# State Bird.

There's not a bird in the sky that covers the Last Frontier like Alaska Airlines. And we make it easy to discover Kodiak with daily nonstop service from Anchorage, and easy connections throughout Alaska, the West Coast, Chicago and Washington D.C. For reservations, call your travel agent, Alaska Airlines or book online. And explore Alaska's Emerald Isle with Alaska's state bird. OK, we know the willow ptarmigan is the *official* state bird, but does *it* offer frequent flier miles?
