Mr. Gordon Jones
International Center
SUNY, Planting Fields
Oyster Bay, Long Island
New York

Dear Gordon,

The other day, Bob Coe was questioning me about the frame on the picture at Planting Fields "Speaker Lenthall and Family". I recall that the last time I was out there it did not have a frame, and was unable to give him any more information.

Would it be too much trouble for you to inquire about this matter and give me a call at your earliest convenience? Since at one time it was worth in the thousands of dollars, it would seem sensible to have it either repaired or reconditioned if at all possible.

Thank you very much for your early attention to this.

Sincerely yours,

Marguerite Pettet
