

PLANTING FIELDS FOUNDATION
OYSTER BAY, NEW YORK

December 15, 1965

Mr. and Mrs. Albert G. Joyce
40 Beach Tree Lane
Pelham, New York

Dear Mr. and Mrs. Joyce:

We received your letter of December 10th stating that you are making a gift of the portrait of Mr. William Robertson Coe done by Frank O. Salisbury to the Planting Fields Foundation.

We cannot tell you how very much this is appreciated as it is so appropriate to have the portrait of Mr. Coe hanging over the fireplace in the beautiful entrance in Coe Hall at Planting Fields.

As you know, this property belongs to the State University of New York and, of course, the income from the Planting Fields Foundation is used entirely for this property. Therefore, it can be seen by the many students, professors and others attending conferences and classes in this building.

Sincerely yours,

Edward K. Bachman
