE

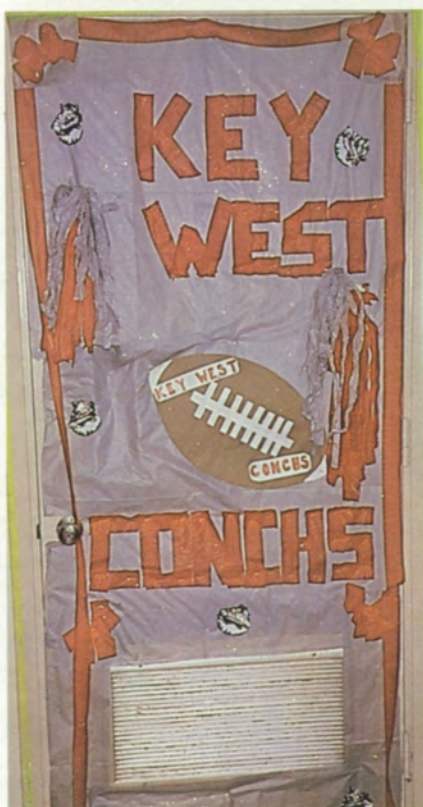

STIR MAN STIR

At Key West High School the school spirit is overwhelming. The students at a pep rally yell not only for their class but especially for the football team and the school. The students show their spirit in lots of ways. For example: On Fridays during school they wear red and gray and they hold banners, and cheer for the Fighting Conchs!!! The cheerleaders sell spirit ribbons to keep that Conch Spirit alive.

The pep rallies take place every Friday 7th period, before every home game. The J.V. and Varsity Cheerleaders, Band Members, and Conchettes get the students and players psyched for that evening's game.

The Conch Spirit does not die when the conchs play away games because they don't travel alone.

Hector, what's Joey saying

The perfect picture

Conchettes, strutting their stuff.

Debbie, cheesen it up!

Sabrina, catch up!

STUDENT

LIFE

Seniors boys showing school spirit.

STUDENT LIFE

The student life does not end at Key West High at 3:10. Although the school itself is the main force in the student's life. At Key West High, student's participate in a wide variety of extra-curricular activities. Band, Conchettes, and Cheerleading all become part of the student's life. As well as all the sports and various other clubs. For all students though, no matter which clubs they are in student life is short, but inspirational, experience from which each student learns and grows as an individual. It shapes their future and makes it possible to excel.

At Key West High School, all of the students are offered a lot of great academic and extra-curricular programs. These programs help to mature the student and prepare him for a great future. With this in mind, Key West High School sets very high standards for its students. The students of the future may look forward to an outstanding school and a lot of pride.

HANGING

In Key West, there are certain things that high school students do and places they hang out. Some prefer to sit home on a Friday night and watch Miami Vice and Don Johnson while others want more excitement added to their Friday night. Downtown on Duval Street is where most students go. Duval carries many familiar faces along its sidewalk's but also many tourists. The chance to meet someone new — someone fresh! Teenagers cruise in their shiny clean cars back and forth along the long stretch of road. Walking and looking in the shops is also very popular.

During football season, students as well as a lot of other Key West citizens, attend the Conch's football games and fill up the stands completely. Usually there is a dance afterward and many students go for a ride downtown, and then cruise on down to the dance.

ARE WE HAVING FUN YET?!

KIMMY S., HAVING FUN ON THE BOAT!

NOW THIS IS HANGING AROUND!

NOW WHERE DID YOU SAY THE PARTY WAS?

AROUND

Another hangout is Astro City. Students gather there to catch up on the gossip of the day or to just be seen in their fresh outfits.

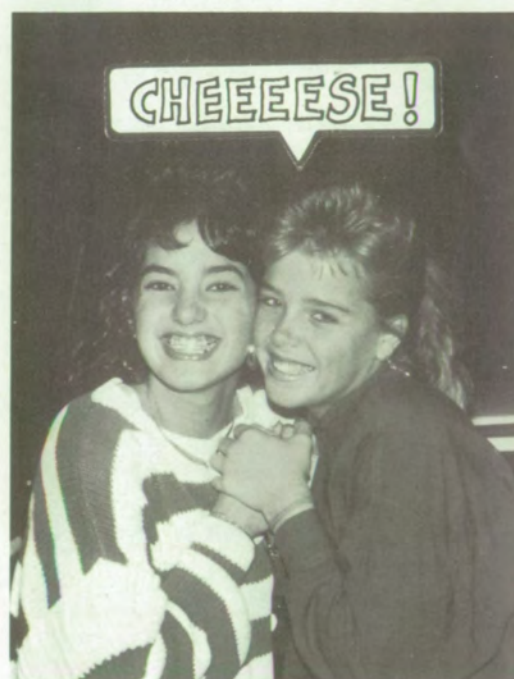

Key West students will soon have another hangout. The Fla. Keys Youth Club will be opening soon, and the floors will be packed while the bass is thumping!! The youth of Key West is anxiously awaiting the opening of a fresh club.

H.O.B.'S SPECIAL STUDENTS

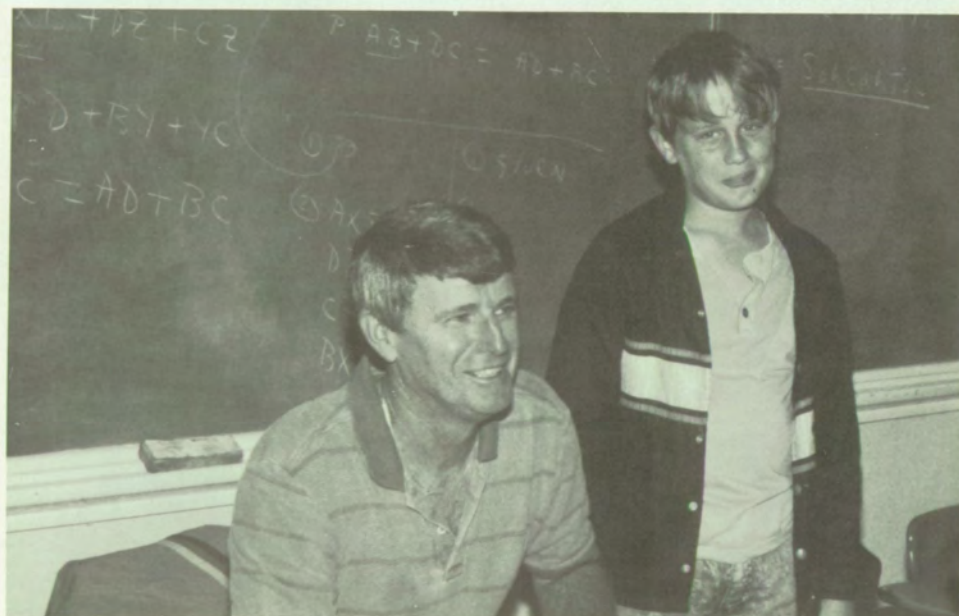

Todd Bever

Douglas McClure

Cory Robinson

For the first time in Key West High School history, students from Horace O'Bryant Middle School are attending classes at K.W.H.S. Three students, Todd Bever, Cory Robinson, and Douglas McClure, travel once a day from H.O.B. to study Geometry from teacher Al Rodger. The Conch Staff would like to recognize these special students.

When asked how it felt to study at both K.W.H.S. and H.O.B. the students replied:

Todd Bever "It's no big deal because I'll be here next year but it is kind of exciting."

Douglas McClure "It's fun because K.W.H.S. has classes H.O.B. doesn't even offer."

Cory Robinson "It's nice because we get to leave school early and I also get to see all of my K.W.H.S. friends."

CLAUDIA VALDEZ

As the 1988 school year comes to an end, we would like to express our love for Claudia. We also hope wherever she is that she is filled with joy, love, and especially happiness.

1988 Conch Staff

She's somewhere in the sunlight strong,
Her tears are in the falling rain,
She calls me in the wind's soft song,
And with the flowers she comes again.

Yon bird is but her messenger,
The moon is but her silver car;
Yea! sun and moon are sent by her,
And every wistful waiting star.

TELEPHONE

At K.W.H.S. you can always see students talking on the phone. Sometimes it is to call home sick, but the majority of the students call either their boyfriends or girlfriends. Around lunch time there is always a line to wait in. Sometimes students even take their lunch up to the phone while they talk. Students can no matter what or where, be seen on the phone, whether it's on Duval or around the beach they'll find a phone. A phone can be considered a student's favorite pastime because there is always gossip to catch up on or hear about. So, whenever you see a phone there is probably someone nearby that will be on it soon.

The 1987 Conchs are one of the great teams in Key West High School Football history. We started the season with an inexperienced team who surprisingly ran off six victories in a row. This tied a school record.

The 4th victory over Stranahan away was a great effort and really pulled our young team together. Having more fans at an away game like Stranahan really showed that the Conch Pride is back. Our team continued to win and ended up 8-2 for the season, with State ranking and a great deal of satisfaction for a job well done.

FIGHTING CONCHS

1987 J.V. Football Season Won 3 Lost 3

September 24	Key West	32	Coral Shores	0
October 1	Key West	6	Miami Pace	7
October 9	Key West	32	Belen	7
October 21	Key West	0	South Dade	27
October 28	Key West	26	Coral Shores	6
November 5	Key West	12	St. Thomas Aquinas	33

The 1987 Key West High School junior varsity football team had a break even season as the young Conchs won three games and lost three. Two of the team's victories came against Coral Shores and the third against Miami Belen. The Jayvees lost a close game by one point to traditional rival Miami Pace and also suffered defeats by strong South Dade and St. Thomas Aquinas squads. This year's JV squad was composed largely of ninth graders and many young players gained a lot of experience which should be valuable to them as the varsity players of the future.

The Key West High School Choir program consists of various talented individuals from all grade levels. The choir, under the direction of Joe Wilt, is categorized into different groups including Concert Choir, Chorus, Swing Choir, Misty's (an all female ensemble) and VIP's (an all male ensemble). These enthusiastic and entertaining performers participate in many community events throughout the school year and consistently provide both the public and our school with fun, spirited, but always "classy," memorable concerts.

The Senior Executive Board is at the top of all the classes. Being a member of the Senior Executive Board is an honor and a privilege. A senior will be able to help make decisions about the Senior class and also know on a first hand basis the events going on for the year. This year the Seniors are raising money to go towards food for Grad-Nite and of course the big event of the year the Senior Prom. Having Mrs. Widener as our sponsor has made our Senior year one we will never forget. The whole Senior class wishes to thank Mrs. Widener and we'll never forget her.

Student Leadership is an organization that is made up of the leaders of the school. S.L.O. is a club that helps other clubs out. If a club needs help financially, Student Leadership will give them the money they need.

S.L.O. has different fund raisers during the year to raise money. The club sponsors dances, car washes and brings groups from all over to perform for the school. Student Leadership is also a class. Mr. Avant teaches a class second and third period. In the class the students do chores around the school. Every student has a different chore to complete every week. Your grade in the class is based on how much of a leader you are, if you are able to get your work done, and if you can be responsible.

S.L.O. has meetings every first and third Mondays of the month. The meeting lasts about a half an hour at the most. The meetings are held at J. Wing auditorium at 7:30. After every meeting there is usually a snack for the members. Sometimes there is pizza and soda, ice cream or simply candy. Student Leadership is a lot of fun to be in.

Key West is a haven for exotic restaurants, superb hotels, and exciting tourist attractions. This provides us with endless possibilities for adventure, growth, and creative interaction in our F.H.A./H.E.R.O. organization. Our affiliation, this year, is with the H.E.R.O. chapter of the club. H.E.R.O. stands for Home Economics Related Occupations. The majority of our organization has a strong interest in the culinary arts. Students planning careers in the field of Hospitality Management will find the possibility of exciting opportunities to expand the skills they learn in our Foods Management Production and Services class. Group initiated fund raising projects such as, cottage industries, refreshment enterprises and more, enable us to initiate adventuresome luncheons and tours at some of Key West's infamous restaurants, hotels, and attractions. Welcome to All!!

1st row L to R: Mrs. Byrne, Becky Brye, Dayle Miller, Jannifer French, Tammy Mira.
2nd Row L to R: Shanti Morris, Isabel Sherman, Allen Jonen, Mike Houston, Tiffany Cormack, Gloria Otero, Tammy Perry.

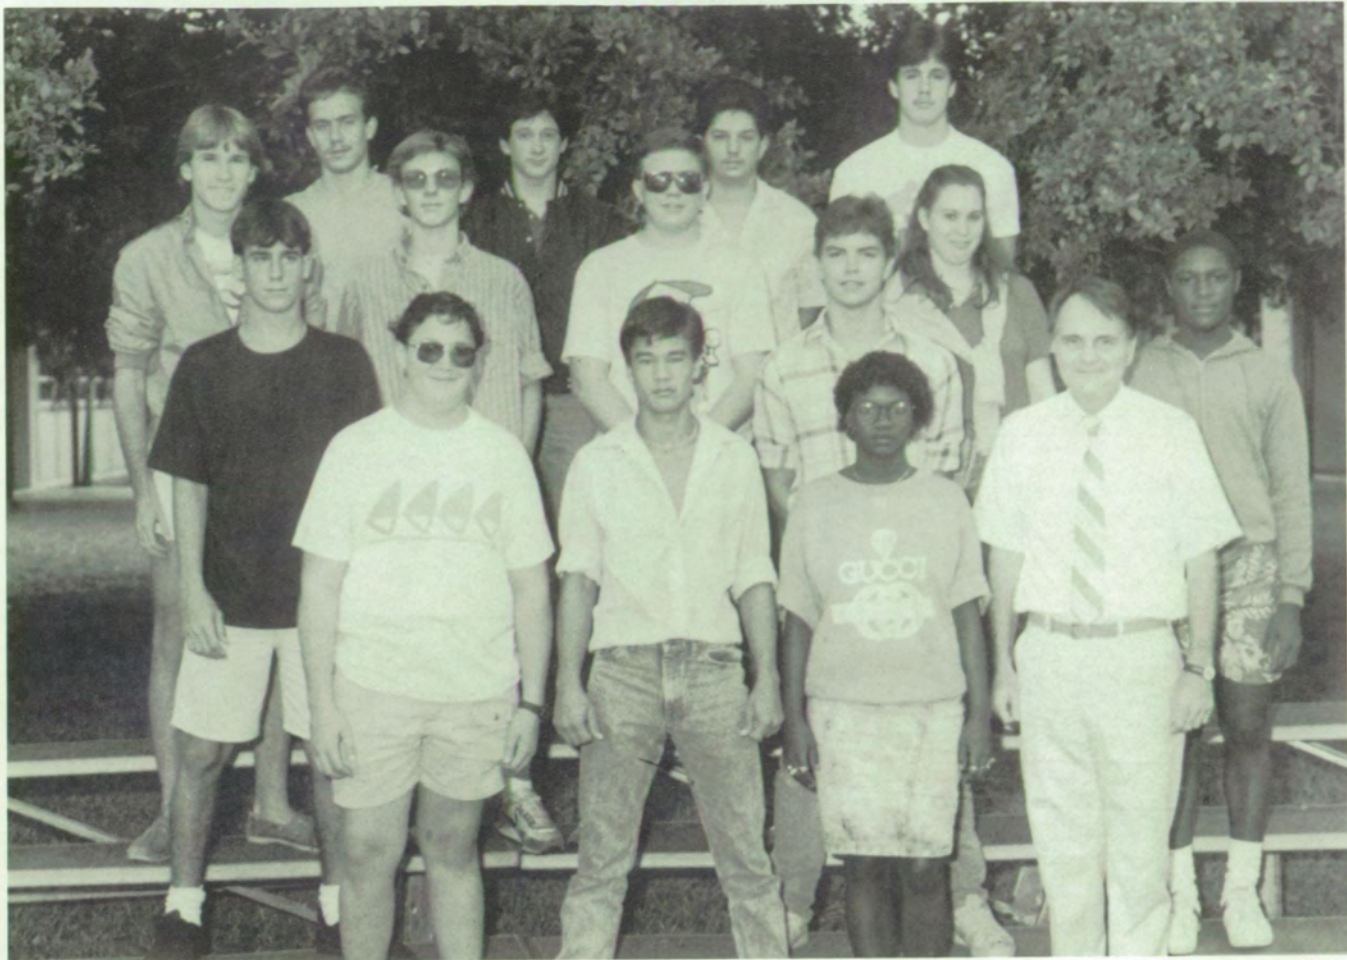

This is FUTURE EDUCATORS OF AMERICA first full year of Key West High school and have we been busy. This year we were ushers for college night and we participated in Children's Day. We initiated a student sponsor teacher recognition program and the clean campus project. We traveled to elementary schools and assisted teachers in the class room. We are planning a Spring Dance and to participate at the future educators of America conference held in Orlando.

Our future plans include development of a program of students visiting elementary school and Junior High Schools to assist teachers in the class rooms on regular basis, development of a class to introduce students to teaching and the development of a teacher assistance program at the High School.

Our club is a service oriented club. Members of F.E.A. must carry a 3.0 average for the year and must maintain this while a member. They are selected according to the academic achievement and good character. Members must be sponsored through teachers.

First Row L to R: Josh Vadnez, Tony Battillo, Leslie Greene, Mr. Marmion Second Row L to R: Jason Sawyer, Steve Barton, Charles Rahming
Third Row L to R: Steve Ware, Hugh McNroy, Diane Hawthorne Fourth Row L to R: Steve Shreck, Gene Sanford, Harvey Shelman, Keith Freeman

The chess club was formed for the benefit of those students who enjoy playing chess. Mr. Marmion, head of the social studies department, formed the Key West High School chess club in 1967. A member must be a student at Key West High School and have the desire to play or learn to play chess. If there is ongoing interest, membership is maintained. Members meet bi-weekly to play chess after school. Each spring the chess club partakes in a five day tournament in which a defending champion is chosen.

SNAPPER

Seated L to R: Bill Mallett, Omyra Ramsingh, Deena Craig, Anna Giberlson, First Row L to R: Dorian Caron, Lori Ann Salenero, Allison Moody, Debbie Andler, Venice Klepper, Second Row L to R: Scott Gill, Ahmed Samaha, Travis Sharky, Timmey Atwell.

The Snapper staff consists of a group of hard-working students dedicated to the task of keeping the student body up-to-date on major Key West High School events and activities. The Snapper class is also recognized as a Journalism II course, as we receive on the job experience in circulating a publication.

Since we are not supported monetarily by our school, we acquire advertisements from local businesses and organizations as our major source of funds. Thus, as part of their grade, each staff member is required to obtain a minimum number of ads. The staff maintains a high level of co-operation in order to meet deadlines and produce a more than satisfactory student newspaper.

 Not pictured: Shannon Greene, Donna Sheldon, and Alina Naranjo, Mrs. Axford (New Advisor)

The 1988 Conch staff is "taking a fresh look" at Key West High School. We've had many events and exciting moments to inspire us. In August our publisher, Taylor Publishing Co., came down and hosted a full-day workshop. We laid out plans for the coming year and were set to get started our first day back.

In tune with our "new look" there is now a new requirement that the Conch Staff will consist only of students who have taken Journalism I. This will give them a chance to practice the many phases of Journalism before sharpening their skills the following year.

Our 1988 staff is made up of twenty-three members. Sabra Kerr is editor, Deneile Courtney is co-editor, and Mrs. Theresa Axford became sponsor in January. We are happy to present the 1988 Conch to you and hope that it reminds you of many happy times at Key West High.

High School Band

The Key West High School Band is a group consisting of sixty to eighty students. Mr. Howard Lerner has been the director for three years, and it has had superior ratings all the way. The Band goes every year to District Marching Contest and participates in Solo and Ensemble contests. Several students each year play songs and are judged. The Key West High School Flags are also a part of this group. They too, like the band receive superior ratings on their performance. The captain of the Flags is Kay Weiland, who is also the choreographer for the flags. In the coming year the Band and Flags will continue their great work.

CONCHETTES — The purpose of this organization is to provide the opportunity for students to show responsibility, dependability, and the ability to dance. The Conchettes build confidence by performing for the public at athletic events, community affairs, and by competing in state and national competition.

Conchettes were founded by Mr. Denard Haden in 1957. He was the choreographer of the Kilgore Rangerettes in Texas. Mr. Haden was asked to come to Key West to start a drill team at K.W.H.S. Throughout the history of Conchettes they have been recognized as one of the most outstanding groups in the nation. The requirements for membership include 2 weeks of practice after school preceding the tryouts and a "C" average grade. Grades 9-12 can try out and a maximum of 15 demerits can be acquired before one is terminated from Conchettes.

Conchettes' major projects include candy sales, bake sales, and item sales. They also have many community projects such as TAG DAY and CAR WASHES. Their many activities include: performing at athletic events, competitions, Christmas Shows, parades and annual Conchettes Banquet and Conchettes Capers, to which everyone looks forward.

Kaleidoscope Literary Magazine

This year Key West High School will witness the rebirth of the literary magazine at our school. The magazine, which was formerly called the *Triton* has been renamed *Kaleidoscope*. Just as a kaleidoscope presents a myriad of images to the viewer, the editors hope that the magazine will showcase talents and abilities of our students that aren't normally seen. The magazine will be available in the Spring. All the art work and material printed in the magazine will be done by students. The magazine will feature short stories, essays, poems, and any other type of creative writing submitted by students. *Kaleidoscope* is sponsored by Mrs. Theresa Axford of the English department.

The 1987-88 school year came so quickly, and with it came some changes. With our new principal, Mr. Tommy Roberts, and cleaning of the entire school it was sure to be a great year. This year the Conch staff took a different approach with the theme of "A Fresh Look." Over the summer, the staff met together to plan the yearbook. Things got underway and everyone was ready for school to start.

Over all, this has been one great year. We hope you enjoyed your school year. From the Conch staff we hope you enjoy this yearbook.

Sincerely,

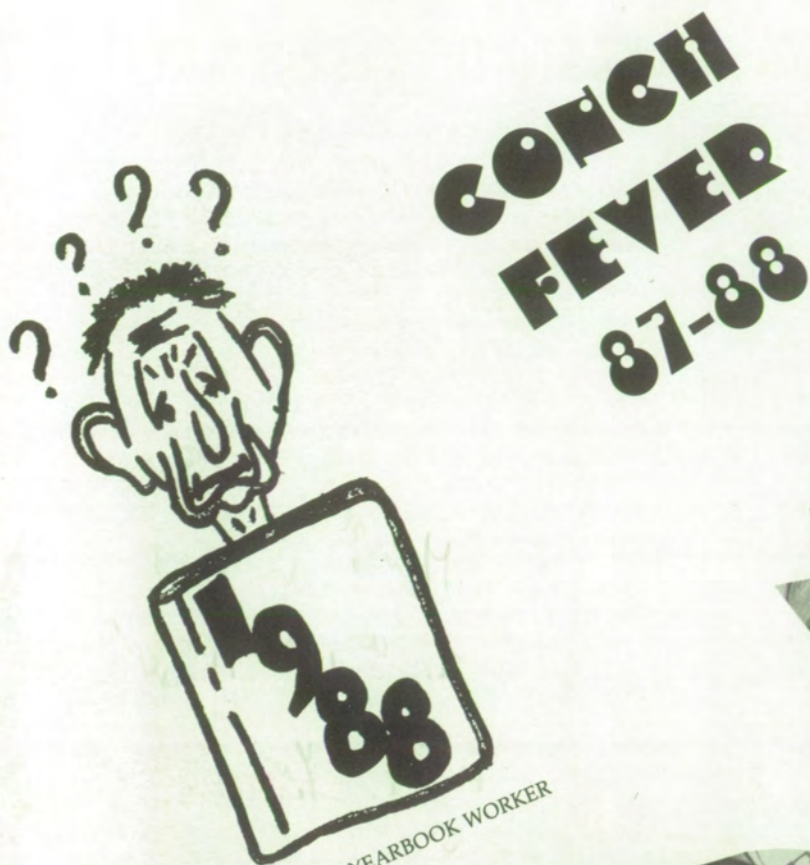

Sabra Kerr and Deneile Courtney

Mr. Roberts crowns Valencia Melvin 1987 Homecoming Queen

When the doors opened at Key West High School for the 1987-1988 school year, we had a new principal, Mr. Tommy Roberts. He was no stranger to the school. He graduated from KWHS in 1963 and was an all-state center on the Conchs football team. He returned to the school as a teacher and coach in 1968 and later served as a dean and an assistant principal. After serving three years as principal of Sigsbee Elementary School, Mr. Tommy Roberts returned to his Alma Mater as principal this year.

His love for Key West High School was evident from day one. He told us his goal was to make KWHS the best secondary school and he went right to work to achieve that goal. At his request, we helped to clean, paint, and fix up the school so it would be an attractive place people would be pleased to visit. He helped encourage us to be more mature, more responsible, and to be the best that we could be. He attended our games, our concerts and our activities. He showed us by example that he was interested in us. His leadership and concern had us on the move.

For awhile we had Camelot. Then, Suddenly, on April 1, 1988, Mr. Tommy Roberts died unexpectedly at his home the weekend before we returned from Spring vacation.

He was not physically with us when we finished the 1987-88 school year. But he will always be in the memories and hearts of those who knew him as our principal. He made a difference. He made us dream with him. He treated us like we were some body. He touched our lives in a special way, and because we did, we will never forget Tommy Roberts.
