HOW TO KEEP PARISH RECORDS.

Every Parish and Mission should keep three books or sets of books. The CHURCH REGISTER is kept by the Rector; the MINUTE BOOK by the Clerk of the Vestry; the ACCOUNT BOOK by the Treasurer. All three are to be open to all proper parties at all times.

The CHURCH REGISTER contains the vital records of the Parish, and is legal evidence as to births, marriages and burials. It is to be examined by the Bishop at his annual visitation. The records should be entered *immediately* upon performance of any office, by the minister himself. Where practicable, the Marriage Record should be signed by at least two witnesses, as well as by the officiating minister.

All permanent entries should be recorded in black ink. Temporary Memoranda as to Communicants and Families—as “can’t find,” “ceased to communicate,” etc., should be made in pencil as easy to erase and not proper as permanent record. No name should ever be erased or scratched. Every name, once entered, must be accounted for in the Register. Where communicants are transferred to another Parish, enter “transferred to A. B.,” with date. If Letter of Transfer is not issued, enter “removed,” etc.

A new name entered on any page should also be entered in the Index. The Index should refer to each page upon which any name is entered for any purpose.

The List of Families entered in the Appendix is also required by canon, though not properly a part of the Parish Register. It is bound together with the smaller Registers in order to save the expense and trouble of keeping two books.

Suitable blanks and certificates for Marriage, Letters of Transfer, Application for Baptism and other offices, Blanks for Family Record, etc., may be obtained from the Publishers of this Register.
