Student Council

The aims of the Key West High School Student Council are to encourage good citizenship, to promote harmonious relationships, to coordinate school activities, to instill proper attitudes, and to provide a forum for student expression. The student who takes an active part in the student council gets the feeling of belonging, that the school is his school, and that the people there are interested in him and what he has to say. His views are welcomed and some of his ideas may even become some part of school policy. He learns how to work with others in friendly cooperation; he learns how to accept responsibility and to bring a project to successful completion.

This year's junior varsity shows a lot of promise for an outstanding season. Several players from the 1978-79 team have returned to provide leadership to a team, half of whose players have little or no basketball experience.

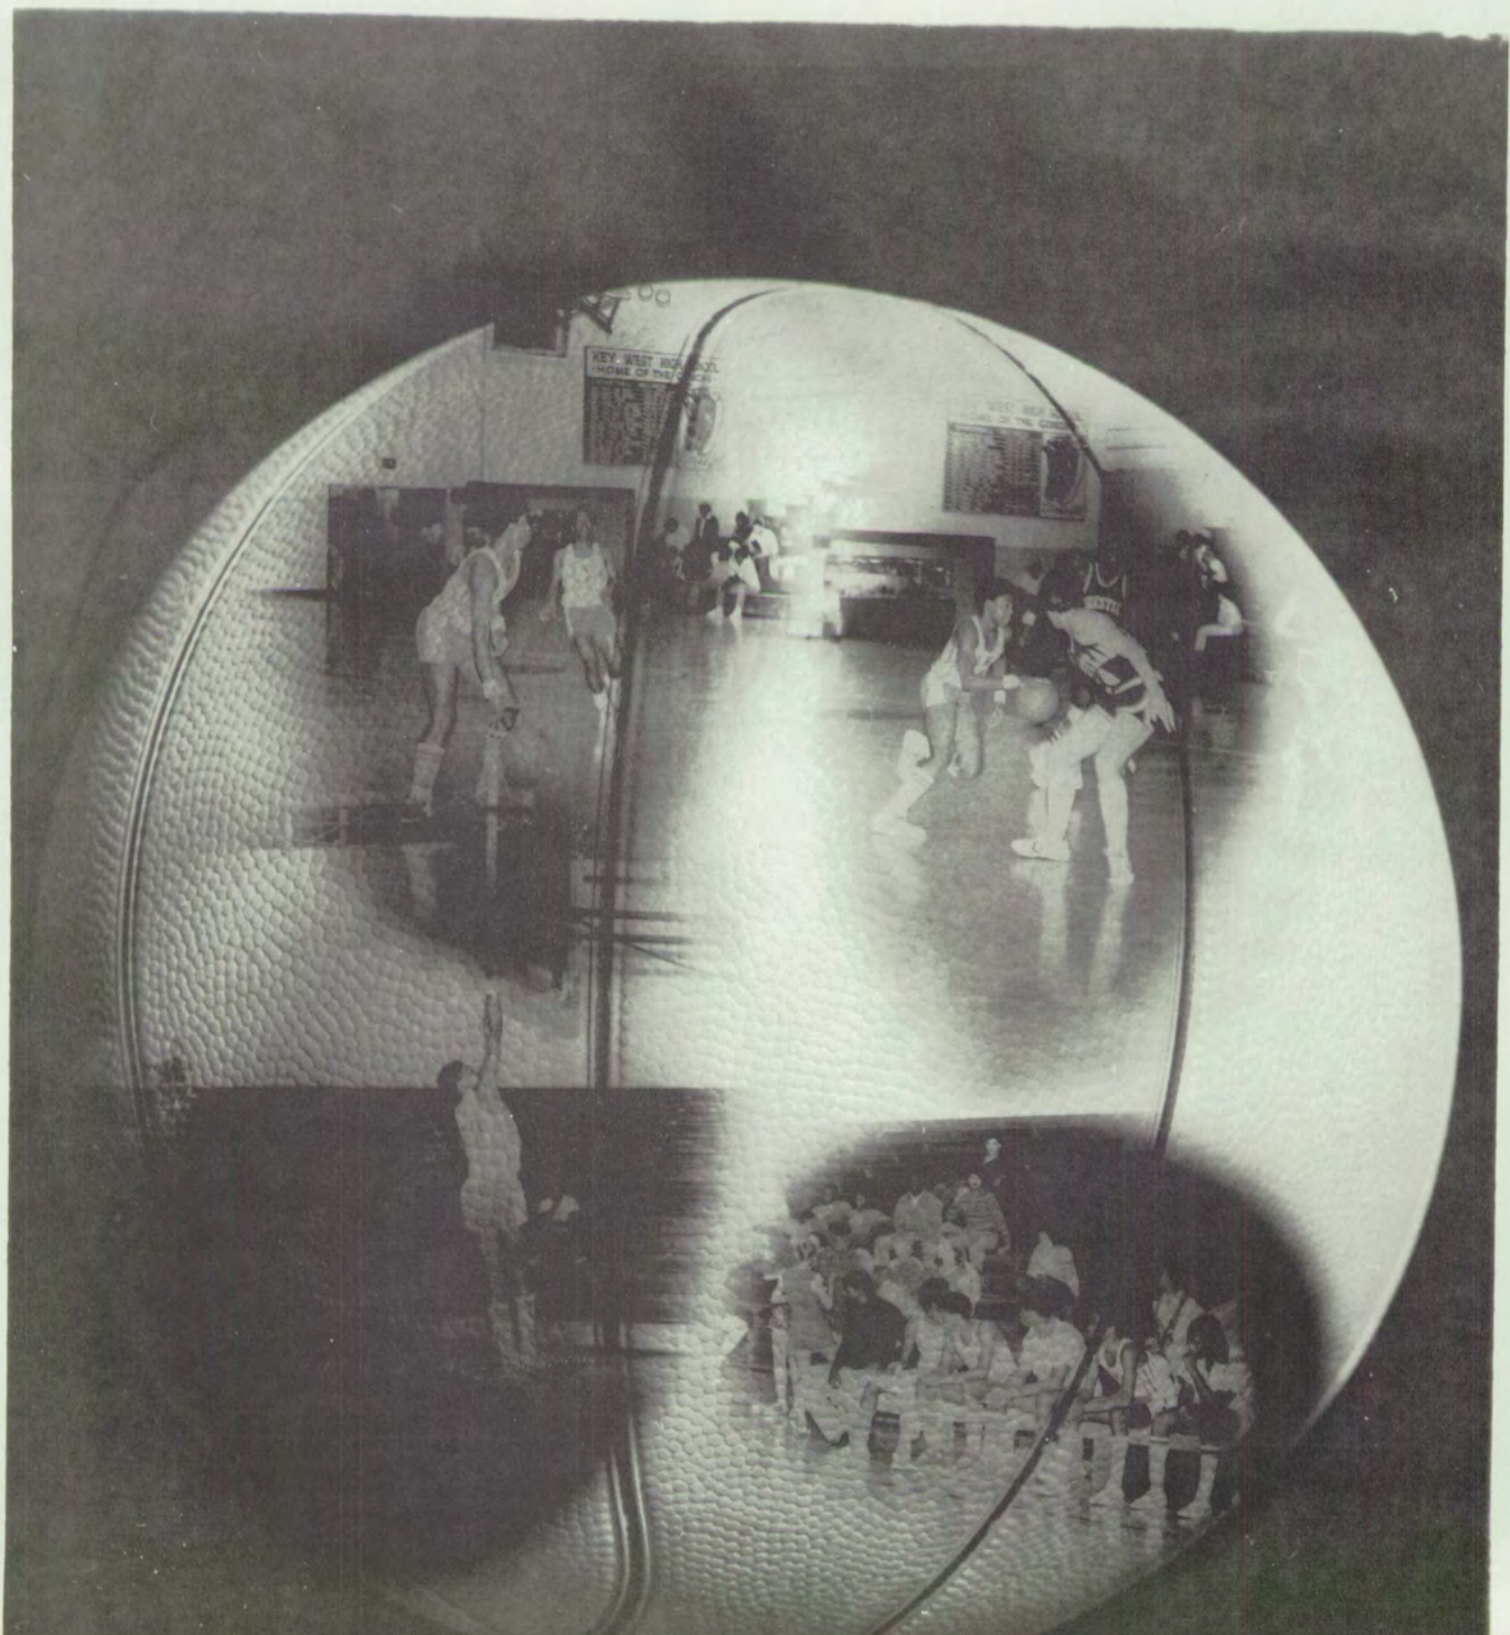

This year will be my second as J.V. Coach and I look forward to working with middle and under-classmen whose present abilities indicate a growing potential to contribute (in the future) to another solid varsity program.

Coach, Bill Butler

CONCHS

VARSITY BASEBALL

1980 BASEBALL PREVIEW The 1980 Baseball CONCHS will be relying very heavily on its senior players. Four returning lettermen are seniors and nine out of the fifteen players are in their last year. There is no doubt that the CONCHS will score. Three of the returning lettermen hit over .300 last season. The big question mark is whether the inexperienced pitching staff can hold the opposition down. Only time will tell.

Tennis

It is believed by many that one of the most desirable consequences of athletic participation is a more in-depth understanding of the alliance between competition and cooperation and the utilization of both within the conventional framework of society. The members of the 79-80 KWHS tennis teams are both competitive and cooperative. Though not always victorious on the courts, these participants are WINNERS in the biggest game of all, *life*.

We help you do it yourself.

When you're working on your car a little tip from the people at Big  Auto Parts stores can be a big help.

For example, if you want to know how something goes back together, chances are we can show you a diagram in our parts books.

If the job takes a special tool, we can tell you. And we probably have it.

If you need a special part, odds are we have that, too, because Big  stores have a reserve of over 180,000 different parts to make sure you get the exact part you need.

Stop in at your nearest Big  store and get acquainted.

I would like to thank the entire '80 Conch Staff for all the hard work, effort, and ideas that they put in to make this year's annual which I feel is the best one ever. The entire staff would like to thank Mr. Bode, our advisor, for all the help he has given us and especially for putting up with us. We love ya! Also, our thanks goes to Mr. Brogdon for all the photography work he did for us.

I think this year's yearbook will be a memorable one to everyone and to the people who made it possible—THANKS!

Amber Archer
Editor-in-Chief

We, the Seniors of 1980, would like to dedicate this yearbook to our parents in loving appreciation for giving us the opportunity and guidance to grow and mature. We love you.

We would also like to dedicate it to each other, for no other class can compare to us because we will always have each other and the true feeling of love, togetherness, and devotion.
