W. R. Coe, Esq.,
Oyster Bay, N.Y.

Dear Sir:-

The modeler in 35th Street has ready for inspection, sketch models for the panel in the Dining Room over the west door; also a panel in the plaster above one of the entrances to the Gallery. If you can conveniently arrange it, will you stop at our office some morning and we will be glad to go there with you.

You will find in all the Masters' Bathrooms, &c. that we have marked on the tile work where we suggest placing towel bars, shelves, hooks, &c. In some of the Bathrooms, we have suggested a slightly different arrangement from the one previously discussed with you, and we will be obliged if you will inspect these rooms again and let us know whether the arrangement meets with your approval.

Very truly,

WALKER & GILLETTE
