Dear John,

During my visit with Natalie I reviewed the inventory with her, and we agreed that the following numbered items could be included in any future sales program. P.S. John,

There is some French furniture in the basement in the house in Rome which originally belonged to the French Room in the Oyster Bay house. Natalie has authorized returning this to Oyster Bay for Planting Fields Foundation as part of our restoration plan. Tino knows about this and when you are next in Rome could you arrange to have the furniture shipped to us in Oyster Bay, at our expense.
