EVALUATORS VISIT

On October 25, 26, and 27, Key West High School was put under close scrutiny by thirty-five of the top educators in the state of Florida to see if our high school was good enough to be accredited.

The first day the evaluators were greeted by a show in the auditorium, representing the school and community's activities. The following two days they visited the class rooms, questioned the students, and had committee discussions. Finally on the third day it was announced that the Key West High School was accredited by the Southern Association of Colleges and Secondary Schools.

BOARD OF EDUCATION

Through the combined efforts of the Superintendent of Public Instruction, the Board of Education, and the administration of our high school, the students are given the best in facilities, educational courses, and instruction

possible. Their main objective is to give the student as much of an opportunity as possible to enable him to take his place successfully in our democratic society.

Reading and golfing (plus a wild game of bridge ever so often with his son) provides Dr. H. C. Campbell relaxing moments from the rigors of running a modern-day high school such as Key West High School.

Dr. Campbell has spent thirty-one years in the field of education and the past seven have been here directing the educational program

of Key West High School.

He received his bachelor of arts degree from Geneva College in 1934. Two years later, his master's degree was awarded him from the University of Pittsburgh and in 1949, his doctorate was conferred also from the University of Pittsburgh.

MATH DEPARTMENT STUDIES ALL ANGLES

K. W. High School's Mathematics Department is attempting to reorganize its curriculum with special emphasis on its academic program. Recent changes in the world have indicated a need for both, a different arrangement of subject matter and more work in previously neglected areas.

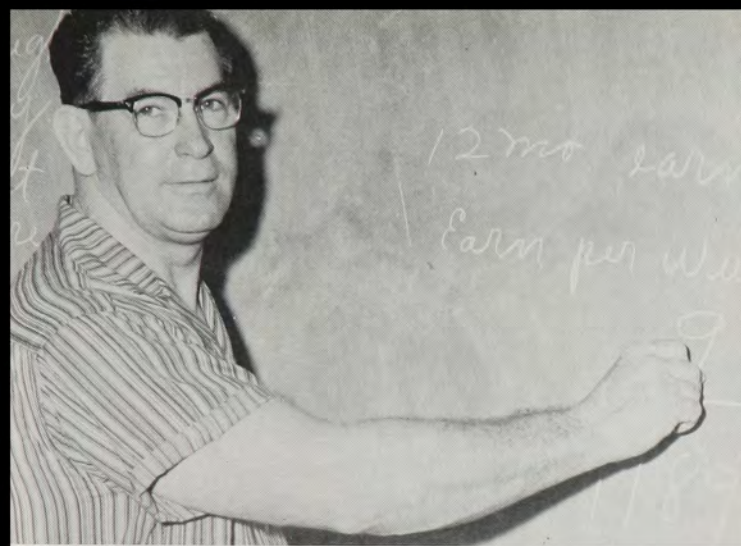

Algebras I and II classes will, whenever possible, at least introduce the set theory of modern algebra and will place even greater emphasis on functional relations, variables, constants, etc., algebraically and graphically.

The geometrics are being integrated into a one year course with an introduction to coordinate geometry. The latter functions particularly well in the area of locus.

Trigonometry still remains a 12th year subject but with correspondingly changed emphasis; more vectors and less right triangle solutions.

SOCIAL STUDIES: PAST IS BUT A PROLOGUE . . .

The Social Studies Curriculum is set up so there is little duplication of experiences for the pupil. It is evaluated each year in order to determine the needs of the pupils and to meet these needs as adequately as possible.

The faculty meets periodically to improve and add to a curriculum guide. There is an interchange of ideas here—supplementary materials are exchanged—new ideas and methods are gleaned.

There is a constant striving of teachers to keep the aim in sight—to study the past to understand the present, to be aware of one's cultural heritage, to have an understanding of governmental organization, and the rights and responsibilities that go with this heritage.

D. C. T. DEVELOPS SKILLS ON THE JOB

Diversified Cooperative Training is a program set up in our high school to offer positions in the commercial world for students of legal, employable age in the Junior and Senior years.

Employers provide different working positions for the student learners during the school year; moreover the learners are given planned and supervised training in a spaced period of time to determine the requisite skills. The co-operating employers set up related study schedules in order that the combination of skills and knowledge will produce top-grade employees instead of the usual, mediocre workers.

COMMERCIAL DEPARTMENT OFFERS BUSINESS SKILLS

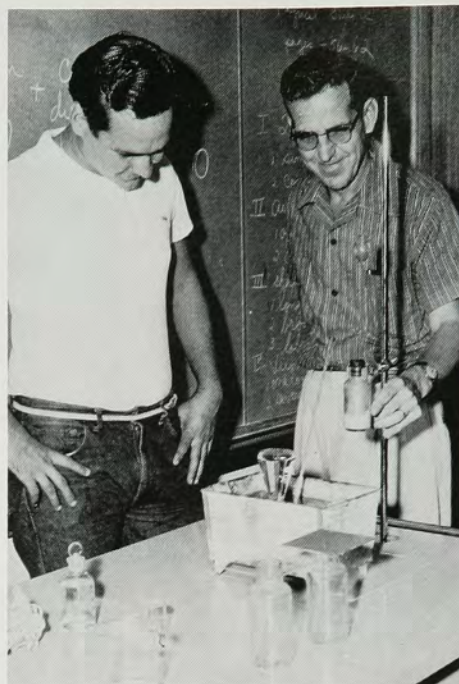

In today's ever-changing society we are part of the business word and its complex structure. The training offered in school should be instrumental in preparing our young people to accept their rules as informed citizens and capable workers.

The Commercial Department of K.W.H.S. carries the responsibility for vocational preparation of a limited number of young people and assists in the total education of young people. Vocational has been defined as "a program of education which equips the student with marketable skills, knowledge, and attitudes needed for initial employment and advancement in business occupations."

Our department has a double purpose in the school; to give the necessary vocational training which will provide efficient and competent office help, and to provide incentive for those who desire advanced study in business or in business education.

MODERN EQUIPMENT ENHANCES SCIENCES

With the addition of new equipment the chemistry, the biology and the physics labs are better equipped to meet the challenge of our space ridden age. Another factor in the advancement of our Science Department is the program sponsored by the National Science Foundation, which sends science teachers back to college for additional and supplementary education.

Key West High School has been fortunate in having two of its teachers attending these sessions in the past few summers.

ART AND CRAFTS PROVIDE CHALLENGE

In two large studios the Art Department offers courses in art and in crafts to students on all grade levels. Instruction in the history of design as well as the skills of painting, sculpture, lettering, gem stone cutting, silver and copper jewelry, pottery, plastic fabrication, textile design, and leathercrafts.

A wide variety of power tools aid the student toward rapid completion of his projects, while numerous specialized handtools make possible many different projects with the various materials available.

Students show interest in the variety and quality of projects produced. Students in the department exhibit yearly at the East Martello Gallery and at intervals in the show case in E Building and the bulletin boards in the department.

MUSIC DEPARTMENT DEVELOPS TALENT

The primary purpose of the Music Department at Key West High School is to contribute towards the musical educational development of boys and girls.

There are many benefits offered since the music program is one of the best means of discovering and developing musical talent. Music participation provides a "sense of belonging" in the school community.

Music provides a strong emotional outlet and develops boys and girls into better school citizens and more dependable individuals.

We feel that music teaches these young adults one worthwhile use of their leisure time.

SYNONYM OF SAFETY: DRIVERS EDUCATION

Many people assume that Drivers Education is a course to teach one how to drive. Not only is a student taught to drive, but he must also learn the basic fundamental devices of the car itself. When a student completes this course, he is far ahead of a person the same age who just received a licence.

This year the Drivers Education Department of Key West High School is proud that it has two cars which enables our students to acquire better driving skills. One a standard shift, which is found in older cars and a very few new ones. The other, is the automatic shift, which is easier to drive and is found only in newer model cars.

This course also covers everything necessary to be a good sportsmanlike driver. Many films, charts, and statistics are presented to the student for a more rounded view of driving.

LIBRARY PROVIDES STUDY MATERIALS

Providing materials that meet personal and social needs of students, is the main aim of the library. The library also acquaints the students with the aids of the materials provided to assist the faculty in their instructions, offers a pleasant atmosphere for reading and to build good community relationships.

This year the library is adding to its science collection. In the past year additions were made in the areas of professional books for faculty members, career materials for social sciences, and reference materials in all of the various fields.

Library instruction is given to all grade students and other groups which request it. In 1958-59, the library had an average daily circulation of 107 books and an average daily attendance of 440.

Books displays on the bulletin are sponsored by the library board with suggestions coming from faculty members and students.

The Library proved to be a source.

PLAN AND BUILD KEY TO IND. ARTS

Industrial arts is open to all boys as an elective course. Students gain experience in operating a variety of hand and power tools, many of which are frequently used in home work shops.

Physical facilities of the lab are excellent. The spaciousness of the lab is second to none. There are more than adequate permanent work stations and the floor space per student is superior. Guards and safety devices are used extensively on all machines whenever possible.

Our instructional material is limited at present but students are building a library with donated materials. Models, teaching-aids and other visual aids are being made by students.

LANGUAGE ARTS STATES OBJECTIVES

The aims of the English Department of Key West High School embrace the concepts that apply to all the English grade levels within the three-track curriculum (Academic, Commercial, General). We believe instruction should fulfill the needs and challenge the native and cultivated abilities of the students in each curriculum. These guiding principles should be incorporated in the teacher's daily routine and should act as the constant motivating force behind the teacher's use of materials, procedures, administrative techniques, guidance and all the relative areas that constitute a program.

Since the present and future value of the student to his community and country is based primarily on his ability to communicate effectively and logically, these aims should meet the needs of the community in a cultural, patriotic, and functional sense.

LATIN Y ESPANOL EN CAYO HUESO

The Spanish language is one of the heritages of Key West. Geographically, we are favored by being in close proximity to Cuba and other Spanish-speaking countries of the Caribbean.

Key West is truly a bilingual community. About one fourth of the pupils enrolled in our schools speak both Spanish and English. In a community such as this one the opportunities offered a student in Spanish are much greater than are those offered elsewhere.

Key West High makes an effort to bring out the opportunities to be derived from the study of languages by offering two years of Spanish or Latin to all students.

The Foreign Language Department has broadened its scope in the use of tape recordings as an aid to learning. The modern techniques have been used for a number of years but in a limited way. This year we have one well equipped language lab classroom for the Spanish 11 classes. Plans are underway to equip the Spanish I classes as a language lab also.

PTA HAD ANGLES AND TRIANGLES

"Angles and Triangles" provided the theme of this past year's P.T.A. program. In September the "Inside Angle" meant back to school for parents to meet teachers and to look over the facilities. The "Civic Angle" spearheaded the membership drive for the month of October. During this month, the school was evaluated, which provided the main angle for the October meeting. A gala party was held in December in honor of the teachers and their

guests, which accented the teaching angle.

The final angle, which was the most important, was the "student angle" stressed in April's meeting. During this final meeting the Home Economics Department with the newly formed F.H.A. Chapter provided the main program.

There were no meetings scheduled in January, March, or May.

This year's squad is composed of eight girls and one alternate. Their captain, Jackie Williams, and co-captain, Barbara Riley have led this squad through a very successful year.

In order to become a cheerleader, a girl must maintain a "C" average, exhibit a pleasant personality, and show dexterity in yell formations.

Try-outs are held at the end of every year. A group of coaches, the president of Student Council, and captain of the cheerleaders, choose the new squad.

It's the job of each cheerleader to lead the crowd at all athletic games in organized cheers and to keep the school spirit alive.

JV girls work hard towards the day when they can become members of the Varsity cheerleading squad.

On the night of November 23 and 24, the Senior Class of Key West High School presented Donald Payton's comedy, "Rest Assured." We accredit the success of this play to its producer Mr. Dean Henson.

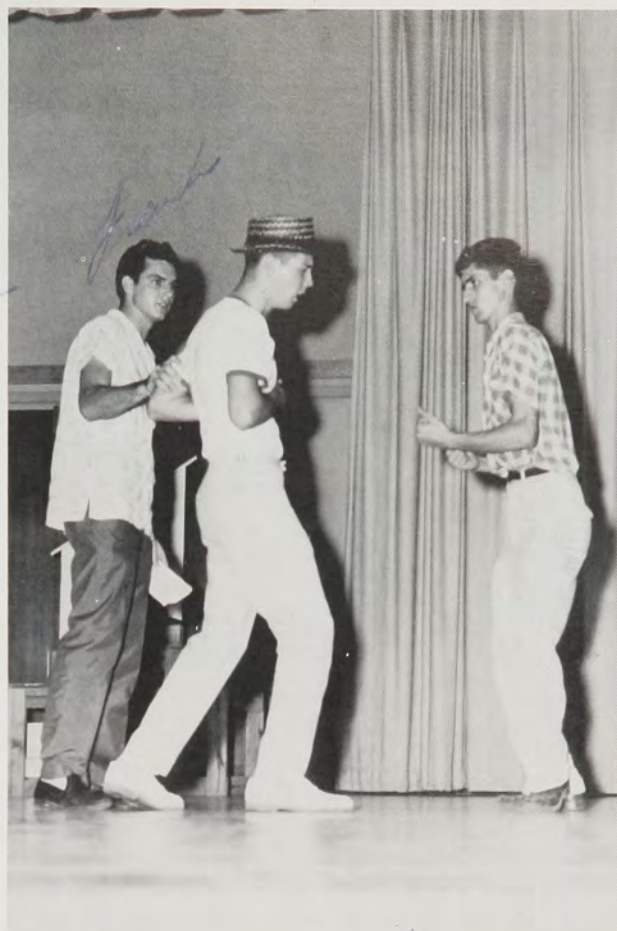

This side-tickling bombshell is concerned with one of the oldest problems in history—Love. This play takes place in the home of money-mad Mr. Morlock whose chief desire at the moment is to marry his oldest daughter, Mary, to someone with a promising future and a tidy sum of money in the bank. Complications arise and for the duration of the play they are slowly unravelled.

One of the greatest moments in the history of our school was the visit of our former President, Mr. Harry S. Truman.

President Truman spoke to the student body on the subject of our government, with special emphasis on the office of the President.

At the closing of the program, students were allowed to participate by asking questions. But one warning was made by President Truman, "If you ask a 'smart-alec' question, you'll get a 'smart-alec' answer."

Mr. Horace O'Bryant, Superintendent of Public Instruction, and Sheriff John Spottswood, a former student of our high school, escorted our famed visitor.

A new and interesting addition to the Key West High School program this year was a program put on by all the English classes. The Seniors presented a symposium; the Juniors presented a formal debate; the Sophomores portrayed a one act play; the Freshmen gave extemporaneous speeches; and the eighth grade gave choral readings.

The best demonstration was chosen from each grade level and on Monday night, March 7, the English Fair was presented to the public.

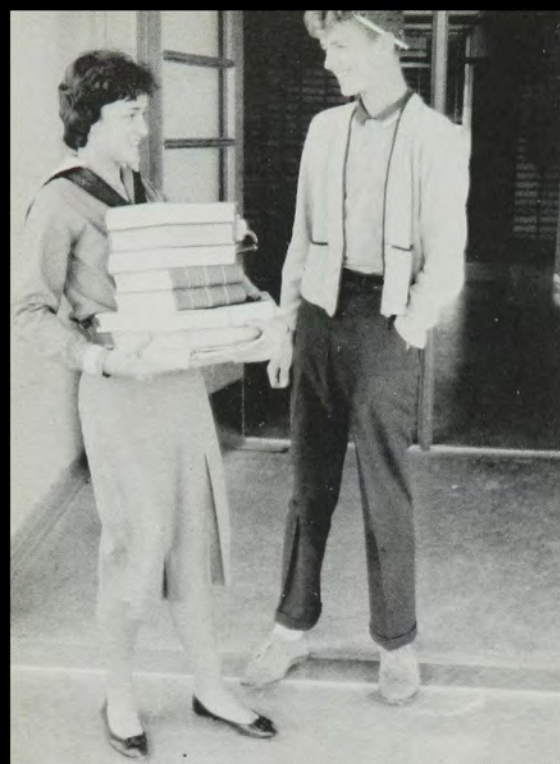

The English Fair is hoped to become an annual event at Key West High but it depends upon the co-operation of the students, faculty, and the public.

Once a year Key West takes on a worth-while fund or drive for which it donates time and money. This year The United Fund was chosen. All clubs, classes, and activities were asked to devote time and energy to the raising of money for the Drive. Any money made at dances, programs, candy sales, and concessions was freely given toward the goal set by the school. This was a deserving project in which Key West High contributed its best.

Membership is open to those seniors, juniors and sophomores who have maintained at least a "B" average in each subject, with a semester of attendance at Key West High School.

To honor these students, an honor pin is worn each six weeks by those students who have received five A's. At the end of the year a gold tassel is given to each of the graduating members. Another feature of NHS is the annual trip to the NHS Convention by worthy members.

National Honor Society members have made a worthy record of achievement in leadership and service to both the school and the community.

Character, Scholarship, Leadership, and Service are the principle requirements for a member of the National Junior Honor Society. It is under the sponsorship of Mrs. Helen Beach and Mr. John Marzyck.

Members of this organization must maintain at least a "B" average for the year.

National Junior Honor Society consists of students from grades eight thru the tenth. The Junior Honor Society is working closely with the National Honor Society this year in service to the school and community. Some of the projects planned for this year are a rummage sale and candy sale.

BETA HONORS SCHOLARSHIP

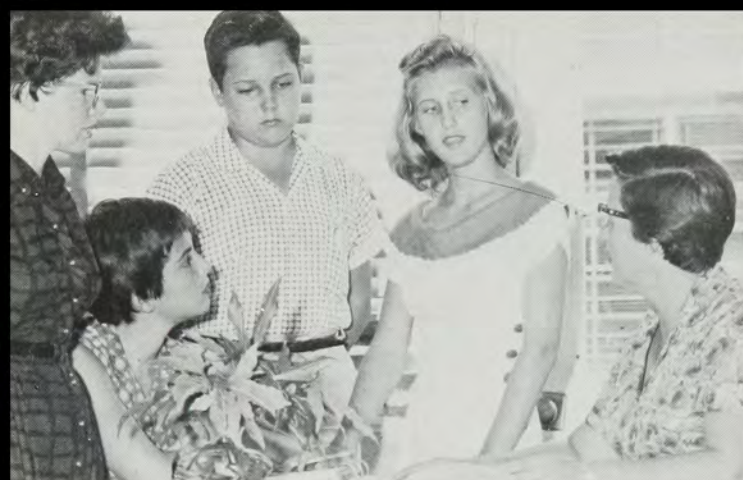

Beta Club, a national service club, founded in K.W.H.S. six years ago, is under the capable direction of Mrs. Hawxhurst and Mrs. Case. Its motto, "Let us lead by serving others," is a true indication of the spirit which motivates the national organization, the local chapters, and the individual members.

Students must have a "B" average with not more than one "C" and have excellent character and leadership ability in order to be accepted as members in the National Beta Club.

Among the club's many activities this year were the annual giving of Christmas baskets to the needy, selling pins with KWHS and the year on them, the presentation of the black and gold cords to the graduating members, and sending outstanding members to the state convention.

OFFICERS, LEFT TO RIGHT: Carol Harris, president, Cathy Yarnall, treasurer, Rhoda Schaffner, vice-president, Judy Perrone, secretary, Mrs. Case and Miss Hawxhurst, sponsors.

LEFT TO RIGHT: Mrs. Bennett lends a helping hand to Ruth Martin, Paul Roberts, Sue Bunting, and Ruth Dodge.

FTA OBSERVES ELEMENTARY WORK

Acquainting students with teaching as a profession and to give guidance to prospective teachers are the goals of the Future Teachers of America.

In order to join this club a student must have at least a "C" average, a definite interest in teaching, and three teachers' recommendations.

The students in the club assist the teachers when needed, help to monitor classes, and observe in the elementary schools.

DCT LEARNS BY DOING

"Learning by doing" is the motto of the members of Diversified Co-operative Training. This is a training program designed to prepare students for job efficiency in varied occupations.

During the course of the year, the employers provide jobs in which students receive supervised training.

The course is set up so that the students spend the morning in school studying and the afternoon working in a local business establishment.

KEYETTES PROVIDE SERVICE TO SCHOOL

Keyettes is a service club. Its aim is to provide service to the school and to prepare high school girls for useful citizenship in the community.

To be eligible for membership girls must be in the tenth, eleventh, or twelfth grade, maintain a "C" average and be recommended by the faculty.

Under the sponsorship of Miss Rene Clark, the Keyettes performed such services as polishing trophies, decorating goal posts, assisting in the library, assisting on College and Career Day, and assisting in the publication of the student handbook.

ELEVEN REPRESENTED FROM KEY WEST

Eleven students of Key West High School were chosen to represent our school at Tallahassee last summer. Ten of the eleven students were boys. These students were chosen on the basis of leadership, cooperativeness, and physical fitness.

During the week that they were there, they learned the meaning of serving in a government such as ours; and learned a great deal about governmental procedures and what it means to be an American.

They had the opportunity to run for various offices in city, country, and state elections and to visit the State Capitol.

Girls and Boys State is a non-political program designed to teach high school students the mechanics of government and the responsibility of American citizenship.

Representing the girls was Joan Lowe. Representing the boys were the following: Wayne Lee, Richard Mesa, Marion Barnett, Russell Curry, Jeff Curry, Robert Knowles, Bill Solomon, Clark Knight, Warren Abbey, Jerry Hargraves.

SERVICE, SERVICE BY KEY CLUB

Performing services for the school and community is the purpose of Key Club. They endeavor to develop initiative, leadership, and character, by providing experiences of working together.

The organization is sponsored by the Kiwanis Club.

Key Club had many projects this year, some of which were helping the Keyettes with the Student Directory, working on Kids day, collecting toys at Christmas time, ball chasers at ball games, helping to finance College and Career day, and getting the awards for the Science Fair. They also sponsor the Christmas and Valentine dances.

Boys in the tenth through the twelfth grades are eligible for the club.

LATIN CLUB STUDIES CLASSICAL CULTURE

If you saw a sheeted character roaming the halls of Key West High School during the past year, it was probably an enthusiastic member of the newly formed Latin Club, in full Roman toga.

Studying classical civilization and promoting interest in it is the club's purpose. Its program is similar to a classroom Latin study with the emphasis on culture.

High lighting the year's activities is the annual Roman Banquet.

At the end of each year an induction is held for the first year members at which time they become full-fledged members of the club for the coming year.

CONVERSATION PRACTICED

Reorganized this year, the Spanish Club is presently sponsored by Mrs. Mary Milner and Miss Mildred Hallett.

Candidates for membership must maintain a "C" average to be admitted in the second semester.

The purpose of this club is to practice conversational Spanish and to further the study of the culture and customs of Spanish speaking people.

Two pins are given at graduation for recognition of a student's efficiency in Spanish. One to a student with a Spanish background and one to a student with an English background.

RIFLE CLUB BOASTS NEW FIRING RANGE

Rifle matches, in which the members of the Key West High School Rifle Club compete, were held on local, state and national levels.

The team came out with high honors last year. Occasionally the local club competed with other clubs by mail. Postal matches are carried out by firing at the home range and sending the target to the other club.

Any student attending the high school is eligible to join and all equipment is supplied by the club. The equipment includes; rifles, jackets, gloves, slings, and ammunition. Members learn to shoot under the excellent conditions of brand new indoor range, instructed by sponsors, Miss Adele Reynolds, Mr. Ronald Ciesinski, and Mr. Ben Freer.

Barbara Lenkerd, Kenny Brown, Jim Ayers, and Cathy Yarnall demonstrate positions of shooting a rifle.

KEY MANTAS . . . UNDERSEA SPORTSMEN

Key Manta, an all boys club, is devoted to the organization of the sport of skin diving with rules of safety for the mutual benefit and enjoyment of all interested. Knowledge and techniques of the sport are discussed along with underwater sportsmanship. They also study the environment and marine life.

Members learn about use of skin diving apparatus and apply their knowledge by using it as they skin dive in and around the Florida Keys.

FHA STRESSES HOME ECONOMICS

After several years of inactivity, our Future Homemakers of America Chapter was re-organized this year. This club is a vital part of the homemaking program in Key West High School. Any girl who is currently enrolled in the homemaking classes or has had homemaking in the past is eligible to become a member.

Projects which will be frequently undertaken during the year are serving at banquets, preparing cookies and pies for special occasions and selling football programs.

There are almost 100 members of the K.W. H.S. Future Homemakers of America making it the largest club in school. This chapter is under the supervision of Miss K. Lowe, Mrs. J. Bennett, and Mrs. E. Lewis.

KWHS BAND SPORTS NEW UNIFORMS

New uniforms means hard work for the Key West High School Band. The annual Tag Day brought more money than ever before with a grand total of \$2274.72. To provide the balance for the West Point style uniforms, concessions were taken on during the football and basketball seasons. Other projects were the sale of plates with the picture of the school on them and a bazaar.

This year's football halftime shows were the best ever with the homecoming game at the top. A review of the halftime shows was held December 4 with the band and the Conchettes participating. Two guest bands were brought in.

Each band member receives a chenille lyre for one year in the Key West High School Band. Each year thereafter a service bar is added. Other individual awards are the Outstanding Progress Award and the Outstanding Bandmember Award. The Best Section Award is given to the section that was the most dependable, made average progress, and had the best attitude and conduct.

HERE'S GOOD NEWS! CONCERT CHORUS

Concert Chorus, under the direction of Mr. Thomas Whitley, is the performing group of the choral department. Members are chosen for their quality of voice, musicianship, dependability, and responsibility. Some of their appearances include special performances for: civic organizations, a halftime show, the annual Christmas show, and competition with other schools.

Anyone wishing to join must first have a knowledge of music fundamentals and at least a "C" average.

At the end of each year a key is given to all members who attend 90% of all outside appearances and a Maitland Adams award is given for the most outstanding senior.

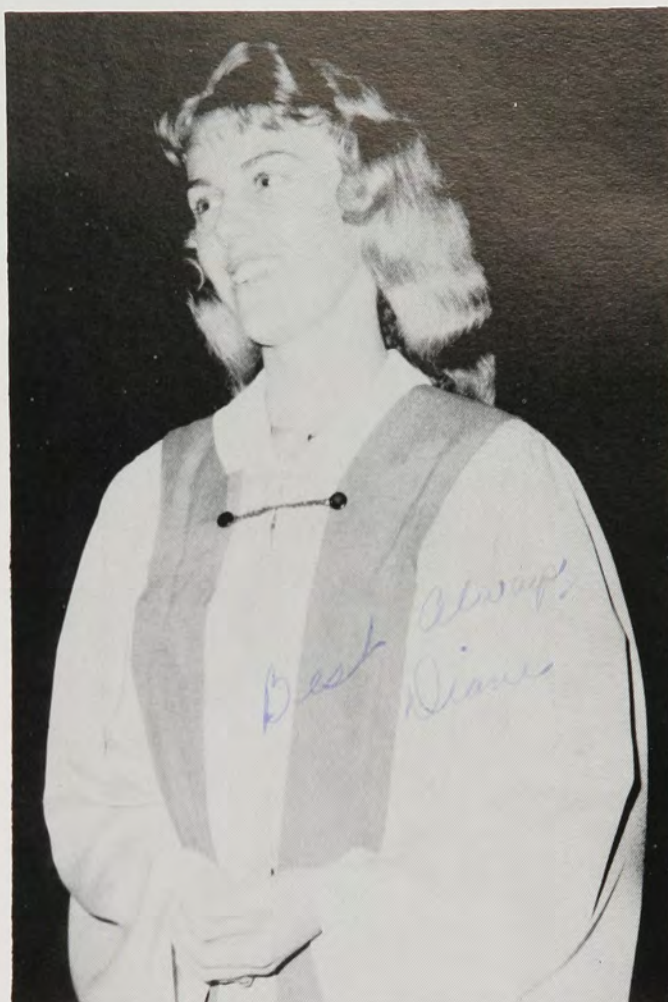

Mr. Whitley directs the Girls' Glee Club.

The 1959 football season found the talented Conchettes doing precision routines and personality dances with the aid of the Key West High School Band, during the half-time. Though these shows lasted only a few minutes, long hours of hard work were put forth for everyone's enjoyment. The Conchettes have performed at the Orange Bowl for the past few years, endeavoring to do their utmost to bring credit to themselves, their director, Miss June Weech, and especially to the school.

Toward the end of the school year, a banquet was scheduled for the Conchettes and their parents. At this time, awards are presented to the "Most Improved Conchette", the "Outstanding Senior", and two girls who will attend Mr. Haden's school of dance in Texas. These girls are chosen according to their character, leadership, and dancing ability.

Girls wishing to try out for Conchettes are given due notice at a specific time. Then two weeks of training is given to prospective Conchettes and try-outs are held. Those having the dancing ability and maintaining a "C" or better average are admitted into the Conchettes.

SNAPPER COVERS

THE WHOLE SCHOOL

In order to reach and maintain the Snapper's goals: to print a better and more interesting paper, each member of the staff writes an article and submits it to the editor. Then it is copyread, typed, set up in a page, and printed.

Each year the editor is appointed by the sponsor, and the staff is chosen by the editor.

Departments which the paper is broken in- to include; typists, photography, sports, and gossip.

Each month the Snapper is exchanged with schools all over the state.

COOPERATION DISPLAYED

Here is a beehive of activity! The hard-working annual staff is dedicated to the publication of the 1960 Conch. The staff's detailed work is under the capable supervision of Mr. Vernon Conner and Mr. Floyd Cullop.

This year's Conch has had a great deal of planning in order to give the student's activity section better grouping and an index for the student's convenience.

To accomplish the goals of any yearbook there has to be a great deal of cooperation between faculty and students. This was evident throughout the entire school year.

The theme of a yearbook is of the upmost importance and the 1960 Conch's theme is "The sea around us" which is symbolic of the island community in which KWHs is located.

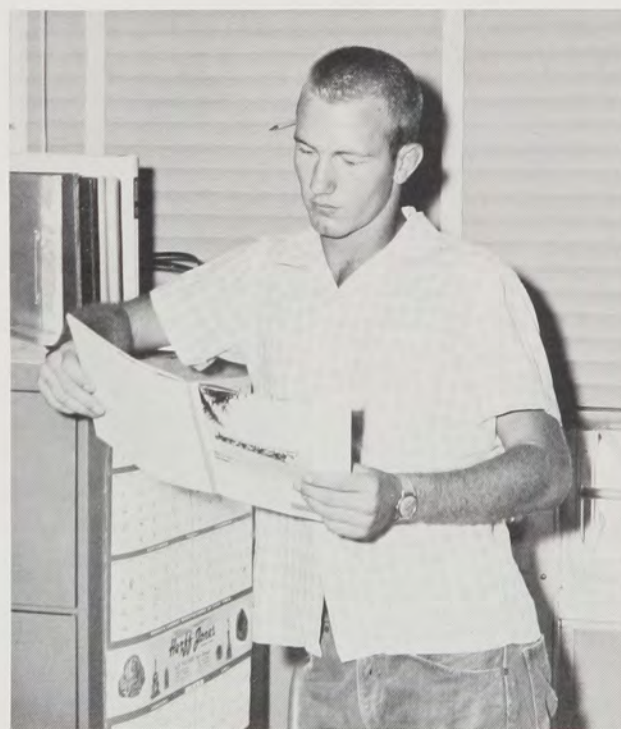

The sponsors, Mr. Conner and Mr. Cullop go over some copy.

Anita Jimenez, always busy, schedules time for pictures.

Jayne Archer, editor, assigns the various pages.

Sports editor, Howell Lowe, goes over last year's baseball layouts.

The staff works to meet a deadline.

HAVE TALENT: WILL PERFORM

Members of Modern Music Masters are chosen from those students in the music departments who have a "B" average in music and a "C" average in all other subjects. They have to be at least a sophomore, and have been enrolled in the music department at least one semester. All members are chosen on the basis of scholarship, character, co-operation, leadership and service.

Mr. Tom Whitley and Mr. William Higgins, sponsors, strive to maintain an interest in musical performances, to encourage better habits in listening to musical performances, and to provide wider and more frequently opportunities for musical expression in schools, churches and all civic organizations.

1960 CONCHS

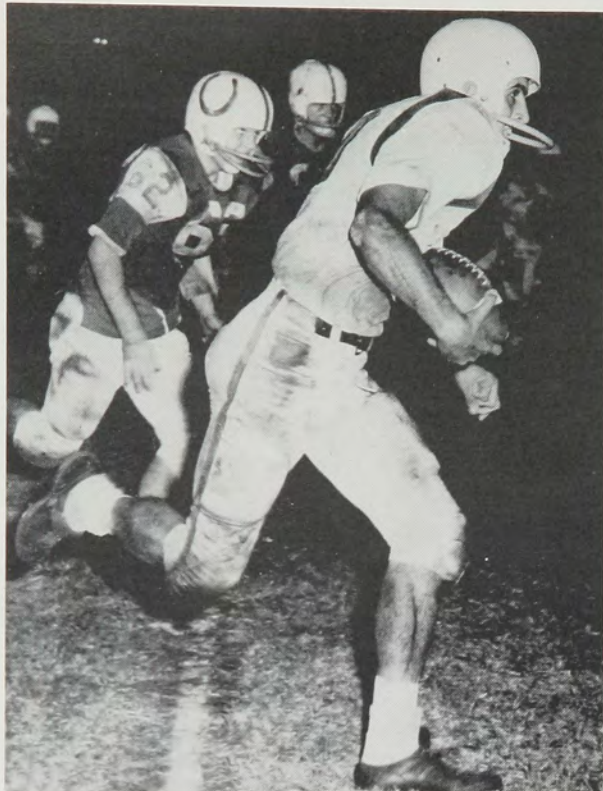

One of the most outstanding high school football teams in the state of Florida was the 1959 KWHS fighting Conchs. It was a team that had the speed of Robert Harris, the passing of George Mira, tackling of Jim Peagler, line backing of Mike Hughes,

and the pass receiving of Eddie Jeffcoat.

The team's exploits will go down in the annuals of KWHS's history as one of the finest. A team that we can justly be proud of.

J.V. FOOTBALL BOASTS 2-2 RECORD

J.V. football, under the leadership of coach Harry Butcher and coach Armando Hendriquez, showed great promise in the past season by winning two games, and losing two games.

These boys are the ones who step up into the departing seniors shoes to defend the mighty name of the Conchs. They work hard and become part of the link that gives our varsity the proud name of a tough team and hard to beat.

With the skill and eagerness of the J.V. members moving up to the varsity, the team shall always be known as a good, hard-playing team that will fight all the way for the conference title and championship.

J.V. Basketball, coached by Coach Armondo Henriquez, is a very important factor in the basketball team of Key West High School. The purpose of the Junior Varsity is to create better and more experienced varsity in the coming seasons. Playing J.V. assists the boys in gaining experience and developing sportsmanship.

Their season record of 1960 was: 9 wins and 10 losses.

The coaches and loyal fans expect these boys to surprise many people and opponents by displaying a well-trained and organized team in their future basketball days.

BOYS' TENNIS IS ORGANIZED

Tennis, the first organization which began in the spring, includes six boys: Robbie Stoinoff, Captain; Bill Ploss; David Knowles; Bill Jackson; and Benny Trevor. The boys had daily workouts alternating at Monroe County Beach courts, and Bayview courts. Although it is a small team, the boys, coached by Mr. Harry Butcher, have developed themselves into a strong group.

Through keen competition from other schools, the players shape up in having a good chance in a state title. All six players will return for the next season, ready for the tops in tennis.

In 1980 you might find frequent trips to outer space, jet propelled cars, and whole nations run by atomic energy. That is, if there is still a world by 1980.

JEAN HOOPER

I predict, that in 1980 there will be a cure for cancer; that human limbs will be transplanted, as parts of the eyes are now; that most homes will be heated by radiant energy; and that all appliances will be atomic.

*I'm so sorry
I make myself so
Sheila Swinger Breckenridge*

SHEILA SWINGER

Due to the moral upheaval in the present decade concerning teenagers, I feel that our children will profit from the mistakes of their parents, us.

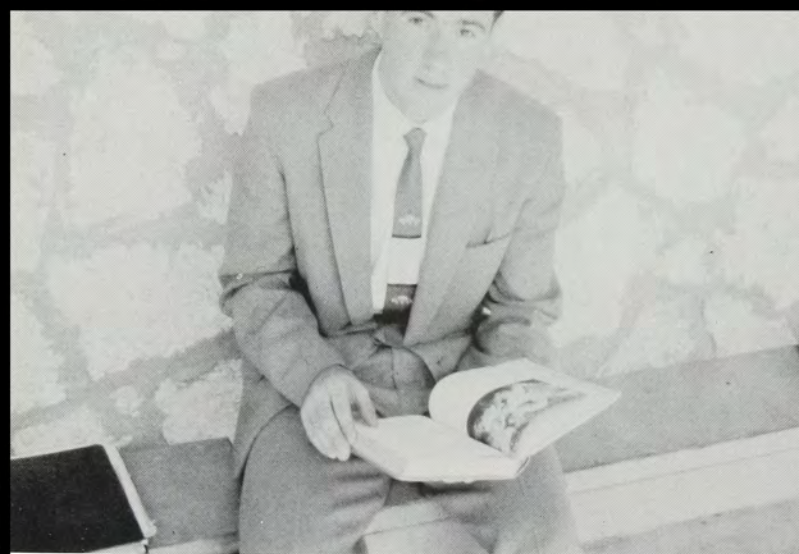

BOB KNOWLES

I predict 1980 will see: Interplanetary travel; domestic use of the atom; wheelless atomic automobiles; a new fad to replace rock and roll.

MARION BARNETT

Large land masses such as South America and Africa will have developed their natural resources and become major world powers.

PATRICK MARTIN

For 1980 I predict interplanetary space travel, over-emphasized push-button living, and domestic use of atomic energy.

BETTY BEARD

Push-button convenience will result from atomic energy. The world will be brought closer together through television telephones. The moon will be a favorite resort.

JOAN LOWE

In the next two decades I see a cure for cancer; the practical use of sun's energy; and interplanetary travel.

JUNE AND THE LAST BELL . . .

A black and white photograph of a landscape. The foreground is dark and filled with the silhouettes of trees and foliage. In the middle ground, there's a line of trees. The background is a bright, hazy sky with a large, bright, cloud-like shape in the center. The overall mood is serene and somewhat ethereal.

JUNIOR CLASS HAS BUSY YEAR

As the school year 1959-1960 opened, we found ourselves in a beehive of activity. This hubbub continued throughout the whole year.

In the following pages a summary is presented in a pictorial manner to help keep our memories alive in the years to come.

Among our many activities were: a prosperous football concession, an assembly program, and a

dance. Our play, which was put on in February, was the drama, "The Desperate Hours." We were hosts to the junior-senior prom, had a jocosse class picnic, and participated in Field Day.

All of these activities were in the capable hands of Mrs. Sylvia Abbey, our head sponsor, who, with the help of her fellow sponsors, and our class officers, made this year a big success.

SOPHOMORE CLASS

The class of '62 began a busy and highly successful school year with the election of class officers. With the help and assistance of its eight sponsors, the year was well planned.

As money making projects for the treasury, the class sponsored dances and athletic con-

cessions. They were also in charge of a program for a sixth period assembly.

To celebrate the success of a wonderful school year, the class held its annual picnic late in the spring.

FRESHMAN CLASS

This year was a successful and eventful one for the Freshmen class. The election of officers, the first event, gave the following results: President, David Knowles; Vice-President, Sheila Dunlap; Secretary, Dianne Anderson; and Treasurer, Alice Watkins. An executive board, whose function was to supply workers for Freshman Class projects and to provide representation of the Freshmen homerooms, was appointed. This group was active throughout the year.

Through the efforts of the officers, the executive board, and the sponsors, quite a few money-raising projects were held in order to finance the activities of the freshmen class. All in all, several candy sales, a concession, one or two school-wide dances, and special projects were held.

The money raised from these sources enabled the Freshmen to put on an assembly program, hold several freshmen dances, and to provide other such activities.

LEFT TO RIGHT: Mr. Duke, David Knowles, President; Alice Watkins, Treasurer; Dianne Anderson, Secretary; Sheila Dunlap, Vice-President.

LEFT TO RIGHT: Mrs. Cates, Mr. Anderson, Mrs. Case, Mr. Smith, Mr. Busch, Mr. Duke, Mr. Gallagher, Mr. Ross, Mrs. Lewis, Mr. Kirch, Miss Hallat.

EIGHTH GRADE

Approximately 209 eighth grade students crowded through the halls this past school year. These students were separated from the rest of their class, which was located at Memorial Junior High School, because the majority of them were band students and/or transported students. The eighth grade students here did not have the activities that they have had in the past, such as student council, *Snapper*, or class dances. The Majority of the students seemed to answer in the affirmative when asked if they liked being in the high school separated from their class.

At the time of this writing, it had not been fully determined whether the eighth grade of next year would be housed entirely at Memorial. One thing is certain: They have provided a great deal of support to the machinations of Key West High School during their occupancy.

A photograph of a sunset over a body of water. The sun is a bright, glowing orb on the right side of the horizon, partially obscured by a thin layer of clouds. Its light reflects as a shimmering, golden path down the center of the water. The sky is filled with large, billowing clouds in shades of orange, yellow, and dark brown. The horizon line is dark, with silhouettes of trees and palm trees visible against the bright sky.

*I pass through the ports of the ocean and
shores;*

I change, but I cannot die . . .

Shelley
