## It kind of puts horsepower to shame.

It's tough enough driving a thousand miles in a 150-horsepower car. Now imagine doing it in a 10-dogpower sled through long stretches of darkness at subzero temperatures. Well, that's the thing about Iditarod competitors. They're the perfect representation of Alaskan character. Strength, pride and fierce determination. And it's that spirit that has made us a proud sponsor of the Last Great Race for over 30 years.

PROUD SPONSOR OF THE IDITAROD FOR OVER 30 YEARS.
