Alma Mater

In our city's southern section

Fair to every eye,

Proudly stands our alma mater

as the years go by.

Service, service is our watchword,

words that will avail

Hail to thee, our alma mater

Key West High, all hail.

I Believe the Children are our future,

teach them well and let them lead the way

Show them all the beauty they possess inside

Give them a Sense of Pride to make it easier

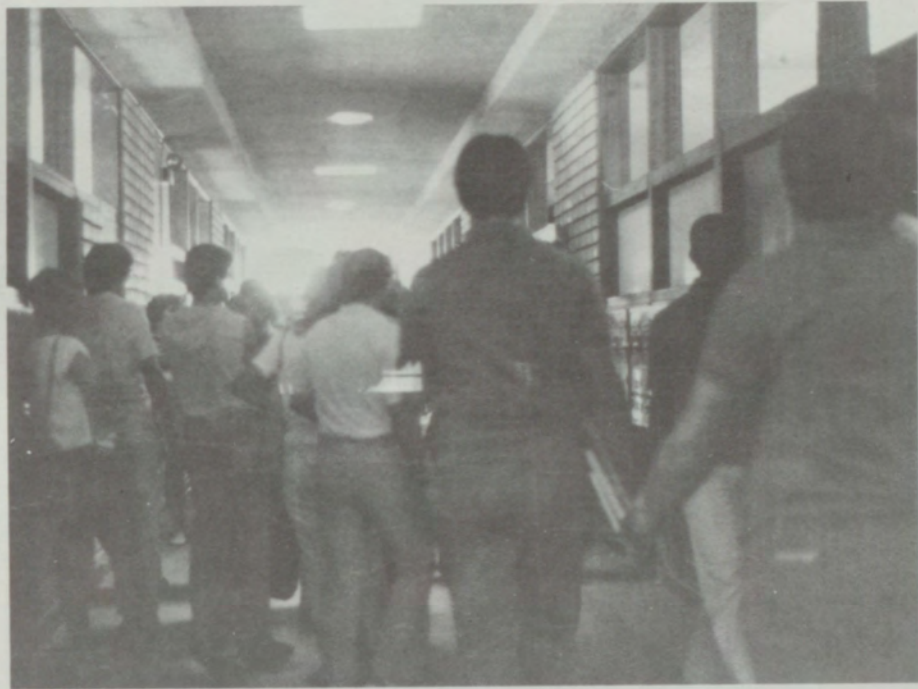

Let the childrens laughter

Remind us how we used to be

I Decided Long Ago

Never to Walk in Anyones Shadow

If I fail, if I succeed

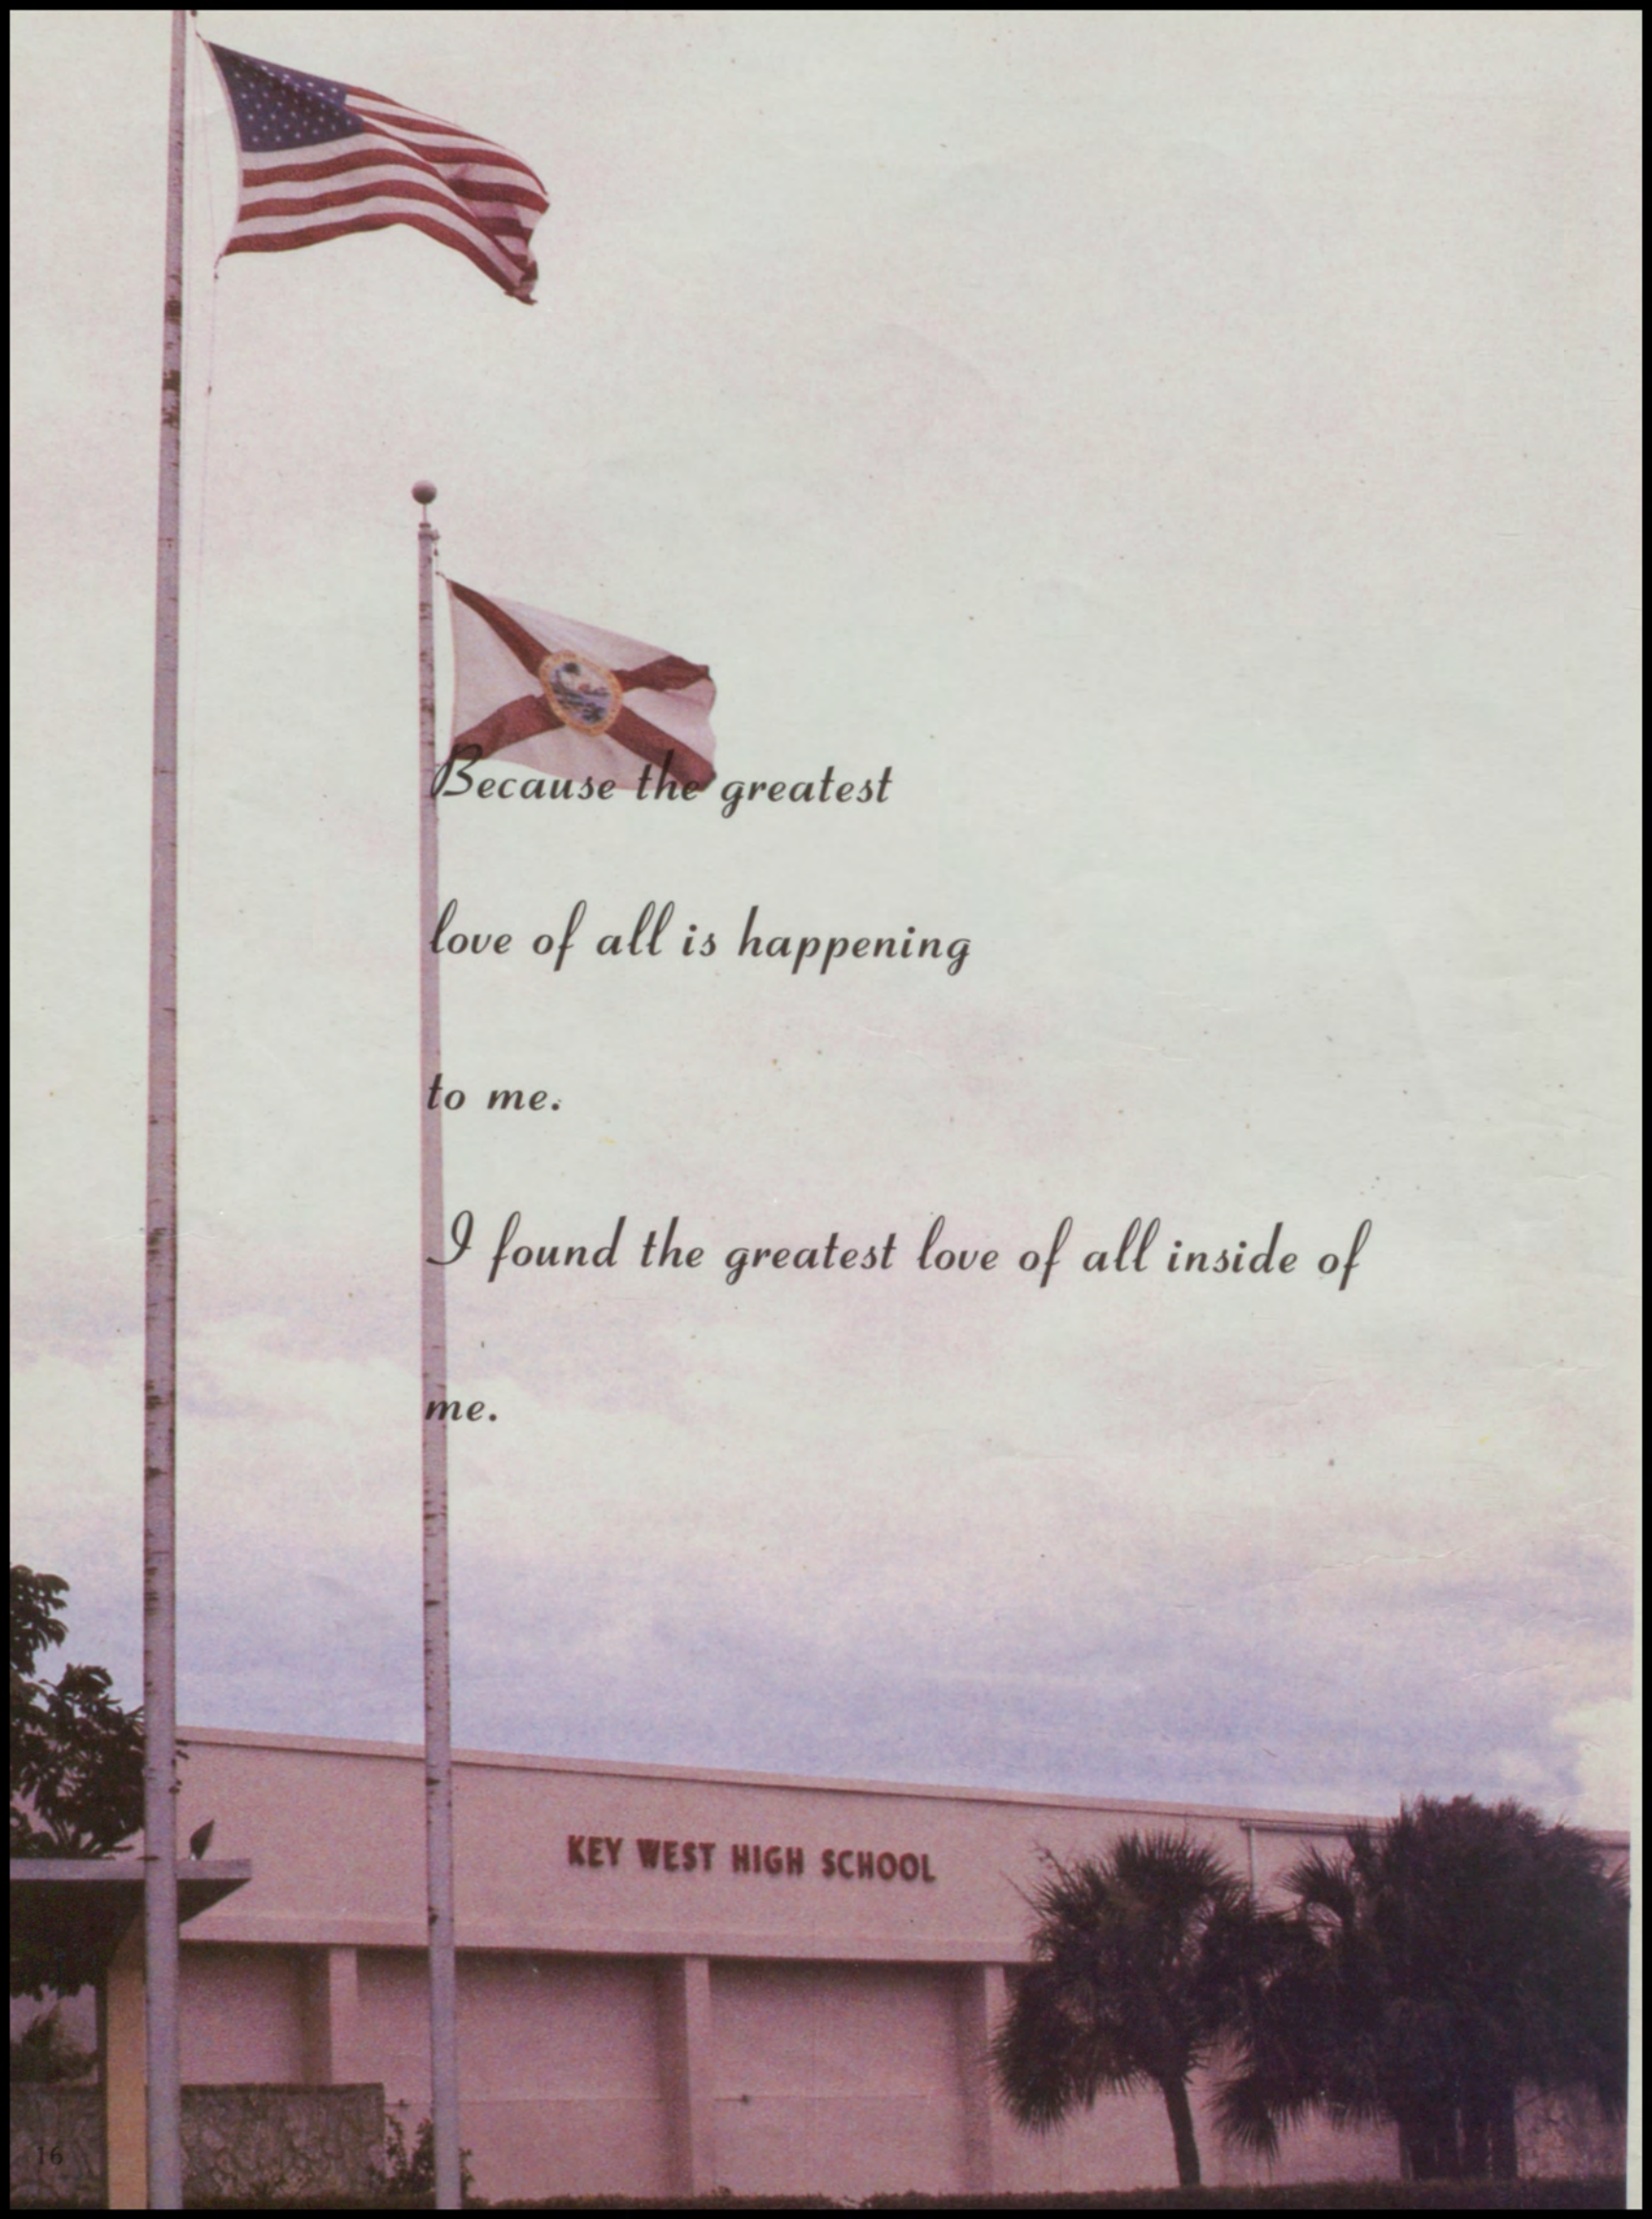

at least I live as I believe

No matter what they take from me

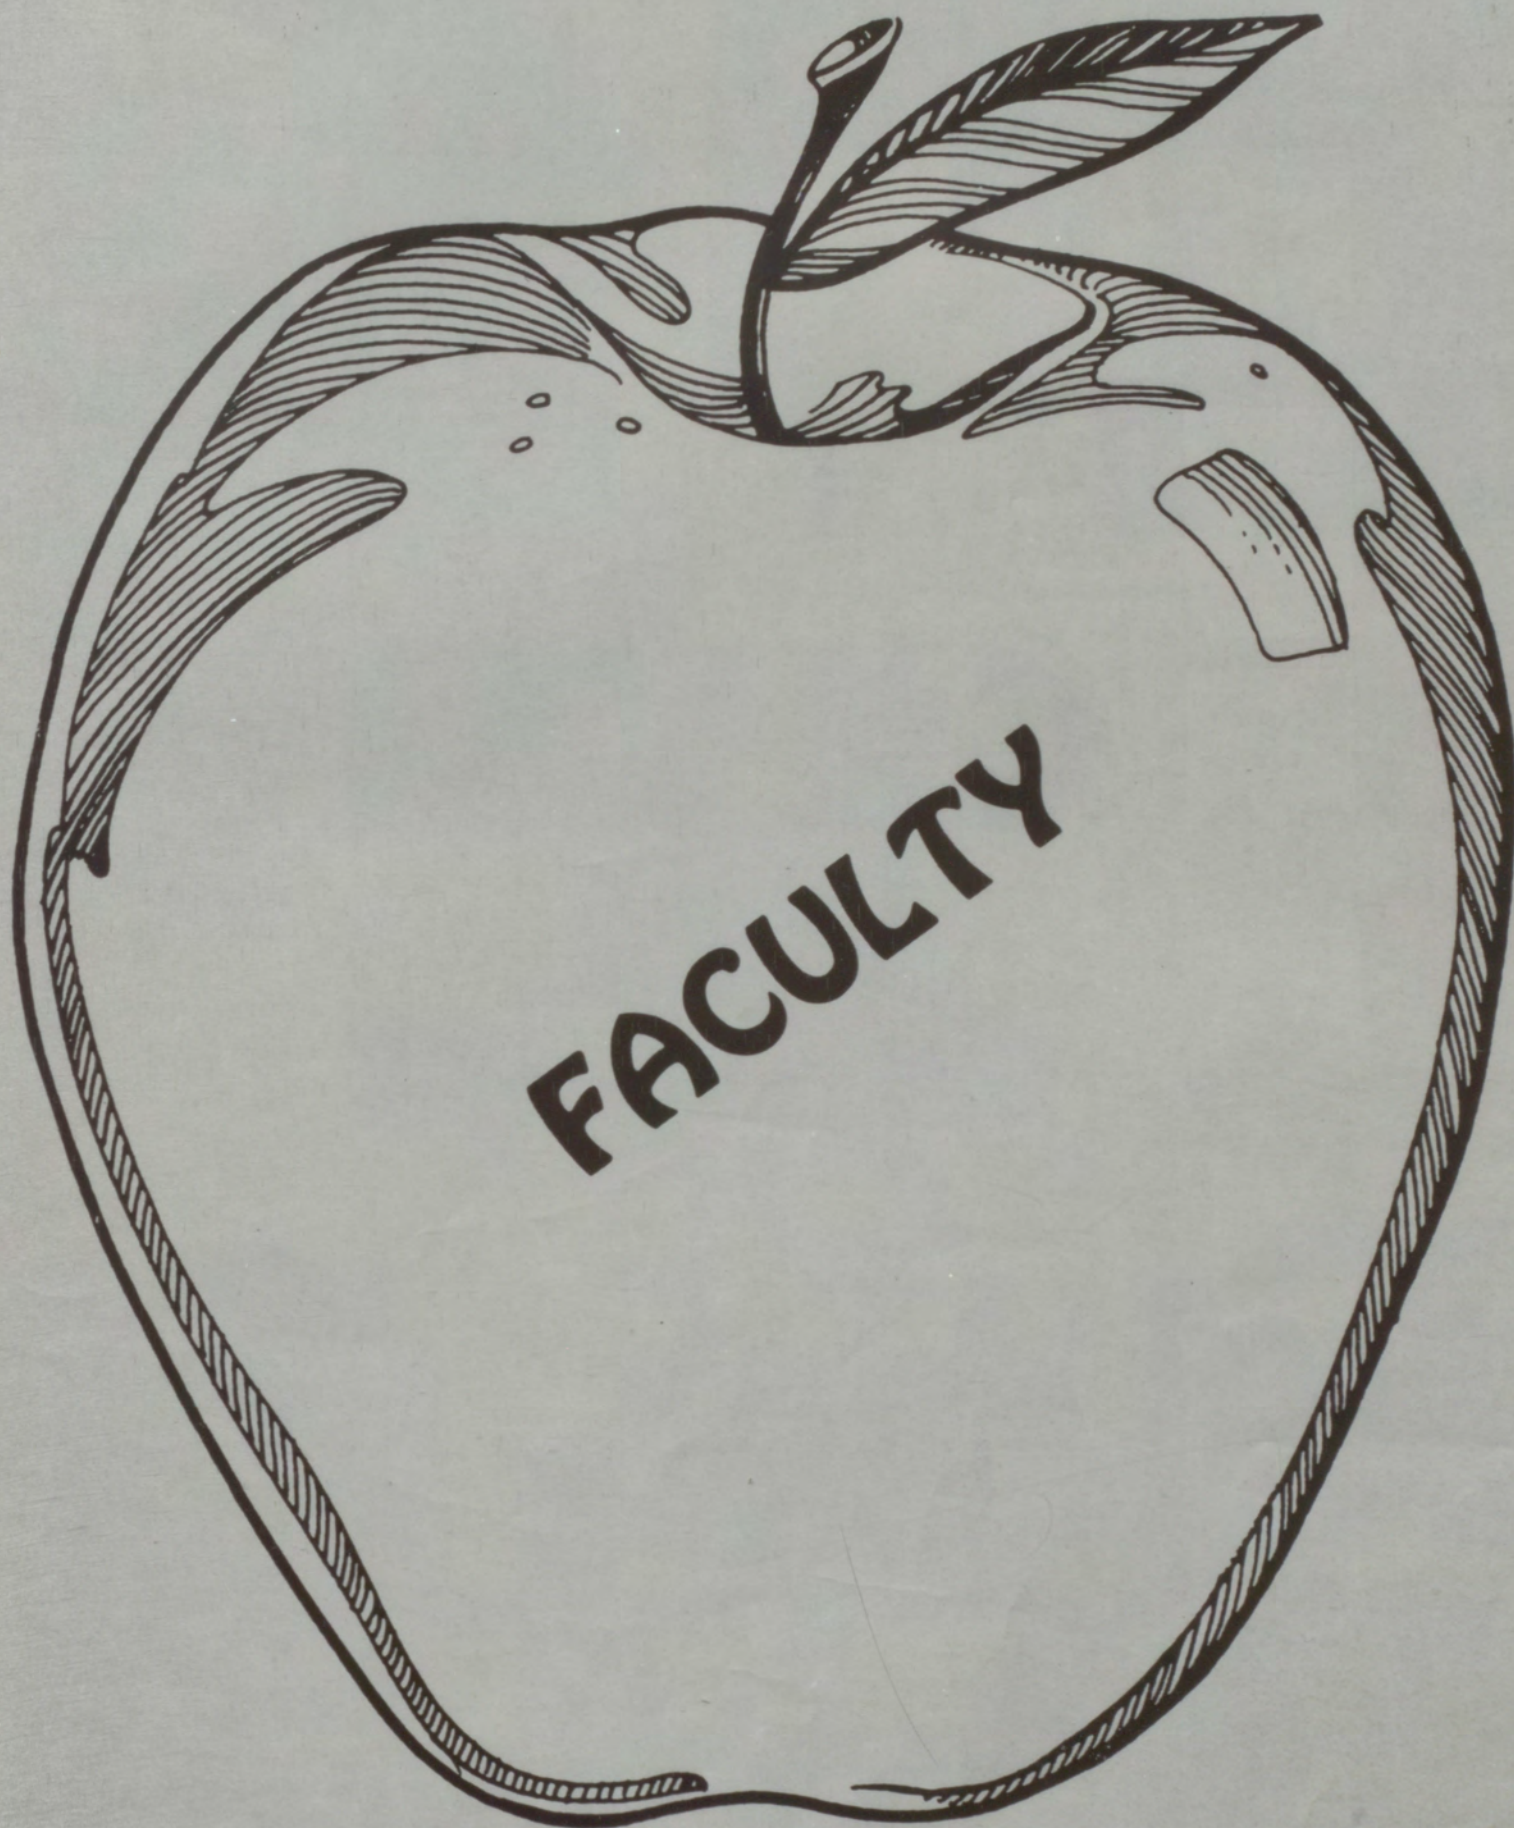

They can't take away my dignity

*Because the greatest
love of all is happening
to me.*

*I found the greatest love of all inside of
me.*

Ha-Ha! You Failed!

Where did everybody Go?

She did it!

Chaos in the front office

Let us begin.

MONROE CO. SCHOOL BOARD

Dr. A. J. Henriquez is Superintendent of the Southernmost county, where there are thirteen schools and over seven thousand students. His entire professional career has been with the Monroe County School system, beginning as a science teacher at Key West High School, and working his way from dean to assistant superintendent in 1969, when he was elected to the position.

Dr. Henriquez is a native of Key West, a graduate of Key West High School and Duke University. He has earned advanced degrees from Western Carolina and Union Graduate School.

KWHS PRINCIPAL CLARENCE PHILLIPS

Dear Students,

I hope you have had an enjoyable and profitable year, and took advantage of every opportunity that K.W.H.S. has to offer. Seniors, I wish you the best of luck in your endeavors and sincerely hope that we have prepared you for your future. For those students returning next year, I hope you have an enjoyable summer and I look forward to working with you next year.

Sincerely,
Clarence W. Phillips

HEAD COACH

PAT FREEMAN

To overcome the lack of experience, the 1985 team had to work hard and they did. From Aug. 15, to the end of the season. There were many individual outstanding performances and great team efforts. The season was a spectators delight, filled with many close ball games. Not having a winning season was a disappointment, but it didn't keep the Conchs from giving their all for every ball game. I know the young men learned from their experiences.

The 1985 Key West High School Junior Varsity team enjoyed a successful season, winning three games and losing only two. Smaller in size and number than in recent years, the young conchs posted wins over Miami Pace, Coral Shores, and Marathon while losing to South Dade, and Mary Immaculate. The coaching staff was pleased with the team's hard work and good attitude throughout the season.

Believing that participation in extracurricular activities is one important way in which students grow, the 1985 volleyball team set off on a journey to maturity in early September. By Season's end, the destination was in sight. The girls have achieved a greater degree of human completeness and the coach had plunged headlong into nervous exhaustion. A good time was had by all!

Head Coach Marty Arnold

This was the most inexperienced team, I've ever coached. We felt that towards the end of the season, we would be a team to contend with. We started out with one of the biggest victories in the school history, we beat Carol City, and broke their 32 game winning streak. With this we knew we could be good and are setting our goals on winning the State Championship.

This year's team, although lacking in some respects has proven to be better than our record shows. I feel the team has shown much character, a strong desire to win, and a dedication that is essential to the game.

Even though we have endured various hardships, the play of several individuals has been a highlight of this season. If the team could have developed that extra 10% after they have given their 100%, our record would have been much better. But, no matter what our win-loss record, the team has proven to be a winner.

It takes more than new bridges to link the Florida Keys.

Our chain of islands compose a county like no other in the United States, and just as our transportation needs are different, so are our financial and commercial needs.

Now with our new Key Largo and Key West branch offices open, The Marine Bank of Monroe County has linked the county with one locally owned, locally operated financial institution. We've been taking care of business in the Keys for more than 27 years now. We've learned what special services the Keys need. So now, no matter where you live or where you work or how many bridges you cross in the Keys, your hometown bank will be nearby.

The bank that grew up in the Keys.

The Navy Has \$40,000 To Help Pay For Your Education.

A Naval Reserve Officer Training Corps (NROTC) scholarship pays for tuition, fees and books at over 60 colleges and universities across the nation, and provides a tax-free allowance of \$100 a month for up to 40 months. So if you qualify for an NROTC 4-year scholarship, you could receive up to \$40,000 to help you get the kind of college education you want.

Competition for NROTC scholarships is based solely on academic ability and demonstrated leadership potential, not on your family's financial situation. After graduation, you'll immediately move into a responsible, decision-making position as a Navy officer.

To see if you can qualify for an NROTC scholarship, call or write your Navy representative.
