

Buffalo Bill Historical Center

Box 1020, Cody Wyoming 82414

August 1, 1976

Dear Friend,

Your past expression of interest in the Buffalo Bill Historical Center is the reason you are receiving the enclosed information at the outset of its public distribution.

Two Limited Edition bronzes, entitled BUFFALO BILL — PLAINSMAN, are being produced for the Historical Center by the noted sculptor Bob Scriver. The castings will be sold to raise funds for a heroic size bronze which will stand at the entrance of the Buffalo Bill Historical Center.

For those of us with a deep feeling for our western heritage, the combination of a subject like Buffalo Bill with a sculptor like Bob Scriver is very exciting. Because you are a special person to us, I wanted you personally to have all the details about this new creation.

Your purchase of one of the bronzes will have two positive results — you will own a prized example of western art and the Buffalo Bill Historical Center will have an impressive, heroic addition to its collection of fine sculptures.

Sincerely,

A handwritten signature in dark ink, reading "Margaret S. Coe". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Mrs. Henry H. R. Coe, Chairman
Board of Trustees

P.S. Cast numbers are assigned on a first-come-first-served
