CONTENTS

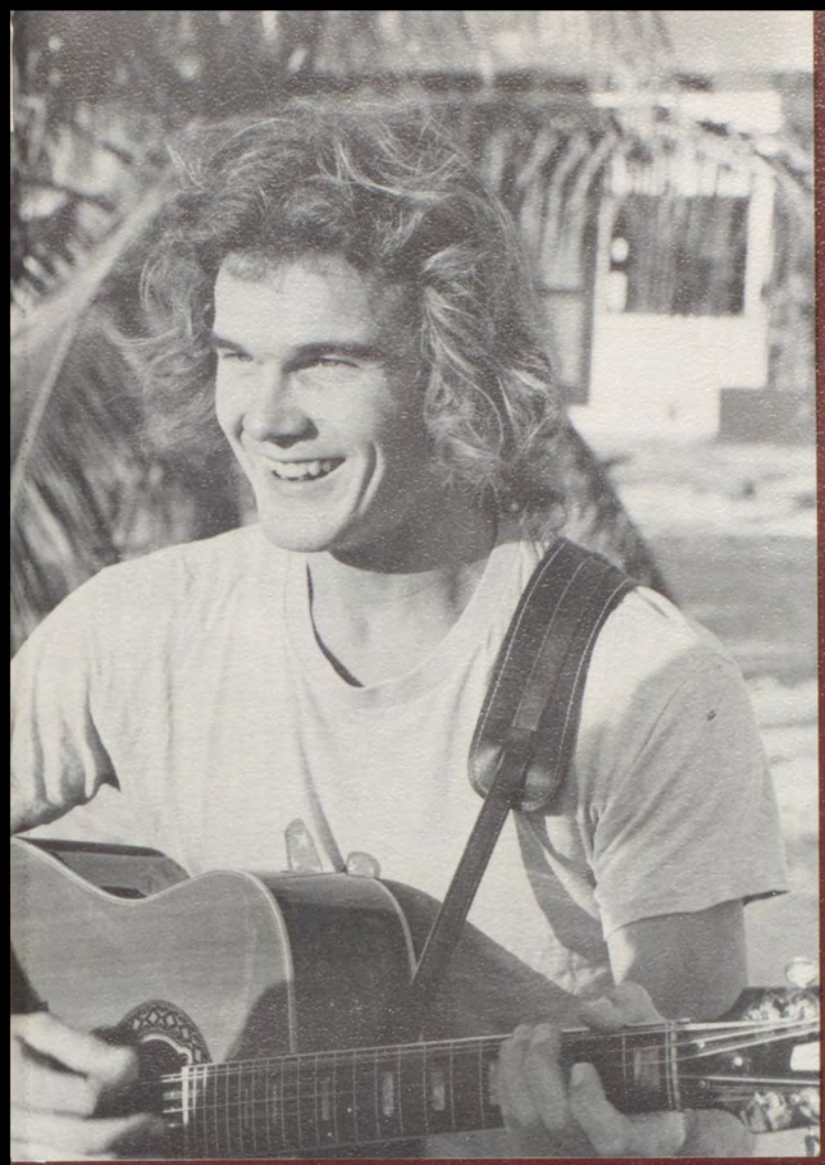

Key West . . .

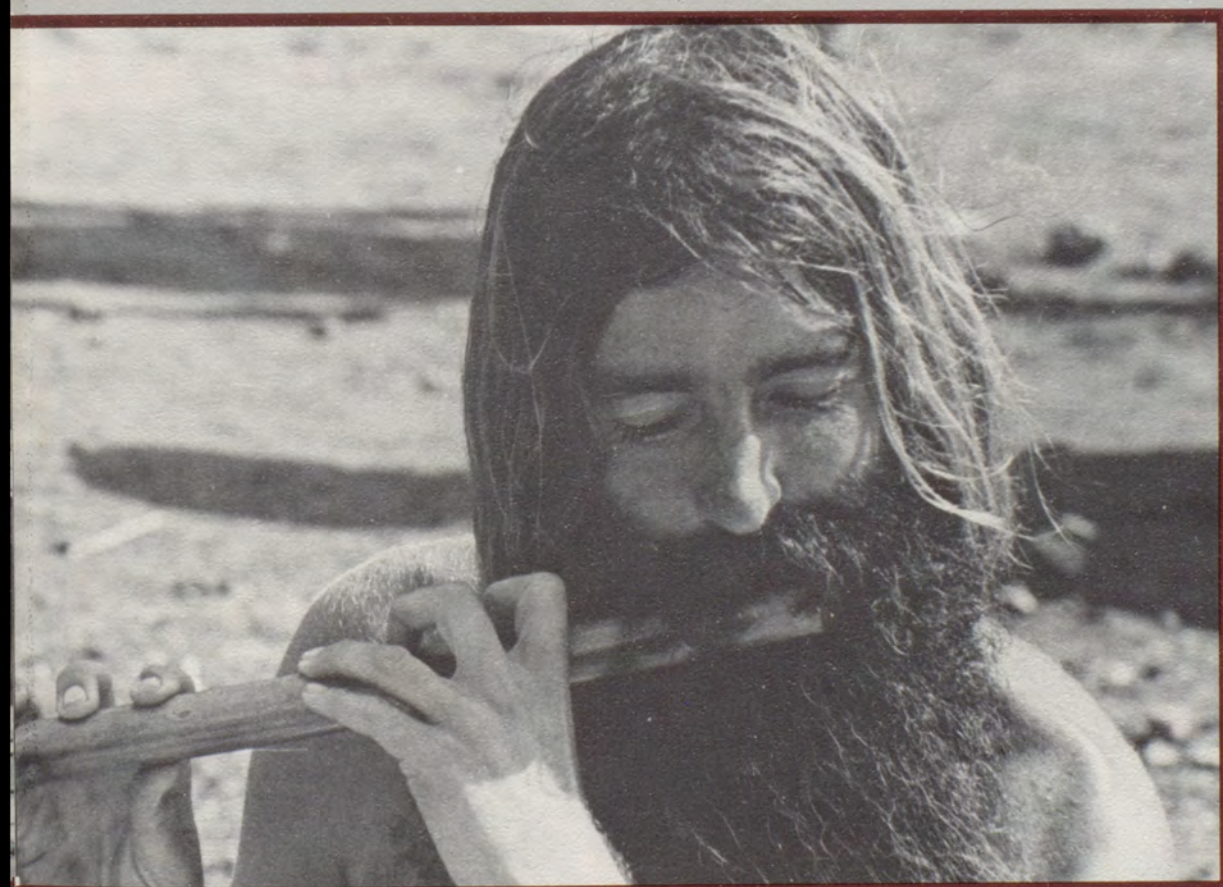

Born of a sea of emerald waters, . . .

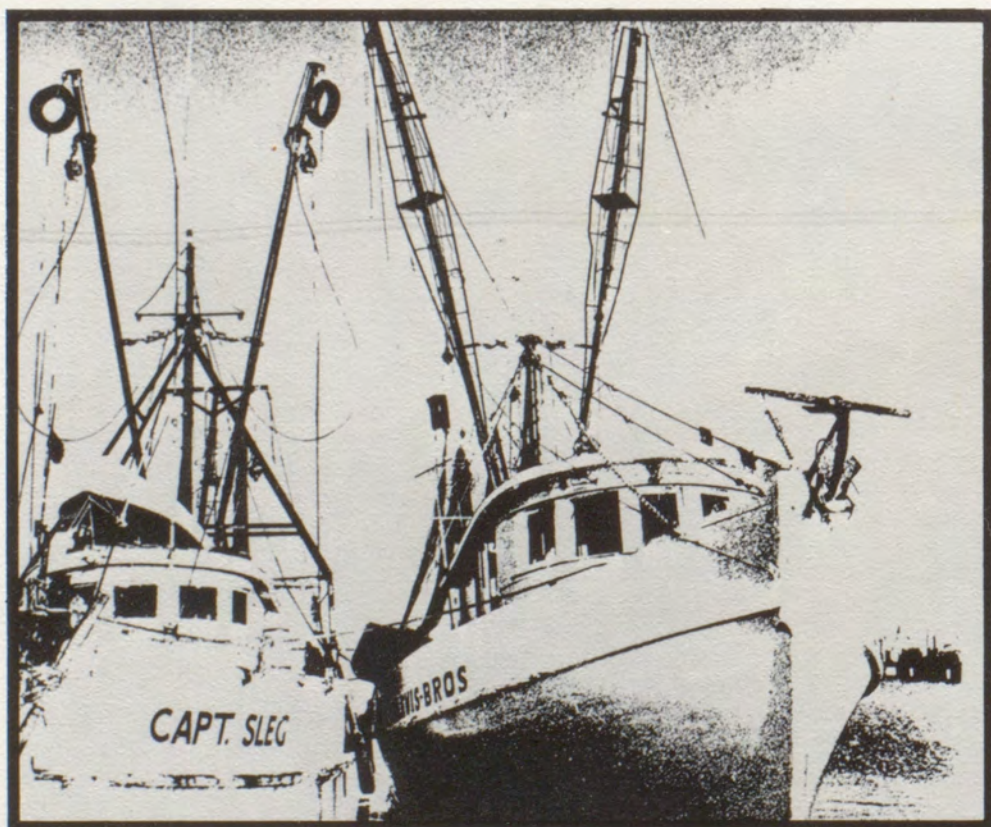

... an island of enchantment saturated in the atmosphere of
a romantic history ...

Sunstreamed shuttered frame houses, . . .

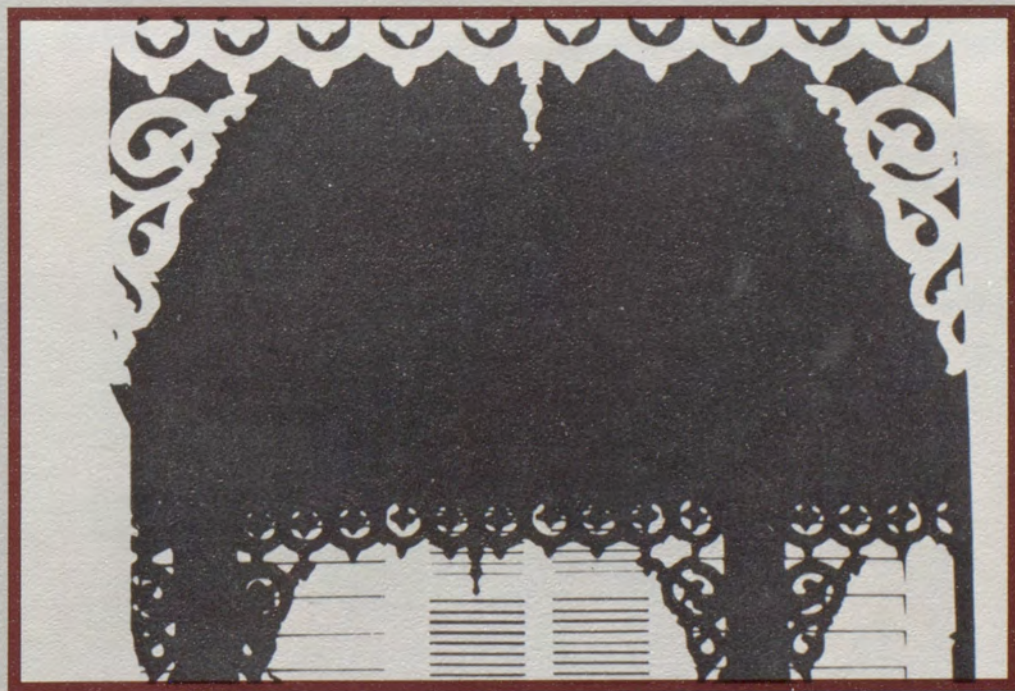

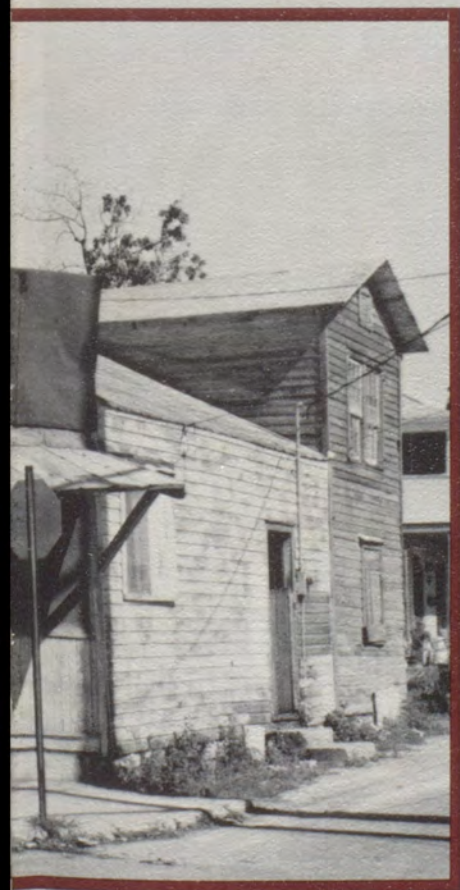

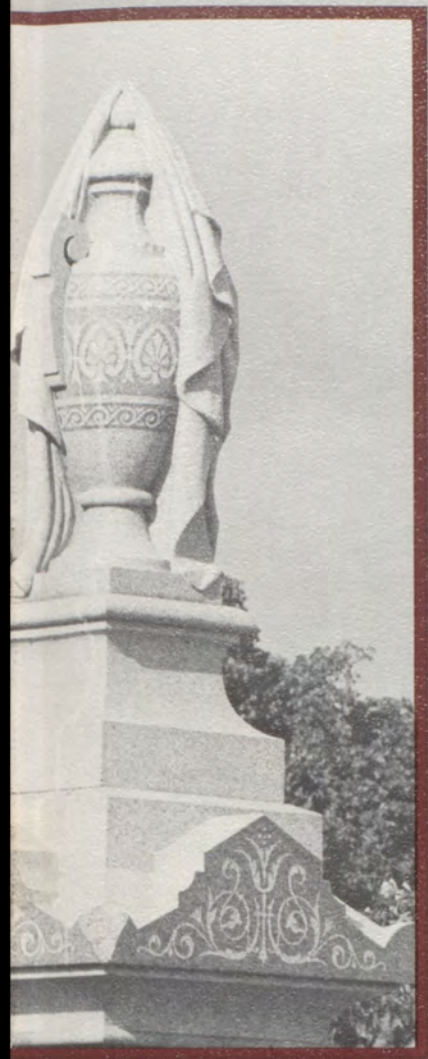

... with their ornaments echoing the opulent foliage that grows so freely here, ...

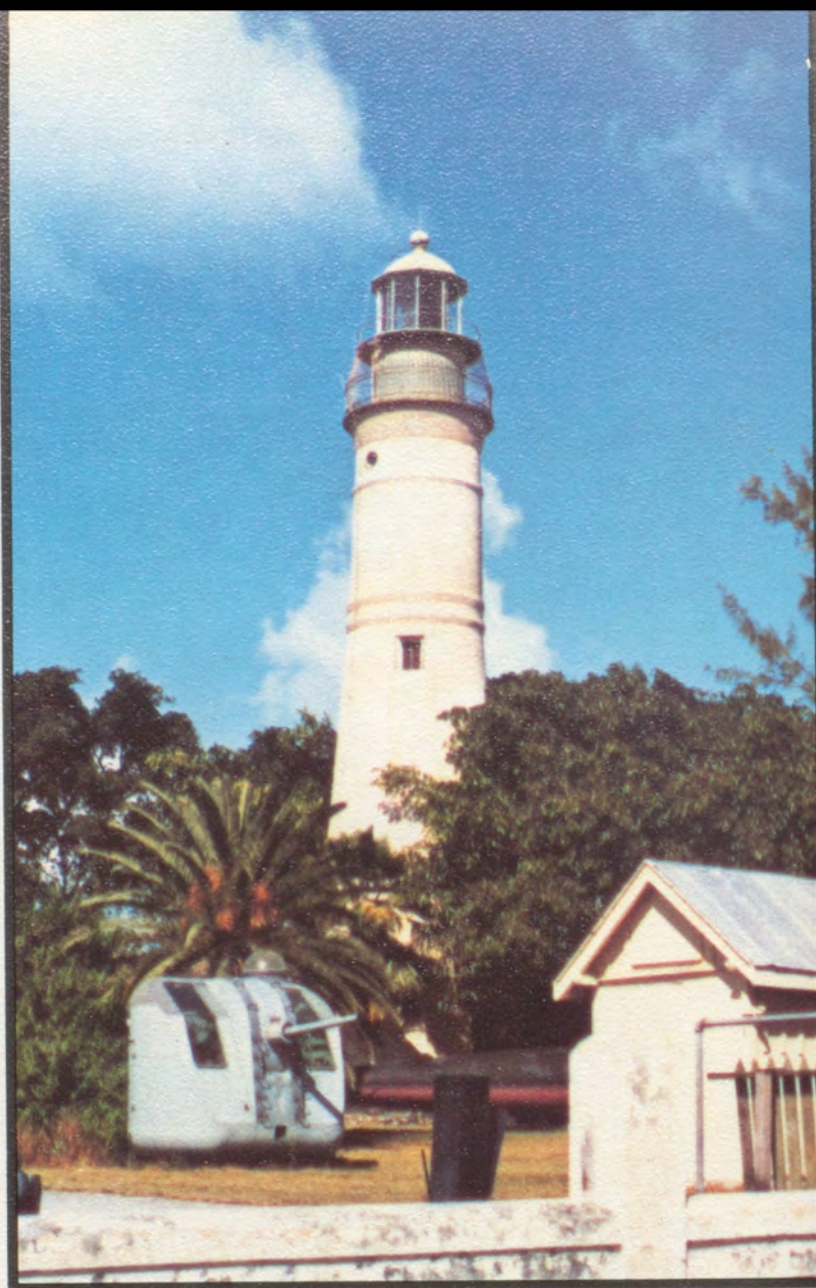

breathe a mystical charm; . . .

the aroma of tropical flowers; . . .

the salty murmur of the sea; . . .

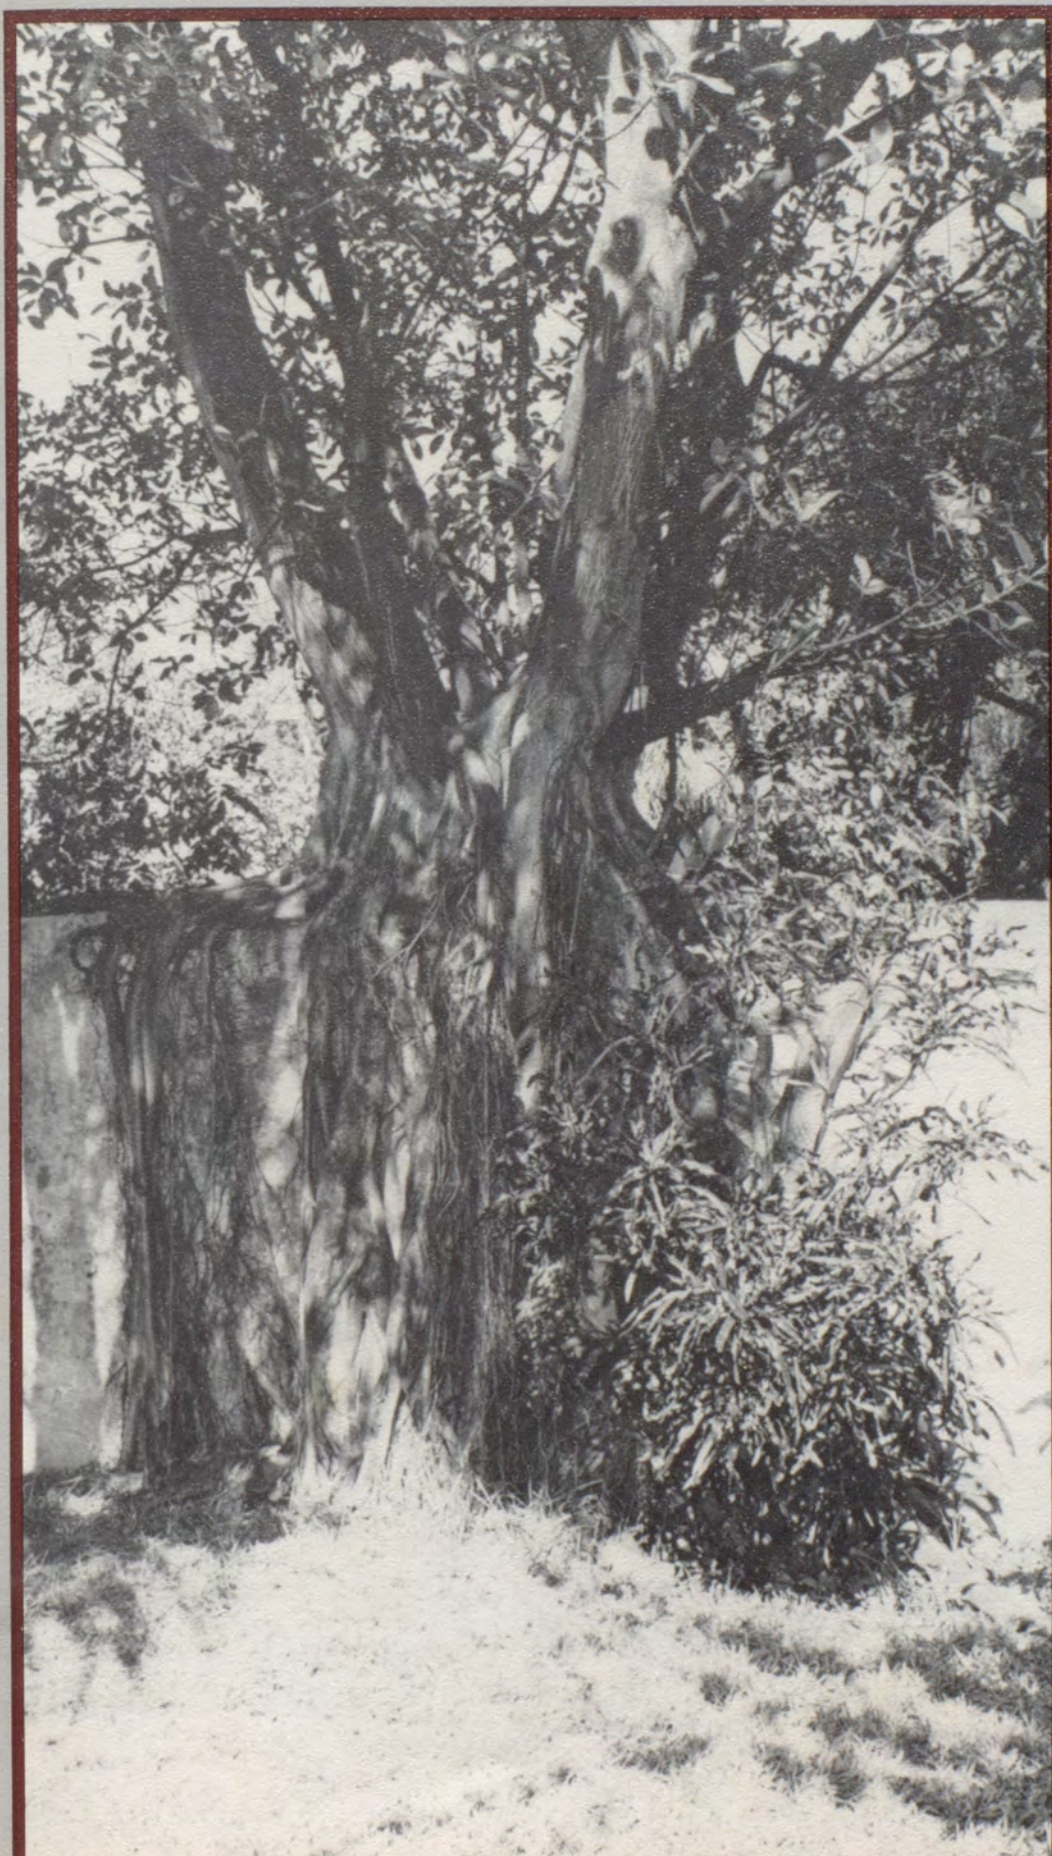

and the drama of mountainous clouds—

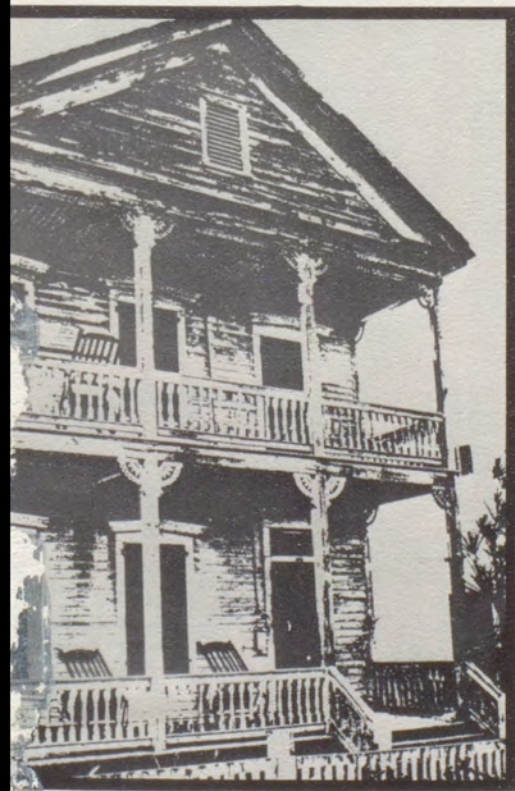

. . . all bearing an air of other-worldliness . . .

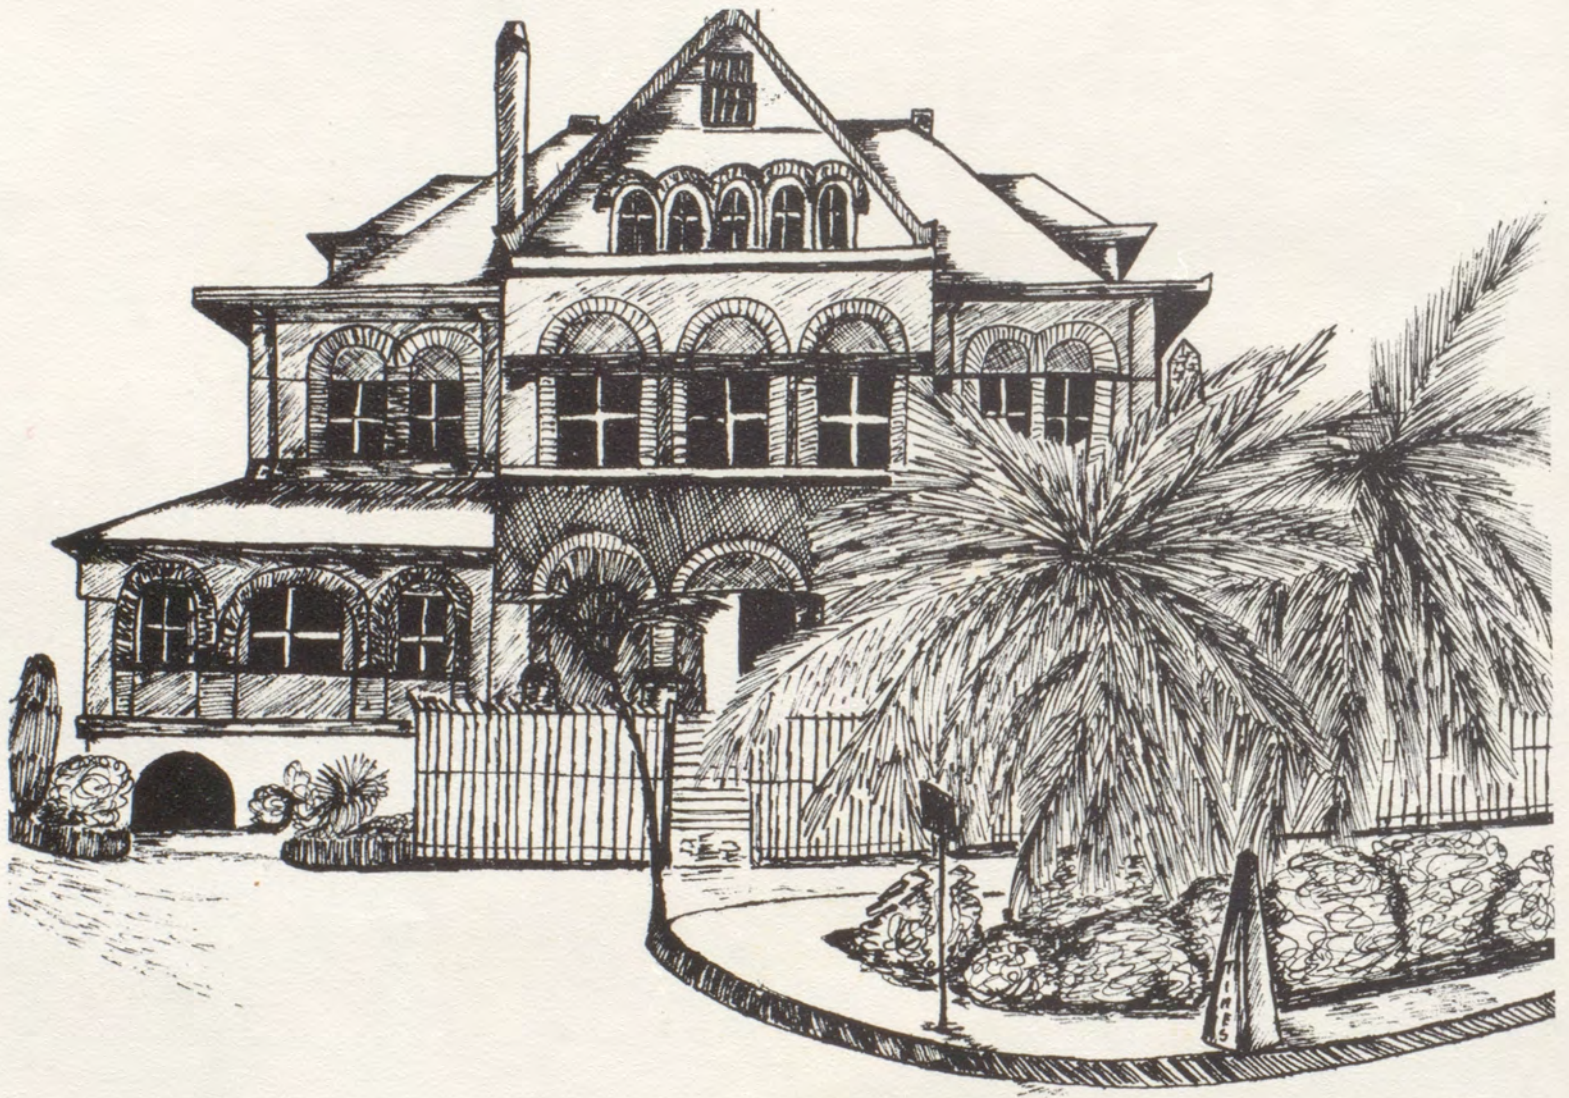

. . . that offers a peculiarly healing and relaxing haven . . .

art work by Thomas Szuter; photos by James Brogdon.

from the turbulence of our present-day civilization.

ACTIVITIES

Student Council

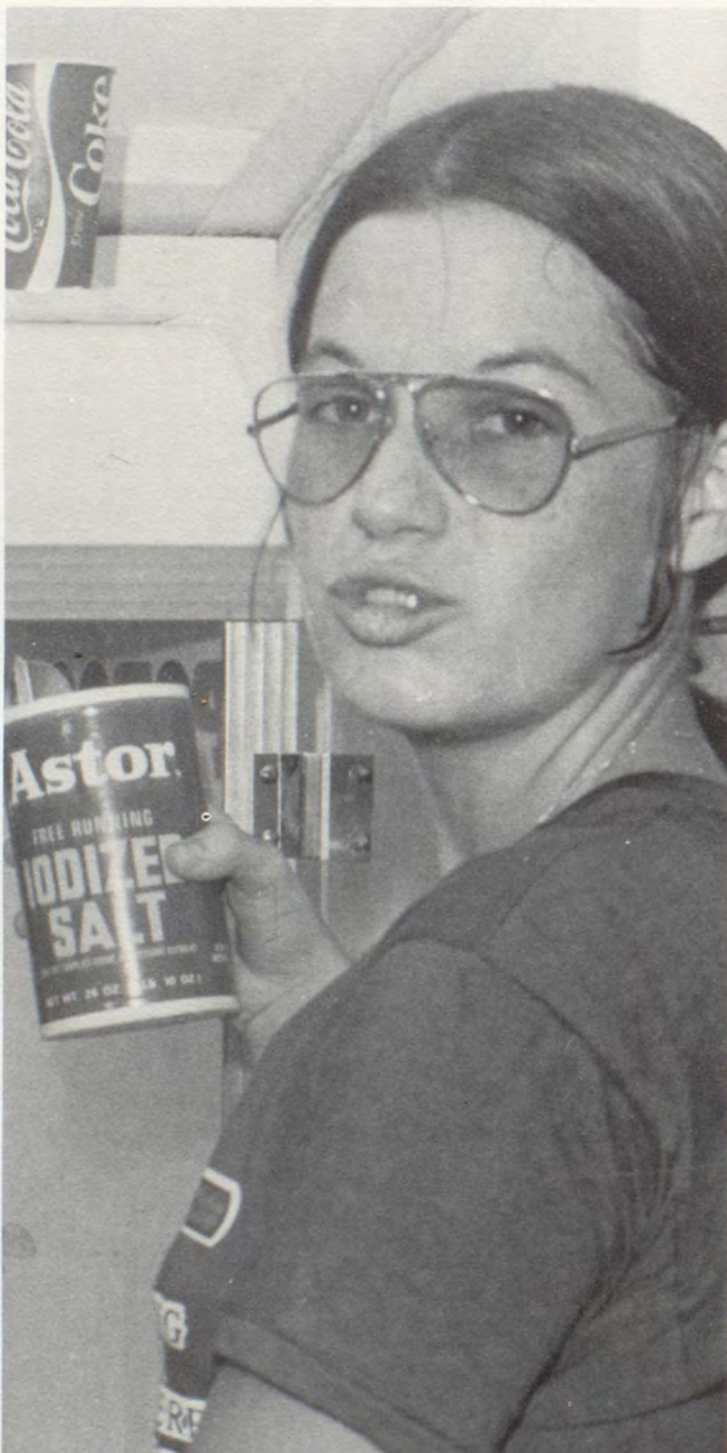

The Student Council is again climbing upwards towards the supremacy it should have. Yet, as everything else in life, there is still room for improvement. With the help and diligence of my co-officers, and the many representatives, Student Council, after many years of hardship, is finally starting to return to its high standards.

Student Council is the voice of the students. Student Council needs the students; in return, the students need Student Council.

Through Student Council, Key West High School has become a school of harmony, love, respect, and most of all—unity. Our school is changing Key West High School from small group unity to school unity.

I feel this is the way it should be. Student Council wouldn't be what it is becoming if we didn't have our dedicated sponsor, Mr. Fabal. He puts forth much of his time, and effort to the Council. For this, we give him our many thanks.

Executive Boards

The Executive Boards of K.W.H.S. are composed of an elected representative, and an alternate from each home-room. The Boards work together and make many important decisions concerning the projects and activities in which the class is involved, such as class plays, proms, concessions, etc.

Each Executive Board is led by its four officers: president, vice-president, secretary, and treasurer. These offices are an honor to hold as they are elected by their entire class. The officers, along with the representatives, must continuously work among themselves and strive for the betterment of its individual class.

Being a member of the Executive Boards is an important part of learning discipline and growing to be a responsible young adult.

National Beta Club

The Beta Club is an organization with a purpose, this is to promote the ideals of honesty, service and leadership among high school students, to reward meritorious achievement and to encourage and assist students in continuing their education after high school.

Each student member of Beta Club, upon qualifying for membership, is issued a certificate of membership, a membership card, and upon graduating receives a black and gold cord, and a gold seal on his diploma.

Throughout the year, Beta performs many activities such as sponsoring the Sadie Hawkins Day Dance and the Miss Key West High School Talent Contest to name a few. Beta also serves the school and community by promoting MARC, Career Day and others.

At the close of the school year, newly elected officers, old officers, and a few deserving members attend the Florida State Beta Convention to be held in Clearwater.

In order for a student to become a member of Beta, he must submit an application. However, membership is reserved for those students who have maintained a 3.0 grade average throughout the previous academic year and who have been approved by the faculty.

National Honor Society

Some people think membership National Honor Society membership is a privilege, and they are right. NHS is a club which recognizes individuals who have acquired four basic traits: character, service, scholarship and leadership.

A person's character is an inner quality that is reflected in public; service is the ability to help mankind. Scholarship is the appreciation of knowledge and leadership is the ability to guide others in the proper direction. These qualities, possessed by the individual, assures him some extent of security, happiness and success.

These four qualities are not easily obtained. They must be instilled into the minds of the individual before he enters a learning institute. Once he enters school, he'll only be practicing those traits he was taught.

NHS is a gathering of these fortunate individuals in an effort to encourage these four traits. This club assembles today's youth and tomorrow's leaders. Most people surrender their individuality for popularity. We don't have these people as members because we, as a club, admire the strict individualist.

Keyettes . . .

Keyettes is 100% all girls. We take in girls beginning in their sophomore year through their senior year. Keyettes started their biggest project this year by having concession on Homecoming night. Next, Keyettes will have the annual Sweetheart Dance, for which we share half of the work with our Big Brothers Key Club.

All girls who wish to be a member must have a "C" average and be either a sophomore; junior, or senior. We initiate new girls every first and second semester of the school year.

Maria Vierra
President

and Key Club

Key Club is made up of a group of willing young men who offer their services to the school as well as to the community. During the year, Key Club provides many services for the school. Our first important assignment is the construction of the bonfire to "kick-off" the football season.

I am proud to be the president and hope we have maintained the Key Club tradition as being a hard working club for the school and community.

Officers, left to right: Steve Bringle—President, Lynn Stuart—Parliamentarian, Karen Sykes—Treasurer, Teri Cline—Secretary, Ginger Martinez—Vice-President, Brook Carey—Parliamentarian.

The Interact Club, I can safely say, is the hardest working club at Key West High School. In five years, this club has risen to the top under great presidents and two sponsors who have really been the heart of this club, Mr. Fowler and Coach Roberts. With this in mind, I am truly honored to be this year's president. The Interact Club is a service club for the school and its community. Interact is involved in almost every school activity or event.

For the community, Interact has raised money for UNICEF, MARC, needy families, and has even adopted an Indian boy. What's truly great about this club is, as we are working hard, the whole club is having a really good time and making friends that will last a lifetime.

Distributive Education

As president of DE, 1973-74, I would like to introduce future students of Key West High School to the broad goals of DE.

First of all, DE stands for Distributive Education, which is simply the study of marketing and distribution. This program is designed to help students develop an understanding of the social and economic responsibilities of those engaged in distribution in a free competitive society.

DE is an opportunity for students seeking jobs in the marketing area during their junior or senior year of high school.

A brief course is offered to sophomores, which is strictly classroom research in marketing and distribution.

Students planning courses in Distributive Education have the initiative to excell beyond the full time graduate seeking a career in the marketing field. DE is related to another club called D.E.C.A. which sponsors annual conventions in Miami.

Your DE class as a whole makes it possible to attend these convention through fund raising activities such as flea market, game concessions and bake sales.

To the future students of DE, I extend all open invitation to join the club activities and a heavy start towards a career in marketing. Don't think about it. get into it!

D.C.T.

The purpose of D.C.T. is to provide opportunity for social development, to develop personality and to develop the talents of its members, to participate in the local, district and state club activities and to encourage the importance of responsibilities.

Often sharing new ideas and experiences in the world of work today we learn also leadership and competition.

Future Teachers of America

The main purpose of Future Teachers of America is to help teachers and to give members a chance to work with other students. Every April, members have a chance to visit other schools to observe various teaching methods.

Members also participate in acting as teachers aides. They help the teachers by helping new students catch up in class and by also helping elementary students with their reading. Other activities are "Teacher of the Month" and in May "Teacher of the Year". To become a member, a student must have a 2.5 grade average, be a sophomore, junior or senior, and be recommended by two teachers and one active member.

Ecology Club

The G.R.E.E.N. (Gang Rescue for Earths Enviromental Needs) Club, better known as the Ecology Club of Key West High School, was started two years by Dori Karl, a student who cared enough about her environment to do something about it.

At the club was composed of six hard working members. Even though they were small in numbers, they accomplished many projects, some of which were restoring the Botanical Gardens, planting palm trees and sea grape shrubs on the Garrison Bight Bridge, cleaning up around the city and winning awards from the Garden Club.

Now that the club has increased in numbers, we wish to continue restoring the natural and historic beauty of the Florida Keys.

LuAnn Hare, Treasurer; Mario Alayon, Vice-President; Josephine Dela Cruz, President; Linda Velasco, Secretary; Tim Doody, Publicity

Drama Club

Thespians (Drama Club as it is better known), is an organization for those who are interested in drama as a career. Through our activities, we obtain perfection as dramatists. The Thespians follow the organization of a summer stock troop.

An actor not only communicates the authors works, but by his actions, he may convey his thoughts.

Our club is represented by the masks of Tragedy and Comedy. The tragic mask represents those moments of great sadness that an actor may bring to an audience. The comic mask symbolizes those moments shared by both the audience and actor. We endeavor to express these emotions to the audience. Better than any other organization, we can both see and hear the results of all our efforts by the applause.

To be worthy of this great sound is our highest goal!

Cooperative Business Education

The Cooperative Business Education program is designed to provide the student with on-the-job training plus classroom instruction in job-related areas such as advanced typing, business English, and business machines. The students in the Cooperative Business Education program are affiliated with the Cooperative Education Clubs of Florida. The club supplements the regular vocational program. Our goals are the development of citizenship, leadership, scholarship, and vocational proficiency.

Modern Language Club

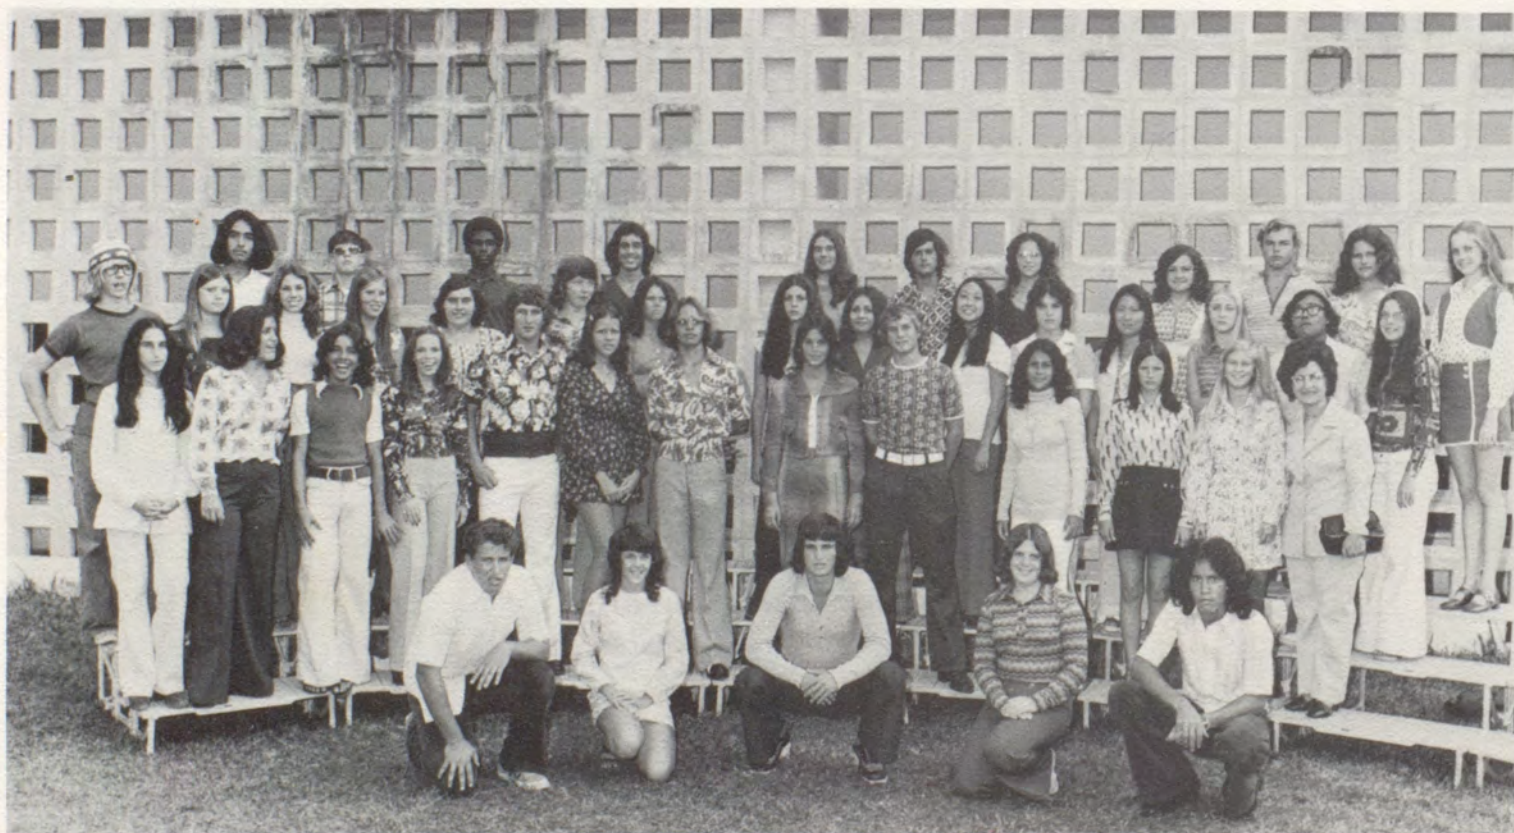

The Modern Language Club is one that would be beneficial to anyone taking Spanish or French. This club helps each member to become familiar with the customs of the country whose language they are studying. For example, if you are taking Spanish you would find out about the Spanish speaking countries and their customs, as well as the language. This is achieved in several ways. Together with the Latin Club we go Christmas caroling every year. We sing the carols in Spanish, French, Latin and English. This is an event that is always looked forward to. We also go to a French or Spanish restaurant for a meal.

These are just a few ways the club can help you. If you would like to join, just come to the next meeting.

Junior Classical League

The Junior Classical League, or as it is known, the Latin Club, is composed of first, second and third year Latin students. The purpose of the club is to help the students become more familiar with the culture and civilization of ancient Rome.

First year students are slaves, second year students are gods and goddesses. Masters are allowed to purchase slaves who must do anything their masters say that is within reason. During the year members are able to attend a State Forum where you live as the Romans did for three days.

At the end of the year all students celebrate Latin Week, which includes a Banquet at which slaves become masters.

Gymnastics

Gymnastics is a growing organization at KWHS. Unfortunately, the gymnastics team is not well known by the rest of the student body. But, with hard work, we hope that someday we will be able to enter state and district competition.

The team would like to thank our instructor, Tim Quinn, for all the work and patience he has put into the organization. The group meets every Tuesday and Thursday from seven P.M. to nine P.M.

Lower: Frances Stewart Co-Captain; Upper: Mario Alayon Captain

AquaConchs

AquaConchs has expanded into a community swim group. The girls pictured are only a part of our group. There are third through sixth grade girls involved, plus young adults.

Our objective is to have winter swim shows at the high school and at the Key Wester Motel; also, we would like to have a spring show.

The swimmers practice many hours to accomplish synchronized swimming as well as underwater stunts. All of the swimming is done to music with a show theme.

Dedication is important in anything that is done, and this year's Snapper staff is dedicated to doing its job. This is to keep the student body informed as to what is happening in Key West High.

With just twenty-three reporters, the staff has worked diligently this year under the leadership of our sponsor, Brenda Stevens and editor-in-chief, Denise McLaughlin.

The Snapper staff hears much criticism from the students at Key West High School and believe me, not all of it is constructive. But yet, you never hear the staff answering back!!! Instead, the staff tries to improve their work by working even harder on the next edition of the paper. So, next time you pick up the eight page monthly issue, and you want to criticize it, just sit back and try to imagine yourself putting in as much hard as do the members of the Snapper staff.

Chorus

The Choral department has three performing groups: Concert Chorus, Girls Ensemble and Mixed Chorus. Instruction includes musicianship and sight-reading, vocal techniques, tone and choral blend and musical styles from Renaissance to rock.

The Choral groups participated in combined concerts with the band at Christmas and in February, concerts for local service organizations, such as Rotary, Kiwanis and Lions Club, Spring Concert, District Festival Evaluation and they give a musical in the spring.

District Evaluation offers the opportunity for a rating by a panel of judges from the Florida Vocal Association. The Choral Department also sponsors the appearances of visiting choral groups from colleges, High Schools and Universities.

Director—Christy Vargis

Perhaps not receiving as much recognition as other groups, the Key West High's eight high-stepping majorettes add sparkle, charm and a little smile to all the band performances. The Majorettes work very hard toward successful half-time shows during football season. Their most spectacular feat is the "fire baton" twirling routine in the darkened stadium. The majorettes also used flags, banjos and hoops.

During the year they appear in the talent show, Conchette Capers, and are featured in special routines at Band concerts. They also help the Band with such services as bake sales, and they canvass on the Bands' annual tag day.

The Majorettes make up their own routines. Miss Christy Vargis, a former majorette, is their director. Miss Vargis is very experienced in twirling, and she has received many trophies and medals.

The Majorettes add an unusual flair to school spirit.

Conchettes

The Key West High School Conchettes are a well-disciplined group of young ladies who are famous around the campus as well as on the football field. The group was started in the late '50s. The group does various types of dances which range from drills to the high kicking line routine for entertainment during football season. Spring is the season for the Conchettes' annual variety show called Conchette Capers.

This group is an opportunity for friendship, travel and excitement, as well as physical exercise. Many long hard hours of rehearsal, dedicated members and a concerned director are what it takes to make a group as great as the Conchettes.

Varsity Cheerleaders

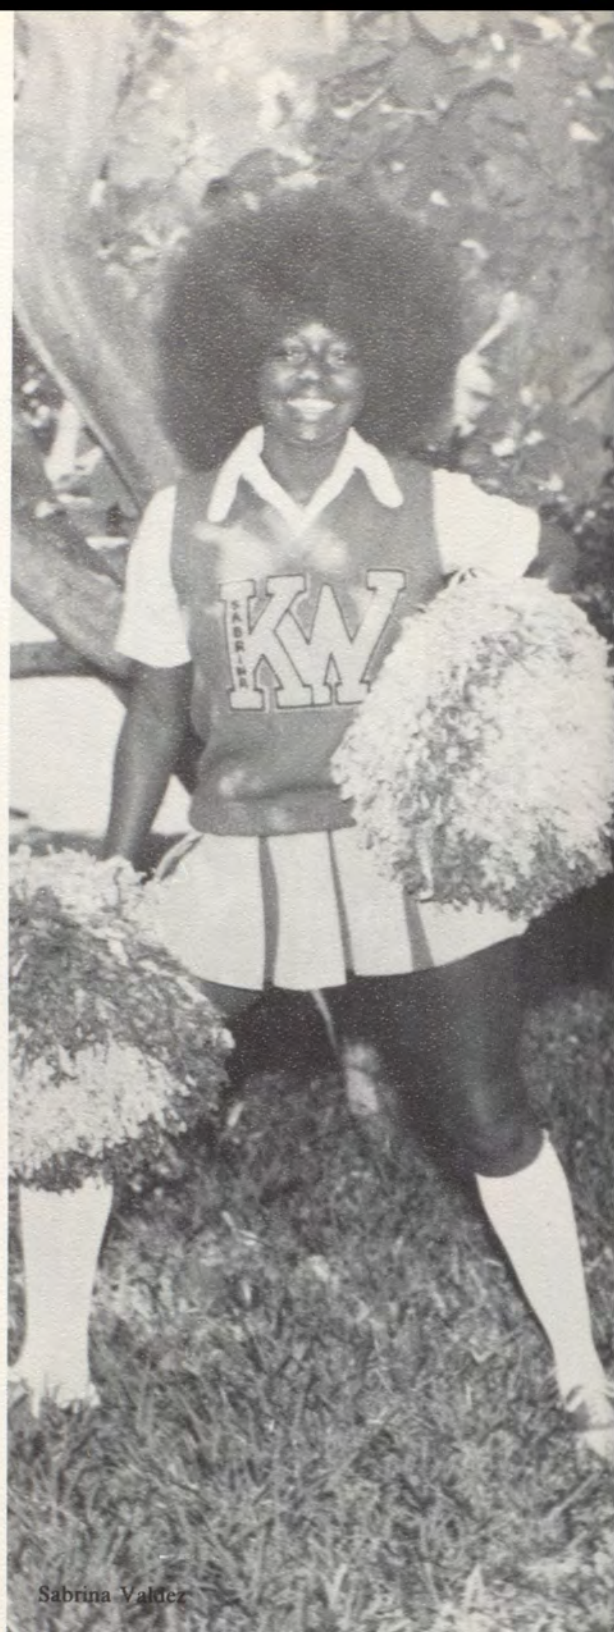

Cheerleading is lots of hard work
It's being part of the team
It's having to accept responsibility
And finding out what responsibility means . . .

A cheerleader needs enthusiasm
And confidence in her ability;
Because she is leading the crowd
She is the symbol of vitality.
A never ceasing interest,
A love and a devotion
A strong will to do for others
These are a cheerleader's emotions
Cheerleading is an honor
An honor meant to share
Regarded as a priceless gift
To create spirit everywhere.
A person with high standards
An honor character too,
Someone who puts herself aside
And lives to support her school.
But deeper than this it's feeling
A way of making friends
Knowing that you're a leader
Giving where life begins.
Feeling tense and nervous
Laughing and wanting to win
Accepting the disappointment of defeat
Learning to try once again

Working for many hours,
Going through stiffness and aches
Wondering if you can improve
Realizing the work it takes.
Helping others to know the joy
Of working together as one,
Showing the importance of never giving up
Until a victory's been won.
Being proud of the position you hold
Caring about your team,
Facing a world full of opportunity
This is what Cheerleading means.

This year has shown us that being a Cheerleader for Key West High School is truly an honor and a privilege. It is an experience that will remain in our hearts and minds as long as we live. The joyous feeling that fills you when your team has scored its winning points is only partly shown through the smile that spreads across your face. And then there's that terrible sad feeling that causes a tear to come to your eye, when you know that the game has been lost, but with your last hope you yell, "S-U-C-C-E-S-S"! These are just a few of the moments that we will never forget as the Junior Varsity Cheerleaders of Key West High School.

The J.V. football team of 1973 has "its ups and downs". The team was made up of ninth and tenth graders with little or no experience, but a lot of heart, as the season progressed, so did the team in every aspect of football. The team had a record of three wins and seven losses. This record can never amount or express the time and effort the young men put in to forming a strong and competitive team.

Varsity Basketball

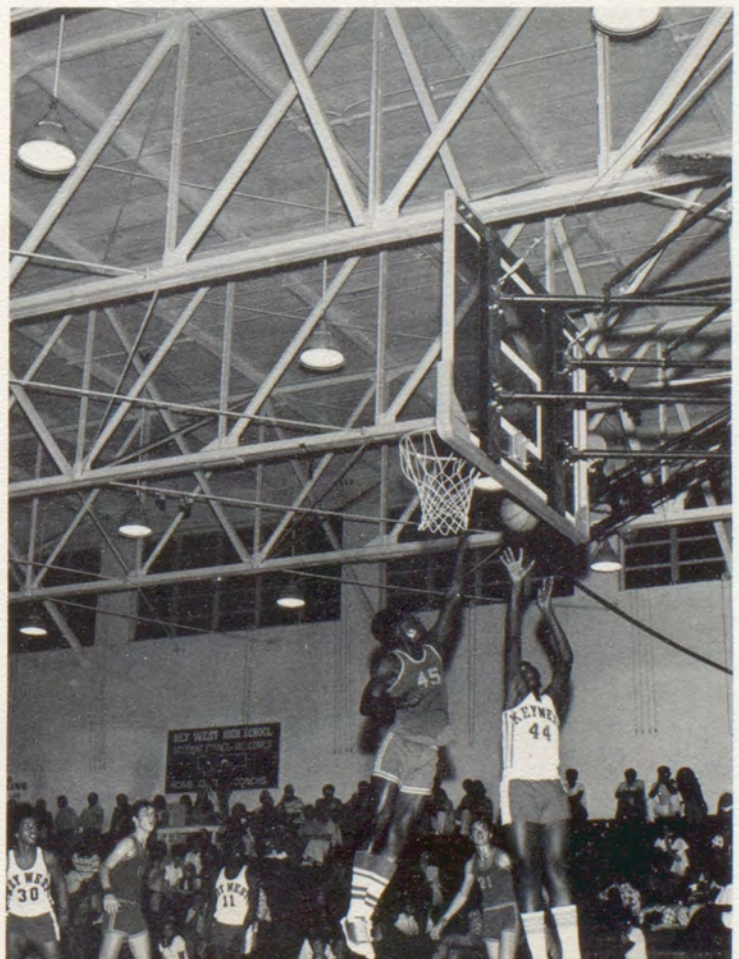

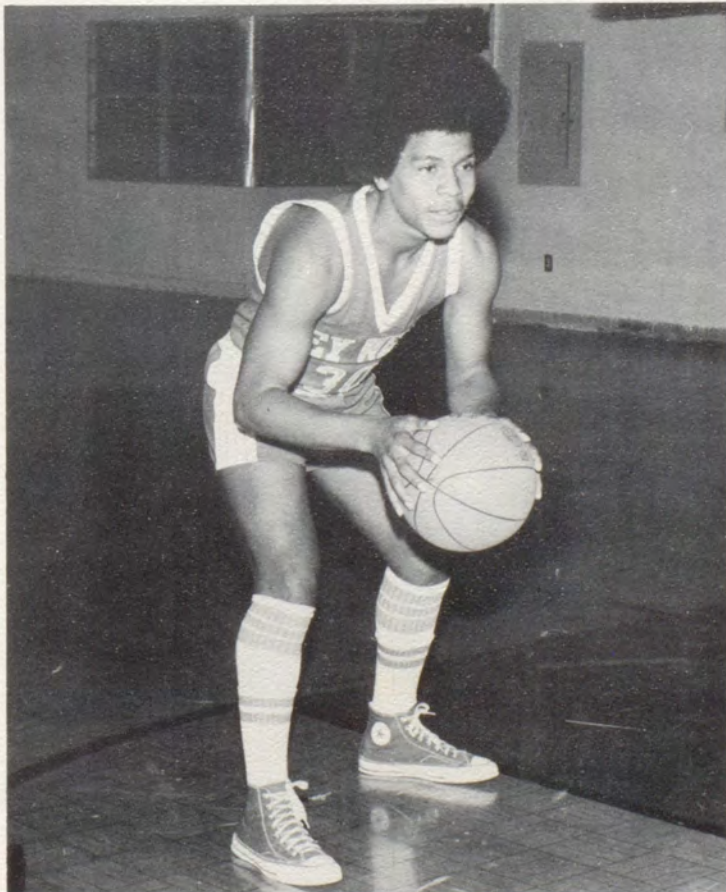

To play the game of basketball you need intelligence as well as ability. It's a mental game as well as a physical one. The members of this years team had it together. During the past year at K.W.H.S. the team has earned the reputation for producing outstanding players; such as this years: Julian Butler, Robert James, Ralph Graves, and Russell Bryant. Alumnies from K.W.H.S. are also doing extremely well.

This years Junior Varsity team was a very disciplined team. The J.V. Conchs had their ups and downs but they always pulled through.

One of the best Junior Varsity coaches was the Conchs coach, Marty Arnold.

In District, there was never a time when coach Arnold gave up on his team. If the J.V. Conchs were losing by ten points in the last ten seconds, he would still not give up on his team. He gave us his best and the team gave him their best. It was an honor to be on such a Junior Varsity team.

And as far as the players are concerned, they were a great bunch of guys.

Captain, Nelson Morgan

This year the basketball team ended with a record of 8-3. During the season all the members did an extremely fine job for our new coach Mario Valcarcel. He instructed not only as to play well but also to unite as a group. We would also like to give our greatest appreciation to our assistant coach, Donald Colbert, and our manager Cecil Brady

The people who are concerned with the Baseball program at K.W.H.S. are very proud of its winning tradition and achievements since the first baseball team won a state championship in the mid-fifties. Since then no less than five conch teams have carried the big state trophy back to the island—more then any other school in the state of Florida. The last state title was won in 1969 under the leadership of Coach Otto Tufenkjian.

Tennis

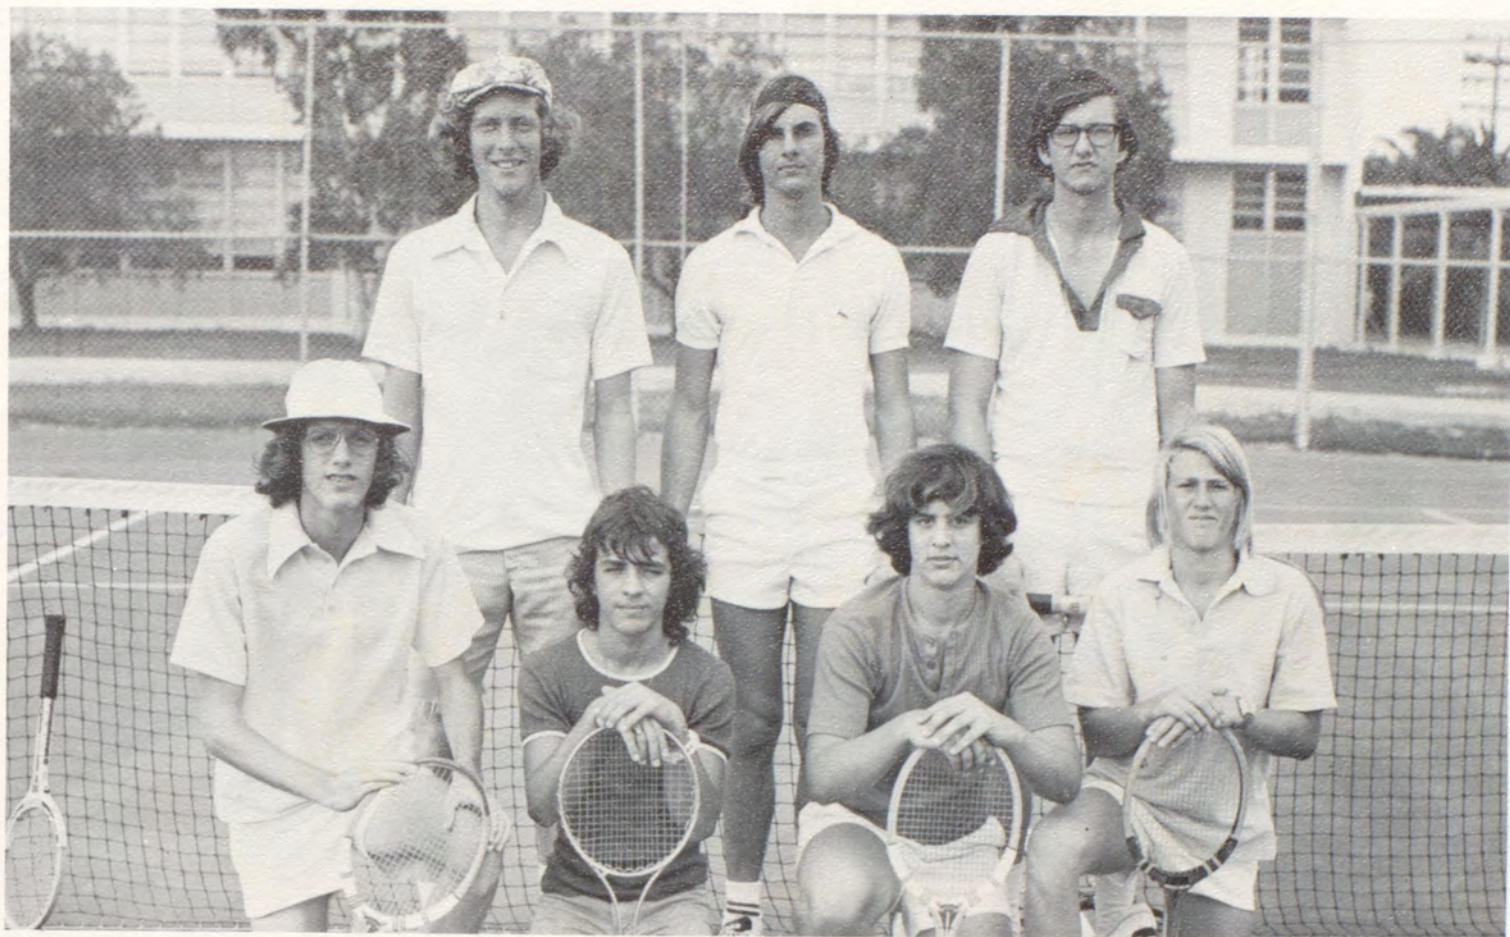

Tennis and those with a talent for this sport went too long unrecognized as a major sport and as major sportsmen.

But, in the last few years, tennis has come "into its own." Key West High School has assisted in bringing a popularity to tennis as Coach McKell and Coach Pinder and their boy's and girl's tennis teams made fine showings in all their matches.

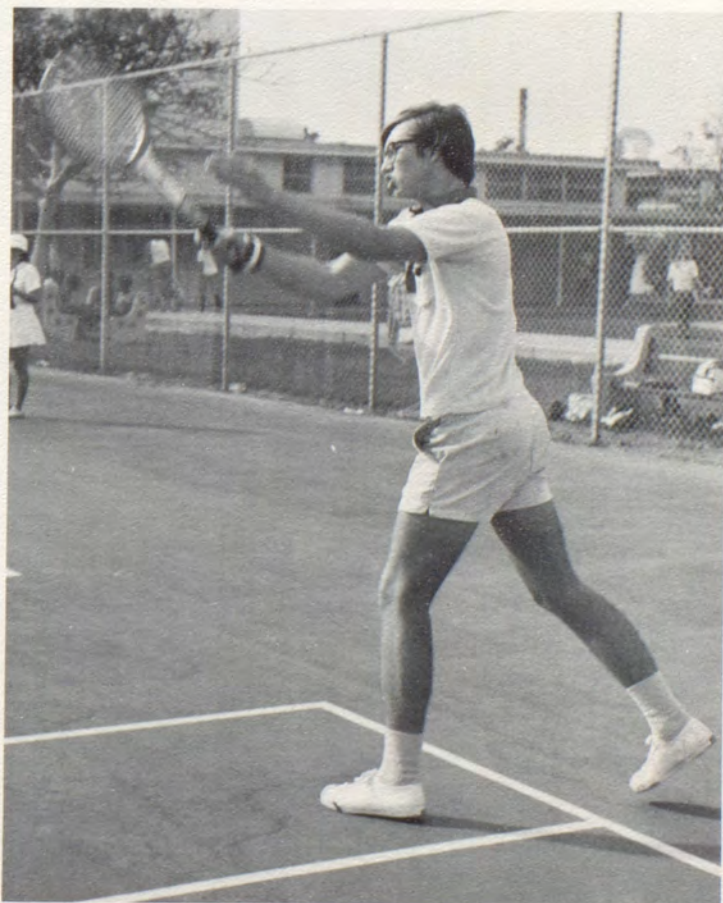

Tennis is a sport which gives each player a sense of competition as well as a sense of the aesthetics which should be recognized in all sports. K.W.H.S. is proud of their tennis teams and wish future tennis teams success and popularity.

Kneeling: Kim Wittman, Tamara Wright, Luann Hare, Kathy Velardi, Julie Risley, Standing: Fran Simmons, Lisa Thompson, Diane Bean, Susan Potter, Pat Simpson.

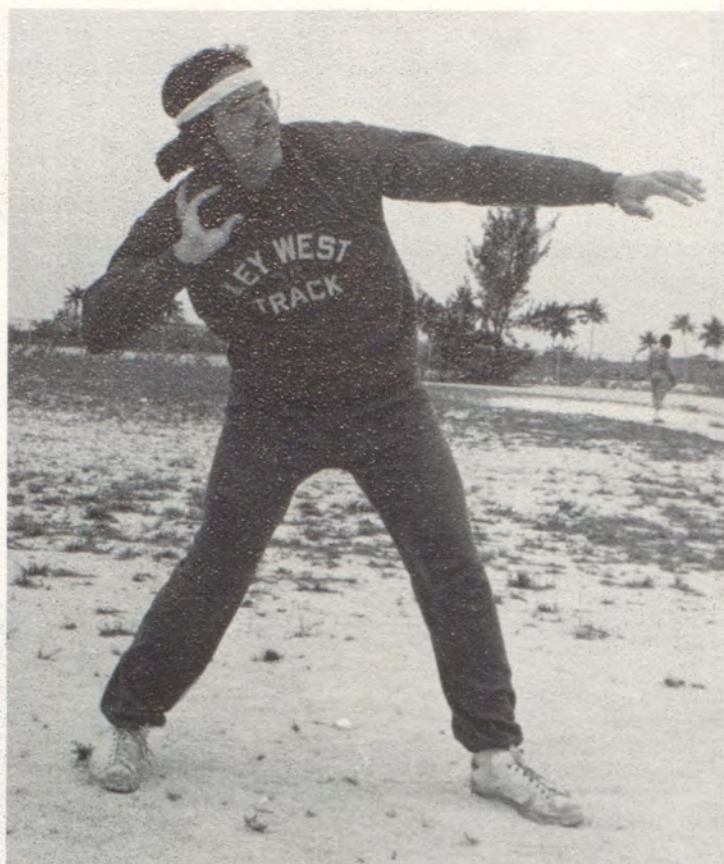

Kneeling: Bernard Seward, Mario Alayan, Billy Doremus, Billy Kemp; Standing: Kevin Simpson, Norman Wood, Doug Cromer.

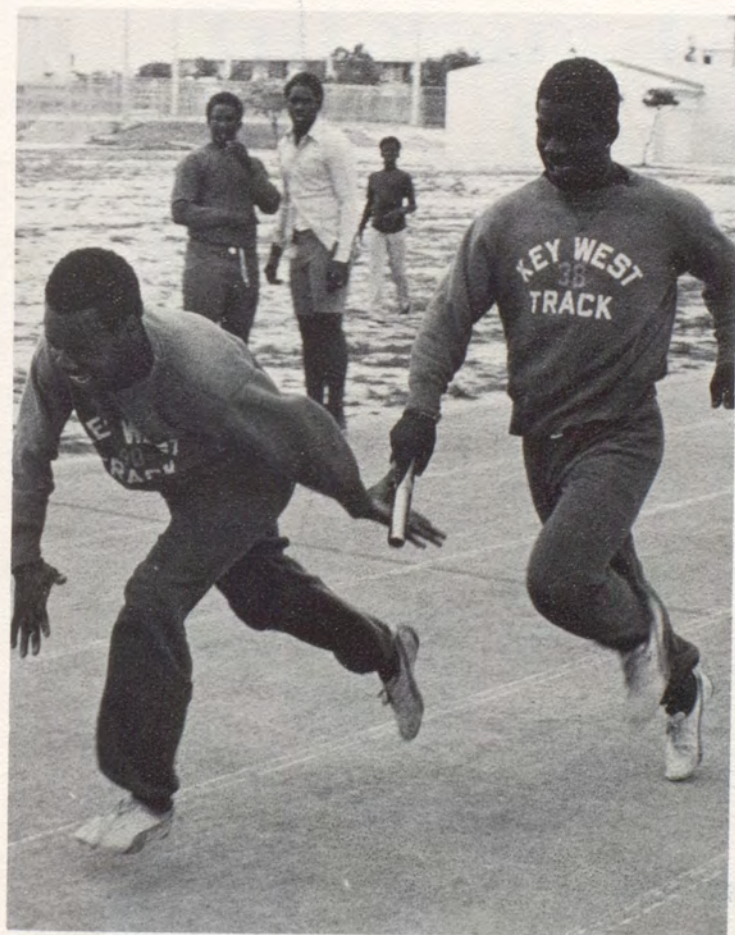

Track and Field is not simply another interscholastic competition. It is a purer competition—overcoming not just others in an event but overcoming oneself. If the mobility of human endeavors is to prevail, man must continue to improve past performances.

1974 standout athletics were: David “Flea” Vencil, Hillard Lang, Joe Corsi, and Don Adams in the sprints. Don Colbert and Kenny Kerr in the hurdles. Ed Santiestiban and Kirk Dixon in the weights. Leroy Thompson in the distant events.

Mr. Cummings

Front row: Don Adams, Claude Fisher, David Vencil, Donald Colbeet, Hillare Lang, Joe Major, Glenn Wildgoose, Mike Mingo, Second row: Floyd Sweeting, Joe Corsi, Charlie Peoples, Jacques Moore, Alvin Pla, George Randolph, James Johnson, Kirk Dixon, Mike Hammel, Modesto Hurtado, Third row: Alvin Fisher, Shelly Coon, Kenny Kerr, Mike Cruz, Ed Santisteban, George Halis, Chris Mack, David Bowers, Phil Allen, Leigh Highlien, Randy Rogers, Steve Ritlop, Coach Wildgoose, Fourth row: Mr. Hays, and Mr. Cummings.

People may ask what it is you may like about Key West? It's a question with no real answer. Perhaps one might say that they like the ocean, or the flowers, or the fresh air. Although none of these is the real answer.

Key West is so different from any other place. Sometimes I can't find words to express my feelings about it. I must say that I like the people of Key West the most. You will find a warmer person no where else in the world.

Key West is more a dream than a place. It has such a uniqueness that I dare not limit it by the thought of mere words.

There is something in the air which brings all people together here. It's a kind of brotherhood and love that exists only in a place called Key West.
