BAPTIZED PERSONS

The Canons of the Church, in the Canon entitled "Of Regulations Respecting the Laity," define membership in the Church as follows:

"All persons who have received the sacrament of Holy Baptism with water in the name of the Father, and of the Son, and of the Holy Ghost, and whose baptism has been recorded in this Church, are members thereof."

It is therefore incumbent upon Parishes to record the names of all Baptized Persons *belonging to the Parish*, in addition to the record of those persons who have been Baptized *in the Parish*. Hence this record of BAPTIZED PERSONS.

Herein should be recorded the names of all persons who have been Baptized in the Parish and *also* the names of those persons who have been received into the Parish (but who have not yet been Confirmed) whose Baptism has been performed in some other Episcopal Church, in a Church of another branch of the Anglican Communion, in the Roman Catholic Church, in an Orthodox Church, or in one of the denominational Churches, provided the Baptism has been with water in the name of the Trinity.

As soon as a Baptized Person is Confirmed, the name should be removed from this Record of Baptized Persons by placing an "R" in the second column of the record, and also by noting the Confirmation in the "Removed" column. The name of this person will also automatically be added to the list of Communicants.

The same procedure should be followed when a Baptized Person (who has not yet been Confirmed) is transferred to another Parish, or is dropped from the Parish rolls for any reason, or is removed because of death.

In order to obtain the number of Baptized Persons belonging to a Parish, for the Annual Parochial Report, it will readily be possible to count the number of Baptized Persons listed herein and add that to the number of Communicants, to get the total number of Baptized Persons belonging to the Parish.
